- (a) make any monies of the Fund or the CAA Section payable to any Employer except in so far as they are a surplus remaining after the termination of the CAA Section and the dissolution of the Section Assets;
- (b) affect in any way prejudicially the benefits and interests accrued or secured of any person in the S Category or reduce the accrued or prospective benefits of existing Members other than those in the S Category;
- (c) result in the provisions of the Rules ceasing to fulfil the terms and conditions contained in paragraphs 1 and 2 of the Outline set out in the Third Schedule to the Interim Supplemental Deed dated 20 February 1979 made between (1) the Sponsoring Section Employer and (2) the Trustees then in office without the consent of every person in the S Category adversely affected by such amendments,

provided always that:

- (i) an amendment to the provisions of the Scheme or the CAA Section (other than by operation of Rule 15.4) which would vary the rate of a HIAL Member's ordinary contributions to the CAA Section or the benefits accruing under the CAA Section to a HIAL Member may be made only with the consent of HIAL or on the expiry of six months' written notice to HIAL of the proposed amendment; and
- (ii) an amendment to the provisions of the Scheme which would amend the provisions of the CAA Section in relation only to HIAL Members shall not be made without the prior consent of the Board of Inland Revenue.

15.3 The Trustees shall have the right subject, where required in accordance with section 68 of the Pensions Act 1995⁽³⁷⁾, to the consent of the Sponsoring Section Employer, to modify the CAA Section by resolution for the purposes described in that section. Any such modification shall be subject to the provisions of that section and of any regulations made under it.

⁽³⁶⁾ 1993 c. 48.

⁽³⁷⁾ Section 68 was amended by the Welfare Reform and Pensions Act 1999 (c. 30), section 84(1) and Schedule 12, Part I, paragraphs 43 and 54.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

15.4 Without prejudice to the powers of the Sponsoring Section Employer under this Rule 15, HIAL with the consent of the Sponsoring Section Employer and the Trustees may amend the provisions of the CAA Section in so far as they relate to HIAL Members. Any such amendment shall be subject otherwise to the provisions of this Rule 15.

15.5 As soon as practicable after agreeing or deciding to amend the provisions of the CAA Section in accordance with this Rule 15, being amendments to the documents constituting the CAA Section or to information which any person has a right to receive in accordance with the Disclosure Regulations, the Trustees shall arrange for the relevant person or persons to be notified. If such person is a Member the Trustees shall notify or arrange for the notification of each Member affected thereby individually in writing or by exhibiting a notice at the relevant locations of work or employment and make the appropriate amendment taking into account any requirements of the Board of Inland Revenue, the Occupational Pensions Regulatory Authority or the Department of Social Security in respect thereof.

16.

ADMISSION AND REMOVAL OF OTHER EMPLOYERS

16.1 The Sponsoring Section Employer shall have power with the consent of the Trustees to admit to participation in the CAA Section any Subsidiary Company or Associated Company or Non-Associated Company which the Sponsoring Section Employer and the Trustees shall agree (the New Employer) provided that:

- (a) as a condition of admission the New Employer shall execute a deed by which it covenants with the Trustees and the Sponsoring Section Employer to comply with and to observe the provisions of the Trust Deed and the CAA Rules insofar as they apply to Employers in the CAA Section other than the Sponsoring Section Employer, and
- (b) the approval of the Scheme as an exempt approved scheme for the purposes of Chapter I of Part XIV of the Taxes Act would not thereby be prejudiced.

16.2 The Sponsoring Section Employer shall have power with the consent of the Trustees to remove from participation in the CAA Section any Employer subject to giving six months' previous notice in writing to the Trustees (or such shorter period of notice as shall be acceptable to the Trustees).

17.

CHANGE OF SPONSORING SECTION EMPLOYER

- (a) (a) If legislation is passed for the reconstruction or reconstitution of the Sponsoring Section Employer or if the Sponsoring Section Employer is absorbed by or amalgamated with a company or another body or if the undertaking of the Sponsoring Section Employer (or the major part of it) is assigned to or vested in a company or other body, the Trustees may make such arrangements or enter into such agreements (not being arrangements or agreements of such a kind as to prejudice the continued approval of the Scheme) as they think fit for the continuance of the CAA Section and for such reconstructed or amalgamated or other company or body to take the place of and become the Sponsoring Section Employer for all purposes of the CAA Section from a date agreed with the Trustees provided that such company or body shall undertake to perform all the obligations of the Sponsoring Section Employer under the Trust Deed and the CAA Rules;
- (b) if the Sponsoring Section Employer gives notice in writing to the Trustees of termination of its liability to contribute to the CAA Section as described in Rule 44 or of termination of its willingness to continue as Sponsoring Section Employer in relation to the CAA Section, the Trustees may, provided that recognition of the Scheme as an exempt approved scheme

provided always that no arrangement or agreement made under this Rule 17.1 shall be operated in such a manner that any person to whom a benefit is in course of payment from the CAA Section shall receive lower benefits than if the CAA Section were to be wound up at the expiry of a period of six months from the date such arrangement or agreement takes effect.

17.2 If it appears to the Sponsoring Section Employer that the Trustees will be unable to make arrangements as described in paragraph (a) of Rule 17.1 the Sponsoring Section Employer may, after consultation with the Trustees, request one of the other Employers participating in the CAA Section to assume the obligations and duties of the Sponsoring Section Employer on the basis described in paragraph (b) of Rule 17.1 and subject to the proviso to Rule 17.1.

17.3 If the Sponsoring Section Employer ceases to contribute to the CAA Section and if at the date of such cessation it shall appear to the Trustees, after taking advice from the Actuary, that the CAA Section is insolvent with regard to the benefits of persons then in receipt of pensions from the CAA Section and to the then value of benefits which have accrued to the Members of the CAA Section at that date, the Sponsoring Section Employer shall pay to the Trustees within a period of seven days an amount calculated by the Actuary as being sufficient to restore the solvency of the CAA Section or of the appropriate part of it.

18.

EVENTS LEADING TO WINDING-UP OF THE CAA SECTION

Triggering events

18.1 Except as provided in Rule 18.2 below, the CAA Section shall be terminated and wound-up in accordance with Rule 19 upon the happening of any of the following events (whichever shall first occur):

- (a) if it shall appear to the Trustees that the CAA Section is insolvent or if the Trustees shall have received advice from the Actuary to that effect and there are no proposals acceptable to the Trustees which in the opinion of the Actuary would restore the solvency of the CAA Section, and the Trustees resolve to terminate the CAA Section;
- (b) if the Sponsoring Section Employer terminates its liability to contribute to the CAA Section by notice to the Trustees as described in Rule 17 and no other Employer participating in the CAA Section assumes the obligations and duties of the Sponsoring Section Employer in relation to the CAA Section as provided for in that Rule within a period of three months (or such longer period as the Trustees shall determine) from the date of such notice;
- (c) if the Sponsoring Section Employer shall at any time fail to pay to the Trustees any sum or sums on or within seven days after the date on which the Trustees shall have required the same to be paid under Rule 11 or shall fail to observe and perform any other of its obligations under the Trust Deed or in the CAA Rules or in any deed or agreement supplemental hereto and (in either case) the Trustees resolve to terminate the CAA Section;
- (d) if legislation is passed whereby the Sponsoring Section Employer shall cease to carry on business and no company, other body or Employer assumes the obligations and duties of the Sponsoring Section Employer in relation to the CAA Section as described in Rule 17

within a period of three months (or such longer period as the Trustees shall determine) from the date of the order or resolution or cessation of business as appropriate;

- (e) if the Occupational Pensions Regulatory Authority, pursuant to section 11 of the Pensions Act 1995⁽³⁸⁾, directs or authorises the CAA Section to be wound up;

provided always that if any of the above events other than that described in paragraph (c) above occurs and no other Employer assumes the obligations of the Sponsoring Section Employer under the CAA Section, the Trustees shall at their discretion either apply to the Secretary of State for directions and comply with those directions or proceed to the winding-up of the CAA Section in accordance with Rule 19.

Deferment of winding-up

18.2 Upon the occurrence of any of the events described in Rule 18.1 (other than the events described in paragraphs (a) and (e) of that Rule), the Trustees may at their discretion decide to defer giving effect to the winding-up of the CAA Section and may continue to administer the CAA Section on the basis that no further employees shall be admitted to membership of the CAA Section. They may also determine:

- (a) that there shall be no liability on the Employers participating in the CAA Section or, where appropriate, on the Members to make further contributions to the CAA Section, and
- (b) that no further benefits are to accrue under the CAA Section to or in respect of Members.

The CAA Section shall subsequently be wound up upon the happening of any of the events described in paragraphs (a) and (e) of Rule 18.1 or at any earlier date determined by the Trustee.

19.

WINDING-UP OF THE CAA SECTION

Cessation of death benefits and of further accrual

19.1 Unless the winding-up is deferred in accordance with Rule 18.2, the CAA Section shall be wound up and the trusts of the CAA Section shall be determined upon the happening of any of the events described in Rule 18.1 (whichever shall first occur) and such date shall be the effective date of winding-up of the CAA Section for the purposes of this Deed.

With effect from the effective date of winding-up:

- (a) Pensionable Service in respect of all Members of the CAA Section shall terminate and no pension benefit shall accrue under the CAA Section in respect of Service on and after the effective date of winding-up and in respect of such Service, Current Members shall be treated as Members who have left Service on that date; and
- (b) any death benefit payable under Rule 26 shall be provided on the basis that all Current Members are treated as Members who have left Service on the effective date of winding-up (and for such purpose Rule 26.2(a) shall be disregarded).

Giving effect to winding-up

19.2 If the CAA Section is to be wound up, the Trustees shall arrange for all Members and other persons in receipt of benefit from the CAA Section (and any other persons or bodies who or which are entitled to information in the circumstances and in the manner specified in the Disclosure Regulations) to be notified and shall give effect to the winding-up in the following manner:

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- (a) The Trustees shall be entitled to reserve out of the Section Assets of the CAA Section such amount as they consider may be necessary to meet any expenses of the administration and winding-up of the CAA Section which in their opinion may not be recoverable from the Employers, and to meet any tax, duty or other payments for which they may be accountable under the CAA Section.
- (b) The Trustees shall, with the advice of the Actuary, apply the balance of the Section Assets of the CAA Section in securing, so far as the available amount permits, the payment of benefits and refunds of contributions firstly in the order of priority set out in Section A of Rule 19.3 below and secondly, as regards any part of the Section Assets then remaining, in the order of priority set out in Section B of that Rule, in both cases having regard to the requirements of the Board of Inland Revenue as to the maximum benefits which the Scheme may provide and to the provisions of the Pensions Act 1995.

Return to Employers

- (c) Subject as provided in Rule 19.4 below and to the Trustees giving notice to Members as provided in section 76 of the Pensions Act 1995 and complying with any requirements set out in or prescribed pursuant to that section, any part of the Section Assets remaining unexpended after effect has been given to the preceding provisions of this Rule shall be paid to the Employers in such proportions having regard to any requirements of the Board of Inland Revenue as the Trustees with the advice of the Actuary shall decide, provided that the Trustees shall first deduct and account to the Inland Revenue for any tax liability under Schedule 22 to the Taxes Act⁽³⁹⁾.

Transfer of remainder of Section Assets

- (d) As an alternative to applying the Section Assets as described above in this Rule 19.2, the Trustees may, after applying paragraph (a) above and with the advice of the Actuary and at the request of or with the agreement of the Sponsoring Section Employer, transfer the whole of the remainder of the Section Assets to one or more retirement benefits schemes which relate to the same employment or to another employment with the same Employer or the Employer's successor. Any such transfer shall be subject to the conditions set out in paragraphs (a), (c) and (d) in Rule 34.2

19.3 Order of Priority

- (c) Pensions and other benefits to which entitlement to payment has not arisen prior to the effective date of winding-up of the CAA Section payable from the CAA Section to or in respect of any Members who are A D Deferred Pensioners whose entitlement to a deferred pension under the A D Scheme arose before 6 April 1978.

 - (i) S Category Members; and
 - (ii) S Category Deferred Members; and
 - (iii) A D Deferred Pensioners whose entitlement to a deferred pension under the A D Scheme arose after 6 April 1978, which in the opinion of the Trustees with the advice of the Actuary corresponds to a pension under the A D Scheme relating to service prior to 6 April 1978.
- (e) Guaranteed minimum pensions and accrued rights to guaranteed minimum pensions, benefits excluded from guaranteed minimum pensions by virtue of section 13(6) of the Pension Schemes Act 1993⁽⁴¹⁾, and Contributions Equivalent Premiums.

- (g) In respect of Members who have not reached Normal Pension Date and have not received any retirement benefits from the CAA Section, the benefits to which those Members are entitled from the CAA Section or, in the case of Current Members, the benefits or refunds of contributions to which they would have been entitled from the CAA Section if they had left Service at the effective date of winding-up of the CAA Section such benefits being non-assignable benefits payable to such Members, their Spouses, Qualifying Children and Dependants,

provided always that in respect of S Category Members, increases under Rule 39 arising after the effective date of winding-up of the CAA Section to pensions falling within paragraphs (a) to (d) above inclusive shall not be included within those paragraphs but shall be included within paragraph (g) above.

Purchase of additional benefits

19.4 If any part of the Section Assets remains after application of the aforesaid provisions of this Rule 19, then before making any payment to the Employers as described in paragraph (c) of Rule 19.2, the Trustees after consultation with the Actuary:

- (a) may purchase such other or additional benefits as they shall determine for Members, former Members, their Spouses, Qualifying Children and Dependants or any other person acceptable for the purposes of this Rule to the Board of Inland Revenue, or any one or more of such persons, subject always to the requirements of the Board of Inland Revenue; and
- (b) shall by application of a part or all of the remaining Section Assets (if any) increase the annual rates of pension payable or to be paid from the CAA Section in accordance with the relevant provisions of the Pensions Act 1995.

Methods of securing benefits

19.5 Any benefits to be provided under this Rule 19 may be secured by the Trustees in either or both of the following ways:

- (a) by the purchase in respect of any Member of appropriate benefits under an Approved Policy (or any other policy or annuity contract acceptable to the Board of Inland Revenue for the purposes of this Clause) subject, with the necessary alterations in point of detail, to the provisions of Rule 33; or
- (b) by the transfer of an amount in respect of any Member to secure appropriate benefits under a retirement benefits arrangement of which he becomes a member subject, with the necessary alterations in point of detail, to Rule 34,

provided always that:

- (i) benefits in respect of a Member shall be deemed to be appropriate for the purposes of (a) and (b) above if they are, in the opinion of the Trustees with the advice of the Actuary, not less in value than the benefits in respect of the Member under this Rule 19 and subject to conditions which the Trustees consider to be as similar as may be practicable although not necessarily identical to the conditions applicable to such benefits under the CAA Section or, if after consultation with the Actuary the Trustees decide that it would be more expedient and, provided that such conditions are acceptable to the Board of Inland Revenue and to the Occupational Pensions Regulatory Authority, on conditions which differ from the conditions applicable to such benefits under the CAA Section; and
- (ii) a transfer under (b) above shall not be subject to the consent of the Member if the transfer is to another Section of the Scheme or to another retirement benefits scheme relating to the same employment or to another employment with the same Employer or the Employer's successor, and if the Actuary makes the relevant certification described in the Preservation Regulations; and
- (iii) where any benefit to be secured does not at the effective date of winding-up of the CAA Section exceed the limit set out in Rule 29.1 the Trustees may elect to make immediate payment of a cash sum of an amount to be determined by the Trustees subject, with the necessary alterations in point of detail, to the provisions of that Rule; and
- (iv) in any application of the above provisions the Trustees shall comply with the provisions of section 74 of the Pensions Act 1995⁽⁴²⁾ and with the requirements of the Board of Inland Revenue.

⁽⁴²⁾ 1995 c. 26; section 74 was amended by the Welfare Reform and Pensions Act 1999 (c. 30), section 84(1) and Schedule 12, Part I, paragraphs 43 and 56.

20.

PARTIAL WINDING-UP OF THE CAA SECTION

Employer ceasing to participate

20.1 The participation in the CAA Section of an Employer other than the Sponsoring Section Employer shall cease upon the happening of any of the following events (whichever shall first occur):

- (a) if such Employer terminates its liability to contribute to the CAA Section as described in Rule 44;
- (b) if such Employer at any time fails to pay to the Trustees any sum or sums on or within seven days after the date on which the Trustees in accordance with Rule 11 have required the same to be paid or fails to observe and perform any other of its obligations under the Scheme and the Trustees thereupon give notice in writing of not less than 28 days to such Employer that its participation in the CAA Section shall cease;
- (c) if the Sponsoring Section Employer has given six months' previous notice in writing to the Trustees (or such shorter period of notice acceptable to the Trustees) that the participation of the Employer is to cease and such period expires;
- (d) if an order is made or an effective resolution is passed for the winding-up of such Employer (other than for the purpose of reconstruction or amalgamation with any other company) or such Employer ceases to carry on business;
- (e) if the degree of association between the Sponsoring Section Employer and such Employer ceases to be sufficiently great to justify the continued participation of such Employer in the CAA Section;
- (f) if the continued approval of the Scheme as an exempt approved scheme for the purposes of Chapter I of Part XIV of the Taxes Act would be prejudiced,

provided that the participation of the Employer in the CAA Section may be continued until such date as the Employer, the Sponsoring Section Employer, the Trustees and the Board of Inland Revenue may agree.

