EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations amend the Social Fund Cold Weather Payments (General) Regulations 1988 (S.I.1988/1724 as amended) (“the principal Regulations”) by—

- making an exception from the definition of “postcode district” in regulation 1(2) of the principal Regulations for postcode districts identified with alpha suffixes (regulation 2);
- providing for a procedure to be operated when a weather station specified in Schedule 1 is unable to provide temperature information in respect of a certain day or period (regulation 3);
- substituting the list of weather stations and applicable postcode districts in Schedule 1 to the principal Regulations with a new list which largely re-enacts the list in the former Schedule 1 but which also adds two new weather stations, replaces four stations which are due to close and enacts certain other changes to postcodes and to weather station linkages (regulation 4 and Schedule 1). Schedule 2 to these Regulations replaces Schedule 2 to the principal Regulations to take account of the new Schedule 1 (regulation 5 and Schedule 2).

The Postcode Atlas of Great Britain and Northern Ireland and the postcode maps may be obtained from their publishers. A person may establish the current postcode for their address by contacting the Royal Mail Postcode Enquiries office (tel. no. 0345 111222).

These Regulations do not impose a charge on business.
