For the purposes of this form, “applicable turnover” and “business year” shall have the meaning given to them in an Order made pursuant to section 36(8). Please attach one copy of the most recent annual report and accounts (or equivalent for unincorporated bodies) for each party to the agreement or conduct and of the most recent annual report and accounts for the ultimate parent company of these undertakings.
- 5.2 Please list the product and/or services market(s) in which each party to the agreement or conduct and each member of the groups (within the meaning of 1.8 above) to which they belong are active.

6. *THE RELEVANT PRODUCT AND GEOGRAPHIC MARKET(S)*

- 6.1 A “*relevant product market*” comprises all those products and/or services regarded by the consumer of the products or acquirer of the services as interchangeable or substitutable by reason of the products’ characteristics, price and intended use. The “*relevant geographic market*” comprises the area in which the undertakings concerned are involved in the supply of products or services, in which the conditions of competition are sufficiently homogeneous and which can be distinguished from neighbouring areas because, in particular, conditions of competition are appreciably different in those areas.
- 6.2 Please supply and explain the definition of the relevant product market(s) which in the Applicant(s)’s opinion should form the basis of the analysis of the application. State the specific products or services directly or indirectly affected by the agreement or conduct which is the subject of the application and other goods or services that may be viewed as substitutable. Give reasons for all assumptions or findings.
- 6.3 Please supply and explain the definition of the relevant geographic market(s) which in the Applicant(s)’s opinion should form the basis of the analysis of the application. Please identify the geographic scope of the relevant market(s), with reasons. Give reasons for all assumptions or findings.

 - b the nature and extent of vertical integration;
 - c the direction and extent of trade within the UK and/or between the UK and abroad;
 - d the prevailing methods of distributing goods and services, including the extent of the involvement of undertakings which are not party to the agreement or conduct which is the subject of the application (i.e. third parties), and their significance;

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- g the categories and relative strengths of different types of customer, including private and public sector purchasers; and
- h the extent to which customers have long-term relationships with suppliers.

Where available, please provide a copy of the most recent long-term market studies (produced by the Applicant(s) in-house or commissioned by the Applicant(s) from outside consultants) which assess and/or analyse the relevant product market(s) and/or the relevant geographic market(s). Please supply references to any external published studies of the relevant product market(s) and/or the relevant geographic market(s) or, where available, please supply a copy of each such study with the application.

- 6.5 For each of the parties to the agreement or conduct which is the subject of the application, provide a list of all undertakings belonging to the same group (within the meaning of 1.8 above) which are active in the relevant product market(s) identified in 6.2 above, and those active in markets neighbouring the relevant product market(s)—that is, active in products and/or services which are regarded by the consumer as imperfect and partial substitutes for those products and/or included in the relevant product market(s) as defined in 6.2 above. Such undertakings must be identified even if they sell the product or service in question in geographic areas other than those in which the parties to the agreement or conduct which is the subject of the application operate. Please list the name, place of incorporation, exact product manufactured and the geographic scope of operation of each member of the group.

7. THE POSITION OF THE UNDERTAKINGS IN THE RELEVANT PRODUCT MARKET(S)

- 7.1 Please provide the following information in respect of each of the previous three calendar or financial years, as available:

 - b identify the five main competitors of each party to the agreement or conduct which is the subject of the application in the relevant product and geographic market(s), and give the Applicant(s)'s best estimates of their market shares in the goods or services in the relevant product and geographic market(s); provided each competitor's name, address, telephone and fax numbers, and, where possible, a contact name;
 - c identify the five main customers of each party to the agreement or conduct which is the subject of the application, in the relevant product and geographic market(s), giving the customer's name, address, telephone and fax numbers, and, where possible, a contact name; and

Information requested in this section must be provided for the group to which each party to the agreement or conduct which is the subject of the application belongs (within the meaning of 1.8 above) and not in relation to the individual undertakings which are party to the agreement or conduct which is the subject of the application.

Justification for the figures provided in response to the above must be given. Thus, for each answer to (a), (b) and (d), total market value or volume must be stated, together with the sales or turnover of each of the undertakings in question. The source or sources

of the information should also be given and one copy should be provided of any document, where available, from which information has been taken.

8. MARKET ENTRY AND POTENTIAL COMPETITION IN THE RELEVANT PRODUCT AND GEOGRAPHIC MARKET(S)

8.1 For each of the relevant product and geographic market(s) identified in 6.2 and 6.3 above, describe:

a the factors influencing entry in product terms into the relevant product market (s); that is, the barriers which exist to prevent undertakings not presently manufacturing goods or providing services within the relevant product market (s) from entering the market(s), taking account of, in particular but not exclusively, the extent to which:

- entry is influenced by the requirements of government authorisation or standard-setting, in any form, and any legal or regulatory controls on entry to the market(s);
- entry is influenced by the availability of raw materials;
- entry is influenced by the length of contracts between an undertaking and its suppliers and customers; and
- research and development and licensing patents, know-how and other intellectual property rights are important; and

b the factors influencing entry in geographic terms into the relevant geographic market(s); that is, the barriers which exist to prevent undertakings already manufacturing and/or marketing goods or providing services within the relevant product market(s) outside the relevant geographic market(s) from extending sales into the relevant geographic market(s), taking account of, in particular but not exclusively, the importance of:

- trade barriers imposed by law, such as tariffs, quotas etc;
- local specifications or technical requirements;
- procurement policies;
- the existence of adequate and available local distribution and retailing facilities;
- transport costs; and
- strong consumer preference for local brands or products.

8.2 Estimate the amount of time required for entry into the relevant product and geographic market(s), taking account of the individual barriers to entry referred to in the answer to 8.1 above.

8.3 State whether any new undertakings have entered the relevant product market(s) in geographic areas where the parties to the agreement or conduct which is the subject of the application sell, during the last three years. Identify these undertakings by full name, address (by registered office, where appropriate, and principal place of business, if different), telephone and fax numbers and, where possible, a contact name. Please give the Applicant(s)'s best estimates of the market shares of each such undertaking in the goods or services in the relevant product and geographic market(s).

9. EXEMPTION

If exemption from the Chapter I prohibition is sought, or guidance on the likelihood of exemption from the Chapter I prohibition is sought, explain how the agreement contributes to improving production or distribution and/or promoting technical or economic progress, and how consumers will be allowed a fair share of the resulting benefit. Explain how each restriction imposed by the agreement is indispensable to the attainment of those objectives, and how the agreement does not afford the undertakings concerned the possibility of eliminating competition in respect of a substantial part of the products in question (as identified in 6.2 and 6.3 above).

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

10. TRANSITIONAL PERIODS

If the Applicant(s) considers that the agreement benefits from any transitional periods (during which the Chapter I prohibition does not apply), indicate the duration of the relevant transitional periods by reference to Schedule 13.