Partial winding-up of the CAA Section

20.2 If an Employer ceases to participate in the CAA Section as described in Rule 20.1 or if a part of the undertaking of any of the Employers shall be assigned to or vested in any other company or body (other than in circumstances where the Trustees make arrangements under Rule 17), then:

- (a) if at the date of the relevant event it shall appear to the Trustees after taking advice from the Actuary that the appropriate part of the CAA Section is insolvent with regard to the benefits of persons then in receipt of pensions from the CAA Section and to the then value of benefits which have accrued to Members at that date (being respectively persons and Members whose benefits from the CAA Section derive from employment with the relevant Employer) the relevant Employer shall pay to the Trustees within a period of seven days an amount calculated by the Actuary as being sufficient to restore the solvency of the appropriate part of the CAA Section; and
- (b) the Trustees shall ascertain the Relevant Fund Assets (as defined in paragraph (c) below) in respect of such Employer and shall, with the necessary alterations in point of detail, apply the provisions of Rule 19 (or, if they so determine and subject to any requirements of the Board of Inland Revenue, Rule 18.2) but in relation only to the Relevant Fund Assets in respect of such Employer and to the Members in relation to whom such Relevant Fund Assets have been calculated, provided always that a transfer as in paragraph (b) of Rule

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

19.5 may be made without the Member's consent only where this is permissible under the Preservation Regulations and subject always to the provisions of such Regulations;

- (c) for the purposes of this Rule, Relevant Fund Assets means in respect of an Employer, subject as provided below, that part of the Section Assets which in the opinion of the Trustees in consultation with the Sponsoring Section Employer and with the advice of the Actuary can be related to the Members whose membership of the CAA Section derives from employment with such Employer (or, as appropriate, with the relevant part of the undertaking of such Employer) and to the Spouses, Qualifying Children and Dependants of such Members. That part of the Section Assets shall be calculated on whichever of the following bases the Trustees, after consultation with the Sponsoring Section Employer and the Actuary, shall determine:

- (i) the aggregate of the Cash Values as at the date on which the Employer ceased to participate in the CAA Section of the benefits to which the said Members are entitled from the CAA Section or, in the case of Current Members, of the benefits to which they would have been entitled from the CAA Section if they had left Service at such date;
- (ii) the aggregate of the Cash Values of the benefits described in (i) above but including, for the purposes of calculation in respect of Current Members, increases which the Trustees with the advice of the Actuary consider would be made to such Members' remuneration between the effective date of the calculation and the relevant Members' Normal Pension Dates;
- (iii) the proportion of the total Section Assets which, in the opinion of the Trustees, with the advice of the Actuary relates to that Employer;
- (iv) some other basis recommended by the Actuary,

provided that if the Trustees with the advice of the Actuary shall so determine the amount calculated in accordance with (i) or (ii) above shall not exceed the amount which could be calculated in accordance with (iii) above.

Alternatively the Relevant Fund Assets may, if the Trustees after consultation with the Sponsoring Section Employer and the Actuary so determine, be calculated as described above but in relation only to Members who are currently in Service and to the Spouses, Qualifying Children and Dependants of such Members.

Such persons may, alternatively, notify the Trustees of their decision not to be admitted to membership.

Persons who become eligible to join the CAA Section but who do not apply for membership of the CAA Section as soon as they become eligible to join shall be admitted to membership of the CAA Section on such conditions and on such dates as the Trustees shall decide.

Restrictions on Membership

21.4 A person shall not be eligible to join the CAA Section if he is and remains a current member of a Personal Pension Scheme in respect of the source of income to which the CAA Section relates.

21.5 Notwithstanding Rules 21.1 to 21.4 above, for as long as any of the Employers other than the Sponsoring Section Employer is neither an Associated Company nor a Subsidiary Company, no person shall be eligible for membership of the CAA Section who is currently accruing benefits under or who becomes a member of another Section of the Scheme or another retirement benefits scheme of the Employer, except in circumstances where such person's membership of the CAA Section is acceptable to the Board of Inland Revenue.

If the Member's doctor informs the Trustees that he is dissatisfied with such report an examination shall be conducted by a duly qualified medical practitioner nominated for the purpose by the Trustees after consultation with the Member's doctor and the Medical Adviser. The report of such nominated medical practitioner shall be regarded as conclusive for the purposes of the CAA Section.
- (c) The charges and expenses of the examination and report or opinion of any medical practitioner instructed by the Medical Adviser or nominated by the Trustees in accordance with this Rule shall be borne by the Member unless either the Employers or the Trustees in their discretion agree to pay such charges and expenses.

Act⁽⁴³⁾ and, in particular, voluntary contributions made under arrangements first entered into by the Member on or after 8 April 1987 shall not be used to provide a cash sum in accordance with Rule 29.

The voluntary contributions of a Member under this Rule 23.3 shall be made either by way of deductions by the Employer from the payments of such Member's remuneration as they are made or as otherwise agreed between the Member and the Trustees.

Subject as aforesaid, the types of benefit under the CAA Section to be provided in return for a Member's voluntary contributions shall be such and, except as provided below, on such terms and conditions as may be arranged by the Member with the Trustees acting on the advice of the Actuary and may take the form, inter alia, of additional years to be included within Pensionable Service in the CAA Section or of additional benefit under the CAA Section to be payable upon the death of the Member or of additional pension benefits determined on a money purchase basis; provided always that the amount of benefit to be provided in return for a Member's voluntary contributions shall be the equivalent of those contributions as determined by the Trustees acting on the advice of the Actuary and provided further that in respect of additional pension benefits determined on a money purchase basis:

- (a) the additional pension benefits shall be equivalent on a money purchase basis to the voluntary contributions paid; and
- (b) the benefits shall be limited to those which are capable of being provided by the Rules; and
- (c) if the Trustees so determine, the assets and liabilities relating to such voluntary contributions to the CAA Section shall be identifiable and retained separately from other assets and liabilities of the CAA Section.

The benefits provided from such voluntary contributions shall not become payable earlier than the other Scheme benefits nor later than age 75.

Notwithstanding the above provisions and the provisions of Rule 22, a Member who starts paying voluntary contributions on a date within three months of first becoming eligible to become a Current Member shall not be required to produce evidence of health.

Limit on Members' contributions

23.4 No Current Member shall, during any year of assessment to tax under Schedule E, pay to the CAA Section contributions of such amounts that the aggregate of such contributions and of any contributions paid by him in respect of his Service during that year to any other retirement benefits schemes in respect of that Member which are approved or seeking approval under Chapter I of Part XIV of the Taxes Act would exceed 15 per cent (or such higher percentage as the Board of Inland Revenue may in a particular case prescribe) of his total remuneration from the Employers in that year which is assessable to tax under Schedule E, provided always that for the purposes of this Rule:

- (a) there shall be excluded from total remuneration anything in respect of which tax is chargeable under Schedule E and which arises from the acquisition or disposal of shares or an interest in shares or from a right to acquire shares, or anything in respect of which tax is chargeable by virtue of section 148 of the Taxes Act⁽⁴⁴⁾; and
- (b) in respect of Class A Members and Class B Members who became Current Members on or after 1 June 1989 (other than Continued Rights Members):
 - (i) the reference above in this paragraph to "other retirement benefits schemes" shall be taken to include any Associated Scheme or any other Section of the Scheme and the references to "total remuneration" shall be taken to include emoluments in respect of Associated Employment or any Connected Scheme; and

⁽⁴⁴⁾ Section 148 was substituted by the Finance Act 1998 (c. 36), section 58(1) and (4).

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

(ii) remuneration in excess of the Permitted Maximum shall be disregarded.

Cessation of Members' contributions

23.5 A Member shall stop paying contributions to the CAA Section on ceasing to be a Current Member of the CAA Section or, if earlier, upon completion of the shortest period of Pensionable Service for which the pension payable from Normal Pension Date calculated in respect of the Member under Rule 24.1 would be equal to 2/3rds of the Member's Final Pensionable Earnings, except that a Current Member may continue to pay voluntary contributions to the CAA Section prior to the payment to him of any retirement benefit from the CAA Section for so long as he remains in Service in the CAA Section after Normal Pension Date if the Trustees so agree, subject always to the other provisions of this Rule and provided that the approval of the Scheme under Chapter I of Part XIV of the Taxes Act shall not be prejudiced by it.

Return of surplus voluntary contributions

- (a) (a) The provisions of the CAA Section permitting a Member to make voluntary contributions to the CAA Section shall be subject to the provisions of Part III of Schedule 6 to the Finance Act 1989⁽⁴⁵⁾ relating to the return of surplus funds.
- (b) The Administrator shall comply with the requirements of Regulation 5 of The Retirement Benefits Schemes (Restriction on Discretion to Approve) (Additional Voluntary Contributions) Regulations 1993⁽⁴⁶⁾ and where the CAA Section is the leading scheme in relation to a Member, with the requirements of Regulation 6 of those Regulations so far as they concern main schemes. If those Regulations are amended or replaced by any other Regulations then this paragraph will have effect as if it had been amended or replaced accordingly.

The terms **leading scheme** and the **main scheme** shall have the same meaning as is given to them in those Regulations.

Suspending or reducing contributions

23.7 If a report from the Actuary discloses a surplus in the CAA Section at any date sufficient to permit the suspension or reduction of contributions, the Sponsoring Section Employer may, as an arrangement to be made in accordance with the provisions of Rule 10.3 and subject always to the provisions of the Pensions Act 1995, authorise the suspension or reduction of payment of contributions to the CAA Section under Rule 23.2 and/or under Rule 23.1 above for a period not exceeding forty years from the date at which the surplus arose. Any suspension of contributions in accordance with this paragraph shall not be regarded as a termination of liability to contribute to the CAA Section as described in Rule 44.

A suspension or reduction of contributions payable to the CAA Section under Rule 23.1 by one or more Members specified by the Sponsoring Section Employer may be authorised by the Sponsoring Section Employer upon the basis that there shall be a corresponding increase in the contributions payable to the CAA Section by the Employer for such period as the Actuary shall advise. The contributions of a Member which have been suspended or reduced in accordance with this paragraph may be increased as determined by the Sponsoring Section Employer but not to a level greater than the level of the Member's ordinary contributions applicable under Rule 23.1.

(45) 1989 c. 26.

(46) S.I. 1993/3016.

Members' Contribution Options

- (a) (a) With effect from 1 April 1995 a Member whose contributions under Rule 23.1 were at the rate of 7.5% of Earnings and who satisfied the conditions notified to Members by the Trustees could elect by notice in writing to the Trustees before 30 September 1995 that his ordinary contributions to the Scheme under Rule 23.1 should be at the reduced rate of 6% of Earnings with effect from 17 May 1990. Such reduced rate is reduced further to 4.5% with effect from 1 April 1997.

The additional 1.5% of Earnings paid by such a Member under Rule 23.1 from 17 May 1990 up to the date of such election shall be treated as voluntary contributions paid by the Member and applied under Rule 23.3 to purchase additional Pensionable Service or, at the discretion of the Trustees having regard to the requirements of the Board of Inland Revenue, shall be regarded as Family Benefit Contributions and dealt with as described in Rule 48.2 or if appropriate Rule S14.

- (b) A Member whose contributions under Rule 23.1 were at the rate of 6% of Earnings could before 30 September 1995 elect by notice in writing to the Trustees to pay contributions to the Scheme at the rate of 7.5% of Earnings. Any such election made after 1 April 1995 would be in respect of Earnings from 17 May 1990. Any arrears of contributions for the period from 17 May 1990 up to the date of such election should be paid either in the form of a lump sum equal to the amount of the contribution arrears accumulated with compound interest at the rate of 3% per annum or in instalments as agreed with the Trustees having regard to the requirements of the Board of Inland Revenue.

With effect from 1 April 1997 the rate of 7.5% referred to above in this paragraph is replaced by 6 per cent.

24.1 A pension payable from the CAA Section under Rule 27.1 to a Member who ceases to be a Current Member of the CAA Section at Normal Pension Date shall, subject to Appendix 4 and to any other provisions of the CAA Section which may apply in respect of a particular Member, be a yearly amount equal to 1/59th of Final Pensionable Earnings for each complete year of Pensionable Service (with the addition of a proportionate amount for each completed day where such Pensionable Service is not an integral number of years) subject to a maximum of 2/3rds of Final Pensionable Earnings.

Members who have ceased to be Current Members

24.2 A pension payable at Normal Pension Date to a Member who has ceased to be a Current Member in the CAA Section before Normal Pension Date (referred to as a **deferred pension**) shall, subject to Rule 32 and Appendix 4 and to any other provisions of the CAA Section which may apply in respect of a particular Member, for the purposes of Rule 32.2 be calculated in accordance with Rule 24.1 above but with reference to Final Pensionable Earnings and Pensionable Service at the date of such cessation and increased as described below.

Increases in deferred pensions

24.3 The said pensions payable under the CAA Section shall be increased in each year on 1 April by the percentage increase in the cost of living over the past year as shown in the Index for the month of February prior to the relevant 1 April or, in the case of a pension to which a Member became entitled within the year to 31 March by a proportional amount calculated on a basis determined by

the Trustees with the advice of the Actuary; provided always that if there is a percentage decrease in the cost of living as shown in the Index references in this Rule 24.3 to increases and increasing a Member's pension shall be taken to be references to decreases and decreasing a Member's pension but such decreases shall be such as the Trustees with the consent of the Employers may determine and shall not apply:

- (a) to pensions of a Member who became entitled to a deferred pension hereunder upon ceasing after 1 January 1985 to be a Current Member more than 365 days before Normal Pension Date; or
- (b) so as to reduce a Member's pension from the Scheme below the level of such pension at the date on which the Member ceased to be a Current Member.

25. AMOUNT OF DEATH BENEFITS

Lump sum

25.1 A lump sum death benefit payable from the CAA Section under Rule 26.1 in respect of a Current Member shall, subject to Appendix 4 and to any other provisions of the CAA Section which may apply in respect of a particular Member be of an amount equal to four times the Member's Final Pensionable Earnings at the date of his death.

Pension

25.2 A pension under the CAA Section payable to a Spouse or to or in respect of Qualifying Children under Rule 26 or Rule 28 on the death of a Member of the CAA Section shall, subject to Appendix 4 and to any other provisions of the CAA Section which may apply in respect of a particular Member, be of a yearly amount, with a minimum of £104, equal to the proportion of the Member's Relevant Pension (as defined in rule 25.4 below) applicable in accordance with the relevant provision of the CAA Rules; provided always that:

- (i) if the Trustees exercise their discretion under Rule 25.3 below the amount or amounts of pension payable under the CAA Section to a Member's Spouse or other beneficiary shall be as described in that paragraph; and
- (ii) notwithstanding proviso (i) above or any other provision of the CAA Rules, that part of the pension payable from the CAA Section to a Member's widow or widower which relates to the Member's Service prior to 6 April 1997 shall not be less than the amount described in paragraphs 2.3(a)(ii) or 2.3(a)(iii) of Section B of Appendix 5 in respect of the Member; and
- (iii) in respect of a Member who was a Lower Rate Contributor for part or all of his Service as a Current Member the pension payable from the CAA Section under Rule 26 or Rule 28 on the Member's death in relation to such Service on or after 6 April 1997 shall not be less than the amount payable in respect of the Member under paragraph 1.3 of Section A of Appendix 5 on the assumption that the benefits of all such Members are equal to those which would be provided by a reference scheme as described in section 12B of the Pension Schemes Act 1993⁽⁴⁷⁾; and

those which would be provided by a reference scheme as described in section 12B of the Pension Schemes Act 1993.

25.3 The Trustees shall have power at their absolute discretion to determine that the pension payable from the CAA Section to the Spouse of a Member of the CAA Section other than a Special Member shall not exceed the amount (if any) in respect of him under paragraphs 2.3(a)(ii) or 2.3(a)(iii) of Section B of Appendix 5. The balance (or the whole, as appropriate) of the pension which would, but for the application of this paragraph, have become payable under the CAA Section to that Member's Spouse shall be paid subject to such terms and conditions as the Trustees shall determine in their absolute discretion and in such shares as they shall think fit to such one or more of the following persons, viz:

- (a) any former spouse of the Member who has been financially dependent upon him since the dissolution of the marriage with him; and
- (b) any person to whom the Member has not been married who has been financially dependent upon him and who has lived with him as his spouse;

provided that if a Special Member has so requested the Trustees may, at their absolute discretion, apply the provisions of this Rule 25.3 in respect of the pension which would become payable to such Special Member's Spouse.

25.4 For the purposes of this Rule **Relevant Pension** means:

- (a) in the case of a Member who dies while he is a Current Member of the CAA Section and before Normal Pension Date, the annual amount of pension which would have been paid to him from the CAA Section if he had retired on his Normal Pension Date in accordance with Rule 27.1(a) based on his Final Pensionable Earnings at the date of his death; or
- (b) in the case of a Member who dies after leaving Service but before commencement of pension from the CAA Section in respect of him, the pension to which he became entitled under Rule 32 including the increases to such pension in accordance with Rule 24.3 added up to the date of the Member's death; or
- (c) in the case of a Member who dies on or after the date on which a pension commenced to be payable to him from the CAA Section the annual rate of pension to which he was entitled from the CAA Section at the date of his death; or
- (d) in the case of a Member who dies on or after Normal Pension Date but before any pension has become payable to him from the CAA Section, the pension which would have been payable to him at its commencement under the CAA Rules if he had commenced to receive his pension under the CAA Section on the day preceding the date of his death (or on Normal Pension Date if that was the date of his death),

provided always that for the purposes of this Rule 25.4 a Member's pension shall not, unless previously arranged otherwise between the Trustees and the Member, include any pension provided by voluntary contributions paid by him to the CAA Section, but shall be deemed to include any pension commuted under Rules 29.2 or 29.3 or surrendered under Rule 30 or any adjustment arising from the application of Rule 38.5(b).

26.

DEATH BEFORE PAYMENT OF RETIREMENT BENEFIT

Lump sum

26.1 If a Current Member of the CAA Section dies while in Service before any retirement benefit has become payable to him from the CAA Section a lump sum death benefit calculated in accordance with Rule 25.1 shall be payable in accordance with Rule 37.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

26.2 If a Member who has ceased to be a Current Member of the CAA Section and is not a Current Member of the CAA Section in respect of any subsequent period of membership of the CAA Section dies before any retirement benefit has become payable to him from the CAA Section, the Trustees shall pay in accordance with Rule 37 an amount equal to whichever is the greater of:

- (a) his Final Pensionable Earnings at the date on which he ceased to be a Current Member increased on the basis described in Rule 24.3 but in respect of the period from the date on which he ceased to be a Current Member up to the date of his death; and
- (b) the total of the contributions paid by him to the CAA Section under Rule 23.1 (and under the Previous Scheme Provisions) together with such of his voluntary contributions as the Trustees shall determine and his Transferred Contributions (if any), with the addition of 3 per cent per annum compound interest on it up to the date of the Member's death calculated by the Trustees with the guidance of the Actuary;

provided always that if such a Member dies on or after Normal Pension Date before any retirement benefit has become payable to him from the CAA Section the amount described above in this Rule 26.2 shall not be payable but the Member shall be treated for the purposes of the CAA Section as if he had retired on the day before his death and the benefits payable from the CAA Section shall be as if the Member had elected to receive the maximum cash sum permissible under Rule 29.2, any such cash sum to be not less than the amount described in paragraph (a) above and to be payable in accordance with Rule 37.

26.3 If a Member who has paid voluntary contributions to the CAA Section dies before any retirement benefit has become payable to him from the CAA Section, and if the benefit basis previously arranged with the Trustees includes provision for a payment on death the Trustees shall make payment in accordance with Rule 37 of the amount they determine to be appropriate in accordance with that provision.

