EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations, which come into force on 22nd December 1998, amend the Charges for Inspections and Controls Regulations 1997, which give effect to Article 2 of Council Directive [85/73/EEC](#) referred to in regulation 3 of these Regulations.

The 1997 Regulations provided that the charge for inspection of milk for residues covered by regulation 3(1) would, in accordance with arrangements for collection thereof by the Milk Development Council, be payable by producers of milk. These Regulations replace those arrangements for collection of the charge by providing that, where it relates to raw milk, it is to be paid to the Minister by the operator of the raw milk collection establishment as provided for in Council Directive [85/73/EEC](#) (or, if there is no such establishment, its producer). They also provide for an automatic right of recovery which can be used by the collection establishment against the producer.

These Regulations also amend the Dairy Produce Quotas Regulations 1997 to provide that the Minister may, for the purposes of charge collection, be given access to relevant information held by the Intervention Board for Agricultural Produce.
