The Highways (Road Humps) Regulations 1999

Lighting of road humps

5. Subject to regulation 7 no road hump shall be constructed in any highway unless in that highway there is lighting for that road hump which is—

- (a) a system of street lighting furnished by at least three lamps lit by electricity and placed so that not more than 38 metres separate any of the lamps from the next one to it; or,
- (b) a system of street lighting complying with the British Standard for Road Lighting published by the British Standards Institution under number BS 5489 or with an equivalent standard or code of practice published by a national standards body or equivalent body of any EEA State before 28th April 1999; or,
- (c) lighting specially provided for the road hump.