Spouse's pension

26.4 If a Member of the CAA Section dies before any benefit has become payable to him from the CAA Section in respect of the current period of Pensionable Service and is survived by a Spouse (or other beneficiary to whom a pension is payable in accordance with Rule 25.3), the pension described in Rule 25.2 and equal to:

- (i) 2/3rds of the Relevant Pension of a Member who dies while he is a Current Member of the CAA Section; and
- (ii) 60 per cent of the Relevant Pension of any other Member to whom this paragraph applies,

shall, subject to Rule 25.3 and Appendix 4, become payable to the Spouse (or other beneficiary as aforesaid) from the date of the Member's death, provided that in respect of a Member who dies while he is a Current Member of the CAA Section, an additional amount shall be paid for a period of three months commencing on the date of his death such that the total payable in respect of the Member under this Rule 26.4 shall, for each such month, be equal to 1/12th of the Member's Earnings as at the date of his death, disregarding in respect of a Class A Member and a Class B Member who became a Current Member on or after 1 June 1989 (other than a Continued Rights Member) any part of such Earnings which exceeds the Permitted Maximum at that date.

Children's pensions

26.5 If a Member of the CAA Section dies before any benefit has become payable to him from the CAA Section and is survived by a Spouse (or other beneficiary to whom a pension is payable in accordance with Rule 25.3) and by one or more Qualifying Children the pension described in Rule 25.2 shall become payable from the date of the Member's death (or, if the Member was a Current

Member of the CAA Section at the date of his death, from the end of the period of three months mentioned in Rule 26.4 above) and shall be paid or applied by the Trustees as hereinafter described.

The amount of pension under this Rule 26.5 in respect of each Qualifying Child (up to a maximum of two) shall be 1/6th of the Relevant Pension of a Member who dies while he is a Current Member of the CAA Section and 1/4 of the Relevant Pension of any other Member to whom this Rule 26.5 applies, provided always that:

- (a) if the Member's Spouse (or other beneficiary as aforesaid) dies during the period of three months referred to above or while a pension under this paragraph is in course of payment; or
- (b) if, for exceptional reasons, the Trustees in their discretion so direct,

the pension under this Rule 26.5 shall thereupon commence or, as appropriate, continue to be payable in the amount described in Rule 26.6 below, and provided further that the maximum under this Rule 26.5 where there are two or more Qualifying Children of a Member who is not a Current Member of the CAA Section at the date of his death shall be 40% of the Member's Relevant Pension.

26.6 If a Member of the CAA Section dies before any benefit has become payable to him from the CAA Section and is survived by one or more Qualifying Children but not by a Spouse (or other beneficiary to whom a pension is payable in accordance with Rule 25.3) the pension described in Rule 25.2 and equal to 1/3rd of the Member's Relevant Pension in respect of each Qualifying Child (up to a maximum of two) shall become payable out of the CAA Section from the date of the Member's death and shall be paid or applied by the Trustees as hereinafter described, provided always that:

- (a) if the Trustees so direct the amount of pension payable under this Rule 26.6 shall be as described in Rule 26.5 above; and
- (b) the Trustees may in their discretion augment any pension payable under this Rule 26.6 by such amount as they determine but not so that the aggregate of any augmentation in respect of the Member under this paragraph (b) and of any pensions payable to Dependants under Rule 26.9 below would exceed the pension which would have been payable under Rule 26.4 above if the Member had been survived by a Spouse.

26.7 Any pension payable under Rules 26.5 or 26.6 above shall be paid from the CAA Section by the Trustees to or for the benefit of the Qualifying Child and if and so long as there are two or more Qualifying Children to or for their benefit in equal shares subject to Rule 42.

26.8 Notwithstanding the previous provisions of this Rule, the Trustees may at their discretion pay or continue to pay for such period as they think fit a pension of an amount determined by the Trustees to a child of a deceased Member of the CAA Section whether such child is not or has ceased to be a Qualifying Child if in the opinion of a Medical Adviser such child is incapable of earning his own living by reason of bodily or mental infirmity.

Dependants' pensions

26.9 If a Member of the CAA Section dies before any benefit has become payable to him from the CAA Section and is survived by one or more Dependants but not by a Spouse (or other beneficiary to whom a pension is payable in accordance with Rule 25.3) the Trustees may in their discretion decide whether a pension such that the aggregate of it and of any augmentation of pension payable under Rule 26.6 above in respect of the Member's Qualifying Children would not exceed the pension which would have been payable under Rule 26.4 above if the Member had been survived by a Spouse shall become payable from the date of the Member's death (or from the cessation of any pension payable under Rule 26.6 in respect of the Member's Qualifying Children) and, if so, such pension shall be paid or applied by the Trustees to or for the benefit of such one or more of the Member's Dependants at such rate and in such shares as the Trustees shall from time to time decide.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

27.

COMMENCEMENT OF MEMBER'S PENSION

At Normal Pension Date

- (a) (a) A Current Member of the CAA Section who ceases to be in Service at Normal Pension Date shall be entitled to receive a pension from the CAA Section at Normal Pension Date calculated in accordance with Rule 24.1.
- (b) A Member of the CAA Section who has become entitled before Normal Pension Date to a pension described in Rule 32 other than a Member whose benefit from the CAA Section has become payable before Normal Pension Date shall be entitled to receive from the CAA Section at Normal Pension Date a pension calculated in accordance with Rule 24.2 or, in the case of a Member in respect of whom the Cash Value of a part of his benefits has been applied in accordance with Rule 33 or Rule 34, the appropriate part of such pension.

Before Normal Pension Date

- (a) (a) A Member of the CAA Section who on leaving Service or retiring before Normal Pension Date becomes entitled to a pension under Rule 32 may with the consent of the Trustees commence to receive such pension at any time on or after his 50th birthday, or earlier if he is retiring because of incapacity.

Such pension shall include the increases described in Rule 24.3 calculated up to the date on which the pension is to commence, the total pension for that Member being, subject always to Appendix 4, reduced to such extent (if any) as the Trustees shall, on the advice of the Actuary, consider to be reasonable and determine to be appropriate having regard to, among other things, the period between the date of its commencement and Normal Pension Date but so that the reduced pension shall be not less than the actuarial equivalent of the pension which would have been payable under Rule 32 from the Member's Normal Pension Date, provided always that in special circumstances specifically approved by the Sponsoring Section Employer the pension payable under the preceding provisions of this Rule 27.2 shall not, if the Sponsoring Section Employer so determines and subject as hereinafter provided, be reduced as described above in this Rule and the provision of such unreduced pension shall be regarded as augmentation of benefit in accordance with Rule 12 and shall be subject to payment by the Employer of the appropriate additional contribution to the CAA Section.

Incapacity

- (b) On ceasing to be a Current Member of the CAA Section on the grounds of ill-health before attaining Normal Pension Date in consequence of incapacity (which is expected to be permanent) to perform his duties resulting from accident or mental or physical infirmity not resulting from his own misconduct a Member may commence to receive his pension immediately upon his retirement, provided that a Member may not make a claim to receive a pension under this paragraph (b) later than 90 days after the date on which he ceased to be a Current Member of the CAA Section. Such pension shall be calculated as described in Rule 24.1 except that the Member's Pensionable Service shall be increased by an additional equal to 50% of the amount of his Pensionable Service immediately before such addition (exclusive of any part of it provided in return for a Member's voluntary contributions under Rule 23.3) or 100% of it, if the Trustees so determine, upon his retirement or at any other date prior to Normal Pension Date that the medical advice referred to in (c) below indicates that the Member is incapable of gainful

employment (except to an extent acceptable to the Trustees) or such greater amount as the Trustees at their absolute discretion shall in exceptional circumstances decide, provided always that no such addition shall cause the Members total pension from the CAA Section to exceed 2/3rds of Final Pensionable Earnings or, if less, a pension equal to that fraction of Final Pensionable Earnings which the Member would have received at Normal Pension Date if he had remained a Current Member of the CAA Section until that date.

The Administrator shall give prior notice to the Board of Inland Revenue in accordance with the Taxes Act before commencing to pay a pension from the CAA Section on the retirement prior to Normal Pension Date on account of incapacity of a Member of the CAA Section who is a Controlling Director.

Payment of pensions under Rule 27.2

- (c) Payment of a pension described in paragraph (b) above shall be subject to the Member submitting himself for medical examination by a Medical Adviser whenever the Trustees require him to do so. The Trustees may withhold payment of such pension for such period as the Member refuses or fails to submit himself to any such examination or in any way obstructs the same.

The 100% addition of Pensionable Service as described in (b) above shall be subject to the Member providing such confirmation in such manner as the Trustees may reasonably require that he has not been in receipt of remuneration from any other employment (or alternatively that he has been in receipt only of remuneration which the Trustees have decided may be ignored) and the Trustees may withhold payment of a pension in respect of any period during which the Member refuses or fails to provide such confirmation or in any way obstructs the obtaining of such confirmation and if at any time the Trustees are of the opinion that as from a certain date the Member no longer qualifies for the 100% addition in accordance with (b) above the pension from that date shall be calculated as if the Member qualifies for the 50% addition in accordance with (b) above but without prejudice to the power of the Trustees to reverse that decision at a later date.

- (d) Where as a result of evidence supplied in respect of a Member in accordance with paragraph (c) above the Trustees are of the opinion that the Member would be able before Normal Pension Date to resume employment with his Employer or to take up employment with any other Employer, the Trustees shall inform the Employers and if an Employer offers such Member employment in which he would become eligible for membership of the CAA Section, the pension payable from the CAA Section in accordance with this Rule 27.2 shall cease to be payable upon his commencing such employment or, if earlier, at the end of three months (or such further period as the Trustees in their discretion shall allow) from the date of the said offer of employment, provided always that if a Member's remuneration (taken for this purpose as remuneration other than Non-Pensionable Earnings) at the date on which his pension would cease to be payable as described above in this paragraph (d) is less than his corresponding former remuneration at the date on which the Member ceased to be a Current Member of the CAA Section, a proportion of his pension payable under this Rule 27.2 shall continue to be payable, such proportion being the proportion of that pension which the reduction in the Member's remuneration bears to his former remuneration, and provided further that upon the subsequent cessation of membership of such a Member the pension payable from the CAA Section to the Member shall not be less than the pension previously payable to him under this Rule 27.2.
- (e) If a Member in receipt of a pension under Rule 27.2 other than a pension to which paragraph (d) above applies but being a pension not subject to a reduction as described

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

above in this Rule is offered employment with any of the Employers in which he becomes eligible for membership of the CAA Section, payment of such pension shall cease upon his commencing such employment or, if earlier, at the end of three months (or such further period as the Trustees in their discretion shall allow) from the date of the said offer of employment.

- (f) The payment of a pension in respect of a Member to whom this Rule 27.2 applies shall be subject otherwise to the provisions of Rule 38.
- (g) If a Member of the CAA Section who is offered employment with an Employer in accordance with paragraph (d) or (e) above in this Rule returns to such employment within the period described in those paragraphs, he may recommence membership of the CAA Section as a Current Member on such terms as the Trustees on the advice of the Actuary shall determine. Such a Member who does not recommence membership as a Current Member and such a Member who does not return to the employment within the period described shall become entitled to such deferred or reduced pension as the Trustees on the advice of the Actuary shall determine provided that such determination does not prejudice approval of the Scheme as an exempt approved scheme for the purposes of Part I of Chapter XIV of the Taxes Act(48).

After Normal Pension Date

Service after Normal Pension Date

- (a) (a) The pension of a Member who is a Current Member of the CAA Section immediately before Normal Pension Date and whose Service continues beyond that date shall be postponed until the date of cessation of his Service (or, in the case of a Class A Member, his 75th birthday if earlier) provided that such a Member who is a Class B Member may by notice in writing to the Trustees elect to receive a cash sum in accordance with Rule 29.2 or to commence receiving his pension or the balance of it as appropriate at any date on or after Normal Pension Date but not later than the date of his actual retirement from Service. The amount of pension of a Member to whom this paragraph applies shall, subject to Appendix 4 and except as provided below in this Rule, be calculated in accordance with Rule 24.1 as at the date of its commencement or, if greater, but only in the case of a Member whose pension so calculated would have been 2/3rds of Final Pensionable Earnings, an amount of 2/3rds of Final Pensionable Earnings as at the later of the Member's Normal Pension Date and the date of completion of the shortest period of Pensionable Service for which the pension calculated in respect of the Member under Rule 24.1 would be equal to 2/3rds of the Member's Final Pensionable Earnings, with the addition of an amount determined by the Trustees with the advice of the Actuary having regard to the date of commencement of the pension and/or such other factors (if any) as the Actuary shall consider to be relevant. The amount of pension calculated in accordance with Rule 24.1 as aforesaid shall be reduced by the value, determined by the Trustees with the advice of the Actuary, of any benefit paid to the Member in accordance with the proviso above in this paragraph.

Postponement of deferred pensions

- (b) Payment of a pension to which a Member of the CAA Section becomes entitled under Rule 32 may at his request be postponed beyond Normal Pension Date until such date

(48) 1988 c. 1.

not later than his 75th birthday as shall be agreed between the Trustees and the Member; provided always that:

- (i) in the case of a Class A Member who has ceased to be a Current Member of the CAA Section while remaining in Service in accordance with Rule 31, the Member's pension from the CAA Section may not commence to be paid before he ceases to be in Service; and
- (ii) in the case of a Class B Member, the Member's pension from the CAA Section may be postponed only for so long as his retirement from all employment is postponed.

The amount of pension of a Member to whom this paragraph (b) applies shall, subject to Appendix 4, be calculated in accordance with Rule 24.2 as at Normal Pension Date increased by such amount as the Trustees with the advice of the Actuary shall determine having regard to the period for which payment of the pension has been postponed.

28.

DEATH AFTER PENSION STARTS

Lump sum

28.1 When a Class B Member, or a Class A Member who ceased to be in Service before 1 September 1991, (in either case, of the CAA Section) in respect of whom no pension will become payable in accordance with any other paragraph of this Rule dies after commencement of his pension from the CAA Section, the Trustees shall pay in accordance with Rule 37 a sum equal to the amount (if any) by which:

- (a) the total of the contributions (other than voluntary contributions) paid by him to the CAA Section (and under the Previous Scheme Provisions) together with such of his voluntary contributions to the CAA Section (and under the Previous Scheme Provisions) as the Trustees shall determine and his Transferred Contributions (if any) with the addition of 3% per annum compound interest thereon up to the date on which the Member left Service or, if earlier, the date of commencement of his pension hereunder,

exceeds

- (b) the aggregate of:
 - (i) the total of the instalments of the Member's pension from the CAA Section paid before his death; and
 - (ii) any cash sum paid to the Member under Rule 29 and under any other provision of the CAA Rules.

28.2 If a Member of the CAA Section who opted under Rule 27.3 to receive a pension from the CAA Section while remaining in Service after Normal Pension Date and to defer receiving a cash sum under Rule 29.2 dies before receiving such cash sum he shall be treated for the purposes of this Rule as having retired on the day before he died and the Trustees shall pay in accordance with Rule 37 a lump sum equal to the said cash sum with the addition of interest up to the day before the Member's death at a rate which the Trustees with the advice of the Actuary consider to be reasonable.

Spouse's pension

28.3 If a Member of the CAA Section dies after a pension has become payable to him from the CAA Section or after receiving a cash sum after Rule 29.2 while remaining in Service on or after Normal Pension Date and is survived by a Spouse (or other beneficiary to whom a pension is payable in accordance with Rule 25.3) the pension described in Rule 25.2 shall, subject to Rule 25.3, become

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

payable to the Spouse (or other beneficiary as aforesaid) from the first day of the month following the Member's death. Such pension shall:

- (a) for a period of three months from its commencement or, if longer, for the balance of the period of five years beginning at the commencement of payment of the Member's pension from the CAA Section, be equal to 1/12th of the Member's Relevant Pension for each month in the said period; and
- (b) thereafter, be equal to 60% of the Member's Relevant Pension.

Children's pension

28.4 If a Member of the CAA Section dies after a pension has become payable to him under these Rules or after receiving a cash sum under Rule 29.2 while remaining in Service on or after Normal Pension Date and is survived by a Spouse (or other beneficiary to whom a pension is payable in accordance with Rule 25.3) and by one or more Qualifying Children, the pension described in Rule 25.2 and equal to 1/4 of the Member's Relevant Pension if there is one Qualifying Child and equal to 40% of the Member's Relevant Pension if there are two or more Qualifying Children shall become payable from the date on which the pension at the rate described in Rule 28.3(b) commences to be payable and shall be paid or applied by the Trustees as hereinafter described; provided always that:

- (a) if the Member's Spouse (or other beneficiary as aforesaid) dies while a pension is payable under Rule 28.3; or
- (b) if, for exceptional reasons, the Trustees so direct

the pension under this Rule 28.4 shall commence or, as appropriate, continue to be payable in the amount described in Rule 28.5

28.5 If a Member of the CAA Section dies after a pension has become payable to him under these CAA Rules or after receiving a cash sum under Rule 29.2 while remaining in Service on or after Normal Pension Date and is survived by one or more Qualifying Children but not by a Spouse (or other beneficiary to whom a pension is payable in accordance with Rule 25.3) the pension described in Rule 25.2 and equal to 1/3rd of the Member's Relevant Pension in respect of each Qualifying Child (up to a maximum of two) shall become payable from the date of the Member's death and shall be paid or applied by the Trustees as hereinafter described; provided always that:

- (a) if the Trustees so direct the amount of pension payable under this Rule 28.5 shall be as described in Rule 28.4; and
- (b) the Trustees may in their discretion augment any pension payable under this Rule 28.5 by such amount as they determine but not so that the aggregate of any augmentation in respect of the Member under this paragraph (b) and of any pensions payable to Dependents under Rule 28.8 below would exceed the pension which would have been payable under Rule 28.3 if the Member had been survived by a Spouse.

28.6 Any pension payable under Rules 28.4 or 28.5 shall be paid by the Trustees to or for the benefit of the Qualifying Child and if and so long as there are two or more Qualifying Children to or for their benefit in equal shares subject always to the provisions of Rule 42.

28.7 Notwithstanding the previous provisions of this Rule the Trustees may at their discretion pay or continue to pay for such period as they think fit a pension of an amount determined by the Trustees to a child of a deceased Member of the CAA Section whether such child is not or has ceased to be a Qualifying Child if in the opinion of a Medical Adviser such child is incapable of earning his own living by reason of bodily or mental infirmity.

Dependants' pensions

28.8 If a Member of the CAA Section dies after any pension has become payable to him from the CAA Section and is survived by one or more Dependants but not by a Spouse (or other beneficiary to whom a pension is payable in accordance with Rule 25.3) the Trustees may in their discretion decide whether a pension such that the aggregate of it and of any augmentation of pension payable under Rule 28.5 in respect of the Member's Qualifying Children would not exceed the pension which would have been payable under Rule 28.3 if the Member had been survived by a Spouse, shall become payable from the date of the Member's death (or from the cessation of any pension payable under Rule 28.5 in respect of the Member's Qualifying Children) and, if so, such pension shall be paid or applied by the Trustees to or for the benefit of such one or more of the Member's Dependants at such rate and in such shares as the Trustees shall from time to time decide.

29.

