PART 2

MAINTENANCE GRANT SCHEME REPLICATION

Application of Part 2

4. This Part applies for the purpose of determining the amount of maintenance grant payable in respect of—

- (a) a primary school in respect of which these Regulations apply whose maintenance grant is not determined under Part 3;
- (b) a secondary school in respect of which these Regulations apply whose maintenance grant is not determined under Part 3;
- (c) a special school in respect of which these Regulations apply.

Determination of amount of maintenance grant

5.—(1) The amount of maintenance grant payable for the financial year in question in respect of a school whose maintenance grant falls to be determined under this Part,—

- (a) in the case of a school which becomes a grant-maintained school on or after 1st April in the financial year in question pursuant to proposals published under section 212 of the 1996 Act, shall be the aggregate of the following amounts—
 - (i) an amount (Direct AMG) determined in accordance with regulation 19,
 - (ii) an amount (Central AMG) determined in accordance with regulation 8 (or that regulation as it has effect in accordance with regulation 13 (apportionment)), and
 - (iii) an amount determined in accordance with regulation 9 (Section 11 funding), regulation 11 (as it has effect in accordance with regulation 20(1) or regulation 20(2) (school meals), regulation 22 (contingencies) and regulation 23 (nursery education), subject, in the case of such a school which becomes a grant-maintained school after 1st April in the financial year in question, to apportionment under regulation 21; and
- (b) in any other case, subject to regulation 15 (which provides an alternative method of determining the amount of maintenance grant for such schools which became grant-maintained schools in the financial year in question), shall be the aggregate of the following amounts—
 - (i) an amount (Direct AMG) determined in accordance with (as the case may be) regulation 6, 7 or 12,

⁽¹²⁾ The relevant Regulations are S.I. 1989/1287, 1990/549 (amended by 1990/2270 and 1991/353), 1991/353, 1992/555 (amended by 1992/1095), 1993/568 (amended by 1993/843), 1994/938, 1994/2111, 1995/936 (amended by 1995/1554) and 1996/889. See the effect of paragraphs 1(3) and 2(1) of Schedule 39 to the 1996 Act.

- (ii) an amount (Central AMG) determined in accordance with regulation 8 (or that regulation as it has effect in accordance with regulation 10 (cash protection) or 13 (apportionment)),
- (iii) an amount determined in accordance with regulation 9 (Section 11 funding), regulation 11 (school meals) (or that regulation as it has effect in accordance with regulation 14 (apportionment)), regulation 22 (contingencies) and regulation 23 (nursery education),
- (iv) (where applicable) an amount determined in accordance with regulations 24, 25 and 26, (additions or deductions representing unspent sums from previous budget shares, budget deficits from previous years and deductions from current year's budget share), and
- (v) (where applicable) an amount determined in accordance with regulations 27 and 28 (deductions representing excessive surpluses in previous years and excessive severance payments).

(2) Where in the opinion of the funding authority precise calculation for the purpose of determining any of the amounts referred to in paragraph (1)—

- (a) would be impracticable;
- (b) would not significantly affect the amount; or
- (c) would be disproportionately costly having regard to the complexity of the calculation and the likely effect on the amount,

paragraph (1) shall have effect as if it required the funding authority to determine as the amount of maintenance grant payable for the financial year in question such amount as appears to them to be fair and reasonable having regard in particular to the local education authority's scheme.

Determination of Direct AMG for a complete financial year by reference to a comparable maintained school's budget share

6.—(1) Subject to regulation 7 (alternative method of determining Direct AMG where the school became a grant-maintained school before 1st April) and paragraph (2) below, this regulation applies in the case of a school which became a grant-maintained school on or before 1st April in the financial year in question.

(2) This regulation shall not apply in the case of a school which becomes a grant-maintained school on 1st April in the financial year in question pursuant to proposals published under section 212 of the 1996 Act.

(3) In any case to which this regulation applies, and subject to paragraph (9) and to regulation 7, the funding authority shall determine an amount which appears to them to be equal or approximate to an amount which the local education authority could have determined, by the application (subject to the following provisions of this regulation) of the allocation formula in their scheme in relation to a comparable maintained school covered by the scheme, as such a school's budget share for the financial year in question.

(4) Where—

- (a) at any time before the beginning of the financial year in question the allocation formula included a particular factor; and
- (b) the scheme has been revised, varied or replaced under section 111 or 114 of the 1996 Act at any time before the relevant date in relation to the school as initially determined in accordance with regulation 29(2), and for the financial year in question—
 - (i) no such provision is included in the allocation formula, or

- (ii) the proportion of a comparable maintained school's budget share derived from the application of that provision would be less than it would have been had the scheme not been so revised, varied or replaced,

the allocation formula shall be deemed, for the purposes of determining the amount under paragraph (3), to include such provision for taking into account any such factor as it had effect immediately before the scheme was so revised, varied or replaced:

Provided that the funding authority shall add to, or subtract from, any sum derived from the application of the said provision such amount as appears to them to be fair and reasonable having regard to any increase or decrease in the actual or planned level of spending of the local education authority in respect of schools maintained by them occurring during or since the financial year which preceded the financial year in which such revision, variation or replacement occurred.

(5) Where, by or in consequence of a structural or boundary change (or both such changes) within the meaning of section 14 of the Local Government Act 1992(13), effected by an order made under section 17 of that Act, a local education authority ("the transferor authority") ceases on a particular date to exercise functions in relation to an area, paragraph (4) shall apply as if the scheme of the transferor authority had been the scheme of the authority ("the transferee authority") by which such functions are exercisable in relation to that area on and after that date and the transferee authority's scheme was a revision, variation or replacement of the transferor authority's scheme under section 111 or 114 of the 1996 Act.

(6) Where the local education authority in relation to a grant-maintained special school has been determined by the Secretary of State under part (c)(ii) of the definition of "local education authority" in regulation 2(1), and the allocation formula in that new authority's scheme contains no provision for taking into account the needs of special schools, paragraph (4) above shall apply as if the scheme of the former maintaining authority had been the scheme of the new authority and the new authority's scheme was a revision, variation or replacement of that scheme under section 111 or 114 of the 1996 Act.

(7) Where—

- (a) by the application of the allocation formula a part of a school's budget share is determined by reference to—

- (i) an amount of expenditure attributable to each registered pupil of each relevant age or falling within each relevant age group,
- (ii) an amount or amounts (as the case may be) of expenditure attributable to any unit of measurement adopted for any factor included in the allocation formula, or
- (iii) the amount or amounts (as the case may be) of expenditure attributable to any other such factor; and

- (b) the proportion that any such amount is of a comparable maintained school's budget share is less in the financial year in question than it would have been in a previous financial year,

the amount or amounts of expenditure so attributable shall be deemed by the funding authority, in applying the allocation formula for the purpose of determining the amount under paragraph (3), to be the amount or amounts determined in accordance with paragraph (8).

(8) For the purposes of paragraph (7), the funding authority shall determine as the amount or amounts of expenditure so attributable for the purposes of the allocation formula the amount or amounts so attributable in such previous financial year as the funding authority shall decide, adjusted by such amount or amounts as appears or appear to them to be fair and reasonable having regard, in particular, to—

- (a) any increase or decrease in the actual or planned level of spending of the local education authority in respect of schools maintained by them occurring during or since that year; and
- (b) any significant change in the characteristics of the school occurring as aforesaid or which it appears to the funding authority will be likely to occur before the end of the financial year in question.

