(7) The Executive shall compensate the owners and occupiers of any building or land in relation to which the powers of this article have been exercised for any loss or damage arising to them by reason of the exercise of those powers.

(8) Where—

- (a) safeguarding works are carried out under this article to a building, and
- (b) within the period of 5 years beginning with the day on which the part of the authorised works constructed within the vicinity of the building is first opened for use, it appears that the safeguarding works are inadequate to protect the building against damage caused by the construction or operation of that part of the works,

the Executive shall compensate the owners and occupiers of the building for any damage sustained by them.

(9) Without prejudice to article 41 below, nothing in this article shall relieve the Executive from any liability to pay compensation under section 10(2) of the 1965 Act.

- (b) without prejudice to sub-paragraph (a), so much of the land specified in column (1) of Schedule 2 to this Order (being land shown on the deposited plans and described in the book of reference) as may be required for the purpose specified in relation to that land in column (2) of that Schedule,

and may use any land so acquired for those purposes or for any other purposes connected with or ancillary to its railway undertaking.

^(a) 1981 c. 66.

Application of Part I of the Compulsory Purchase Act 1965

25.—(1) Part I of the 1965 Act, in so far as not modified by or inconsistent with the provisions of this Order, shall apply to the acquisition of land under this Order—

- (a) as it applies to a compulsory purchase to which the Acquisition of Land Act 1981^(a) applies; and
- (b) as if this Order were a compulsory purchase order under that Act.

(2) Part I of the 1965 Act, as so applied, shall have effect as if—

- (a) section 4 (which provides a time limit for compulsory purchase of land) and paragraph 3(3) of Schedule 3 (which makes provision as to the giving of bonds) were omitted; and
- (b) in section 11(1) (which confers power to enter on and to take possession of land subject to a notice to treat on giving not less than 14 days' notice) for the reference to 14 days' notice there were substituted—
 - (i) in a case where the notice to treat relates only to the acquisition of an easement or other right over the land, a reference to notice of one month; or

26.—(1) The Executive may compulsorily acquire such easements or other rights over any land referred to in paragraph (1) of article 23 above as may be required for any purpose for which that land may be acquired under that provision, by creating them as well as by acquiring easements or other rights already in existence.

(2) Subject to section 8 of the 1965 Act (as substituted by paragraph 5 of Schedule 7 to this Order), where the Executive acquires a right over land under paragraph (1) above the Executive shall not be required to acquire a greater interest in it.

(3) Schedule 7 to this Order shall have effect for the purpose of modifying the enactments relating to compensation and the provisions of the 1965 Act in their application in relation to the compulsory acquisition under this article of a right over land by the creation of a new right.

Rights under or over streets

27.—(1) The Executive may enter upon and appropriate so much of the subsoil of, or air-space over, any street within the limits of deviation, limits of widening or limits of land to be acquired or used as may be required for the purposes of or in connection with the authorised works and may use the subsoil and air-space for those purposes or any other purpose connected with or ancillary to its undertaking.

(2) The power under paragraph (1) above may be exercised in relation to a street without the Executive being required to acquire any part of the street or any easement or right in the street.

(3) Any person, who is an owner or occupier of land in respect of which the power of appropriation conferred by paragraph (1) above is exercised without the undertaker acquiring any part of that person's interest in the land and who suffers loss by the exercise of that power shall be entitled to compensation to be determined, in case of dispute, under Part I of the Land Compensation Act 1961^(b).

(4) Paragraph (2) above shall not apply in relation to—

(4) Before giving up possession of land of which temporary possession has been taken under this article, the Executive shall remove all temporary works and (subject to any landscaping provided pursuant to the purposes specified in column (2) of Schedule 8 to this Order) restore the land to the reasonable satisfaction of the owners of the land; but the Executive shall not be required to replace a building removed under this article.