CASH SUM IN LIEU OF PENSION

Commutation of trivial pensions

29.1 If at the date when a pension becomes payable from the CAA Section to or for the benefit of any person such pension together with the annuity equivalent of all other retirement benefits to which such person is entitled from the Employers' Schemes or other Sections of the Scheme does not exceed £260 per annum (or such higher amount as may have been prescribed by regulations made under section 91 of the Pensions Act 1995⁽⁴⁹⁾ and is acceptable to the Board of Inland Revenue), the Trustees may commute that pension for a cash sum payable to or for the benefit of such person. If the Trustees commute a Member's pension as described above and if there is a pension contingently payable from the CAA Section on such Member's death which could (if the Member had died on the date his pension became payable) have been commuted in accordance with this Rule 29.1, then the Trustees will forthwith commute such pension for a cash sum payable to the Member, provided always that in the case of a Member whose pension from the CAA Section becomes payable before Normal Pension Date:

- (a) if such Member is a member of more than one retirement benefits scheme relating to the same employment (including any other Section of the Scheme), commutation under this Rule 29.1 shall be permissible only if he is treated by all such schemes as having retired and if provisions corresponding to this Rule 29.1 apply under such other schemes; and
- (b) in determining the amount of the Member's pension for the purposes of this paragraph the Trustees shall with the advice of the Actuary take due account of:
 - (i) increases in the Member's Guaranteed Minimum Pension (if any) required to be made up to State Pensionable Age in such a way as to satisfy the provisions of section 21 of the Pension Schemes Act 1993⁽⁵⁰⁾ and any regulations made for the purposes of that section; and
 - (ii) increases to that part of the Member's pension hereunder which exceeds the Member's Guaranteed Minimum Pension (if any) which would, in the opinion of the Trustees, be made to the Member's pension hereunder up to Normal Pension Date in accordance with Schedule 3 to the Pension Schemes Act 1993 if such pension had become payable at Normal Pension Date.

⁽⁴⁹⁾ 1995 c. 26; section 91 is amended by the Welfare Reform and Pensions Act 1999 (c. 30), section 84(1) and Schedule 12, Part I, paragraphs 43 and 57.

⁽⁵⁰⁾ 1993 c. 48.

Tax free cash sum

29.2 Subject to Appendix 4, a Member of the CAA Section may by giving notice in writing to the Trustees before any pension becomes payable to him from the CAA Section elect to commute for a cash sum at the date his pension becomes payable or, in the case of a Class B Member, on or after his Normal Pension Date if earlier, the whole or a proportion of that part of such pension which exceeds the Guaranteed Minimum Pension in respect of him or, where such date is before the Member's State Pensionable Age, which exceeds the amount which the Trustees with the advice of the Actuary estimate will be the Member's Guaranteed Minimum Pension at his State Pensionable Age.

Serious ill-health

29.3 If at the date when any pension becomes payable to a Member under the CAA Section the Trustees are satisfied by such evidence as they may require that the Member is in exceptional circumstances of serious ill-health, the Trustees may at their discretion pay a cash sum to the Member in commutation of the whole of that part of his pension which exceeds the Guaranteed Minimum Pension or if the Member has elected the option under Rule 29.2 above in commutation of the balance (if any) of such pension.

The Administrator shall give prior notice to the Board of Inland Revenue in accordance with the Taxes Act before making a payment under this Rule 29.3 to a Member of the CAA Section who is a Controlling Director.

General

29.4 The amount of any cash sum payable under this Rule in lieu of any amount of pension shall be determined from time to time by the Trustees after consultation with the Actuary and shall be either as certified as reasonable by the Actuary or in accordance with commutation factors acceptable to the Board of Inland Revenue as suitable for the CAA Section.

29.5 A cash sum payable in respect of any person under this Rule other than any which could be payable in respect of such person under Rule 29.2 above shall be reduced by the amount of tax (if any) for which the Trustees are liable in respect thereof.

30.

OPTIONAL SPOUSE'S OR DEPENDANT'S PENSION

30.1 Subject to the following provisions of this Rule, a Member of the CAA Section may elect not less than 28 days before the date when any pension becomes payable to him from the CAA Section to surrender the whole or a proportion of his pension from the CAA Section which exceeds the Guaranteed Minimum Pension in respect of him in order to provide a non-commutable and non-assignable pension payable after his death which in the opinion of the Trustees on the advice of the Actuary is equal in value to the pension so surrendered.

30.2 Exercise of this option shall be by notice given in writing to the Trustees and shall be in respect of the person to whom the Member is married at the date on which the notice is given or in accordance with Rule 30.6. In the event of:

- (a) the Member or the said person dying before Normal Pension Date and before the commencement of the Member's pension under these Rules; or
- (b) the said person dying at or after Normal Pension Date while the Member's pension is postponed in accordance with these Rules; or
- (c) the commutation of the whole of the Member's pension for a cash sum,

the exercise of the option shall be cancelled.

In the event, where applicable, of the marriage of the Member and the said person being terminated by divorce or annulment, or the Member and the said person being judicially separated, before the commencement of his pension under these Rules the exercise of the option shall be cancelled if the Member requests the Trustees by notice in writing to that effect.

30.3 Except as above mentioned, the exercise of the option may not be cancelled except with the special consent of the Trustees and then only before commencement of the Member's pension. If an exercise of the option is cancelled, the benefits will be as if the Member had not exercised the option. If after the Member has commenced to receive a pension from the CAA Section the person in respect of whom the option has been exercised predeceases the Member or, where applicable, their marriage is terminated by divorce or annulment, or they become judicially separated, the unsurrendered portion of the Member's pension and no more will continue to be paid to the Member.

30.4 The amount of pension surrendered by a Member under this Rule must not be so great that the pension described in Rule 30.1 above would be greater than the pension remaining payable to the Member (before any surrender of part of his pension for a cash sum).

30.5 The pension described in Rule 30.1 above shall, unless the option has been cancelled as described above, be payable to the person in respect of whom the option has been exercised and shall commence to be payable one month after the final instalment of the pension payable from the CAA Section to the Member. Where the said person is the person to whom the Member was married at the date on which the notice was given the pension shall cease with the last instalment falling due before that person's death.

30.6 The option described in Rule 30.1 above may be exercised by a Member of the CAA Section in favour of any one or more of his dependants other than (or in addition to) the person to whom the Member is married at the date on which the notice is given. In such case the terms and conditions of payment relating to the pension for the person or persons in respect of whom such option is exercised shall be as notified by the Trustees to the Member.

31.

CEASING TO BE ELIGIBLE AND VOLUNTARY WITHDRAWAL

Ceasing to be eligible

31.1 A Member of the CAA Section who while remaining in Service ceases to be within the eligibility category described in Rule 21 shall be treated for the purposes of the CAA Section (other than for the purposes of Rule 27) as having left Service.

Voluntary withdrawal

31.2 A Member of the CAA Section may give written notice to the Trustees that he wishes to withdraw from membership of the CAA Section while otherwise remaining eligible. Such notice shall be for a minimum period of one month expiring at the end of a calendar month and the Member shall be treated for the purposes of the CAA Section (other than for the purposes of Rule 27) as having left Service at the date of expiry of the notice.

Notwithstanding the provisions of Rule 21, such a Member shall not be readmitted to membership of the CAA Section except with the permission of the Trustees and on such basis as the Trustees shall determine and provided that the continued approval of the Scheme under Chapter I of Part XIV of the Taxes Act is not prejudiced by this.

32.

MEMBERS WHO CEASE TO BE IN SERVICE

Refund of contributions

32.1 A Member who ceases to be a Current Member of the CAA Section before Normal Pension Date and who at the date of such cessation is not a Qualifying Leaver shall be entitled to elect in lieu of any other benefits from the CAA Section a refund of any contributions paid by him to the CAA Section (and under the Previous Scheme Provisions) (other than any voluntary contributions) and his Transferred Contributions (if any), with the addition of 3% per annum compound interest thereon up to the date of payment of the refund. Such refund shall be subject to any deduction in accordance with Rule 43.

If such Member has been in Contracted-out Membership the Trustees will pay a Contribution Equivalent Premium in respect of him and the liability of the Trustees to provide a Guaranteed Minimum Pension or Spouse's Guaranteed Minimum Pension in respect of the Member shall thereupon be extinguished. For such a Member the amount of refund described in the previous paragraph shall be reduced by a proportion of the Contributions Equivalent Premium being the amount recoverable under section 61 of the Pension Schemes Act 1993⁽⁵¹⁾.

If a Member to whom this Rule applies has paid voluntary contributions to the CAA Section the amount payable under the first paragraph of this Rule will, if previously arranged with the Trustees, be increased by an amount determined by the Trustees in accordance with the basis so arranged.

A Member to whom the first paragraph of this Rule applies may, in lieu of receiving a refund as described above, elect that amount payable under that paragraph be transferred to an insurance policy or to a different retirement benefits scheme in accordance with the provisions of Rule 33 or Rule 34 respectively and such amount shall be the Member's Cash Value for the purposes of those Rules.

Deferred pension

32.2 A Member who ceases to be a Current Member of the CAA Section before Normal Pension Date and who is a Qualifying Leaver at the date of such cessation shall, except as provided in Rule 32.4, be entitled to a pension commencing from Normal Pension Date calculated in accordance with Rule 24.2 together with any benefit secured by voluntary contributions made by him to the CAA Section and any interest or other return accruing thereto.

32.3 Any pension to which a Member of the CAA Section is entitled under this Rule shall, except where stated otherwise, be subject to the same terms conditions and options as would apply to the pension or pensions which would be payable to or in respect of him from the CAA Section if he were a Current Member until his Normal Pension Date.

Option for buy-out or transfer

32.4 Except as provided below in this Rules, a Member to whom Rule 32.2 applies shall have the option to arrange for the whole or a part of his entitlement under the CAA Section to be transferred to an insurance policy or to a different retirement benefits scheme in accordance with Rule 33 or Rule 34 respectively or to one or more insurance policies and/or retirement benefits schemes as the Member requires. Such option may be elected at any time before any benefits become payable in respect of him from the CAA Section and prior to the later of:

- (i) the commencement of the year which ends on the day before Normal Pension Date;
- and

⁽⁵¹⁾ Section 61 was amended by the Pensions Act 1995 (c. 26), section 151 and Schedule 5, paragraphs 18 and 55.

- (ii) the date which occurs twelve months after the cessation of the Member's Service (or such later date as shall be agreed by the Member with the Trustees).

Restriction on option

32.5 In respect of a Member of the CAA Section who has withdrawn from membership of the CAA Section in accordance with Rule 31.2 and remains in the employ of any of the Employers the option available under Rule 32.4 shall, if the Trustees in their absolute discretion so decide, be available in respect of only a part of the Member's entitlement under the CAA Section. Such part shall be calculated by the Trustees as not less than the proportion which the Member's Service in the CAA Section after 5 April 1988 bears to his total actual Service.

Separate periods of Pensionable Service

- (a) (a) If a Member of the CAA Section is entitled to benefit from the CAA Section in respect of separate periods of Pensionable Service, then for the purpose of determining the amount of his entitlement to such benefit each such period shall except insofar as the provisions of Appendix 4 are concerned, and except as described paragraph (b) below, be treated separately as though it were his only period of Pensionable Service, provided always that:
 - (i) in a case where the earlier of any two periods of Pensionable Service was one during which the Member was for the purposes of the Pension Schemes Act 1993 in contracted-out employment by reference to the CAA Section and which has under the provisions of that Act not been treated as terminated, the foregoing shall not apply and the two periods of Pensionable Service shall for the purposes of calculating the total benefits in respect of the Member under the CAA Section be treated as continuous; and
 - (ii) in respect of a Class A Member who is Controlling Director who has a period of Service with more than one Employer, any period of his Service with an Employer which is associated with another Employer by virtue of a permanent community of interest rather than because one Employer is controlled by the other or both are controlled by a third party (control for this purpose having the meaning in section 840 of the Taxes Act⁽⁵²⁾ or, in the case of a close company, section 416 of that Act) shall be treated separately from any other period of the Member's Service for the purposes of Appendix 4.
- (b) Notwithstanding paragraph (a) above, a Member of the CAA Section who on ceasing to be in the employment of any of the Employers retained an entitlement to benefit under the CAA Section and who recommences Pensionable Service under the CAA Section within one year (or such longer period as the Trustees may in their discretion allow) may, provided that Rule 33 or 34 has not been applied in respect of him and that he is not in receipt of a pension from the CAA Section, elect by notice in writing to the Trustees that such earlier and later periods of Pensionable Service shall be deemed to be one continuous period of Pensionable Service subject to the following conditions:
 - (i) any amounts included within the earlier period by virtue of sub-paragraphs (a) and (c) of the definition of Pensionable Service (or the corresponding terms of the Previous Scheme Provisions) shall be excluded;
 - (ii) the Member shall complete such forms of discharge of liability in respect of any entitlement to benefit relating to such earlier period of Pensionable Service as the Trustee shall require;

(52) 1988 c. 1.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- (iii) the Member shall pay to the Trustees a sum equal to any amount paid to him from the CAA Section in respect of his earlier period of Pensionable Service and any amounts of tax for which the Trustees became liable as a result of such payment together with compound interest on such amount at 3% per annum (but excluding any amount relating to periods of Pensionable Service excluded in accordance with condition (i) above).

33.

PROVISION OF BENEFITS UNDER APPROVED POLICIES

33.1 Subject as hereinafter provided, upon receipt, before any benefits become payable in respect of him under the CAA Section and prior to the commencement of the year which ends on the day before Normal Pension Date (or such later date as shall be agreed by the Member with the Trustees), of the written request of a Member to whom Rule 32.2 or the final sentence of Rule 32.1 applies, the Trustees shall make arrangements to apply such Member's Cash Value to the purchase of appropriate benefits under an Approved Policy issued to the Member by an Authorised Insurance Company chosen by the Member.

33.2 In their application of this Rule 33 the Trustees shall have regard to the provisions of the Pension Schemes Act 1993(53).

33.3 The Trustees may at their discretion make arrangements as described above other than at the request of the Member but not without his consent and may choose an Authorised Insurance Company for the purposes of Rule 33.1 above if the Member fails to do so.

33.4 Prior to the completion of arrangements made in accordance with this Rule the Member shall complete such forms (if any) as the Trustees shall request and upon payment from the CAA Section of the Member's Cash Value the Member and any other person or persons to whom any benefit would have been payable in consequence of the Member's membership of the CAA Section shall cease to have any claim on the CAA Section in respect of the amount so paid and in respect of the benefit (determined by the Actuary) to which such amount relates.

34.

TRANSFERS FROM THE CAA SECTION

34.1 Subject to Rule 34.2 and to any undertaking given to the Board of Inland Revenue for the purposes of this Rule, if any Member to whom Rule 32.2 or the final sentence of Rule 32.1 applies become or is to become a member of any other retirement benefits arrangement approved or approvable under the Taxes Act, or becomes or is to become a member of another Section of the Scheme, then, in substitution for and in satisfaction of the whole or a specified part of the benefits which would otherwise arise under the CAA Section in consequence of his membership of it, the Trustees shall at the written request of the Member or with his consent pay such Member's Cash Value (or the equivalent in assurance contracts or policies or other assets forming part of the Section Assets) in respect thereof or such greater amount as the Trustees shall determine to such other retirement benefits arrangement or Section provided that the trustees of or persons administering such other retirement benefits arrangement are willing to accept such payment. Any payment made under this Rules shall be made upon the basis that the Member shall be entitled under such other arrangement or Section to such benefits (consistent with the existing formal approval of that retirement benefits arrangement or Section, as appropriate, by the Board of Inland Revenue) in respect of such payment as the Trustees may in their discretion arrange with the trustees of or

(53) 1993 c. 48.

persons administering the other retirement benefits arrangement, provided that such benefits shall be such as to satisfy the provisions of the Pension Schemes Act 1993.

34.2 Any payment made under this Rule shall be subject to the following conditions:

- (a) where making a transfer to another retirement benefits scheme (as opposed to another Section), before making such a payment the Trustees shall ascertain from the trustees of or persons administering such other retirement benefits arrangement under which section of which Act such retirement benefits arrangement is approved or capable of approval by the Board of Inland Revenue;
- (b) no payment relating to less than the whole of the benefits in respect of the Member under the CAA Section shall be made from the CAA Section without the consent of the Board of Inland Revenue unless the benefits which are to remain payable in respect of him under the CAA Section are Acceptable Residual Benefits;
- (c) no such payment shall be made unless the Trustees are satisfied that such part, but only such part, of the value thereof as is derived from contributions (if any) of the Member to the CAA Section (and under the Previous Scheme Provisions) will be treated in such other retirement benefits arrangement or Section as member's contributions and the Trustees shall certify to the trustees of or persons administering such other arrangement the amount to be so treated;
- (d) a payment under this Rule relating to a Member's Guaranteed Minimum Pension shall be made only if:
 - (i) the other retirement benefits arrangement or Section is a contracted-out occupational pension scheme, an appropriate Personal Pension Scheme as described in Chapter I of Part III of the Pension Schemes Act 1993, or any other scheme approved for the purpose by the National Insurance Contributions Office of the Inland Revenue; and
 - (ii) where the payment is made to an occupational pension scheme, the Member has entered employment with an employer which is or, in the case of a Section 53(54) Scheme, was contributing to such scheme;
- (e) when making a payment under this Rule to an approved Personal Pension Scheme the Administrator shall provide a certificate of the maximum lump sum payable on retirement in respect of such payment if the Member:
 - (i) was aged 45 or more at the time that the payment was made, or
 - (ii) has at any time within the 10 years preceding the date on which the right to the payment being made arose been in respect of any employment to which the payment or any part of it relates, either
 - (a) a Controlling Director, or
 - (b) in receipt of annual remuneration in excess of an amount equal to the Permitted Maximum for the year of assessment in which the date of payment falls; or
 - (iii) is entitled to benefits included in the payment which arise from a retirement benefits scheme under which the normal retirement age is 45 or less.

34.3 At the written request of a Member to whom Rule 32.2 or the final sentence of Rule 32.1 apply the Trustees shall make a payment of the Member's Cash Value to a pension arrangement (other than one approved or approvable under the Taxes Act) of any type and on any terms regarded by the Board of Inland Revenue and where applicable by the Department of Social Security as being appropriate for the purposes of this Rule.

(54) 1993 c. 48; section 53 was amended by the Pensions Act 1995 (c. 26), sections 151 and 177 and Schedule 5, paragraphs 18 and 48 and the Social Security Contributions (Transfer of Functions, etc) Act 1999 (c. 2), section 1(1) and Schedule 1, paragraphs 52 and 53.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

34.4 Upon a payment being made under this Rule the Member and any other person or persons to whom any benefit would have been payable in consequence of the Member's membership of the CAA Section shall cease to have any claim on the CAA Section to the extent that such benefit has been substituted and satisfied by such payment.