(9) Where a school which became a grant-maintained school pursuant to proposals published under section 212 of the 1996 Act possesses a characteristic which is relevant to its needs and the allocation formula does not include a factor which relates to that characteristic then the funding authority may, after consultation with the local education authority and the governing body of the school, in determining the amount under paragraph (3) add such an amount in respect of that characteristic as appears to them to be fair and reasonable.

(10) Subject to paragraphs (11), (12) and (13), references in this Part to a maintained school are references to a school maintained by the local education authority in question, and references to a comparable maintained school are—

- (a) in the case of a primary or secondary school, references to a maintained county school, any characteristics of which relevant for the purposes of any formula of a kind referred to in paragraph (3) are identical to any such characteristics of the grant-maintained school and are references (in particular) to a school—
 - (i) the number of registered pupils in each age group at which is identical to the number of such pupils in each age group at the grant-maintained school, and
 - (ii) any other factors affecting the needs of which (including, in particular, the number of registered pupils at the school who have special educational needs and the nature of the special educational provision required to be made for them) are identical to any other factors affecting the needs of the grant-maintained school; and
- (b) in the case of a special school, references to a maintained special school any characteristics of which relevant for the purposes of any formula of a kind referred to in paragraph (3) are identical to any such characteristics of the grant-maintained special school.

(11) Where the allocation formula includes provision for taking into account the amount of any non-domestic rate payable in respect of a school, the funding authority shall, in applying the allocation formula for the purpose of determining the amount under paragraph (3), apply the provision as if the amount of the non-domestic rate payable was—

- (a) in the case of a school which was a charity before becoming a grant-maintained school, that payable in respect of a comparable maintained school which is a charity; and
- (b) in the case of a school which was not a charity before becoming a grant-maintained school, that payable in respect of a comparable maintained school which is not a charity.

(12) For the purposes of this regulation, it is to be assumed that there is a comparable maintained school covered by the local education authority's scheme whether or not there is in fact such a school; and, for the purposes of paragraph (11), it is to be further assumed that a comparable maintained school is capable of being a charity.

(13) In this regulation—

“charity” means an institution established for charitable purposes only;

“factor” means, in relation to the allocation formula, any circumstance, fact or matter affecting the needs of individual schools and subject to variation from school to school which is to be taken into account in accordance with the allocation formula; and

“relevant” in relation to “age” and “age group” means an age group separately treated in the allocation formula for the purposes of determining that part of each school's budget share which is to be determined by reference to numbers of registered pupils.

(14) References in these Regulations to any change in the characteristics of the school include, in particular, references to any change in the number of registered pupils thereat.

Alternative method of determining Direct AMG for a complete financial year by reference to historic data

7.—(1) Subject to paragraph (2), in any case where the school became a grant-maintained school before 1st April in the financial year in question, the funding authority may if they think fit, and after consulting the local education authority and the governing body of the school, instead of determining an amount under regulation 6(3), determine an amount in accordance with paragraph (3).

(2) This regulation shall not apply in the case of a school which is situated in the area of a local education authority which, by or in consequence of a structural or a boundary change (or both such changes) within the meaning of section 14 of the Local Government Act 1992, effected by an order made under section 17 of that Act, is not the local education authority which maintained it in the preceding financial year.

(3) Where the funding authority decide to determine an amount in accordance with this paragraph they shall determine an amount by—

- (a) taking the amount which was determined under regulation 6, 7, 12 or 19 of the 1996 Regulations as the amount of maintenance grant, comparable to a maintained school's budget share, payable in respect of the school for the preceding financial year; and
- (b) adjusting that amount by such amount as appears to them to be fair and reasonable having regard, in particular, to—
 - (i) any increase or decrease in the actual or planned level of spending of the local education authority in respect of the schools maintained by them occurring since that financial year; and
 - (ii) any significant change in the characteristics of the school occurring as aforesaid or which it appears to them is likely to occur before the end of the financial year in question.

Determination of Central AMG

8.—(1) Subject to regulations 10 (cash protection) and 13 (apportionment), the funding authority shall determine an amount for Central AMG which is equal to the relevant percentage of the aggregate of the amount determined in respect of the school for Direct AMG.

(2) In these Regulations the relevant percentage is the percentage determined in accordance with Schedule 1.

Section 11 funding

9.—(1) Subject to paragraph (2), the funding authority shall determine in respect of the period in the financial year in question during which the school is a grant-maintained school ("the period in question"), the amount, if any, which it appears to them, were the school maintained by the local education authority, could have been allocated for the purposes of the school in accordance with the authority's scheme in support of expenditure of the kind referred to in section 11 of the Local Government Act 1966(14) in respect of posts approved by the Secretary of State for the purpose of making grants in respect of such expenditure, not being expenditure expected to be offset by income received as central government grants or grant from any of the European Communities.

(14) 1966 c. 42, as substituted by section 1(1) of the Local Government (Amendment) Act 1993 (c. 27). Section 11 is extended by section 211 of the Education Reform Act 1988 to which there are amendments not relevant to these Regulations.

(2) If no such amount as referred to in paragraph (1) could have been so allocated in respect of the period in question the funding authority shall determine—

- (a) the amount which could have been so allocated in respect of an equivalent period in the last financial year, if any, in which any amount could have been so allocated; or
- (b) if no such amount as is referred to in sub-paragraph (a) above could have been so allocated such amount as appears to them to be fair and reasonable, being not more than half of the amount of “approved expenditure” which they estimate will be incurred by the governing body of the school for the period in question.

(3) In paragraph (2)(b) “approved expenditure” means expenditure of the kind referred to in section 11 of the Local Government Act 1966 both in respect of posts and of an amount approved by the Secretary of State for the purpose of making grants in respect of such expenditure.

Cash protection for Central AMG and Section 11 funding

10.—(1) Subject to paragraphs (3), (4) and (5), paragraph (2) applies in the case of a school which became a grant-maintained school before 1st April in the financial year in question and in respect of which the amount first referred to in regulation 8(1) (determination of Central AMG) or, where the funding authority determine an amount under regulation 9 (Section 11 funding) in respect of the school, the aggregate of those amounts is less than 85.7 per cent of the amount which was determined in respect of the school for the preceding financial year, or which would have been so determined had the school been grant-maintained throughout the preceding financial year, under (as the case may be) regulation 8 (determination of Central AMG) (ignoring for this purpose the effect of regulation 10 (cash protection)) or regulation 16(4) (amount of percentage addition under alternative method of determining amount of maintenance grant) of the 1996 Regulations.

(2) In any case to which this paragraph applies, regulation 8 (determination of Central AMG) shall have effect as if it required the funding authority to determine an amount equal to 85.7 per cent of the amount which was determined in respect of the school for the preceding financial year under the aforementioned regulations of the 1996 Regulations or which would have been so determined had the school been grant-maintained throughout the preceding financial year.

(3) In the case of the Little Heath Grant-maintained Special School, Romford, the funding authority shall, for the purposes of paragraphs (1) and (2), instead of the amount which was actually determined in respect of that school for the preceding financial year under regulation 8 of the 1996 Regulations, determine an amount on the basis that the relevant percentage in relation to the London Borough of Redbridge, was 15.1 per cent.