(5) The Executive shall pay compensation to the owners and occupiers of land of which temporary possession is taken under this article for any loss or damage arising from the exercise in relation to the land of the powers conferred by this article.

(7) Without prejudice to article 41 below, nothing in this article shall affect any liability to pay compensation under section 10(2) of the 1965 Act or under any other enactment in respect of loss or damage arising from the execution of any works, other than loss or damage for which compensation is payable under paragraph (5) above.

(8) The powers of compulsory acquisition of land conferred by this Order shall not apply in relation to any land of which temporary possession has been taken under paragraph (1) above except that the Executive shall not be precluded from acquiring new rights over any part of that land under article 26 above.

(9) Where the Executive takes possession of land under this article, it shall not be required to acquire the land or any interest in it.

(10) In this article “building” includes any structure or erection.

Temporary use of land for maintenance of works

29.—(1) At any time during the maintenance period relating to any scheduled works, the Executive may—

- (a) erect upon and take temporary possession of any land within the limits of deviation, limits of widening or limits of land to be acquired or used and lying within 20 metres from those works if such possession is reasonably required for the purpose of, or in connection with, maintaining the works or any ancillary works connected with them;
- (b) construct such temporary works (including the provision of means of access) and buildings on the land as may be reasonably necessary for that purpose.

- (2) Paragraph (1) above shall not authorise the Executive to take temporary possession of—
- (a) any house or garden belonging to a house; or
 - (b) any building (other than a house) if it is for the time being occupied.
- (3) Not less than 28 days before entering upon and taking temporary possession of land under this article the Executive shall serve notice of the intended entry on the owners and occupiers of the land.
- (4) The Executive may only remain in possession of land under this article for so long as may be reasonably necessary to carry out the maintenance works and restore the land to the reasonable satisfaction of the owners of the land.
- (5) Before giving up possession of land of which temporary possession has been taken under this article, the Executive shall remove all temporary works and restore the land to the reasonable satisfaction of the owners of the land.
- (6) The Executive shall pay compensation to the owners and occupiers of land of which temporary possession is taken under this article for any loss or damage arising from the exercise in relation to the land of the powers conferred by this article.
- (7) Any dispute as to a person's entitlement to compensation under paragraph (6) above, or as to the amount of the compensation, shall be determined under Part I of the Land Compensation Act 1961.
- (8) Without prejudice to article 41 below, nothing in this article shall affect any liability to pay compensation under section 10(2) of the 1965 Act or under any other enactment in respect of loss or damage arising from the execution of any works, other than loss or damage for which compensation is payable under paragraph (6) above.
- (9) Where the Executive takes possession of land under this article, it shall not be required to acquire the land or any interest in it.
- (10) In this article—

 - (b) “building” includes structure or any other erection; and
 - (c) any reference to land within a specified distance of a work includes, in the case of work under the surface of the ground, a reference to land within the specified distance of the point on the surface below which the work is situated.

Compensation

Disregard of certain interests and improvements

30.—(1) In assessing the compensation (if any) payable to any person on the acquisition from him of any land under this Order, the tribunal shall not take into account—

- (a) any interest in land, or
- (b) any enhancement of the value of any interest in land by reason of any building erected, works executed or improvement or alteration made on relevant land,

if the tribunal is satisfied that the creation of the interest, the erection of the building, the execution of the works or the making of the improvement or alteration was not reasonably necessary and was undertaken with a view to obtaining compensation or increased compensation.

(2) In paragraph (1) above “relevant land” means the land acquired from the person concerned or any other land with which he is, or was at the time when the building was erected, the works executed or the improvement or alteration made, directly or indirectly concerned.

Supplementary

Acquisition of part of certain properties

31.—(1) This article shall apply instead of section 8(1) of the 1965 Act (as applied by article 25 above) in any case where—

(a) a notice to treat is served on a person (“the owner”) under the 1965 Act (as so applied) in respect of land forming only part of a house, building or factory or of land consisting of a house with a park or garden (“the land subject to the notice to treat”); and

(b) a copy of this article is served on the owner with the notice to treat.

