- (b) less than their lower transitional limit for that day (ascertained in accordance with regulation 10 below), the amount so payable shall, subject to that Part, be that lower transitional limit.

Notional liability

8. The notional liability in respect of any lands and heritages to which this Part applies and any day shall be calculated in accordance with the formula—

where—

RV is the rateable value for those lands and heritages and that day.

Upper transitional limit

9.—(1) The upper transitional limit in respect of any lands and heritages to which this Part applies and any day shall, subject to regulation 12 below, be calculated in accordance with the formula—

$$\frac{BL \times AUF}{365}$$

where—

BL is the base liability of those lands and heritages, ascertained in accordance with regulation 11 below; and

ALF is the appropriate lower figure in respect of those lands and heritages, ascertained in accordance with paragraph (2) below.

- (2) The appropriate lower figure in respect of lands and heritages is—

(4) Where the rateable value of lands and heritages to which this Part applies is reduced with effect from 1st April 1996 for a reason mentioned in sub-paragraph (a) or (b) of paragraph (2) above, the upper and lower transitional limits in respect of those lands and heritages shall, as regards days prior to either paragraph (1) or (2) above taking effect, be calculated in accordance with the formula in paragraph (2) above, save that for those purposes “TL” shall be calculated in accordance with the formula in regulation 9(1) or the formula in regulation 10(1), as the case may be.

$$AD \times \frac{RRV}{RV}$$

where—

Partially unoccupied lands and heritages

28.—(1) This regulation has effect for determining the amount payable as rates in respect of lands and heritages and a day in the relevant year where—

(2) Where this regulation has effect, the amount payable shall, subject to paragraph (3) below, be calculated in accordance with the formula—

$$A \times \frac{ARV}{RV}$$

where—

A is the amount for the day determined under regulation 7, Part III or Part IV above, as the case may be;

ARV is the applicable rateable value, being the rateable value treated for rating purposes as the rateable value of the lands and heritages in terms of subsection (2), or as the case may be subsection (4), of section 24A of the 1966 Act; and

(21) Section 4(2) was amended by the Local Government (Miscellaneous Provisions) (Scotland) Act 1981 (c. 23), section 5(a) and Schedule 4, the Local Government and Planning (Scotland) Act 1982 (c. 43), section 5(1)(a) and the Local Government Finance Act 1988 (c. 41), Schedule 12, paragraph 7.

- (b) the amount payable as rates in respect of those lands and heritages and that day falls to be reduced by virtue of an enactment referred to in paragraph (1)(a)(i) or (iii) of regulation 27 above,

the amount payable shall be determined in accordance with paragraph (2) of that regulation, but as if for the words “regulation 7, Part III or Part IV above, as the case may be,” in that paragraph there were substituted the words “regulation 28(2) below”.

Exemptions and discretionary reductions and remissions

29. Nothing in these Regulations—

- (a) shall require rates to be paid in respect of lands and heritages and a day where those lands and heritages are under any enactment entirely exempt from rates for that day; or
- (b) shall prejudice the power of a rating authority to grant a reduction or remission of rates under section 4(5) of the 1962 Act⁽²⁵⁾ or section 25A of the 1966 Act⁽²⁶⁾.

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations make provision as to the amount payable in certain circumstances as non-domestic rates in respect of property in Scotland. They apply only to financial year 1996-97 (“the relevant year”).

Part I makes provision as to citation, commencement and interpretation.

Part II deals with amounts payable in respect of property which is shown in the valuation roll as at 1st April 1996. The Part only applies where certain provisions of the Non-Domestic Rates (Levying) (Scotland) Regulations 1995 (“the 1995 Regulations”) apply to the property as regards 31st March 1996. The Part ceases to apply to property if and when it becomes the subject of a merged, split or reorganised entry in the valuation roll taking effect during the relevant year. For every day of the relevant year, the notional rates liability for a property (basically, the full amount ordinarily payable as rates) must be compared against that property’s upper and lower transitional limits. If the notional liability is more than the upper limit or less than the lower limit, the amount payable will be equal to the upper or lower limit, as the case may be (regulation 7). Upper and lower transitional limits are calculated by multiplying a property’s notional rates liability for 1995/96 (its “base liability”) by set figures (regulations 9 and 10). Regulation 11 makes provision for the calculation of base liability. Regulation 12 specifies how transitional limits are to be recalculated in cases where the rateable value of property changes during the relevant year.

Part III applies to certain property which has its rateable value for 1996/97 fixed by way of an order under section 6 of the Local Government (Scotland) Act 1975 (regulation 13). Regulations 14 to 22 make provision as to the amounts payable as rates in those cases.

Part IV makes provision for the situation where property is shown in a merged, split or reorganised entry in the valuation roll which takes effect during the relevant year. If the amount of rates payable in respect of any component of the property shown in the new entry was being determined under the 1995 Regulations or under these Regulations immediately prior to that entry taking effect, then Part IV applies to determine the amount payable in respect of that property for the rest of the year. That amount is calculated by apportioning or aggregating, as the case may be, the amount or amounts payable immediately prior to the effective date of the new entry in respect of the property affected by the new entry (regulations 24 and 25). Regulation 26 provides for amounts payable to be recalculated if there is a change in the rateable value of property whilst Part IV applies to it.

Part V deals with reductions, remissions and exemptions. Nothing in the Regulations requires the payment of rates on property which is entirely exempt from rates under any other enactment, or prejudices the power of a rating authority to grant discretionary reductions or remissions (regulation 29). Regulations 27 and 28 provide for reductions under other enactments to apply in cases where the amount payable is determined under Part II, III or IV in the same way as they apply in cases where these Regulations do not have effect.

Part VI revokes the 1995 Regulations.