(4) Paragraph (5) applies where a school, which became a grant-maintained school before 1st April in the financial year in question, is significantly enlarged, as part of proposals involving the discontinuance of another school which also became a grant-maintained school before 1st April in the financial year in question, and in respect of the first mentioned school the amount first referred to in regulation 8(1) (determination of Central AMG) or, where the funding authority determine an amount under regulation 9 (Section 11 funding) in respect of that school, the aggregate of those amounts is less than 85.7 per cent of the amount which was determined in respect of both the schools referred to above for the preceding financial year, or which would have been so determined had the school been grant-maintained throughout the preceding financial year, under (as the case may be) regulation 8 (ignoring for this purpose the effect of regulation 10) or regulation 16(4) of the 1996 Regulations.

(5) In any case to which this paragraph applies, regulation 8 (determination of Central AMG) shall have effect as if it required the funding authority to determine such amount as appears to them to be fair and reasonable, being not less than the amount first referred to in regulation 8(1), or, where the funding authority determine an amount under regulation 9 (Section 11 funding) in respect of the school, the aggregate of those amounts, and not more than an amount equal to 85.7 per cent of the amount which was determined in respect of both schools for the preceding financial year under the

aforementioned regulations of the 1996 Regulations or which would have been so determined had the school been grant-maintained throughout the preceding financial year.

(6) Paragraph (7) applies in the case of Surrey Square Infant School and Surrey Square Junior School, Southwark if the amount first referred to in regulation 8(1) (determination of Central AMG) or, where the funding authority determine an amount under regulation 9 (Section 11 funding) in respect of that school, the aggregate of those amounts is less than 85.7 per cent of that part of the amount which was determined in respect of the Surrey Square Infant and Junior School, Southwark for the preceding financial year under (as the case may be) regulation 8 (determination of Central AMG) (ignoring for this purpose the effect of regulation 10 (cash protection)) or regulation 16(4) (amount of percentage addition under alternative method of determining amount of maintenance grant) of the 1996 Regulations referable to the infant or junior department of that school, as the case may be.

(6) Where the redetermination of maintenance grant is in accordance with regulation 20 (redetermination of school meals), the funding authority may take into account information received by them after the relevant date which relates to the number of registered pupils at the school who bought meals at the school on the date determined by the funding authority.

Requirements which may be attached to payment of maintenance grant

38.—(1) The requirement set out in paragraph 1 of Schedule 3 (conduct of school) is specified as a requirement which may be imposed by the funding authority on governing bodies to whom payments of maintenance grant are or have been made.

(2) The funding authority may determine, for the purposes of the application of section 247(1) and (2) of the 1996 Act to such governing bodies, any requirement referred to in paragraphs 2 to 4 of Schedule 3 (requirements as to accounts and financial affairs).

(4) This Part shall apply in relation to a grant-maintained school established in place of an existing independent school which was discontinued on or before the date of the establishment of that grant-maintained school, with the modifications set out in Schedule 4.

Secondary schools total and primary schools total

40.—(1) For the purposes of section 244(2) of the 1996 Act the Secretary of State shall determine for each relevant authority and in respect of the financial year in question the amount which appears to her, after consultation with the authority, to be the appropriate amount of expenditure of a recurrent nature to be incurred on—

- (a) in the case of a secondary relevant authority, grant-maintained and new grant-maintained secondary schools situated in the area of that authority and secondary schools and new secondary schools maintained by that authority;
- (b) in the case of a primary relevant authority, grant-maintained and new grant-maintained primary schools situated in the area of that authority and primary schools and new primary schools maintained by that authority.

(2) For the purposes of paragraph (1) expenditure is “of a recurrent nature” if it is not of a class or description specified in Schedule 8.

(3) The Secretary of State shall notify the funding authority and the relevant authority of the primary schools total and the secondary schools total determined by her in respect of that relevant authority.

Determination of amount of maintenance grant

41.—(1) The amount of maintenance grant payable for the financial year in question in respect of a school whose maintenance grant falls to be determined under this Part shall be the aggregate of the amount of the school’s CFF share for that year and any amounts to be added to, or deducted from, that amount determined by the funding authority in respect of the school and that year in accordance with regulations 43(1)(c) and 44 to 47.

(2) Where in the opinion of the funding authority precise calculation for the purpose of determining any of the amounts referred to in paragraph (1)—

- (a) would be impracticable;
- (b) would not significantly affect the amount; or
- (c) would be disproportionately costly having regard to the complexity of the calculation and the likely effect on the amount,

paragraph (1) shall have effect as if it required the funding authority to determine as the amount of maintenance grant payable for the financial year in question such amount as appears to them to be fair and reasonable having regard in particular to the relevant authority’s scheme.

Determination of a school’s CFF share

42.—(1) The funding authority shall determine for each grant-maintained and new grant-maintained secondary school situated in the area of a secondary relevant authority and each secondary school and new secondary school maintained by that authority the amount of the school’s share of the secondary schools total for that authority and year obtained by dividing that total between those schools in accordance with Schedule 5.

- (a) (2) (a) The funding authority shall determine for each primary relevant authority an amount referred to in this Part as the “adjusted primary schools total”.
- (b) This is the amount which remains after deducting from the primary schools total for the authority for that year 0.2 per cent of that total (“the error contingency”) for the purpose of making provision within that total for redetermining the amounts of the CFF shares of grant-maintained and new grant-maintained primary schools situated in the area of the authority and primary schools and new primary schools maintained by the authority on the grounds referred to in regulation 53(1) (redetermination of a primary school’s CFF share on grounds of mistake).
- (3) The funding authority shall determine for each grant-maintained and new grant-maintained primary school situated in the area of a primary relevant authority and each primary school and new primary school maintained by that authority the amount of the school’s share of the adjusted primary schools total for that authority and year obtained by dividing that total between those schools in accordance with Schedule 5.
- (4) Where the amount of the CFF share of a school is less than the CFF floor for that school the funding authority shall—
- (a) calculate the amount per pupil (within the meaning of paragraph 16A to F of Schedule 5) which would be required, if—
- (i) in the case of a secondary school, the amount of the CFF share of each grant-maintained or new grant-maintained secondary school situated in the area of the relevant authority concerned and each secondary school or new secondary school maintained by them, or
- (ii) in the case of a primary school, the amount of the CFF share of each grant-maintained or new grant-maintained primary school situated in the area of the relevant authority concerned and each primary school and new primary school maintained by them,
- were to be redetermined in accordance with that Schedule (but substituting for the amount per pupil referred to in that paragraph in relation to the authority the recalculated amount per pupil), to produce within the adjusted primary schools total or the secondary schools total, as the case may be, for the authority for the financial year in question the amount (referred to below as the “supplementary amount”) required to permit the amount of the CFF share of each school which is less than the amount of its CFF floor or which would be less than that amount if the amount of the CFF share of each school were to be redetermined as aforesaid, to equal the amount of the school’s CFF floor, by adding a share of the supplementary amount to the amount of the school’s CFF share;
- (b) redetermine the amount of the CFF share of each grant-maintained or new grant-maintained primary or secondary school situated in the area of the relevant authority concerned and each primary or secondary school or new primary or new secondary school maintained by them, as the case may be, in accordance with Schedule 5 but substituting for the amount per pupil referred to in paragraph 16A to F of that Schedule the amount calculated in accordance with sub-paragraph (a) above; and
- (c) add to the amount of the CFF share (as so redetermined) of each school which is less than the amount of its CFF floor the amount by which the latter amount exceeds the former amount.