35.

TRANSFERS TO THE CAA SECTION

35.1 Subject to Rule 35.2 below and to any undertaking given to the Board of Inland Revenue for the purposes of this Rule if any Member or if any group of Members of the CAA Section is entitled to benefit under any other retirement benefits arrangement or another Section of the Scheme then, in accordance with the provisions of the other arrangement or Section or at the written request of any Member, the Trustees may:

- (a) accept from the other arrangement or Section any cash sum that the trustees thereof or persons having the necessary powers thereunder may be authorised to pay to them in substitution for the benefit for or in respect of the Member thereunder or for a part of such benefits, and/or
- (b) accept from the other arrangement or Section an assignment or transfer to the Trustees of such annuity or assurance contracts or policies on the life of the Member or such other assets or investments which the Trustees are empowered to acquire or retain in accordance with the provisions of the CAA Section as may be included within such other arrangement, and/or
- (c) accept a new annuity or assurance contract or policy or an amendment of an existing annuity or assurance contract or policy which will secure, among other things, benefits on the life of the Member.

35.2 Before accepting any payment or transfer to the CAA Section or any annuity or assurance contract or policy or any amendment or assignment thereof and before conferring any right or benefit under the CAA Section under this Rule the Trustees shall satisfy themselves that such acceptance or conferment will not prejudice the approval of the Scheme under the Taxes Act.

35.3 Upon such acceptance as aforesaid the Trustees shall, subject to Rules 35.4, 35.5 and 35.6 of this Rule and Appendix 5, confer on the Member such rights and benefits under the CAA Section as they shall determine on the advice of the Actuary having regard to the nature and value of the assets so received and shall notify the Member accordingly; provided always that:

- (a) the benefits arising on retirement from a payment or transfer shall not be capable of commutation nor shall they be paid in lump sum form if the payment or transfer is accompanied by a certificate from the administrator of the other arrangement or Section to the effect that the payment or transfer is not to be used to provide benefits in lump sum form; and
- (b) for Continued Rights Members pension benefits on retirement arising from a payment or transfer (other than from another scheme of the Employer or any company firm or individual which is or may become associated in business with the Sponsoring Section Employer) may be commuted only if and to the extent that a certificate has been obtained from the administrator of the other arrangement showing the maximum lump sum payable from the payment or transfer. The amount so certified may be increased in proportion to any increase in the Index since the date the payment or transfer was received; and
- (c) where the payment or transfer is in respect of a Former Civil Servant and is from one of the Civil Service Schemes the benefit conferred on the Member shall be a number of additional years of Pensionable Service equal to the number of years prior to the date on

which he became a Member which were regarded as reckonable service for superannuation purposes under such scheme in respect of him,

except that provisos (a) and (b) above shall not apply where the Trustees have conferred an additional period of Pensionable Service in the CAA Section on the Member in respect of the payment or transfer.

35.4 Such part, but only such part, of the assets so received as is derived from the contributions (if any) made by the Member under the other arrangement or Section (as certified by the trustees thereof or other person or persons administering the other arrangement) shall be treated in the CAA Section as Member's contributions and such part thereof as is derived from voluntary contributions of the Member (certified as aforesaid) shall, at the option of the Member and if agreed between the Member and the Trustees, be treated in the CAA Section as Member's voluntary contributions.

35.5 The Trustees shall not assume liability in respect of a Member of the CAA Section for

- (a) an Equivalent Pension Benefit (as defined in the National Insurance Act 1965)(55); or
- (b) a Guaranteed Minimum Pension; or
- (c) Protected Rights

Upon assuming such liability they shall impose such restrictions on the options available to the Member as shall be necessary to comply with the requirements of the National Insurance Act 1965 or the Pension Schemes Act 1993 as appropriate.

35.6 In the event of the Member leaving Service in the CAA Section before Normal Pension Date for any reason except death he shall be entitled to the full amount of the benefit conferred upon him by the Trustees as aforesaid unless the Member in accordance with the Rules is to receive a return of his own contributions in lieu of other benefit. In that event the return of any of the contributions which are referred to in Rule 35.4 above shall be in lieu of the whole of the benefits conferred upon the Member by the Trustees as aforesaid.

For the purposes of this Rule in relation to the calculation of benefit hereunder the Trustees shall treat as conclusive any statement made by the Employers in writing that a Member is or was in receipt of full pay or half pay for any period or part of a period of absence.

If the Member's contributions to the CAA Section are continued in whole or in part during any such period as aforesaid, the whole of such period shall be included in the Member's Pensionable Service, provided always that no such period shall be included in Pensionable Service which would conflict with the requirements of the Board of Inland Revenue.

36.4 A person who is deemed to remain a Current Member of the CAA Section in accordance with this Rule 36 (other than a person to whom Rule 36.3 applies) may, with the consent of the Trustees suspend his contributions (if any) to the CAA Section or may continue to pay contributions on any basis agreed with the Trustees and acceptable to the Board of Inland Revenue, provided that in respect of any period of Paid Maternity Absence a Member shall not be required to pay contributions calculated with reference to remuneration in excess of the amount of contractual remuneration or statutory maternity pay actually paid to or for her in respect of that period.

If no contributions are paid by such Member to the CAA Section during any period throughout which he is deemed to be a Current Member in accordance with this Rule 36 the Trustees shall exclude such period from the Member's Pensionable Service except as provided below.

If the Member's contributions to the CAA Section are continued in whole or in part during any such period as aforesaid the whole or, respectively, an appropriate proportion of such period (determined by the Trustees) shall be included in the Member's Pensionable Service, provided always that no such period shall be included in Pensionable Service which would conflict with the requirements of the Board of Inland Revenue.

Continuation of death benefits

36.7 Death benefits under the CAA Section shall continue in force in respect of Members who are deemed to be Current Members of the CAA Section in accordance with this Rule 36.

Adjustment of remuneration

36.8 If the remuneration of a Member of the CAA Section to whom this Rule 36 has been applied is reduced or suspended during any period of absence, the amount of any benefit which is to be calculated in respect of the Member by reference to such remuneration shall, except as provided in Rule 36.5(a), be calculated during any period of absence for six months or less, or absence for sick leave, having regard to the remuneration which the Trustees in their discretion determine that the Member would have received had he been in active employment on full pay, and during any period of absence in excess of six months, other than absence for sick leave, shall be such other amount or rate of remuneration which the Employer, with the consent of the Trustees, considers to be appropriate.

In exercising this discretion the Trustees may have regard to but shall not be bound by any wishes notified to the Trustees by the Member. The Trustees may in exercise of their discretion under this Rule pay such lump sum or any part thereof to trustees to hold upon such trusts and subject to such powers and provisions as the Trustees may direct and in this connection the Trustees shall have power to declare trusts and appoint separate trustees thereof and provide for their remuneration.

37.2 If at the end of the period of two years after the Member's death the Trustees shall not have made the said payment or shall have made payment of only part of the benefit aforesaid the Trustees shall pay the whole or the balance (as the case may be) of such benefit to the Member's personal

37.3 In the case of a Member of the CAA Section who has died while in Service and who at the date of his death was a Controlling Director who had reached his 75th birthday, Rule 37.1 shall not apply and the said benefit shall instead be paid to his Spouse (if any), or if he leaves no Spouse then to his personal representatives.

Payment of pensions

38.1 Pensions from the CAA Section shall be payable by monthly instalments in advance, the first payment being due on the day on which the pension becomes payable.

38.2 Subject always to Rule 39, the amount of each instalment of pension hereunder shall be 1/12th of the annual amount, provided that the annual amount of any pension payable from the CAA Section shall where it is not a multiple of 12 pence be rounded up to the next multiple of 12 pence above.

 - (i) the total benefits in respect of him shall not be less than the Trustees after consultation with the Actuary consider to be actuarially equivalent; and

- (b) The provisions of paragraph (a) above may at the request of a Member be applied to increase the amount of the Member's pension in course of payment from the CAA Section prior to State Pensionable Age so that such pension immediately prior to that age shall, as far as may be practicable, be equal to the aggregate immediately after that age of the Member's pension from the CAA Section and the State pension payable to the Member. For this purpose the State pension payable to the Member shall be taken to be the full rate of basic State pension payable to a single person as at the date of commencement of the Member's pension from the CAA Section.

- (d) if there is a percentage decrease in the cost of living as shown in the Index references in this Rule 39 to increases and increasing a Member’s pension shall be taken to be references to decreases and decreasing a Member’s pension but such decreases shall be such as the Trustees with the consent of the Employers may determine and shall not apply:
 - (i) to pensions of a Member who became entitled to a deferred pension hereunder upon ceasing after 1 January 1985 to be a Current Member more than 365 days before Normal Pension Date; or
 - (ii) so as to reduce a Member’s pension from the CAA Section below the level of such pension at the date of its commencement,

and provided further that paragraphs (a) and (b) above shall not apply if the person to whom such pension is payable is not in receipt of the increases paid by the State in respect of the notional state pension to which the Guaranteed Minimum Pension or Spouse’s Guaranteed Minimum Pension corresponds.

Increases in accordance with this Rule 39 shall be not less in amount than are required to satisfy sections 51 to 54 of the Pensions Act 1995⁽⁵⁹⁾ and shall satisfy any other requirements of that Act

41.3 Where a benefit payable under the CAA Section to any person has been forfeited by operation of Rule 41.2, the Trustees shall have power at their discretion to hold, pay or apply such benefit for the support and maintenance of that person or his Spouse or children or other Dependants or any of them, provided always that payment shall not be made to any person purporting to be an assignee or chargee of such benefit.

42. Notwithstanding anything contained to the contrary in the Trust Deed or the CAA Rules, where payment of any benefit from the CAA Section is to be made to a Minor or to a person who is in the opinion of a Medical Adviser suffering from any mental disorder or physical or other incapacity rendering him unable to manage his affairs or to give a proper receipt for the whole or any part of the benefit the Trustees may in their discretion determine that such pension or other benefit shall be paid to and applied for the benefit of the Minor or for the maintenance of that person by such person or persons body corporate or institution as seem to the Trustees to be best for the benefit of such Minor or other person and the receipt of that person or persons body corporate or institution so paid shall be a complete discharge for such pension or other benefit and the Trustees shall be under no liability to see to the application thereof.

In particular, if any liability to Inheritance Tax (including interest on such tax) arises in respect of any benefit falling to be paid to any person whomsoever under the CAA Section, the Trustees may either discharge that liability and deduct the amount so paid from the benefit or may postpone payment of the benefit until the liability has been discharged or provided for to their satisfaction.

44.

CESSATION OF EMPLOYERS' CONTRIBUTIONS

44. Any Employer may at any time without the agreement of the Members but subject to the consent of the Sponsoring Section Employer (in the case of an Employer other than the Sponsoring Section Employer) terminate its liability to contribute to the CAA Section by giving six months' notice in writing to the Trustees (or, in the case of an Employer other than the Sponsoring Section Employer, such shorter period of notice as the Trustees shall be willing to accept). Upon receipt of such notice the Trustees shall notify or arrange for the notification of the Members employed by that Employer individually in writing to that effect. 46.

SET OFF

46. If a Member is discharged from Service in the CAA Section on account of his fraud or dishonesty or wilful damage to the property of the Employers or resigns from Service to avoid such discharge the Trustees shall be entitled if they think fit to set off against any money due to him under the CAA Section (other than benefits arising from a transfer into the CAA Section and other than the Member's Guaranteed Minimum Pension) such amounts as the Employers claim to be entitled to recover from the Member arising out of such fraud dishonesty or wilful damage as the case may be or such part of them as they think fit, provided that

- (a) subject to the terms of any agreement in writing between the Employers and the Member, the amount set off must not be greater than the actuarial value of the Member's actual or prospective benefits at the time of the reduction nor greater than the sum of the amounts claimed and the Member shall remain entitled to the balance of any benefits provided for and in respect of him (if any); and
- (b) the Trustees shall give the Member a certificate showing the amount set off and its effect on his benefits or prospective benefits under the CAA Section and shall send a copy of the certificate to the Employers; and

- (d) in a case to which paragraph (c) applies, if within 12 months of the Member's discharge or resignation or such longer period as the Trustees may reasonably allow the Employers have not produced an order of a competent court or an award of an arbitrator under which the amount set off or some part of it is enforceable the Member's benefits shall be paid free of any set off under this Rule; and
- (e) this Rule 46 may, subject always to any regulations made under section 91 of the Pensions Act 1995, also be applied (with any necessary alterations in point of detail) in relation to any sums owed to the CAA Section arising out of any fraudulent dishonest or criminal act of a Member.

47.

CONDITIONS APPLICABLE TO TEST PILOTS

47. Subject always to Appendices 4 and 5, the following modifications to these CAA Rules shall apply in relation to a Test Pilot and membership of and benefits from the CAA Section while in Pensionable Service as a Test Pilot.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- (a) Rule 21.1 is modified so that Test Pilots are eligible to join the CAA Section only if they are aged not less than 25 years but are aged less than 50 years.
- (b) Normal Pension Date in relation to a Member's Pensionable Service as a Test Pilot shall be the 55th anniversary of his birth.
- (c)
 - (i) The Pensionable Service of a Member who is a Test Pilot immediately before Normal Pension Date and who ceases to be a Current Member of the CAA Section at Normal Pension Date shall include an additional period of five years.
 - (ii) The Pensionable Service of a Test Pilot who ceases to be a Current Member of the CAA Section before his Normal Pension Date shall include an additional period equal to such proportion of five years as his Service as a Test Pilot bears to the total Service he could have completed as a Test Pilot if he had remained a Current Member as a Test Pilot until his Normal Pension Date.
 - (iii) The Pensionable Service of a Test Pilot who ceases to be a Test Pilot before Normal Pension Date while remaining a Current Member shall include an additional amount calculated, with the necessary changes in point of detail, as described in paragraph (ii) above.
 - (iv) Any of a Member's Pensionable Service as a Test Pilot shall for the purposes of the CAA Section be treated separately from any pensionable Service of that Member other than as a Test Pilot and references in this Rule to a Test Pilot's Pensionable Service shall, except where otherwise required by the context and notwithstanding proviso (i) to Rule 32.6(a), be taken to refer solely to Pensionable Service while in Service as a Test Pilot (with the appropriate addition as described above).

For the avoidance of doubt it is stated that in the case of a Member who ceased to be a Test Pilot while remaining in Service the benefits from the CAA Section in respect of his Pensionable Service as a Test Pilot shall be calculated as if he had left Service (or, if his pension in respect of that Pensionable Service has commenced to be payable, as if he had retired) notwithstanding that the Member remains a Current Member in respect of Pensionable Service after he ceased to be a Test Pilot.

- (d) Rule 27 shall be modified so that any pension from the CAA Section relating to the Pensionable Service of a Test Pilot shall commence to be paid no later than his Normal Pension Date under paragraph (b) above.

48.

ADJUSTMENT FOR FAMILY BENEFIT CONTRIBUTIONS

48.1 The amount of any lump sum death benefit payable from the CAA Section in respect of a Member of the CAA Section and, subject always to Appendix 5, the amount of any pension payable from the CAA Section to a Member, shall be reduced by the amount of or if appropriate the pension equivalent of any Family Benefit Contributions in respect of the Member which in the opinion of the Trustees with the advice of the Actuary had not been paid prior to the date of death of the Member or, as appropriate, the date of commencement of his pension from the CAA Section.

- (a) (a) Upon the cessation of Service of a Member to whom this Rule 48.2 applies as described in paragraph (b) below there shall at the discretion of the Trustees be payable subject to any deduction in accordance with Rule 43 and subject where required by the Trustees to the Member's agreement to such terms and conditions, including paragraph (c) below, as the Trustees shall require but otherwise upon the request of a Member an amount equal to such proportion of his Family Benefit Contributions (together with three per cent per annum compound interest thereon) as the Trustees with the advice of the Actuary shall consider to be appropriate. In the case of a Member whose cessation of Service was caused by his death such amount shall be payable in accordance with Rule 37.

Alternatively and in lieu of such amount, if the Member so requests and the Trustees agree, there may be payable an additional amount of pension determined by the Trustees on the advice of the Actuary as the equivalent of the said amount, subject always to Appendix 4.

- (b) This Rule 48.2 applies to a Member of the CAA Section (other than a Member who would have been excluded from this benefit if the Previous Scheme Provisions had continued to apply) who:
 - (i) has not been married at any time during his Pensionable Service and has never during such Pensionable Service had a Dependant eligible for benefit under Rule 26.9; or
 - (ii) has been married at any time during his Pensionable Service but whose last or only marriage has been terminated by death of the Spouse or by divorce annulment or other dissolution and who during such Pensionable Service has never had a Dependant eligible for benefit under Rule 26.9; or

- (c) Except where the Trustees agree otherwise, a Member of the CAA Section who is to receive a refund or an additional amount of pension in accordance with paragraph (a) above shall give an undertaking that he will inform the Trustees if he subsequently marries and that he will then repay to the Trustees the amount so received (or in the case of an additional pension, the total of the instalments thereof so received) together with compound interest thereon as determined by the Trustees with the advice of the Actuary.

In consideration of such repayment the CAA Section shall accept a liability to provide a pension for the Member's Spouse and/or Qualifying Children and/or Dependants as shall be notified by the Trustees to the Member.

49.

OVERPAYMENT OF BENEFITS

49. In the event of any overpayment of benefits under the CAA Section the Trustees may deduct the amount overpaid from any benefits subsequently due to any person in respect of the same membership but without prejudice to such rights as the Trustees may have to recover the overpayment in another manner.

9.1 If the Sponsoring Section Employer so requests, the Trustees may instruct the Actuary to prepare an actuarial valuation report (an Interim Section Assessment) of the NATS Section as at any date or dates other than as required for the preparation of the Scheme valuation under Clause 12. If so instructed by the Trustees, the Actuary shall consult with the Sponsoring Section Employer and the Trustees as appropriate, including as to the basis, methodology and assumptions to be used in preparing an Interim Section Assessment. Clause 12 shall not apply to an Interim Section Assessment.

9.2 The Trustees shall make any such Interim Section Assessment available to the Sponsoring Section Employer and any other Employers in the NATS Section within seven days of receiving it, and shall also make it available to any other persons or bodies entitled to receive it in the circumstances and in the manner specified in the Disclosure Regulations.

9.3 The costs associated with the preparation of such Interim Section Assessment shall be born by the Sponsoring Section Employer which requests the Interim Section Assessment, or between the Employers in the relevant Section in the proportions determined by the Sponsoring Section Employer of that Section.

10.

