## EXPLANATORY NOTE

*(This note is not part of the Order)*

Section 599A of the Income and Corporation Taxes Act 1988 (“section 599A”) (as inserted by paragraph 12 of Schedule 6 to the Finance Act 1989) provides, in subsection (2), that where a payment of surplus additional voluntary contributions is returned to an employee or to his personal representatives, the administrator of the scheme shall be charged to income tax under Case VI of Schedule D at the relevant rate on such amount as, after deduction of tax at that rate, would equal the amount of the payment. Subsection (3) of section 599A provides that, subject to subsection (4) of that section, the relevant rate shall be 35 per cent. Subsection (4) of section 599A provides that the Treasury may by Order from time to time increase or decrease the relevant rate.

For the years of assessment since section 599A was enacted the relevant percentage has accordingly been a percentage 10 per cent. higher than the percentage at which income tax at the basic rate has been charged. For the 1996-97 year of assessment it is envisaged that income tax will be charged at the basic rate of 24 per cent. This Order reduces the relevant rate to 34 per cent.