Link to budgets

43.—(1) Except in relation to Rutland County Council (District Council), where the amount of the primary or secondary schools budget for any relevant authority for the financial year in question (defined in paragraph (2)) exceeds the primary or secondary schools total, as the case may be, for that authority and year, the funding authority shall—

- (a) determine the amount (referred to in sub-paragraph (b) below as “the increased amount”) by which that budget exceeds that total;
 - (b) determine to two decimal places the percentage which the increased amount is of the primary or secondary schools total, as the case may be, for the authority;
 - (c) add to the amount of the CFF share for each grant-maintained primary or secondary school, as the case may be, situated in the area of the authority the amount obtained by multiplying the amount of that share by that percentage; and
 - (d) add to the amount of the error contingency determined under regulation 42(2) the amount obtained by multiplying that amount by that percentage.
- (2) For the purposes of paragraph (1) the amount of an authority’s primary or secondary schools budget for the financial year in question is the sum for that financial year of the amounts specified in sub-paragraphs (a) to (f) below less the amount specified in sub-paragraph (g) below—
- (a) the aggregate of the amounts which the funding authority determine would be the amounts of maintenance grant in respect of all grant-maintained primary or secondary schools, as the case may be, except those referred to in regulation 39(4) (grant-maintained schools established in place of existing independent schools), situated in the area of the authority if those amounts were determined in accordance with Part 2 and regulations 10 (cash protection) and 33 (capital expenditure from the revenue account) did not apply in the case of any schools and any increase in the number of registered pupils resulting from a significant change in the character of the school falling to be implemented wholly or partly in the financial year in question was ignored;
 - (b) the aggregate of the budget shares of all primary or all secondary schools, as the case may be, maintained by the authority;
 - (c) the aggregate of the amounts which equal the relevant percentage of the budget shares referred to in sub-paragraph (b) above;
 - (d) the aggregate of the amounts which it appears to the funding authority would be the amounts determined under regulation 11 (school meals) in respect of all primary or secondary schools, as the case may be, maintained by the authority if those schools had been grant-maintained schools to which that regulation applies;
 - (e) the aggregate of the CFF shares of all new grant-maintained primary schools or secondary schools, as the case may be, in the area of the authority;
 - (f) the aggregate of the CFF shares of all new primary or secondary schools, as the case may be, maintained by the authority; and
 - (g) where under the relevant authority’s scheme amounts for—
 - (i) pupils with statements of special educational needs,
 - (ii) in the case of Cumbria County Council only, identified pupils with special educational needs who do not have statements and in respect of whom funding is allocated other than on the basis referred to in paragraph 5(7) of Schedule 5, and
 - (iii) places in schools, other than special schools, for pupils with special educational needs,are included in the authority’s aggregated budget for that financial year, the aggregate of such amounts for all primary or all secondary schools, as the case may be, in the area of the relevant authority.

Sums to be added to the CFF share

44.—(1) Where, in the case of any school whose maintenance grant for the financial year in question falls to be determined under this Part, it appears to the funding authority that regulation 10

(cash protection) would have applied if that grant had fallen to be determined under Part 2, they shall determine the amount which would have been determined in accordance with regulation 10 in respect of the school (referred to in paragraph (2) below as “the protected amount”).

(2) In any case to which paragraph (1) applies the funding authority shall add to the amount of the school’s CFF share the amount by which the protected amount exceeds the difference between the amount of that share and the CFF floor.

(3) Where, in the case of any school whose maintenance grant for the financial year in question falls to be determined under this Part, it appears to the funding authority that an amount would have been determined under regulation 9 (Section 11 funding) if that grant had fallen to be determined under Part 2, they shall determine that amount and add it to the amount of the school’s CFF share.

(4) Where, in the case of any school whose maintenance grant for the financial year in question falls to be determined under this Part, it appears to the funding authority that the amount determined under regulation 6, if that grant had fallen to be determined under Part 2, would have included an amount representing a comparable maintained school’s share of funding treated by the authority under their scheme as funding for—

- (a) pupils with statements of special educational needs allocated in accordance with the allocation formula under the authority’s scheme;
- (b) in the case of Cumbria County Council only, identified pupils with special educational needs who do not have statements and in respect of whom funding is allocated other than on the basis referred to in paragraph 5(7) of Schedule 5; or
- (c) places in schools, other than special schools, for pupils with special educational needs,

they shall determine that latter amount and add it to the amount of the school’s CFF share.

(5) The funding authority shall add to the amount of the CFF share of any school whose maintenance grant for the financial year in question falls to be determined under this Part and which became a grant-maintained school on 1st April in the financial year in question, an amount which appears to them to be equal or approximate to that amount of the school’s budget share for any financial year prior to the financial year in question in respect of which sums had neither been deducted by the maintaining local education authority in accordance with their scheme nor made available pursuant to section 116(2) or (3) of the 1996 Act, or, if made available, had not been spent by the governing body in exercise of their powers under section 116(5) of that Act.

Sums to be deducted from the CFF share : deficits incurred in respect of budget share in previous financial years

45.—(1) The funding authority shall deduct from the amount of the CFF share of any school whose maintenance grant for the financial year in question falls to be determined under this Part and which became a grant-maintained school between 1st April 1995 and 1st April 1997 inclusive an amount determined in accordance with paragraph (2).

(2) The funding authority, having consulted the former maintaining local education authority and the governing body of the school, shall determine such amount, if any, as appears to them to be fair and reasonable, in respect of any deficit incurred by the school in respect of its budget share in any previous financial year, having regard, in particular, to the following matters—

- (i) the existence and the terms of any agreement in writing between the then governing body of the school and the maintaining local education authority regarding the repayment of such deficit,
- (ii) the existence in the maintaining local education authority’s scheme of provision permitting schools to anticipate their budget shares for the following year in order to finance planned items of expenditure,

- (iii) evidence that the maintaining local education authority took steps to reduce schools' budget shares where deficits have occurred and did not allow schools to carry over deficits from one year to the other with no planned reduction,
- (iv) the practice of the local education authority, in respect of schools which they maintain, regarding the writing off of deficits incurred by such schools in respect of their budget shares in previous financial years, and
- (v) the amount, if any, previously determined by the funding authority in accordance with regulation 15(3), 16(3) or 30(10) of the 1995 Regulations and regulation 25(3), 26(3) or 42(6) of the 1996 Regulations.

Sums to be deducted from the CFF share: excessive surpluses

46.—(1) The funding authority shall, in respect of a school whose maintenance grant for the financial year in question falls to be determined under this Part, determine the amount which appears to them to be equal or approximate to that amount of the school's maintenance grant, and any special purpose grant paid in respect of costs incurred by the school in respect of Value Added Tax, for any financial year prior to the financial year in question which has not been spent by the governing body ("the unspent amount").

(2) Paragraph (3) applies where the unspent amount is greater than the sum of—

- (a) 20 per cent of the amount of maintenance grant that would, ignoring the effects of this regulation, be payable in respect of the school for the financial year in question; and
- (b) the amount of special purpose grant which the funding authority estimate they would, ignoring the effects of this regulation, pay to the governing body in the financial year in question in respect of costs incurred by the school in respect of Value Added Tax.