(2) In such a case, the owner may, within the period of 21 days beginning with the day on which the notice was served, serve on the Executive a counter-notice objecting to the sale of the land subject to the notice to treat and stating that he is willing and able to sell the whole (“the land subject to the counter-notice”).

(3) If no such counter-notice is served within that period, the owner shall be required to sell the land subject to the notice to treat.

(4) If such a counter-notice is served within that period, the question whether the owner shall be required to sell only the land subject to the notice to treat shall, unless the Executive agrees to take the land subject to the counter-notice, be referred to the tribunal.

(5) If on such a reference the tribunal determines that the land subject to the notice to treat can be taken—

(a) without material detriment to the remainder of the land subject to the counter-notice, or

(b) in the case of part of land consisting of a house with a park or garden, without material detriment to the remainder of the land subject to the counter-notice and without seriously affecting the amenity and convenience of the house,

the owner shall be required to sell the land subject to the notice to treat.

(6) If on such a reference the tribunal determine that only part of the land subject to the notice to treat can be taken—

(a) without material detriment to the remainder of the land subject to the counter-notice, or

(b) in the case of part of land consisting of a house with a park or garden, without material detriment to the remainder of the land subject to the counter-notice and without seriously affecting the amenity and convenience of the house,

the notice to treat shall be deemed to be a notice to treat for that part.

(7) If on such a reference the tribunal determine that—

(a) the land subject to the notice to treat cannot be taken without material detriment to the remainder of the land subject to the counter-notice, but

(b) the material detriment is confined to a part of the land subject to the counter-notice,

the notice to treat shall be deemed to be a notice to treat for the land to which the material detriment is confined in addition to the land already subject to the notice, whether or not the additional land is land which the Executive is authorised to acquire compulsorily under this Order.

(8) If the Executive agrees to take the land subject to the counter-notice, or if the tribunal determine that—

(a) none of the land subject to the notice to treat can be taken without material detriment to the remainder of the land subject to the counter-notice or, as the case may be, without material detriment to the remainder of the land subject to the counter-notice and without seriously affecting the amenity and convenience of the house, and

(b) that the material detriment is not confined to a part of the land subject to the counter-notice,

the notice to treat shall be deemed to be a notice to treat for the land subject to the counter-notice whether or not the whole of that land is land which the Executive is authorised to acquire compulsorily under this Order.

(9) In any case where by virtue of a determination by the tribunal under this article a notice to treat is deemed to be a notice to treat for less land or more land than that specified in the notice, the Executive may, within the period of 6 weeks beginning with the day on which the determination is made, withdraw the notice to treat; and if it does so shall pay the owner compensation for any loss or expense occasioned to him by the giving and withdrawal of the notice, to be determined in case of dispute by the tribunal.

(10) Where the owner is required under this article to sell only part of a house, building or factory or of land consisting of a house with a park or garden, the Executive shall pay him compensation for any loss sustained by him due to the severance of that part in addition to the value of the interest acquired.

Extinction or suspension of private rights of way

32.—(1) All private rights of way over land subject to compulsory acquisition under this Order shall be extinguished—

(a) as from the acquisition of the land by the Executive, whether compulsorily or by agreement, or

(b) on the entry on the land by the Executive under section 11(1) of the 1965 Act,

whichever is sooner.

(2) All private rights of way over land of which the Executive takes temporary possession under this Order shall be suspended and unenforceable for as long as the Executive remains in lawful possession of the land.

(3) Any person who suffers loss by the extinguishment or suspension of any private right of way under this article shall be entitled to compensation to be determined, in case of dispute, under Part I of the Land Compensation Act 1961.

(4) This article does not apply in relation to any right of way to which section 271 or 272 of the 1990 Act (extinguishment of rights of statutory undertakers etc.) or paragraph 2 of Schedule 9 to this Order applies.

