EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations implement Commission Decision 2001/304 on marking and use of certain animal products in relating to Decision [2001/172/EC](#) concerning certain protection measures with regard to foot-and-mouth disease in the United Kingdom, OJNo. L104, 13.4.2001 p.6. They amend the Meat Products (Hygiene) Regulations 1994, the Fresh Meat (Hygiene and Inspection) Regulations 1995 and the Minced Meat and Meat Preparations (Hygiene) Regulations 1995. They change the system of marking meat from animals of the bovine, ovine, caprine and porcine species by introducing a circular stamp rather than a cross-stamp.

A regulatory impact assesment has not been prepared for these Regulations.