(3) Where this paragraph applies, the funding authority shall deduct from the amount of the CFF share of the school such amount, if any, as the funding authority, having consulted the governing body of the school, may determine being no greater than the difference between the unspent amount and the sum of the amounts referred to in paragraph (2)(a) and (b).

Sums to be deducted from the CFF share: excessive severance payments

47.—(1) This regulation applies in a case where the funding authority are, after consultation with the governing body of a school whose maintenance grant for the financial year in question falls to be determined under this Part, of the opinion that the governing body have, on or after 1st January 1997, made a payment in respect of the dismissal, or for the purpose of securing the resignation, of any member of the staff of the school which is, having regard to all the circumstances of the case, excessive.

(2) Where this regulation applies, the funding authority shall deduct from the amount of the CFF share of the school such part of the payment referred to in paragraph (1) as the funding authority regard as excessive.

CFF floor

48.—(1) In the case of a grant-maintained secondary school or a secondary school maintained by a local education authority situated in an existing CFF area its CFF floor shall, subject to the following provisions of this regulation, be the amount determined by the Secretary of State on or before 1st April 1997, for the purposes of section 244(2) of the 1996 Act, as the school's CFF floor for the financial year in question and if no amount is so determined it shall be the amount determined as the school's CFF floor under regulation 43 (but ignoring the effect of paragraph (11)) of the 1996 Regulations.

(2) In the case of a grant-maintained primary school or a primary school maintained by a local education authority situated in a primary CFF area or a grant-maintained secondary school or a secondary school maintained by a local education authority situated in a new CFF area its CFF floor shall be the amount determined by the funding authority in accordance with the following provisions of this regulation.

(3) In the case of a primary school situated in a primary CFF area or a secondary school situated in a new CFF area, which was a grant-maintained school throughout the preceding financial year, the funding authority shall determine the amount of the maintenance grant determined (or, subject to paragraph (4), if that amount was redetermined in the preceding financial year, the amount as most recently so redetermined) under the 1996 Regulations for the school for that year—

- (i) reduced by such amount as appears to the funding authority to be required, where regulation 10(2) or (4) of the 1996 Regulations (cash protection) applied for the purpose of determining (or redetermining) that grant, to reflect the amount which would have been determined under regulation 8(1) of those Regulations (determination of Central AMG) for that purpose if regulation 10(2) or (4) of those Regulations had not so applied,
- (ii) reduced by an amount which appears to the funding authority to be equivalent to any amounts for pupils with statements of special educational needs or for places in schools, other than special schools, for pupils who have special educational needs included in the relevant authority's aggregated budget under their scheme as it applied in that year, and
- (iii) reduced by an amount which appears to the funding authority to be equivalent to any amounts determined under regulation 9 of the 1996 Regulations (Section 11 funding).

(4) To the extent that the amount of maintenance grant referred to in paragraph (3) was redetermined as mentioned in that paragraph by reason of any increase or decrease in the number of registered pupils at the school, no account shall be taken of that redetermination for the purposes of that paragraph.

(5) In the case of a primary school situated in a primary CFF area or a secondary school situated in a new CFF area, which was not a grant-maintained school at any time during the preceding financial year, the amount is the aggregate of the following amounts—

- (a) the amount of the school's budget share for the preceding financial year as initially determined (or, subject to paragraph (6), if that share was revised in the preceding financial year, as most recently so revised)—
 - (i) increased by the amount which it appears to the funding authority would have been the amount required to be determined for the school and that year under regulation 8(1) of the 1996 Regulations (determination of Central AMG) if the school had been a grant-maintained school and the relevant percentage for the purposes of that regulation (instead of the percentage determined in accordance with Schedule 1 to those Regulations) had been the percentage determined in accordance with Schedule 1 to these Regulations,
 - (ii) reduced by an amount equivalent to any amounts for pupils with statements of special educational needs or for places in schools, other than special schools, for pupils who have special educational needs included in the relevant authority's aggregated budget under their scheme as it applied in that year; and
- (b) the amount which it appears to the funding authority would have been the amount required to be determined for the school and that financial year under regulations 9 (expenditure due to ethnic minority population), 11 (school meals), 22 (contingencies) and 23 (nursery education) of the 1996 Regulations (disregarding any amount which would have been required to be determined under regulation 22 (contingencies) of those Regulations in respect of changes in the number of registered pupils at the school), if the school had been a grant-maintained school throughout that year,

apportioned, where proposals under section 167 or 173 of the 1996 Act to cease to maintain or discontinue the school fall to be implemented on a date in the financial year in question, in accordance with the formula

$$\frac{R \times Q}{365}$$

where—

R is the aggregate amount determined in accordance with sub-paragraphs (a) and (b) above; and

Q is the number of days in that year which precede the date on which the authority are to cease to maintain the school.

(6) To the extent that the amount of the school's budget share referred to above in paragraph (5)(a) was revised as therein mentioned by reason of any increase or decrease in the number of registered pupils at the school, no account shall be taken of that revision for the purposes of that sub-paragraph.

(7) In the case of a primary school situated in a primary CFF area or a secondary school situated in a new CFF area, which became a grant-maintained school after 1st April in the preceding financial year, the aggregate of the amount referred to in paragraph (3), leaving out of account its apportionment under regulation 18 of the 1996 Regulations, and of the amount referred to in paragraph (5), adjusted in each case pro rata according to the date in that financial year on which the school became a grant-maintained school.

(8) In the case of a school which, in the opinion of the funding authority, admits significantly more pupils in the financial year in question than it would normally because another school was discontinued, or the local education authority ceased to maintain it, in the preceding financial year, its CFF floor shall be such amount as the funding authority may determine, after consultation with the local education authority, having regard to the CFF floors that would have been determined in respect of both schools had one not been discontinued or the local education authority had not ceased to maintain it and making such adjustments as they consider fair and reasonable.

(9) Where a school is to be discontinued, or the local education authority are to cease to maintain it, in the financial year in question then the funding authority shall reduce the amount of its CFF floor, after consultation with the local education authority, by such amount as they consider fair and reasonable.

(a) (10) (a) Except in relation to the London Borough of Hillingdon, as a primary relevant authority, where it appears to the funding authority that in the preceding financial year the maintenance grant or budget share of a primary school situated in a primary CFF area or a secondary school situated in a new CFF area, was determined on the basis of an incorrect estimate of the numbers of registered pupils at the school for any part of that year, then the funding authority shall add to the amount determined in accordance with the foregoing provisions of this regulation in respect of that school an amount calculated in accordance with sub-paragraph (b) below.

(b) The amount is an amount arrived at by—

(i) taking the number which appears to the funding authority to be the number of registered pupils at the school in each age band on the date to which the estimate relates less the estimated number of pupils in each age band on that date multiplied by 7/12;

(ii) multiplying the amount for each age band under (i) above by the amount set out in, whichever is appropriate of, column (1), (2), (3) or (4) for that age band and in respect of that relevant authority in table 1 or 2 in Schedule 6, according as to whether the school is a primary or a secondary school; and

(iii) multiplying the sum of the amounts derived from (ii) above by the unit cost for age band 3 as shown in column (5) in table 1 in Schedule 6, in the case of a secondary

school, or by the unit cost for age band 2P as shown in column (5) in table 2 in Schedule 6, in the case of a primary school.