Time limit for exercise of powers of acquisition

33.—(1) After the end of the period of 5 years beginning with the day on which this Order comes into force—

(a) no notice to treat shall be served under Part I of the 1965 Act as applied to the acquisition of land by article 25 above; and

(b) no declaration shall be executed under section 4 of the Compulsory Purchase (Vesting Declarations) Act 1981^(a), as applied by article 24 above.

(2) The powers conferred by article 28 above shall cease at the end of the period referred to in paragraph (1) above, save that nothing in this paragraph shall prevent the Executive remaining in possession of land after the end of that period, if the land was entered and possession of it was taken before the end of that period.

PART IV

OPERATION OF TRAMWAY SYSTEM

Maintenance of approved works, etc.

34.—(1) Where pursuant to the Railways and other Transport Systems (Approval of Works, Plant and Equipment) Regulations 1994^(b) approval has been obtained from the Health and Safety Executive with respect to any works, plant or equipment (including vehicles) forming part of the authorised tramway, such works, plant and equipment shall not be used in a state or condition other than that in which they were at the time that the approval was given unless any change thereto does not materially impair the safe operation of the authorised tramway.

(2) If without reasonable cause the provisions of paragraph (1) above are contravened, the Executive shall be guilty of an offence and liable on summary conviction to a fine not exceeding level 3 on the standard scale.

(3) No proceedings shall be instituted in England and Wales in respect of an offence under this article except by or with the consent of the Health and Safety Executive or the Director of Public Prosecutions.

Compensation enactments

1. The enactments for the time being in force with respect to compensation for the compulsory purchase of land shall apply with the necessary modifications as respects compensation in the case of a compulsory acquisition under this Order of a right by the creation of a new right as they apply as respects compensation on the compulsory purchase of land and interests in land.

2.—(1) Without prejudice to the generality of paragraph 1 above, the Land Compensation Act 1973^(a) shall have effect subject to the modifications set out in sub-paragraphs (2) and (3) below.

(2) In section 44(1) (compensation for injurious affection), as it applies to compensation for injurious affection under section 7 of the 1965 Act as substituted by paragraph 4 below—

- (a) for the words “land is acquired or taken” there shall be substituted the words “a right over land is purchased”; and
- (b) for the words “acquired or taken from him” there shall be substituted the words “over which the right is exercisable”.

(3) In section 58(1) (determination of material detriment where part of house etc. proposed for compulsory acquisition), as it applies to determinations under section 8 of the 1965 Act as substituted by paragraph 5 below—

- (a) for the word “part” in paragraphs (a) and (b) there shall be substituted the words “a right over land consisting”;
- (b) for the word “severance” there shall be substituted the words “right on the whole of the house, building or manufactory or of the house and the park or garden”;
- (c) for the words “part proposed” there shall be substituted the words “right proposed”; and
- (d) for the words “part is” there shall be substituted the words “right is”.

Adaptation of the 1965 Act

3.—(1) The 1965 Act shall have effect with the modification necessary to make it apply to the compulsory acquisition under this Order of a right by the creation of a new right as it applies to the compulsory acquisition under this Order of land, so that, in appropriate contexts, references in that Act to land are read (according to the requirements of the particular context) as referring to, or as including references to—

- (a) the right acquired or to be acquired; or
- (b) the land over which the right is or is to be exercisable.

(2) Without prejudice to the generality of sub-paragraph (1) above, Part I of the 1965 Act shall apply in relation to the compulsory acquisition under this Order of a right by the creation of a new right with the modifications specified in the following provisions of this Schedule.

^(a) 1973 c. 26.

4. For section 7 of the 1965 Act (measure of compensation) there shall be substituted the following section—

“7. In assessing the compensation to be paid by the acquiring authority under this Act regard shall be had not only to the extent (if any) to which the value of the land over which the right is to be acquired is depreciated by the acquisition of the right but also to the damage (if any) to be sustained by the owner of the land by reason of its severance from other land of his, or injuriously affecting that other land by the exercise of the powers conferred by this or the special Act.”.

