| (b) in connection with re-inspection   | £840 (note (a))              | —                        |

**Notes**

- (a) If the application is withdrawn before evaluation starts there will be refunded to the applicant an amount equal to 90% of the fee but with a minimum retention of £100.
- (b) To justify this reduced fee the evidence supporting the application must be the same for all products included in the application.
- (c) Where an application is made for provisional approval of a plant protection product not already approved in another member State which contains an active substance not included in Annex 1 and that application is accompanied by an Annex 1 application relating to that active substance no fee is payable in relation to the first mentioned application.”

**EXPLANATORY NOTE**

*(This note is not part of the Regulations)*

These Regulations replace the Schedule to the Plant Protection Products (Fees) Regulations 1995 (“the Fees Regulations”) which prescribe fees to be paid to the Ministry of Agriculture, Fisheries and Food in connection with services provided and approvals granted by the Ministry in pursuance of the Community obligations of the United Kingdom (as regards Great Britain) under Council Directive [91/414/EEC](#), as amended, and supplement the Plant Protection Products Regulations 1995, as amended, which implement the Directive in Great Britain.

These Regulations—

- (a) revise the amounts of the fees, to take account of inflation and other factors (the previous amounts are shown in parentheses and in italics in the right-hand column of the Schedule);
- (b) introduce a new fee structure for applications for approval for trial purposes;

(3) The figures in italics are the amounts of fees under these Regulations before the coming into force of the Plant Protection Products (Fees) (Amendment) Regulations 1997.

(5) Points 2.2 and 2.3 of the introduction to Annex III to the Directive were inserted by Annex II to Commission Directive [93/71/EEC](#) (OJNo. L221, 31.8.93, p. 27). Point 2.2 requires that the tests and analyses required under points 6.2 to 6.7 of section 6 to Annex III (efficacy data) be conducted by official or officially recognised testing facilities or organisations satisfying the requirements set out in point 2.2. Point 2.3 sets out requirements regarding the provision of information to verify compliance and inspections.

**Status:** *This is the original version (as it was originally made). This item of legislation is currently only available in its original format.*

- (c) add a further service in respect of which a fee is payable under the Fees Regulations, namely the preliminary examination and evaluation of an application for the official recognition of a test facility or organisation as required by points 2.2 and 2.3 of the introduction to Annex III to the Directive.

A compliance cost assessment has been prepared in respect of these Regulations. Copies of this assessment can be obtained from the Pesticides Safety Directorate of the Ministry of Agriculture, Fisheries and Food, Room 313, Mallard House, Kings Pool, 3 Peasholme Green, York YO1 2PX. A copy has been placed in the library of each House of Parliament.