(11) The funding authority shall add to the amount determined in respect of each school under the preceding provisions of this regulation an amount calculated by—

- (a) multiplying the number of registered pupils, except any pupils referred to in sub-paragraph (b) below, in each age band on 16th January 1997, less the number of registered pupils which it appears to the funding authority were in each age band on 18th January 1996, by the amount set out in, whichever is appropriate of, column (1), (2), (3) or (4) in table 1 or 2 in Schedule 6 for that age band in respect of that relevant authority, according as to whether the school is a primary or secondary school; and
- (b)
 - (i) multiplying the number of registered pupils, at a school situated in the area of Essex County Council, who were admitted to the school in the summer term in the preceding financial year, on or before a date determined by the funding authority, and who will attain the age of 5 years at or before the end of that term, less the number of such pupils who were so admitted in the summer term in the financial year before the preceding financial year, on or before a date determined by the funding authority, by
 - (ii) the amount set out in column (2) in table 2 in Schedule 6 for that age band in respect of that relevant authority; and
- (c) multiplying the aggregate of the amounts derived from sub-paragraphs (a) and (b) above by the unit cost for age band 3 as shown in column (5) in table 1 in Schedule 6, in the case of a secondary school, or by the unit cost for age band 2P as shown in column (5) in table 2 in Schedule 6, in the case of a primary school.

(12) The funding authority shall multiply the amount determined in respect of each primary or secondary school, as the case may be, in accordance with the preceding provisions of this regulation by a figure which is the aggregate of the amounts determined in respect of all primary or secondary schools, as the case may be, to which this regulation applies in the area of the relevant authority in accordance with paragraphs (1) to (9) divided by the sum of the amounts so determined in accordance with paragraphs (1) to (11).

(13) If the aggregate of the amounts determined in respect of each primary or secondary school in the area of a relevant authority by the funding authority in accordance with paragraph (12) is greater than—

- (a) the adjusted primary schools total or the secondary schools total, as the case may be, for that authority; or
- (b) in the case of the London Borough of Brent, the secondary schools total less the total contingency amount referred to in paragraph 16D(2) of Schedule 5 (“the adjusted secondary schools total”),

(6) The funding authority shall not take into account any information made available to them after the relevant date (but before the date of their determination) for the purposes of determining the amount of maintenance grant payable in respect of a school for the financial year in question.

(7) References in this Part of these Regulations to the relevant date are references to the date referred to in paragraph (2) unless the relevant date has been redetermined in accordance with paragraph (3) in which case it is a reference to that date as redetermined.

(2) This paragraph applies where it appears to the funding authority that the number of registered pupils at a school exceeds the number of pupils used for the purposes of determining the amount of its maintenance grant for the financial year in question, and that the relevant authority's scheme makes provision in relation to such increases in pupil numbers at a school.

(3) This paragraph applies where proposals published under section 259 or 260 of the 1996 Act to make a significant change in the character of the school fall to be implemented wholly or partly in the financial year in question.

- (c) any other change affecting the needs of the school, or

(7) In any case to which paragraph (3) applies, the funding authority may redetermine the amount of maintenance grant payable in respect of the school for the financial year in question by adding to it the amount calculated by the formula—

$$Z \times \frac{A}{365}$$

, where

Z is the amount which equals (b)-(a) where (a) is the amount of the CFF share for the school (or, where that amount has been redetermined for the purposes of redetermining the amount of maintenance grant in accordance with paragraph 6, that amount as so redetermined) less the amount if any, added under regulation 42(4)(c); and (b) is the amount determined in accordance with paragraph (8); and

A is the number of days in the financial year falling on or after the date on which the proposals referred to in paragraph (3) fall to be implemented.

(8) For the purposes of paragraph (7) the funding authority shall—

- (a) redetermine the total number of funding units for the school in accordance with Schedule 5—
 - (i) substituting, in cases where pupils numbers are determined in accordance with paragraph 3B, D E or F of Part III of Schedule 5 (relevant authorities which do not use estimates of pupil numbers), for the number of registered pupils at the school in the particular age band or bands affected by the change in character the number which the funding authority estimate will be the number of registered pupils at the school in that age band or bands on the date on which the proposals fall to be implemented; or
 - (ii) substituting, in cases where pupils numbers are determined in accordance with paragraph 3A, C or G of Part III of Schedule 5 (relevant authorities which use estimates of pupil numbers), for the number which they estimated would be the number of registered pupils at the school in the particular age band or bands affected by the change in character on the date for estimates in the pupil count, the number which they estimate will be the number of such pupils on the date on which the proposals fall to be implemented; and
- (b) multiply the total number of funding units for the school redetermined in accordance with sub-paragraph (a) above by the amount per pupil for the relevant authority in whose area the school is situated determined in relation to that authority in accordance with paragraph 16A to F of Schedule 5 (or, where that amount has been recalculated in accordance

with regulation 42(4)(c), that amount as so recalculated) for the purposes of the initial determination of maintenance grant for the school for the financial year in question.

(9) The funding authority may redetermine the amount of maintenance grant payable in respect of the school for the financial year in question—

- (a) in any case to which paragraph (2) applies, by adding such amount as appears to them would have been payable to the school under the relevant authority's scheme, had the school been covered by the scheme, in relation to such increases;
- (b) in any case to which paragraph (4), (5) or (6) applies, in accordance with the provisions of this Part, and

if the amount so redetermined is different from the amount previously determined, revise their determination in respect of that school and, if appropriate, in respect of any or all grant maintained primary or secondary schools in the area of the relevant authority in question and primary and secondary schools maintained by that authority, as the case may be, accordingly.

(14) Where the funding authority decide to redetermine the amount of maintenance grant by virtue of paragraph (13), they shall redetermine that amount by adding to it such amount as appears to them to be necessary for the purpose of enabling the governing body adequately to carry out their functions with respect to the conduct of the school.

(4) For the purposes of this regulation and Schedule 7—

Calculation of a school's CFF share in existing secondary CFF areas : Authorities which use estimates of pupil numbers

16A.—(1) Sub-paragraphs (2) to (5) shall not apply in respect of new schools.

(2) Where the number, which appears to the funding authority to be the number of registered pupils in a particular age band at the school on the date for adjustment of last year's estimates, differs from the number of registered pupils of that particular age band which it was estimated for

the purposes of determining the amount of that school's annual maintenance grant or budget share, as the case may be, in the preceding financial year, would be at the school on that date then the funding authority shall, subject to sub-paragraph (5), determine an amount in respect of each such category of pupils by—