TREATMENT OF DEFICIENCY AND SURPLUS

10.1 If any actuarial investigation under Clause 12 reveals the existence of a deficiency in the NATS Section, the Employers shall make to the NATS Section for the account of the NATS Section an annual deficiency contribution of such an amount as shall be certified by the Actuary to be required to make good the deficiency over such period determined by the Sponsoring Section Employer, but being a period not greater than that required in accordance with Part I of the Pensions Act 1995⁽⁶⁹⁾ which are relevant to the amount and circumstances of the deficit.

- (a) (a) Subject as provided in paragraph (c) below, if any actuarial investigation under Clause 12 reveals the existence of a disposable surplus in the NATS Section on a basis prescribed for the purposes of sections 602 and 603 of and Schedule 22 to the Taxes Act⁽⁷⁰⁾, the Trustees shall arrange for the reduction or elimination of the surplus in a way or ways prescribed in that Act for the purpose of such provisions and selected by the Sponsoring Section Employer.
- (b) Subject as provided in paragraph (c) below, after making the arrangements described in (a) above (or where the provisions of (a) above do not apply), if any actuarial investigation under Clause 12 reveals a disposable surplus on a basis other than as described in (a) above, the Sponsoring Section Employer may make arrangements for the reduction or elimination of the surplus in one or more of the following ways which are recommended by the Actuary and acceptable to the Board of Inland Revenue for the purposes of this Rule:

⁽⁶⁹⁾ 1995 c. 26.

⁽⁷⁰⁾ 1988 c. 1; Schedule 22 was amended by the Taxation of Chargeable Gains Act 1992 (c. 12), section 290(1) and Schedule 10, paragraph 14(1) and (60).

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- (i) arrangements to provide that the amount or the outstanding term of any existing annual deficiency contribution to the NATS Section be reduced to such extent that the reduction in the capital value at the valuation date of the outstanding payments of the deficiency contribution does not exceed but may be less than the amount of the disposable NATS Section surplus; and
 - (ii) arrangements to provide for a reduction in the contributions of Members or any of them and an augmentation of any of the benefits provided by the NATS Section or for either such reduction or such augmentation.
- (c) This Rule 10.2 shall be operated in such a way as to comply with the relevant provisions of Part I of the Pensions Act 1995.

10.3 The disposable surplus or any balance which remains after carrying out such (if any) arrangements as have been made under paragraphs (a) or (b) of Rule 10.2 shall be retained in the NATS Section and the contributions of the Employers to the NATS Section may, subject always to the relevant provisions of Part I of the Pensions Act 1995, be reduced to the extent certified by the Actuary to be required to dispose of such surplus, or the said balance or such part of it as the Sponsoring Section Employer may decide by annual sums over a period not exceeding forty years from the date of valuation.

10.4 The Trustees shall also operate this Rule 10 if required to do so in order to satisfy the provisions of Schedule 22 to the Taxes Act.

11.

SCHEDULE OF CONTRIBUTIONS AND PAYMENT OF EXPENSES

11.1 The Actuary shall certify the sum or sums (inclusive of any ordinary contributions of Members) required from time to time to enable the Trustees to maintain the NATS Section and provide the Intended Benefits under the NATS Section. The Trustees shall arrange for written notice to be given to the Employers in the NATS Section specifying the proportions of such sum or sums certified to be applicable to their respective employees and the instalments (if any) by which the Trustees require the same to be paid.

11.2 The Trustees shall maintain a schedule of contributions in accordance with section 58 of the Pensions Act 1995 showing the rates of contributions payable to the NATS Section and the dates on or before which such contributions are to be paid. The information shown on the schedule of contributions shall have been previously agreed between the Trustees and the Employers and shall be made available to those persons or bodies entitled to receive it in the circumstances and in the manner specified in the Disclosure Regulations.

11.3 Each Employer shall pay the amounts required under Rule 11.1 and Rule 11.2 above on or before the date or dates set out in the schedule of contributions referred to above and shall, unless otherwise agreed with any of the Members, forward any voluntary contributions of the Members who are their respective employees and any additional amounts which the Actuary shall determine to be necessary, to make provision for any augmented or additional benefits granted in accordance with the provisions of Rule 12.

11.4 Each Employer may also, subject to the consent of the Trustees and the Sponsoring Section Employer, pay to the Trustees to form part of the Section Assets at any time such additional sum or sums as such Employer shall at its discretion decide, provided always that this would not prejudice the continued approval of the Scheme as an exempt approved scheme for the purposes of Part I of Chapter XIV of the Taxes Act.

11.5 The Trustees shall pay all costs charges and expenses incurred in connection with the establishment, administration and management of the NATS Section out of the Section Assets unless

the Sponsoring Section Employer determines that these should be paid by the Employers, in which event they shall be paid by the Employers in such proportions as the Trustees shall on the advice of the Actuary determine. Costs, charges and expenses not attributable solely to the NATS Section shall be dealt with in accordance with Clause 13, provided that any such amounts which consist of professional or other charges (as referred to in Clause 16.1) of the Trustees who are Employers' Trustees shall be paid by the Sponsoring Section Employer to whom they are recognised as being most closely associated.

12.

AUGMENTATION

12. If the Sponsoring Section Employer, or any other Employer with the consent of the Sponsoring Section Employer, requests or if the Trustees with the consent of the Sponsoring Section Employer so determine having regard to any special circumstances and if the Section Assets from time to time in the hands of the Trustees so permit or if arrangements satisfactory to the Trustees have been made for the payment of any additional amounts in accordance with Rule 11 the Trustees shall, subject always to Appendix 4, apply the appropriate part of the Section Assets in one or more of the following ways:

- (a) in augmenting the Intended Benefits or in the provision of benefits in a different form but of equal or greater value than the Intended Benefits payable to or on the death of any Member; and
- (b) in providing pension for a Spouse, Qualifying Child or Dependant of a Member who died in Service or whilst receiving a pension from the NATS Section; and
- (c) in providing a lump sum benefit payable on the death of any Member of the NATS Section who is a former employee of any of the Employers and is not in receipt of a pension from the NATS Section or has not received a cash retirement benefit or a cash sum in lieu of pension under the NATS Section,

provided always that a Member who on leaving Service is a Qualifying Leaver shall, subject to the provisions of the NATS Section, be entitled in addition to any benefits in respect of him under the NATS Rules, to the whole or such proportion of any benefits under (a) or (b) above in respect of him (other than any part thereof payable on death in Service prior to Normal Pension Date) as the Trustees shall after consultation with the Actuary decide, being not less than such proportion as the period from the date such benefit was awarded to the date on which he left Service (but ignoring any part of such period in respect of which a refund of contributions is elected by the Member) bears to the period from the said date such benefit was awarded to the Member's Normal Pension Date.

13.

INVESTMENT OF SECTION ASSETS

13. The Section Strategic Asset Allocation Committee (appointed in accordance with Clause 7) shall from time to time decide the proportion of Section Assets which shall be held in each Pooled Fund or other investment approved by the Trustees.

14.

POWER TO BORROW

14. The provisions relating to the Trustees' powers to borrow monies are set out in Clause 15.7.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

15.

SECTION AMENDMENTS

15.1 This Rule applies where a proposed amendment relates solely to the provisions of the NATS Section (as referred to in Clause 17.1).

15.2 The Sponsoring Section Employer with the consent of the Trustees may at any time by supplemental deed amend the provisions of the NATS Section by modifying, altering, deleting or adding to the provisions of the NATS Section or by substituting new provisions to the exclusion of or in addition to all or any of the provisions for the time being in force:

- (a) in order that the provisions of the trust deeds governing the Scheme shall conform with the requirements of a scheme capable of approval by the Board of Inland Revenue under Chapter I of Part XIV of the Taxes Act or to obtain and maintain a contracting-out certificate under the Pension Schemes Act 1993⁽⁷¹⁾ in respect of the employment of the Members or any class of the Members or in order that the provisions of the said trust deeds shall effectively carry out the intentions of the Interim Deed and shall define and regulate the Scheme in accordance with the terms of any announcement made to Members and those eligible for membership prior to 20 November 1976;
- (b) for any other purpose,

but no amendment shall alter the primary purpose of the Scheme or be such as to contravene the provisions of the Pensions Act 1995 in relation to the modification of schemes, and an amendment for any purpose other than those specified in paragraph (a) above shall not:

- (a) make any monies of the Fund or the NATS Section payable to any Employer except in so far as they are a surplus remaining after the termination of the NATS Section and the dissolution of the Section Assets;
- (b) reduced the accrued or prospective benefits of existing Members in the NATS Section.

15.3 The Trustees shall have the right subject, where required in accordance with section 68 of the Pensions Act 1995⁽⁷²⁾, to the consent of the Sponsoring Section Employer, to modify the NATS Section by resolution for the purposes described in that section. Any such modification shall be subject to the provisions of that section and of any regulations made under it.

15.4 As soon as practicable after agreeing or deciding to amend the provisions of the NATS Section in accordance with to this Rule 15, being amendments to the documents constituting the NATS Section or to information which any person has a right to receive in accordance with the Disclosure Regulations, the Trustees shall arrange for the relevant person or persons to be notified. If such person is a Member the Trustees shall notify or arrange for the notification of each Member affected thereby individually in writing or by exhibiting a notice at the relevant locations of work or employment and make the appropriate amendment taking into account any requirements of the Board of Inland Revenue, the Occupational Pensions Regulatory Authority or the Department of Social Security in respect thereof.

16.

ADMISSION AND REMOVAL OF OTHER EMPLOYERS

16.1 The Sponsoring Section Employer shall have power with the consent of the Trustees to admit to participation in the NATS Section any Subsidiary Company or Associated Company or Non-Associated Company which the Sponsoring Section Employer and the Trustees shall agree (the New Employer) provided that:

⁽⁷¹⁾ 1993 c. 48.

⁽⁷²⁾ Section 68 was amended by the Welfare Reform and Pensions Act 1999 (c. 30), section 84(1) and Schedule 12, Part I, paragraphs 43 and 54.

- (a) as a condition of admission the New Employer shall execute a deed by which it covenants with the Trustees and the Sponsoring Section Employer to comply with and to observe the provisions of the Trust Deed and the NATS Rules insofar as they apply to Employers in the NATS Section other than the Sponsoring Section Employer, and
- (b) the approval of the Scheme as an exempt approved scheme for the purposes of Chapter I or Part XIV of the Taxes Act would not thereby be prejudiced.

16.2 The Sponsoring Section Employer shall have power with the consent of the Trustees to remove from participation in the NATS Section any Employer subject to giving six months' previous notice in writing to the Trustees (or such shorter period of notice as shall be acceptable to the Trustees).

17.

CHANGE OF SPONSORING SECTION EMPLOYER

- (a) (a) If legislation is passed for the reconstruction or reconstitution of the Sponsoring Section Employer or if the Sponsoring Section Employer is absorbed by or amalgamated with a company or another body or if the undertaking of the Sponsoring Section Employer (or the major part of it) is assigned to or vested in a company or other body, the Trustees may make such arrangements or enter into such agreements (not being arrangements or agreements of such a kind as to prejudice the continued approval of the Scheme) as they think fit for the continuance of the NATS Section and for such reconstructed or amalgamated or other company or body to take the place of and become the Sponsoring Section Employer for all purposes of the NATS Section from a date agreed with the Trustees provided that such company or body shall undertake to perform all the obligations of the Sponsoring Section Employer under the Trust Deed and the NATS Rules;
- (b) if the Sponsoring Section Employer gives notice in writing to the Trustees of termination of its liability to contribute to the NATS Section as described in Rule 44 or of termination of its willingness to continue as Sponsoring Section Employer in relation to the NATS Section, the Trustees may, provided that recognition of the Scheme as an exempt approved scheme for the purposes of Part I of Chapter XIV of the Taxes Act is not thereby prejudiced, request one of the other Employers participating in the NATS Section to assume the obligations and duties of the Sponsoring Section Employer and if such other Employer is willing to do so such Employer shall take the place of and become the Sponsoring Section Employer of the NATS Section for all purposes of the Scheme and the NATS Section from a date agreed with the retiring Sponsoring Section Employer and the Trustees,

provided always that no arrangement or agreement made under this Rule 17.1 shall be operated in such a manner that any person to whom a benefit is in course of payment from the NATS Section shall receive lower benefits than if the NATS Section were to be wound up at the expiry of a period of six months from the date such arrangement or agreement takes effect.

17.2 If it appears to the Sponsoring Section Employer that the Trustees will be unable to make arrangements as described in paragraph (a) of Rule 17.1 the Sponsoring Section Employer may, after consultation with the Trustees, request one of the other Employers participating in the NATS Section to assume the obligations and duties of the Sponsoring Section Employer on the basis described in paragraph (b) of Rule 17.1 and subject to the proviso to Rule 17.1.

17.3 If the Sponsoring Section Employer ceases to contribute to the NATS Section and if at the date of such cessation it shall appear to the Trustees, after taking advice from the Actuary, that the NATS Section is insolvent with regard to the benefits of persons then in receipt of pensions from the NATS Section and to the then value of the benefits which have accrued to the Members of the NATS Section at that date, the Sponsoring Section Employer shall pay to the Trustees within a period of

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

seven days an amount calculated by the Actuary as being sufficient to restore the solvency of the NATS Section or of the appropriate part of it.

18.

EVENTS LEADING TO WINDING-UP OF THE NATS SECTION

Triggering events

18.1 Except as provided in Rule 18.2 below, the NATS Section shall be terminated and wound-up in accordance with Rule 19 upon the happening of any of the following events (whichever shall first occur):

- (a) if it shall appear to the Trustees that the NATS Section is insolvent or if the Trustees shall have received advice from the Actuary to that effect and there are no proposals acceptable to the Trustees which in the opinion of the Actuary would restore the solvency of the NATS Section, and the Trustees resolve to terminate the NATS Section;
- (b) if the Sponsoring Section Employer terminates its liability to contribute to the NATS Section by notice to the Trustees as described in Rule 17 and no other Employer participating in the NATS Section assumes the obligations and duties of the Sponsoring Section Employer in relation to the NATS Section as provided for in that Rule within a period of three months (or such longer period as the Trustees shall determine) from the date of such notice;
- (c) if the Sponsoring Section Employer shall at any time fail to pay to the Trustees any sum or sums on or within seven days after the date on which the Trustees shall have required the same to be paid under Rule 11 or shall fail to observe and perform any other of its obligations under the Trust Deed or in the NATS Rules or in any deed or agreement supplemental hereto and (in either case) the Trustees resolve to terminate the NATS Section;
- (d) if legislation is passed whereby the Sponsoring Section Employer shall cease to carry on business and no company, other body or Employer assumes the obligations and duties of the Sponsoring Section Employer in relation to the NATS Section as described in Rule 17 within a period of three months (or such longer period as the Trustees shall determine) from the date of the order or resolution or cessation of business as appropriate;
- (e) if the Occupational Pensions Regulatory Authority, pursuant to section 11 of the Pensions Act 1995(73), directs or authorises the NATS Section to be wound up;

provided always that if any of the above events other than that described in paragraph (c) above occurs and no other Employer assumes the obligations of the Sponsoring Section Employer under the NATS Section, the Trustees shall at their discretion either apply to the Secretary of State for directions and comply with those directions or proceed to the winding-up of the NATS Section in accordance with Rule 19.

Deferment of winding-up

18.2 Upon the occurrence of any of the events described in Rule 18.1 (other than the events described in paragraphs (a) and (e) of that Rule), the Trustees may at their discretion decide to defer giving effect to the winding-up of the NATS Section and may continue to administer the NATS Section on the basis that no further employees shall be admitted to membership of the NATS Section. They may also determine:

(73) 1995 c. 26.

- (a) that there shall be no liability on the Employers participating in the NATS Section or, where appropriate, on the Members to make further contributions to the NATS Section, and
- (b) that no further benefits are to accrue under the NATS Section to or in respect of Members.

The NATS Section shall subsequently be wound up upon the happening of any of the events described in paragraphs (a) and (e) of Rule 18.1 or at any earlier date determined by the Trustee.

19.

WINDING-UP OF THE NATS SECTION

Cessation of death benefits and of further accrual

19.1 Unless the winding-up is deferred in accordance with Rule 18.2, the NATS Section shall be wound up and the trusts of the NATS Section shall be determined upon the happening of any of the events described in Rule 18.1 (whichever shall first occur) and such date shall be the effective date of winding-up of the NATS Section for the purposes of this Deed.

With effect from the effective date of winding-up:

- (a) Pensionable Service in respect of all Members of the NATS Section shall terminate and no pension benefit shall accrue under the NATS Section in respect of Service on and after the effective date of winding-up and in respect of such Service, Current Members shall be treated as Members who have left Service on that date; and
- (b) any death benefit payable under Rule 26 shall be provided on the basis that all Current Members are treated as Members who have left Service on the effective date of winding-up (and for such purpose Rule 26.2(a) shall be disregarded).

Giving effect to winding-up

19.2 If the NATS Section is to be wound up, the Trustees shall arrange for all Members and other persons in receipt of benefit from the NATS Section (and any other persons or bodies who or which are entitled to information in the circumstances and in the manner specified in the Disclosure Regulations) to be notified and shall give effect to the winding-up in the following manner.

- (a) The Trustees shall be entitled to reserve out of the Section Assets of the NATS Section such amount as they consider may be necessary to meet any expenses of the administration and winding-up of the NATS Section which in their opinion may not be recoverable from the Employers, and to meet any tax, duty or other payments for which they may be accountable under the NATS Section.
- (b) The Trustees shall, with the advice of the Actuary, apply the balance of the Section Assets of the NATS Section in securing, so far as the available amount permits, the payment of benefits and refunds of contributions firstly in the order of priority set out in Section A of Rule 19.3 below and secondly, as regards any part of the Section Assets then remaining, in the order of priority set out in Section B of that Rule, in both cases having regard to the requirements of the Board of Inland Revenue as to the maximum benefits which the Scheme may provide and to the provisions of the Pensions Act 1995.

Return to Employers

- (c) Subject as provided in Rule 19.4 below and to the Trustees giving notice to Members as provided in section 76 of the Pensions Act 1995 and complying with any requirements set out in or prescribed pursuant to that section, any part of the Section Assets remaining unexpected after effect has been given to the preceding provisions of this Rule shall be

paid to the Employers in such proportions having regard to any requirements of the Board of Inland Revenue as the Trustees with the advice of the Actuary shall decide, provided that the Trustees shall first deduct and account to the Inland Revenue for any tax liability under Schedule 22 to the Taxes Act⁽⁷⁴⁾.

Transfer of remainder of Section Assets

- (d) As an alternative to applying the Section Assets as described above in this Rule 19.2, the Trustees may, after applying paragraph (a) above and with the advice of the Actuary and at the request of or with the agreement of the Sponsoring Section Employer, transfer the whole of the remainder of the Section Assets to one or more retirement benefits schemes which relate to the same employment or to another employment with the same Employer or the Employer's successor. Any such transfer shall be subject to the conditions set out in paragraphs (a), (c) and (d) in Rule 34.2.

