

SCHEDULE 4

PART II

THE PELICAN AND PUFFIN PEDESTRIAN
CROSSINGS GENERAL DIRECTIONS 1997

Vehicular light signals at Pelican and Puffin crossings

4.—(1) In this direction references to the left or right hand side of a crossing are to the left or right hand side as viewed from the direction of travel of vehicular traffic approaching the crossing.

(2) Subject to paragraph (4) the vehicular light signals to be provided facing each direction of approaching traffic at a Pelican or Puffin crossing which is on a two-way street and is of a type specified in column (1) of the table below shall be as specified in relation to that type of crossing in column (2).

TABLE

<i>(1) Type of crossing on a two-way street</i>	<i>(2) Vehicular light signals facing each direction of traffic</i>
Crossing not forming part of a system of staggered crossings and not having a refuge for pedestrians or central reservation within the limits of the crossing	One primary signal on the left hand side of the crossing and one secondary signal on the right hand side of the crossing
Crossing not forming part of a system of staggered crossings and having a refuge for pedestrians or central reservation within the limits of the crossing	One primary signal on the left hand side of the crossing and one secondary signal on the right hand side or on the refuge for pedestrians or central reservation
Crossing forming part of a system of staggered crossings	One primary signal on the left hand side of the crossing and one other signal, which may be either a primary signal or a secondary signal, on the right hand side of the crossing

(3) Subject to paragraph (4) the vehicular light signals to be provided facing the direction of approaching traffic at a Pelican or Puffin crossing which is on a one-way street and is of a type specified in column (1) of the table below shall be as specified in relation to that type of crossing in column (2).

TABLE

<i>(1) Type of crossing on a one-way street</i>	<i>(2) Vehicular light signals to be provided</i>
Crossing not forming part of a system of staggered crossings and not having a refuge for pedestrians or central reservation within the limits of the crossing	One primary signal on the left hand side of the crossing and one other signal, which may be either a primary or a secondary signal, on the right hand side of the crossing
Crossing not forming part of a system of staggered crossings and having a refuge for pedestrians or central reservation within the limits of the crossing	One primary signal on each side of the crossing and one other signal which may be either a primary signal (in which case it must be on the refuge for pedestrians or the central reservation) or a secondary signal

Status: This is the original version (as it was originally made).

<i>(1) Type of crossing on a one-way street</i>	<i>(2) Vehicular light signals to be provided</i>
Crossing forming part of a system of staggered crossings	One primary signal on the left hand side of the crossing and a signal, which may be either a primary or a secondary signal, on the right hand side of the crossing

(4) In addition to the signals required to be placed by paragraph (2) or (3) the traffic authority may place such other primary or secondary signals at a Pelican or Puffin crossing as it thinks fit.