- (a) subtracting that estimated number from that actual number of registered pupils and multiplying the resulting amount by the amount specified in relation to the authority in whichever is the appropriate of column (1), (2), (3) or (4) in the table in Part VII in relation to that age band and by 7/12;
 - (b) multiplying the number calculated in accordance with (a) above by the “amount per pupil” used in respect of the school under the 1996 Regulations;
 - (c) subtracting from or adding to, as appropriate, the amount calculated in accordance with (b) above such amount, if any, as appears to them to be fair and reasonable, having consulted the authority, to take into account any transfer of an amount of funding in respect of a pupil pursuant to section 494 of the 1996 Act;
 - (d) subtracting from the amount calculated in accordance with (c) above any amount previously made available for the purposes of the school because of an increase in the number of registered pupils in that age band at the school; and
 - (e) subtracting from the amount calculated in accordance with (d) above any amount determined in respect of the school under regulation 45(7) of the 1996 Regulations in relation to that age band.
- (3) (a) If after performing the operation in sub-paragraph (2)(c) above, the result is a positive number then the amount determined under sub-paragraph (2) is either the amount which results from carrying out the operation in sub-paragraph (2)(e) above or zero whichever is the greater.
- (b) If after performing the operation in sub-paragraph (2)(c) above, the result is a negative number then the amount determined under sub-paragraph (2) is the amount which results from carrying out the operation in sub-paragraph (2)(e) above.
- (4) For the purposes of this paragraph—
- (a) the amount referred to in respect of each school as “the 1996–97 CFF floor” is the amount determined in respect of each school under regulation 48(1);
 - (b) the amount referred to in respect of each school as “the pure 1996-97 CFF share” is the amount calculated in respect of each school under regulation 40(1) or (2)(b) of the 1996 Regulations (as the case may be);
 - (c) the amount referred to in respect of each school as “the deviation from the CFF floor” is the amount which equals the 1996–97 CFF floor less the pure 1996–97 CFF share⁽²⁸⁾.
- (5) The funding authority shall, in a case where regulation 43(11) of the 1996 Regulations applied, reduce the aggregate of the amounts determined under sub-paragraph (5) in respect of the school to zero and otherwise shall—
- (a) in a case where the aggregate of the amounts determined under sub-paragraph (2) in respect of the school is greater than the deviation from the CFF floor and the deviation from the CFF floor is greater than zero reduce that aggregate amount by a sum equal to the deviation from the CFF floor;
 - (b) in a case where the aggregate of the amounts determined under sub-paragraph (2) in respect of the school is either—
 - (i) greater than zero and less than the deviation from the CFF floor, or

⁽²⁸⁾ Where a school's pure 1996-7 CFF share is less than its 1996-7 CFF floor this figure will be positive, and where the pure 1996-7 CFF share is greater than the 1996-7 CFF floor this figure will be negative.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- (ii) less than zero and the deviation from the CFF floor is greater than zero, reduce that aggregate amount to zero;
 - (c) in a case where the aggregate of the amounts determined under sub-paragraph (2) in respect of the school is less than the deviation from the CFF floor and the deviation from the CFF floor is less than zero, redetermine that aggregate amount to be equal to the deviation from the CFF floor.
- (6) The funding authority shall determine the number (referred to in sub-paragraph (7) as the “total number of secondary base units for the authority”) which is the aggregate of the number of base units for each school determined under that part of Part I applicable to the authority.
- (7) The funding authority shall determine the amount (referred to in sub-paragraph (8) as the “amount per pupil”) obtained by dividing the secondary schools total for the authority, less the aggregate for the authority of the amounts determined under sub-paragraph (2) in respect of each school, by the total number of secondary base units for the authority.
- (8) The funding authority shall determine the amount (referred to in sub-paragraph (9) as the “number of funding units for the school”) obtained by adding to the figure which is the number of base units for the school the amount, if any, which is equal to the aggregate of the amounts determined under sub-paragraph (2) in respect of the school divided by the amount per pupil.
- (9) The funding authority shall determine as the amount of each school’s CFF share the amount obtained by multiplying the amount per pupil by the number of funding units for the school.

B.—(1) Paragraph (2) shall not apply in respect of new schools.

(2) Where the number, which appears to the funding authority, to be the number of registered pupils in a particular age band at the school on the date for adjustment of last year’s estimates, differs from the number of registered pupils of that particular age band which it was estimated, for the purposes of determining the amount of that school’s annual maintenance grant or budget share, as the case may be, in the preceding financial year, would be at the school on that date then the funding authority shall determine an amount in respect of such category of pupils by—

- (a) subtracting that estimated number from that actual number of registered pupils and multiplying the resulting amount by the amount specified in relation to the authority in whichever is the appropriate of column (1), (2), (3) or (4) in table 1 in Schedule 6 in relation to that age band and by 7/12;
 - (b) multiplying the number calculated in accordance with (a) above by the age band 3 unit cost for the authority in column (5) in table 1 in Schedule 6;
 - (c) subtracting from, or adding to, as appropriate, the amount calculated in accordance with (b) above such amount, if any, as appears to the funding authority to be fair and reasonable, having consulted the authority, to take into account any transfer of an amount of funding in respect of a pupil pursuant to section 494 of the 1996 Act;
 - (d) subtracting from the amount calculated in accordance with (c) above any amount previously made available for the purposes of the school because of an increase in the number of registered pupils in that age band at the school; and
 - (e) subtracting from the amount calculated in accordance with (d) above any amount determined in respect of the school under regulation 45(7) of the 1996 Regulations in relation to that age band.
- (a) (3) (a) If after performing the operation in sub-paragraph (2)(c) above, the result is a positive number then the amount determined under sub-paragraph (2) is either the

amount which results from carrying out the operation in sub-paragraph (2)(e) above or zero whichever is the greater.

(b) If after performing the operation in sub-paragraph (2)(c) above, the result is a negative number then the amount determined under sub-paragraph (2) is the amount which results from carrying out the operation in sub-paragraph (2)(e) above.

(4) The funding authority shall determine the number (referred to in sub-paragraph (5) as the “total number of secondary base units for the authority”) which is the aggregate of the number of base units for each school determined under that part of Part I applicable to the authority.

(5) The funding authority shall determine the amount (referred to in sub-paragraph (6) as the “amount per pupil”) obtained by dividing the secondary schools total for the authority, less the aggregate for the authority of the amounts for each category of pupils in each school determined under sub-paragraph (2), by the total number of secondary base units for the authority.

(6) The funding authority shall determine the amount (referred to in sub-paragraph (7) as the “number of funding units for the school”) obtained by adding to the figure which is the number of base units for the school the amount, if any, which is equal to the aggregate of the amounts determined under sub-paragraph (2) in respect of the school divided by the amount per pupil.

(7) The funding authority shall determine as the amount of each school’s CFF share the amount obtained by multiplying the amount per pupil by the number of funding units for the school.

D.—(1) The funding authority shall determine the number (referred to in sub-paragraph (3) as the “total number of funding units for the authority”) which is the aggregate of the number of funding units for each school determined under paragraph 1(3) in Part I.

(2) The funding authority shall determine an amount which is 0.8 per cent of the secondary schools total for the authority (“the total contingency amount”).

(3) The funding authority shall determine the amount (referred to in sub-paragraph (4) as the “amount per pupil”) obtained by dividing the adjusted secondary school’s total for the authority, less the total contingency amount defined in sub-paragraph (2), by the total number of funding units for the authority.

(4) The funding authority shall determine as the amount of each school’s CFF share the amount obtained by multiplying the amount per pupil by the number of funding units for the school.

(5) The funding authority shall determine an amount (referred to in sub-paragraph (6) as the “additional amount per pupil”) by dividing the total contingency amount by the aggregate of the numbers appearing to them to be the numbers of registered pupils referred to in paragraph 3B in Part III on 16th January 1997 at each grant-maintained secondary school in the area of the authority and each secondary school maintained by it.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

E.—(1) The funding authority shall determine the amounts which are in their opinion—

- (a) the amount by which each CFF share calculated in respect of each grant-maintained and new grant-maintained primary school situated in the area of the authority and each primary school and new primary school maintained by that authority under regulation 42(3) would be reduced or increased by the application of the allocation formula in the authority’s scheme regarding the adjustments for teachers’ salaries in small schools;
- (b) the aggregate of such amounts; and

the funding authority shall treat amounts by which CFF shares are reduced as negative numbers and amounts by which CFF shares are increased as positive numbers.

