**1998 No. 389**

**The Surface Waters (Dangerous Substances)  
(Classification) Regulations 1998**

**Classification of inland freshwaters**

2. The classification DS6 and the criteria for that classification set out in Schedule 1 to these Regulations shall apply for classifying inland freshwaters<sup>(1)</sup> with a view to reducing the pollution of those waters by the dangerous substances listed in that Schedule.

---

(1) For the definition of “inland freshwaters”, “coastal waters” and “relevant territorial waters” see section 104(1) of the Water Resources Act 1991.
