STATUTORY INSTRUMENTS

1999 No. 2024

The Quarries Regulations 1999

PART III

RISK CONTROL

Benches and haul roads

- 13. The operator shall ensure, so far as is reasonably practicable, that—
 - (a) benches and haul roads are designed, constructed and maintained so as to allow vehicles and plant to be used and moved upon them safely; and
 - (b) where necessary, effective precautions are taken, by the installation of barriers or otherwise, to prevent vehicles or plant accidentally leaving any bench or haul road.
