SCHEDULE

Article 3

The area of sea at the Pentland Firth off the North Coast of Caithness enclosed by a 2km radius taken from the outlet pipe at Dounreay Nuclear establishment at 58° 35'N, 3° 45.5'W.

EXPLANATORY NOTE

(This note is not part of the Order)

This Order contains emergency prohibitions restricting various activities in order to prevent human consumption of food which is or may be rendered unsuitable for that purpose by virtue of the presence of irradiated nuclear fuel which could be taken up by a seafood species.

The Order designates an area of sea within which taking of all species of Demersal and Pelagic fish, molluscs and crustaceans is prohibited (articles 3 and 4 and the Schedule). It prohibits the movement of all species of Demersal and Pelagic fish, molluscs and crustaceans out of that area (article 5). Other restrictions are imposed throughout the United Kingdom in relation to the use of any species of Demersal and Pelagic fish, molluscs and crustaceans taken from that area.

Under section 21 of the Food and Environment Protection Act 1985 the penalty for contravening an emergency prohibition is—

- (a) on summary conviction, a fine of an amount not exceeding the statutory maximum (at present £5,000);
- (b) on conviction on indictment, an unlimited fine, or imprisonment for a term of not more than two years, or both.

Powers of enforcement in relation to emergency prohibitions are conferred by section 4 of, and Schedule 2 to, the 1985 Act. Obstruction of enforcement officers is an offence under paragraph 10 of that Schedule.
