EXPLANATORY NOTE

(This note is not part of the Order)

This Order increases the percentages prescribed by section 11 of the Lotteries and Amusements Act 1976 as the maximum percentages of the proceeds of a society's or local lottery which may be appropriated for the provision of prizes or expenses. It also limits the percentage which may be appropriated for prizes and expenses combined.

Article 2 increases to 55 per cent the percentage which may be appropriated for prizes. This was formerly set at 50 per cent.

Article 3 increases to 35 per cent the maximum percentage which may be appropriated for expenses, in the case of a lottery where the proceeds do not exceed £20,000. This was formerly limited to 30 per cent.

Article 4 increases to 35 per cent the maximum percentage which the Gaming Board may authorise to be appropriated for expenses, in the case of a lottery where the proceeds exceed £20,000. This was formerly limited to 30 per cent.

Article 5 limits to 80 per cent the maximum percentage of the proceeds which may be appropriated for prizes and expenses together. No such limit has been set previously.