5. For section 8 of the 1965 Act (provisions as to divided land) there shall be substituted the following—

“8.—(1) Where in consequence of the service on a person under section 5 of this Act of a notice to treat in respect of a right over land consisting of a house, building or manufactory or of a park or garden belonging to a house (“the relevant land”)—

- (a) a question of disputed compensation in respect of the purchase of the right would apart from this section fall to be determined by the Lands Tribunal (“the tribunal”), and
- (b) before the tribunal has determined that question the person satisfies the tribunal that he has an interest which he is able and willing to sell in the whole of the relevant land and—
 - (i) where that land consists of a house, building or manufactory, that the right cannot be purchased without material detriment to that land, or
 - (ii) where that land consists of such a park or garden, that the right cannot be purchased without seriously affecting the amenity or convenience of the house to which that land belongs,

the Leeds Supertram (Extension) Order 2001 (“the Order”) shall, in relation to that person cease to authorise the purchase of the right and be deemed to authorise the purchase of that person’s interest in the whole of the relevant land including, where the land consists of such a park or garden, the house to which it belongs, and the notice shall be deemed to have been served in respect of that interest on such date as the tribunal directs.

(2) Any question as to the extent of the land in which the Order is deemed to authorise the purchase of an interest by virtue of subsection (1) of this section shall be determined by the tribunal.

(3) Where in consequence of a determination of the tribunal that it is satisfied as mentioned in subsection (1) of this section the Order is deemed by virtue of that subsection to authorise the purchase of an interest of land, the acquiring authority may, at any time within the period of six weeks beginning with the date of the determination, withdraw the notice to treat in consequence of which the determination was made; but nothing in this subsection prejudices any other power of the authority to withdraw the notice.”.

6. The following provisions of the 1965 Act (which state the effect of a deed poll executed in various circumstances where there is no conveyance by persons with interests in the land), that is to say—

- (a) section 9(4) (failure by owners to convey),
- (b) paragraph 10(3) of Schedule 1 (owners under incapacity),
- (c) paragraph 2(3) of Schedule 2 (absent and untraced owners), and
- (d) paragraphs 2(3) and 7(2) of Schedule 4 (common land),

shall be so modified as to secure that, as against persons with interests in the land which are expressed to be overridden by the deed, the right which is to be compulsorily acquired is vested absolutely in the acquiring authority.

7. Section 11 of the 1965 Act (powers of entry) shall be so modified as to secure that, as from the date on which the acquiring authority have served notice to treat in respect of any right, they have power, exercisable in like circumstances and subject to the like conditions, to enter for the purpose of exercising that right (which shall be deemed for this purpose to have been created on

the date of service of the notice); and sections 12 (penalty for unauthorised entry) and 13 (entry on warrant in the event of obstruction) of the 1965 Act shall be modified correspondingly.

8. Section 20 of the 1965 Act (protection for interests of tenants at will etc.) shall apply with the modifications necessary to secure that person with such interests in land as are mentioned in that section are compensated in a manner corresponding to that in which they would be compensated on a compulsory acquisition under this Order of that land, but taking into account only the extent (if any) of such interference with such an interest as is actually caused, or likely to be caused, by the exercise of the right in question.

9. Section 22 of the 1965 Act (protection of acquiring authority's possession where by inadvertence an estate, right or interest has not been got in) shall be so modified as to enable the acquiring authority, in circumstances corresponding to those referred to in that section, to continue to be entitled to exercise the right acquired, subject to compliance with that section as respects compensation.

(7) Sub-paragraphs (3) to (6) above shall not apply where the authorised works constitute major transport works or major highway works for the purposes of Part III of the 1991 Act (including that Part as applied by article 3 above), but instead—
