(2) Where a work authorised by this Order and consisting partly of a tidal work and partly of works on or over land above the level of high water is abandoned or allowed to fall into decay and that part of the work on or over land above the level of high water is in such condition as to interfere or to cause reasonable apprehension that it may interfere with the right of navigation or other public rights over the foreshore, the Secretary of State may include that part of the work, or any portion thereof, in any notice under this Article.

(3) If, on the expiration of thirty days from the date when a notice under this article is served upon the Council, they have failed to comply with the requirements of the notice, the Secretary of State may execute the works specified in the notice and any expenditure incurred by him in so doing shall be recoverable from the Council.

 - (ii) any person by whom the vehicle or boat was put in that place.

(4) If the Council in exercise of the powers of this article remove a vehicle to a place not readily visible from the place whence it is so removed they shall, if and as soon as it is reasonably practicable to do so, send to the person for the time being registered as the owner of the vehicle for the purposes