19.3

ORDER OF PRIORITY

Section A—Pensions Act 1995 Priorities

- (a) Pensions and other benefits which in the opinion of the Trustees are derived from the payment of voluntary contributions to the NATS Section by Members.
- (b) Benefits (other than any included in (a) above) required to satisfy section 73 of the Pensions Act 1995⁽⁷⁵⁾ and any other provisions of that Act relating to the application of assets of the NATS Section upon its winding-up, being benefits corresponding to the amounts of the liabilities and the order in which they are to be secured in accordance with the provisions of the Pensions Act 1995.

Section B—Other Priorities

The order of priority in this Section B is as follows, provided that (1) where the balance of assets to be applied as aforesaid is insufficient to secure the whole of the benefits within any of the following numbered sub-paragraphs the benefits within that sub-paragraph shall be secured on a proportionate basis and (2) none of the following sub-paragraphs shall include benefits already included within a higher priority and (3) except as provided below, any pension under this Section B shall include increased and prospective increases to such pensions in accordance with Rule 39:

- (a) Pensions and other benefits for Members, their Spouses, Qualifying Children and Dependants and for any other persons to which entitlement to payment has arisen hereunder prior to the effective date of winding-up of the NATS Section including any associated death benefits.
- (b) Pensions and other benefits which have been postponed beyond Normal Pension Date (such benefits to be payable as at the effective date of winding-up of the NATS Section) including any associated death benefits.
- (c) Guaranteed minimum pensions and accrued rights to guaranteed minimum pensions, benefits excluded from guaranteed minimum pensions by virtue of section 13(6) of the Pension Schemes Act 1993⁽⁷⁶⁾, and Contributions Equivalent Premiums.

⁽⁷⁴⁾ 1988 c. 1; Schedule 22 was amended by the Taxation of Chargeable Gains Act 1972 (c. 12), section 290(1) and Schedule 10, paragraph 14(1) and (60).

⁽⁷⁵⁾ Section 73 was amended by S.I. 1996/3126, regulation 3.

⁽⁷⁶⁾ 1993 c. 48.

- (d) Benefits which have been conferred on Members under the NATS Section in respect of transfers to the NATS Section (other than in respect of transfers from retirement benefits schemes of any of the Employers or from another Section of the Scheme).
- (e) In respect of Members who have not reached Normal Pension Date and have not received any retirement benefits from the NATS Section, the benefits to which those Members are entitled from the NATS Section or, in the case of Current Members, the benefits or refunds of contributions to which they would have been entitled from the NATS Section if they had left Service at the effective date of winding-up of the NATS Section such benefits being non-assignable benefits payable to such Members, their Spouses, Qualifying Children and Dependants.

Purchase of additional benefits

19. If any part of the Section Assets remains after application of the aforesaid provisions of this Rule 19, then before making any payment to the Employers as described in paragraph (c) of Rule 19.2, the Trustees after consultation with the Actuary:

- (a) may purchase such other or additional benefits as they shall determine for Members, former Members, their Spouses, Qualifying Children and Dependants or any other person acceptable for the purposes of this Rule to the Board of Inland Revenue, or any one or more of such persons, subject always to the requirements of the Board of Inland Revenue; and
- (b) shall by application of a part or all of the remaining Section Assets (if any) increase the annual rates of pension payable or to be paid from the NATS Section in accordance with the relevant provisions of the Pensions Act 1995.

Methods of securing benefits

19.5 Any benefits to be provided under this Rule 19 may be secured by the Trustees in either or both of the following ways:

- (a) by the purchase in respect of any Member of appropriate benefits under an Approved Policy (or any other policy or annuity contract acceptable to the Board of Inland Revenue for the purposes of this Clause) subject, with the necessary alterations in point of detail, to the provisions of Rule 33; or
- (b) by the transfer of an amount in respect of any Member to secure appropriate benefits under a retirement benefits arrangement of which he becomes a member subject, with the necessary alterations in point of detail, to Rule 34,

provided always that:

- (i) benefits in respect of a Member shall be deemed to be appropriate for the purposes of (a) and (b) above if they are, in the opinion of the Trustees with the advice of the Actuary, not less in value than the benefits in respect of the Member under this Rule 19 and subject to conditions which the Trustees consider to be as similar as may be practicable although not necessarily identical to the conditions applicable to such benefits under the NATS Section or, if after consultation with the Actuary the Trustees decide that it would be more expedient and, provided that such conditions are acceptable to the Board of Inland Revenue and to the Occupational Pensions Regulatory Authority, on conditions which differ from the conditions applicable to such benefits under the NATS Section; and
- (ii) a transfer under (b) above shall not be subject to the consent of the Member if the transfer is to another Section of the Scheme or to another retirement benefits scheme relating to the same employment or to another employment with the same

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

Employer or the Employer's successor, and if the Actuary makes the relevant certification described in the Preservation Regulations; and

- (iii) where any benefit to be secured does not at the effective date of winding-up of the NATS Section exceed the limit set out in Rule 29.1 the Trustees may elect to make immediate payment of a cash sum of an amount to be determined by the Trustees subject, with the necessary alterations in point of detail, to the provisos to that Rule; and
- (iv) in any application of the above provisions the Trustees shall comply with the provisions of section 74 of the Pensions Act 1995⁽⁷⁷⁾ and with the requirements of the Board of Inland Revenue.

20.

PARTIAL WINDING-UP OF THE NATS SECTION

Employer ceasing to participate

20.1 The participation in the NATS Section of an Employer other than the Sponsoring Section Employer shall cease upon the happening of any of the following events (whichever shall first occur):

- (a) if such Employer terminates its liability to contribute to the NATS Section as described in Rule 44;
- (b) if such Employer at any time fails to pay to the Trustees any sum or sums on or within seven days after the date on which the Trustees in accordance with Rule 11 have required the same to be paid or fails to observe and perform any other of its obligations under the Scheme and the Trustees thereupon give notice in writing of not less than 28 days to such Employer that its participation in the NATS Section shall cease;
- (c) if the Sponsoring Section Employer has given six months' previous notice in writing to the Trustees (or such shorter period of notice acceptable to the Trustees) that the participation of the Employer is to cease and such period expires;
- (d) if an order is made or an effective resolution is passed for the winding-up of such Employer (other than for the purpose of reconstruction or amalgamation with any other company) or such Employer ceases to carry on business;
- (e) if the degree of association between the Sponsoring Section Employer and such Employer ceases to be sufficiently great to justify the continued participation of such Employer in the NATS Section;
- (f) if the continued approval of the Scheme as an exempt approved scheme for the purposes of Chapter I of Part XIV of the Taxes Act would be prejudiced,

provided that the participation of the Employer in the NATS Section may be continued until such date as the Employer, the Sponsoring Section Employer, the Trustees and the Board of Inland Revenue may agree.

Partial winding-up of the NATS Section

20.2 If an Employer ceases to participate in the NATS Section as described in Rule 20.1 or if a part of the undertaking of any of the Employers shall be assigned to or vested in any other company or body (other than in circumstances where the Trustees make arrangements under Rule 17), then:

⁽⁷⁷⁾ 1995 c. 26; section 74 was amended by the Welfare Reform and Pensions Act 1999 (c. 30), section 84(1) and Schedule 12, Part I, paragraphs 43 and 56.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- (a) if at the date of the relevant event it shall appear to the Trustees after taking advice from the Actuary that the appropriate part of the NATS Section is insolvent with regard to the benefits of persons then in receipt of pensions from the NATS Section and to the then value of benefits which have accrued to Members at that date (being respectively persons and Members whose benefits from the NATS Section derive from employment with the relevant Employer) the relevant Employer shall pay to the Trustees within a period of seven days an amount calculated by the Actuary as being sufficient to restore the solvency of the appropriate part of the NATS Section; and
- (b) the Trustees shall ascertain the Relevant Fund Assets (as defined in paragraph (c) below) in respect of such Employer and shall, with the necessary alterations in point of detail, apply the provisions of Rule 19 (or, if they so determine and subject to any requirements of the Board of Inland Revenue, Rule 18.2) but in relation only to the Relevant Fund Assets in respect of such Employer and to the Members in relation to whom such Relevant Fund Assets have been calculated, provided always that a transfer as in paragraph (b) of Rule 19.5 may be made without the Member's consent only where this is permissible under the Preservation Regulations and subject always to the provisions of such Regulations;
- (c) for the purposes of this Rule, Relevant Fund Assets means in respect of an Employer, subject as provided below, that part of the Section Assets which in the opinion of the Trustees in consultation with the Sponsoring Section Employer and with the advice of the Actuary can be related to the Members whose membership of the NATS Section derives from employment with such Employer (or, as appropriate, with the relevant part of the undertaking of such Employer) and to the Spouses, Qualifying Children and Dependants of such Members. That part of the Section Assets shall be calculated on whichever of the following bases the Trustees, after consultation with the Sponsoring Section Employer and the Actuary, shall determine:
 - (i) the aggregate of the Cash Values as at the date on which the Employer ceased to participate in the NATS Section of the benefits to which the said Members are entitled from the NATS Section or, in the case of Current Members, of the benefits to which they would have been entitled from the NATS Section if they had left Service at such date;
 - (ii) the aggregate of the Cash Values of the benefits described in (i) above but including, for the purposes of calculation in respect of Current Members, increases which the Trustees with the advice of the Actuary consider would be made to such Members' remuneration between the effective date of the calculation and the relevant Members' Normal Pension Dates;
 - (iii) the proportion of the total Section Assets which, in the opinion of the Trustees, with the advice of the Actuary relates to that Employer;
 - (iv) some other basis recommended by the Actuary,

provided that if the Trustees with the advice of the Actuary shall so determine the amount calculated in accordance with (i) or (ii) above shall not exceed the amount which could be calculated in accordance with (iii) above.

Alternatively the Relevant Fund Assets may, if the Trustees after consultation with the Sponsoring Section Employer and the Actuary so determine, be calculated as described above but in relation only to Members who are currently in service and to the Spouses, Qualifying Children and Dependants of such Members.

Persons who become eligible to join the NATS Section but do not apply for membership of the NATS Section as soon as they become eligible to join shall be admitted to membership of the NATS Section on such conditions and on such dates as the Trustees shall decide.

Discretionary entry

21.3 In special circumstances, a person who has not otherwise become eligible to join the NATS Section may, by permission of his Employer and the Trustees, be admitted to membership of the NATS Section on such conditions and on such terms as to benefits and otherwise and with effect from such date as may be agreed with his Employer and the Trustees, provided that the approval of the Scheme under the Taxes Act is not prejudiced by it.

Restrictions on Membership

21.4 A person shall not be eligible to join the NATS Section if he is and remains a current member of a Personal Pension Scheme in respect of the source of income to which the NATS Section relates.

21.5 Notwithstanding Rules 21.1 to 21.4 above, for as long as any of the Employers other than the Sponsoring Section Employer is neither an Associated Company nor a Subsidiary Company, no person shall be eligible for membership of the NATS Section who is currently accruing benefits under or who becomes a member of another Section of the Scheme or another retirement benefits scheme of the Employer, except in circumstances where such person's membership of the NATS Section is acceptable to the Board of Inland Revenue.

22.

FURNISHING OF PARTICULARS AND EVIDENCE

- (a) (a) A Member shall furnish evidence of health at such times and in such form as the Trustees require for the purposes of the NATS Section. If such evidence is not furnished, or is not acceptable to the Trustees for the purposes of the NATS Section, the Trustees may, until the Member produces evidence acceptable to the Trustees for the purposes of the NATS Section and except as otherwise specifically provided in these NATS Rules, withhold the benefits which would otherwise be payable on his death or incapacity or modify them in such manner as they consider appropriate.

If the Member's doctor informs the Trustees that he is dissatisfied with such report an examination shall be conducted by a duly qualified medical practitioner nominated for the purpose by the Trustees after consultation with the Member's doctor and the Medical Adviser. The report of such nominated medical practitioner shall be regarded as conclusive for the purposes of the NATS Section.
- (c) The charges and expenses of the examination and report or opinion of any medical practitioner instructed by the Medical Adviser or nominated by the Trustees in accordance with this Rule shall be borne by the Member unless either the Employers or the Trustees in their discretion agree to pay such charges and expenses.

If these particulars are not furnished or are later found to be incorrect, the Trustees may withhold the benefits in respect of the Member or modify them in such manner as they consider appropriate.

22.3 Payment of any benefit under the NATS Section to any person shall be subject to the production by or in respect of that person of evidence of identity and entitlement to benefit and such other evidence and information as the Trustees may require.

22.4 Any notice required to be given under the NATS Section (whether by a Member, the Trustees, an Employer or otherwise) shall be in writing and may be given personally or by sending it through the post to the person for whom it is intended at his registered or last known address whether in the United Kingdom or elsewhere and any notice so sent shall in the absence of evidence that it was received by such person at an earlier date be deemed to have been received on the fourth day after posting.

23.

CONTRIBUTIONS TO THE NATS SECTION

Member's ordinary contributions

23.1 On and after the Effective Date each Current Member shall, subject to Rules 23.7 and 23.8 and except as provided in Rule 36.3, pay contributions to the NATS Section at the rate of 6% of his Earnings or 4.5% in the case of Members who were contributing at the rate of 6% immediately prior to 1 April 1997, provided always that in respect of Class A Members and Class B Members who became Current Members on or after 1 June 1989 (other than Continued Rights Members) any part of a Member's Earnings to which a percentage would be applied under this Rule 23.1 and which exceeds the Permitted Maximum shall be disregarded.

The contributions of a Member under this Rule 23.1 shall be made by way of deductions by the Employer from the payments of such Member's remuneration as they are made.

Employer's contributions

23.2 Each Employer shall, subject to the provisions of Rule 44 and to Rule 23.7, contribute the balance of the cost of providing the benefits of the NATS Section for its own employees under the NATS Section and for the spouses, children and dependants of its own employees.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

The Employers shall forward the total of the Employers' and the Members' contributions to the Trustee on such dates as the Trustees shall require in accordance with Rule 11.

Members' voluntary contributions

23. A Current Member may, subject as hereinafter provided, make voluntary contributions to the NATS Section in order to provide benefits under the NATS Section which shall be additional to those otherwise specified in these NATS Rules (or, in the case of Family Benefit Contributions, to provide the appropriate benefits payable from the NATS Section upon the death of the Member), provided that the provisions relating to voluntary contributions and to the benefit thereby provided shall not be such as to prejudice approval of the Scheme under Chapter I of Part XIV of the Taxes Act⁽⁷⁸⁾ and, in particular, voluntary contributions made under arrangements first entered into by the Member on or after 8 April 1987 shall not be used to provide a cash sum in accordance with Rule 29.

The voluntary contributions of a Member under this Rule 23.3 shall be made either by way of deductions by the Employer from the payments of such Member's remuneration as they are made or as otherwise agreed between the Member and the Trustees.

Subject as aforesaid, the types of benefit under the NATS Section to be provided in return for a Member's voluntary contributions shall be such and, except as provided below, on such terms and conditions as may be arranged by the Member with the Trustees acting on the advice of the Actuary and may take the form, inter alia, of additional years to be included within Pensionable Service in the NATS Section or of additional benefit under the NATS Section to be payable upon the death of the Member or of additional pension benefits determined on a money purchase basis; provided always that the amount of benefit to be provided in return for a Member's voluntary contributions shall be the equivalent of those contributions as determined by the Trustees acting on the advice of the Actuary and provided further that in respect of additional pension benefits determined on a money purchase basis:

- (a) the additional pension benefits shall be equivalent on a money purchase basis to the voluntary contributions paid; and
- (b) the benefits shall be limited to those which are capable of being provided by the Rules; and
- (c) if the Trustees so determine, the assets and liabilities relating to such voluntary contributions to the NATS Section shall be identifiable and retained separately from other assets and liabilities of the NATS Section.

The benefits provided from such voluntary contributions shall not become payable earlier than the other Scheme benefits nor later than age 75

Notwithstanding the above provisions and the provisions of Rule 22, a Member who starts paying voluntary contributions on a date within three months of first becoming eligible to become a Current Member shall not be required to produce evidence of health.

Limit on Member's contributions

23.4 No Current Member shall, during any year of assessment to tax under Schedule E, pay to the NATS Section contributions of such amounts that the aggregate of such contributions and of any contributions paid by him in respect of his Service during that year to any other retirement benefits schemes in respect of that Member which are approved or seeking approval under Chapter I of Part XIV of the Taxes Act would exceed 15% (or such higher percentage as the Board of Inland Revenue may in a particular case prescribe) of his total remuneration from the Employers in that year which is assessable to tax under Schedule E, provided always that for the purposes of this Rule:

(78) 1988 c. 1.

- (a) there shall be excluded from total remuneration anything in respect of which tax is chargeable under Schedule E and which arises from the acquisition or disposal of shares or an interest in shares or from a right to acquire shares, or anything in respect of which tax is chargeable by virtue of section 148 of the Taxes Act⁽⁷⁹⁾; and
- (b) in respect of Class A Members and Class B Members who became Current Members on or after 1 June 1989 (other than Continued Rights Members),
 - (i) the reference above in this paragraph to “other retirement benefits schemes” shall be taken to include any Associated Scheme or any other Section of the Scheme and the references to “total remuneration” shall be taken to include emoluments in respect of Associated Employment or any Connected Scheme; and
 - (ii) remuneration in excess of the Permitted Maximum shall be disregarded.

Cessation of Member’s contributions

23.5 A Member shall stop paying contributions to the NATS Section on ceasing to be a Current Member of the NATS Section or, if earlier, upon completion of the shortest period of Pensionable Service for which the pension payable from Normal Pension Date calculated in respect of the Member under Rule 24.1 would be equal to 2/3rds of the Member’s Final Pensionable Earnings, except that a current Member may continue to pay voluntary contributions to the NATS Section prior to the payment to him of any retirement benefit from the NATS Section for so long as he remains in Service in the NATS Section after Normal Pension Date if the Trustees so agree, subject always to the other provisions of this Rule and provided that the approval of the Scheme under Chapter I of Part XIV of the Taxes Act shall not be prejudiced by it.

Return of surplus voluntary contributions

- (a) (a) The provisions of the NATS Section permitting a Member to make voluntary contributions to the NATS Section shall be subject to the provisions of Part III of Schedule 6 to the Finance Act 1989⁽⁸⁰⁾ relating to the return of surplus funds.
- (b) The Administrator shall comply with the requirements of Regulation 5 of The Retirement Benefits Schemes (Restriction on Discretion to Approve) (Additional Voluntary Contributions) Regulations 1993⁽⁸¹⁾ and where the NATS Section is the leading scheme in relation to a Member, with the requirements of Regulation 6 of those Regulations so far as they concern main schemes. If those Regulations are amended or replaced by any other Regulations then this paragraph will have effect as if it had been amended or replaced accordingly.