(2) The funding authority shall determine the number (referred to in sub-paragraph (3) as the “total number of primary base units for the authority”) which is the aggregate of the number of base units for each school under that part of Part II applicable to the authority.

(3) The funding authority shall determine the amount (referred to in sub-paragraph (4) as the “amount per pupil”) obtained by dividing the adjusted primary schools total for the authority, minus the aggregate amount for the authority determined under sub-paragraph (1)(b), by the total number of primary base units for the authority.

(4) The funding authority shall determine the amount (referred to in sub-paragraph (5) as the “number of funding units for the school”) obtained by adding to the figure which is the number of base units for the school the amount which is equal to the figure determined under sub-paragraph (1) (a) for the school divided by the amount per pupil.

(5) The funding authority shall determine as the amount of each school’s CFF share the amount obtained by multiplying the amount per pupil by the number of funding units for the school.

This table is used in the determination of the CFF floor of a secondary school situated in a secondary relevant authority which is a new CFF area to adjust for incorrect estimates of registered pupils (regulation 48(10)). It is also used in the determination of the CFF floor of a secondary school situated in the area of any secondary relevant authority to adjust for increases and decreases in the number of registered pupils between 18th January 1996 and 16th January 1997 (regulation 48(11)). The table is also used in paragraph 16B of Schedule 5 in the calculation of retrospective pupil number adjustments.

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations replace with modifications the Education (Grant-maintained and Grant-maintained Special Schools) (Finance) Regulations 1996 (“the 1996 Regulations”) which are revoked. The Regulations apply, in relation to the 1997–98 financial year, to grant-maintained schools and grant-maintained special schools situated in England but not to completely new grant-maintained schools. Such schools (i.e. those which are not former maintained schools or which are not established in place of existing independent schools) are subject to the Education (New Grant-maintained Schools) (Finance) Regulations 1997 (S.I. 1997/956). The main changes to the provision made by the revoked Regulations are set out below.

Part 2 of the Regulations provides for the determination and redetermination of the amount of maintenance grant to be paid to the governing bodies of schools in respect of which the Regulations apply whose maintenance grant is not determined under Part 3. This is on a similar basis to that provided for under Part 2 of the 1996 Regulations, save that—

- (1) The percentages specified in the table in Schedule 1 are revised.
- (2) Where a school is situated in the area of more than one local education authority, the Secretary of State can determine, after consultation, which is to be the local education authority in relation to that school (*definition of “local education authority” in regulation 2(1)*).

(30) S.I. 1995/1019.

(31) The current Regulations are the Education (Grants) (Travellers and Displaced Persons) Regulations 1993 (S.I. 1993/569; amended by S.I. 1995/543).

(32) 1996 c. 50.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

(3) Where the local education authority which formerly maintained a grant-maintained special school is subject to local government reorganisation (and may, for example, no longer exist) then the Secretary of State can, after consultation, determine that another authority shall be the local education authority in relation to that school. Provision is made where the scheme of that local education authority contains no provision for taking into account the needs of special schools (*regulation 6(6)*).

(4) The provisions relating to cash protection for certain schools are expanded (*regulation 10*).

(5) The funding authority may reduce the amount of maintenance grant payable in respect of a school to take into account excessive balances carried forward from previous years (*regulation 27*).

(6) The funding authority may reduce the amount of maintenance grant payable in respect of a school to take into account excessive severance payments to members of staff paid on or after 1st January 1997 (*regulation 28*).

(7) The funding authority may redetermine the amount of maintenance grant to take into account local education authority capital expenditure charged to their revenue account (*regulation 33*).

(8) There is no longer any provision equivalent to regulation 31 in the 1996 Regulations making allowances for the late supply of budget statements resulting from local government reorganisation.

Part 3 of the Regulations, following Part 3 of the 1996 Regulations, makes provision with respect to the determination and redetermination of the amount of maintenance grant payable in respect of a secondary school, or in certain circumstances a primary school which was formerly a secondary school, situated in the area of any of the listed “secondary relevant authorities”, which became a grant-maintained school on or before 1st April 1997. Part 3 of the Regulations also makes new provision in respect of a primary school, or in certain circumstances a secondary school which was formerly a primary school, situated in the area of Essex County Council, Gloucestershire County Council and the London Borough of Hillingdon (“primary relevant authorities”), which became a grant-maintained school on or before 1st April 1997. Part 3 does not apply to special schools. The basis of determination is similar to that under Part 3 of the 1996 Regulations save that—

(1) Even though the Regulations do not apply to completely new grant-maintained schools (i.e. schools which are not former maintained schools or which are not established in place of existing independent schools) such schools and completely new schools maintained by the local education authority are taken into account for the purposes of certain calculations e.g. the determination of a school’s CFF share under regulation 42.

(2) Part 3 applies in relation to grant-maintained schools which are established in place of existing independent schools with certain modifications (*regulation 39(4) and Schedule 4*).

(3) There is provision for an error contingency within the primary schools total (the amount determined by the Secretary of State to be the appropriate amount of expenditure of a recurrent nature to be incurred on grant-maintained (including new grant-maintained) primary schools situated in the area of a primary relevant authority and primary schools and new primary schools maintained by that authority) for the purpose of redetermining CFF shares on grounds of mistake (*regulations 42(2) and 53 and Schedule 7*).

(4) The funding authority can deduct from a school’s CFF share an amount to take into account excessive balances carried over by the school from the previous financial year (*regulation 46*).

(5) The funding authority can deduct from a school’s CFF share an amount to take into account excessive severance payments to members of staff paid on or after 1st January 1997 (*regulation 47*).

(6) The funding authority can redetermine the amount of maintenance grant where their determination was made in ignorance of, or was based on a mistake as to, some material fact, or was not in accordance with the Regulations (*regulation 50(6)*). Maintenance grant may only be revised downwards in certain specified circumstances (*regulation 50 (12)*).

Part 4 of the Regulations provides for the payment of capital and special purpose grants on a similar basis to that provided for under Part 4 of the 1996 Regulations. In respect of special purpose grants

additional items are added. These are expenditure in connection with contracts for the provision of both property and services, the payment of employers' pension fund contributions and the provision at the school of nursery education. Special purpose grant may also be paid in respect of expenses incurred by the governing bodies of primary schools with fewer than 180 registered pupils (rather than 150 as under the 1996 Regulations) for or in connection with staff absences and the procurement of professional advice.

Consequent on section 257 of the 1996 Act, Part 5 of the Regulations, as did Part 5 of the 1996 Regulations, prescribes the total amount of maintenance grant in respect of schools to which the Regulations apply which may be recovered by the Secretary of State from the local education authority named in a determination under that section.

Part 6 amends regulation 23(2) of the Education (Grant-maintained Special Schools) Regulations 1994 which modifies the application of those sections in the Education Act 1996 which deal with the funding of grant-maintained schools in relation to grant-maintained special schools. The amendment is consequential on the revised definition of "local education authority" in regulation 2(1) whereby the relevant local education authority in relation to a grant-maintained special school may be neither the local education authority in whose area the school is situated nor the authority which formerly maintained it.
