EXPLANATORY NOTE

(This note is not part of the Regulations)

1. These Regulations re-enact with modifications the provisions of the Motor Vehicles (Type Approval and Approval Marks) (Fees) Regulations 1995.
2. The Regulations prescribe the fees payable for the examination of vehicles and vehicle parts, the examination of complete vehicles and the issue of documents in connection with—
 - (a) the type approval of vehicles and vehicle parts and the authorisation of the application of approval marks to vehicles and vehicle parts for the purposes of Community Instruments and ECE Regulations; and
 - (b) the national scheme for the type approval of vehicles and vehicle parts established under sections 54 to 66 of the Road Traffic Act 1988, the Motor Vehicles (Type Approval) (Great Britain) Regulations 1984 (S.I. [1984/981](#)) and the Motor Vehicles (Type Approval for Goods Vehicles) (Great Britain) Regulations 1982 (S.I. [1982/1271](#)).
3. In addition the Regulations prescribe the fees payable for—
 - (a) the examination of premises with a view to their being approved for the purposes of carrying out examinations in accordance with a type approval scheme, a Community Instrument or an ECE Regulation; and
 - (b) advising a manufacturer whether his arrangements for securing conformity of production are likely to be accepted by the Secretary of State.
4. The Regulations make the following changes of substance.
5. The principal changes relate to the fee amounts; these changes result in an overall increase of less than 2%.
6. A new provision has been introduced whereby work carried out in Japan, China, South Korea or Taiwan by a person who is resident in Japan and acting for or on behalf of the Secretary of State will be charged at an hourly rate of £150.
7. The introduction of new or amended ECE Regulations and new Community Instruments means that—
