

SCHEDULE 10

Regulations 7(1)(g) and 8(1)(j)

Transport

1. Minced meat and meat preparations shall be dispatched in such a way that they are protected from anything liable to contaminate or otherwise adversely affect them, having regard to the duration, conditions and means of transport.

2. Vehicles used to transport minced meat and, subject to paragraph 3 below, meat preparations shall be equipped with apparatus to ensure that the appropriate temperatures required by these Regulations are not exceeded during transport and with a recording thermometer.

3. Meat preparations produced in non-industrial premises may be transported from those premises to nearby outlets at temperatures higher than those referred to in paragraph 2 above, provided that such transportation does not take more than one hour.

4. Where the minced meat or meat preparations were produced in premises situated in an area subject to restrictions for animal health reasons and are to be transported through a third country, the means of transport shall remain sealed.