The terms **leading scheme** and the **main scheme** shall have the same meaning as is given to them in those Regulations.

Suspending or reducing contributions

23.7 If a report from the Actuary discloses a surplus in the NATS Section at any date sufficient to permit the suspension or reduction of contributions, the Sponsoring Section Employer may, as an arrangement to be made in accordance with the provisions of Rule 10.3 and subject always to the provisions of the Pensions Act 1995, authorise the suspension or reduction of payment of contributions to the NATS Section under Rule 23.2 and/or under Rule 23.1 above for a period not exceeding forty years from the date at which the surplus arose. Any suspension of contributions in

⁽⁷⁹⁾ Section 148 was substituted by the Finance Act 1998 (c. 36), section 58(1) and (4).

accordance with this paragraph shall not be regarded as a termination of liability to contribute to the NATS Section as described in Rule 44.

A suspension or reduction of contributions payable to the NATS Section under Rule 23.1 by one or more Members specified by the Sponsoring Section Employer may be authorised by the Sponsoring Section Employer upon the basis that there shall be a corresponding increase in the contributions payable to the NATS Section by the Employer for such period as the Actuary shall advise. The contributions of a Member which have been suspended or reduced in accordance with this paragraph may be increased as determined by the Sponsoring Section Employer but not to a level greater than the level of Member's ordinary contributions applicable under Rule 23.1

Members' Contribution Options

- (a) (a) With effect from 1 April 1995 a Member whose contributions under Rule 23.1 were at the rate of 7.5% of Earnings and who satisfied the conditions notified to Members by the Trustees could elect by notice in writing to the Trustees before 30 September 1995 that his ordinary contributions to the Scheme under Rule 23.1 should be at the reduced rate of 6% of Earnings with effect from 17 May 1990. Such reduced rate is reduced further to 4.5% with effect from 1 April 1997.

The additional 1.5% of Earnings paid by such a Member under Rule 23.1 from 17 May 1990 up to the date of such election shall be treated as voluntary contributions paid by the Member and applied under Rule 23.3 to purchase additional Pensionable Service or, at the discretion of the Trustees having regard to the requirements of the Board of Inland Revenue, shall be regarded as Family Benefit Contributions and dealt with as described in Rule 47.2.

- (b) A Member whose contributions under Rule 23.1 were at the rate of 6% of Earnings could before 30 September 1995 elect by notice in writing to the Trustees to pay contributions to the Scheme at the rate of 7.5% of Earnings. Any such election made after 1 April 1995 would be in respect of Earnings from 17 May 1990. Any arrears of contributions for the period from 17 May 1990 up to the date of such election should be paid either in the form of a lump sum equal to the amount of the contribution arrears accumulated with compound interest at the rate of 3% per annum or in instalments as agreed with the Trustees having regard to the requirements of the Board of Inland Revenue.

With effect from 1 April 1997 the rate of 7.5% referred to above in this paragraph is replaced by 6%.

24.

AMOUNT OF MEMBERS' PENSIONS AT NORMAL PENSION DATE

Current Members

24.1 A pension payable from the NATS Section under Rule 27.1 to a Member who ceases to be a Current Member of the NATS Section at Normal Pension Date shall, subject to Appendix 4 and to any other provisions of the NATS Section which may apply in respect of a particular Member, be a yearly amount equal to 1/59th of Final Pensionable Earnings for each complete year of Pensionable Service (with the addition of a proportionate amount for each completed day where such Pensionable Service is not an integral number of years) subject to a maximum of 2/3rds of Final Pensionable Earnings.

Members who have ceased to be Current Members

24.2 A pension payable at Normal Pension Date to a Member who has ceased to be a Current Member in the NATS Section before Normal Pension Date (referred to as a deferred pension) shall, subject to Rule 32 and Appendix 4 and to any other provisions of the NATS Section which may apply in respect of a particular Member, for the purposes of Rule 32.2 be calculated in accordance with Rule 24.1 above but with reference to Final Pensionable Earnings and Pensionable Service at the date of such cessation and increased as described below.

Increases in deferred pensions

24.3 The said pensions payable under the NATS Section shall be increased in each year on 1 April by the percentage increase in the cost of living over the past year as shown in the Index for the month of February prior to the relevant 1 April or, in the case of a pension to which a Member became entitled within the year to 31 March by a proportional amount calculated on a basis determined by the Trustees with the advice of the Actuary; provided always that if there is a percentage decrease in the cost of living as shown in the Index references in this Rule 24.3 to increases and increasing a Member's pension shall be taken to be references to decreases and decreasing a Member's pension but such decreases shall be such as the Trustees with the consent of the Employers may determine and shall not apply:

- (a) to pensions of a Member who became entitled to a deferred pension hereunder upon ceasing to be a Current Member more than 365 days before Normal Pension Date or;
- (b) so as to reduce a Member's pension from the Scheme below the level of such pension at the date on which the Member ceased to be a Current Member.

25.

AMOUNT OF DEATH BENEFITS

Lump sum

25.1 A lump sum death benefit payable from the NATS Section under Rule 26.1 in respect of a Current Member shall, subject to Appendix 4 and to any other provisions of the NATS Section which may apply in respect of a particular Member be of an amount equal to four times the Member's Final Pensionable Earnings at the date of his death.

Pension

25.2 A pension under the NATS Section payable to a Spouse or to or in respect of Qualifying Children under Rule 26 or Rule 28 on the death of a Member of the NATS Section shall, subject to Appendix 4 and to any other provisions of the NATS Section which may apply in respect of a particular Member, be of a yearly amount, with a minimum of £104, equal to the proportion of the Member's Relevant Pension (as defined in Rule 25.4 below) applicable in accordance with the relevant provision of the NATS Rules; provided always that:

- (i) if the Trustees exercise their discretion under Rule 25.3 below the amount or amounts of pension payable under the NATS Section to a Member's Spouse or other beneficiary shall be as described in that paragraph; and
- (ii) notwithstanding proviso (i) above or any other provision of the NATS Rules, that part of the pension payable from the NATS Section to a Member's widow or widower which relates to the Member's Service prior to 6 April 1997 shall not be less than the amount described in paragraphs 2.3(a)(ii) or 2.3(a)(iii) of Section B of Appendix 5 in respect of the Member; and

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- (iii) in respect of a Member who was a Lower Rate Contributor for part or all of his Service as a Current Member the pension payable from the NATS Section under Rule 26 or Rule 28 on the Member's death in relation to such Service on or after 6 April 1997 shall not be less than the amount payable in respect of the Member under paragraph 1.3 of Section A of Appendix 5 on the assumption that the benefits of all such Members are equal to those which would be provided by a reference scheme as described in section 12B of the Pension Schemes Act 1993⁽⁸²⁾; and

25.3 The Trustees shall have power at their absolute discretion to determine that the pension payable from the NATS Section to the Spouse of a Member of the NATS Section other than a Special Member shall not exceed the amount (if any) in respect of him under paragraphs 2.3(a)(ii) or 2.3(a)(iii) of Section B of Appendix 5. The balance (or the whole, as appropriate) of the pension which would, but for the application of this paragraph, have become payable under the NATS Section to that Member's Spouse shall be paid subject to such terms and conditions as the Trustees shall determine in their absolute discretion and in such shares as they shall think fit to such one or more of the following persons, viz:

- (a) any former spouse of the Member who has been financially dependent upon him since the dissolution of the marriage with him; and
- (b) any person to whom the Member has not been married who has been financially dependent upon him and who has lived with him as his spouse;

provided that if a Special Member has so requested the Trustees may, at their absolute discretion, apply the provisions of this Rule 25.3 in respect of the pension which would become payable to such Special Member's Spouse.

25.4 For the purposes of this Rule Relevant Pension means:

- (b) in the case of a Member who dies after leaving Service but before commencement of pension from the NATS Section in respect of him, the pension to which he became entitled under Rule 32 including the increases to such pension in accordance with Rule 24.3 added up to the date of the Member's death; or

provided always that for the purposes of this Rule 25.4 a Member's pension shall not, unless previously arranged otherwise between the Trustees and the Member, include any pension provided by voluntary contributions paid by him to the NATS Section, but shall be deemed to include any pension commuted under Rules 29.2 or 29.3 or surrendered under Rule 30 or any adjustment arising from the application of Rule 38.5(b).

26.

DEATH BEFORE PAYMENT OF RETIREMENT BENEFIT

Lump sum

26.1 If a Current Member of the NATS Section dies while in Service before any retirement benefit has become payable to him from the NATS Section a lump sum death benefit calculated in accordance with Rule 25.1 shall be payable in accordance with Rule 37.

26.2 If a Member who has ceased to be a Current Member of the NATS Section and is not a Current Member of the NATS Section in respect of any subsequent period of membership of the NATS Section dies before any retirement benefit has become payable to him from the NATS Section, the Trustees shall pay in accordance with Rule 37 an amount equal to whichever is the greater of:

- (a) his Final Pensionable Earnings at the date on which he ceased to be a Current Member increased on the basis described in Rule 24.3 but in respect of the period from the date on which he ceased to be a Current Member up to the date of his death; and
- (b) the total of the contributions paid by him to the NATS Section under Rule 23.1 (and under the Previous Scheme Provisions) together with such of his voluntary contributions as the Trustees shall determine and his Transferred Contributions (if any), with the addition of 3% per annum compound interest on it up to the date of the Member's death calculated by the Trustees with the guidance of the Actuary;

provided always that if such a Member dies on or after Normal Pension Date before any retirement benefit has become payable to him from the NATS Section the amount described above in this rule 26.2 shall not be payable but the Member shall be treated for the purposes of the NATS Section as if he had retired on the day before his death and the benefits payable from the NATS Section shall be as if the Member had elected to receive the maximum cash sum permissible under Rule 29.2, any such cash sum to be not less than the amount described in paragraph (a) above and to be payable in accordance with Rule 37.

26.3 If a Member who has paid voluntary contributions to the NATS Section dies before any retirement benefit has become payable to him from the NATS Section, and if the benefit basis previously arranged with the Trustees includes provision for a payment on death the Trustees shall make payment in accordance with Rule 37 of the amount they determine to be appropriate in accordance with that provision.

Spouse's pension

26.4 If a Member of the NATS Section dies before any benefit has become payable to him from the NATS Section in respect of the current period of Pensionable Service and is survived by a Spouse (or other beneficiary to whom a pension is payable in accordance with Rule 25.3), the pension described in Rule 25.2 and equal to:

- (i) 2/3rds of the Relevant Pension of a Member who dies while he is a Current Member of the NATS Section; and

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

(ii) 60% of the Relevant Pension of any other Member to whom this paragraph applies, shall, subject to Rule 25.3 and Appendix 4, become payable to the Spouse (or other beneficiary as aforesaid) from the date of the Member's death, provided that in respect of a Member who dies while he is a Current Member of the NATS Section, an additional amount shall be paid for a period of three months commencing on the date of his death such that the total payable in respect of the Member under this Rule 26.4 shall, for each such month, be equal to 1/12th of the Member's Earnings as at the date of his death, disregarding in respect of a Class A Member and a Class B Member who became a Current Member on or after 1 June 1989 (other than a Continued Rights Member) any part of such Earnings which exceeds the Permitted Maximum at that date.

Children's pensions

26.5 If a Member of the NATS Section dies before any benefit has become payable to him from the NATS Section and is survived by a Spouse (or other beneficiary to whom a pension is payable in accordance with Rule 25.3) and by one or more Qualifying Children the pension described in Rule 25.2 shall become payable from the date of the Member's death (or, if the Member was a Current Member of the NATS Section at the date of his death, from the end of the period of three months mentioned in Rule 26.4 above) and shall be paid or applied by the Trustees as hereinafter described.

The amount of pension under this Rule 26.5 in respect of each Qualifying Child (up to a maximum of two) shall be 1/6th of the Relevant Pension of a Member who dies while he is a Current Member of the NATS Section and 1/4 of the Relevant Pension of any other Member to whom this Rule 26.5 applies, provided always that:

- (a) if the Member's Spouse (or other beneficiary as aforesaid) dies during the period of three months referred to above or while a pension under this paragraph is in course of payment; or
- (b) if, for exceptional reasons, the Trustees in their discretion so direct,

the pension under this Rule 26.5 shall thereupon commence or, as appropriate, continue to be payable in the amount described in Rule 26.6 below, and provided further that the maximum under this Rule 26.5 where there are two or more Qualifying Children of a Member who is not a Current Member of the NATS Section at the date of his death shall be 40% of the Member's Relevant Pension.

26.6 If a Member of the NATS Section dies before any benefit has become payable to him from the NATS Section and is survived by one or more Qualifying Children but not by a Spouse (or other beneficiary to whom a pension is payable in accordance with Rule 25.3) the pension described in Rule 25.2 and equal to 1/3rd of the Member's Relevant Pension in respect of each Qualifying Child (up to a maximum of two) shall become payable out of the NATS Section from the date of the Member's death and shall be paid or applied by the Trustees as hereinafter described; provided always that:

- (a) if the Trustees so direct the amount of pension payable under this Rule 26.6 shall be as described in Rule 26.5 above; and
- (b) the Trustees may in their discretion augment any pension payable under this Rule 26.6 by such amount as they determine but not so that the aggregate of any augmentation in respect of the Member under this paragraph (b) and of any pensions payable to Dependents under Rule 26.9 below would exceed the pension which would have been payable under Rule 26.4 above if the Member had been survived by a Spouse.

26.7 Any pension payable under Rules 26.5 or 26.6 above shall be paid from the NATS Section by the Trustees to or for the benefit of the Qualifying Child and if and so long as there are two or more Qualifying Children to or for their benefit in equal shares subject to Rule 42.

26.8 Notwithstanding the previous provisions of this Rule, the Trustees may at their discretion pay or continue to pay for such period as they think fit a pension of an amount determined by the

Trustees to a child of a deceased Member of the NATS Section whether such child is not or has ceased to be a Qualifying Child if in the opinion of a Medical Adviser such child is incapable of earning his own living by reason of bodily or mental infirmity.

Dependants' pensions

26.9 If a Member of the NATS Section dies before any benefit has become payable to him from the NATS Section and is survived by one or more Dependants but not by a Spouse (or other beneficiary to whom a pension is payable in accordance with Rule 25.3) the Trustees may in their discretion decide whether a pension such that the aggregate of it and of any augmentation of pension payable under Rule 26.6 above in respect of the Member's Qualifying Children would not exceed the pension which would have been payable under Rule 26.4 above if the Member had been survived by a Spouse shall become payable from the date of the Member's death (or from the cessation of any pension payable under Rule 26.6 in respect of the Member's Qualifying Children) and, if so, such pension shall be paid or applied by the Trustees to or for the benefit of such one or more of the Member's Dependants at such rate and in such shares as the Trustees shall from time to time decide.

27.

COMMENCEMENT OF MEMBER'S PENSION

At Normal Pension Date

- (a) (a) A Current Member of the NATS Section who ceases to be in Service at Normal Pension Date shall be entitled to receive a pension from the NATS Section at Normal Pension Date calculated in accordance with Rule 24.1.
- (b) A Member of the NATS Section who has become entitled before Normal Pension Date to a pension described in Rule 32 other than a Member whose benefit from the NATS Section has become payable before Normal Pension Date shall be entitled to receive from the NATS Section at Normal Pension Date a pension calculated in accordance with Rule 24.2 or, in the case of a Member in respect of whom the Cash Value of a part of his benefits has been applied in accordance with Rule 33 or Rule 34, the appropriate part of such pension.

Before Normal Pension Date

- (a) (a) A Member of the NATS Section who on leaving Service or retiring before Normal Pension Date becomes entitled to a pension under Rule 32 may with the consent of the Trustees commence to receive such pension at any time on or after his 50th birthday, or earlier if he is retiring because of incapacity.

Such pension shall include the increases described in Rule 24.3 calculated up to the date on which the pension is to commence, the total pension for that Member being, subject always to Appendix 4, reduced to such extent (if any) as the Trustees shall, on the advice of the Actuary, consider to be reasonable and determine to be appropriate having regard to, among other things, the period between the date of its commencement and Normal Pension Date but so that the reduced pension shall be not less than the actuarial equivalent of the pension which would have been payable under Rule 32 from the Member's Normal Pension Date, provided always that in special circumstances specifically approved by the Sponsoring Section Employer the pension payable under the preceding provisions of this Rule 27.2 shall not, if the Sponsoring Section Employer so determines and subject as hereinafter provided, be reduced as described above in this Rule and the provision of such unreduced pension shall be regarded as augmentation of benefit in accordance with Rule 12 and shall

be subject to payment by the Employer of the appropriate additional contribution to the NATS Section.

Incapacity

- (b) On ceasing to be a Current Member of the NATS Section on the grounds of ill-health before attaining Normal Pension Date in consequence of incapacity (which is expected to be permanent) to perform his duties resulting from accident or mental or physical infirmity not resulting from his own misconduct a Member may commence to receive his pension immediately upon his retirement, provided that a Member may not make a claim to receive a pension under this paragraph (b) later than 90 days after the date on which he ceased to be a Current Member of the NATS Section. Such pension shall be calculated as described in Rule 24.1 except that the Member's Pensionable Service shall be increased by an addition equal to 50% of the amount of his Pensionable Service immediately before such addition (exclusive of any part of it provided in return for a Member's voluntary contributions under Rule 23.3) or 100% of it, if the Trustees so determine, upon his retirement or at any other date prior to Normal Pension Date that the medical advice referred to in (c) below indicates that the Member is incapable of gainful employment (except to an extent acceptable to the Trustees) or such greater amount as the Trustees at their absolute discretion shall in exceptional circumstances decide, provided always that no such addition shall cause the Member's total pension from the NATS Section to exceed 2/3rds of Final Pensionable Earnings or, if less, a pension equal to that fraction of Final Pensionable Earnings which the Member would have received at Normal Pension Date if he had remained a Current Member of the NATS Section until that date.

The Administrator shall give prior notice to the Board of Inland Revenue in accordance with the Taxes Act before commencing to pay a pension from the NATS Section on the retirement prior to Normal Pension Date on account of incapacity of a Member of the NATS Section who is a Controlling Director.

Payment of pensions under Rule 27.2

- (c) Payment of a pension described in paragraph (b) above shall be subject to the Member submitting himself for medical examination by a Medical Adviser whenever the Trustees require him to do so. The Trustees may withhold payment of such pension for such period as the Member refuses or fails to submit himself to any such examination or in any way obstructs the same.

The 100% addition of Pensionable Service as described in (b) above shall be subject to the Member providing such confirmation in such manner as the Trustees may reasonably require that he has not been in receipt of remuneration from any other employment (or alternatively that he has been in receipt only of remuneration which the Trustees have decided may be ignored) and the Trustees may withhold payment of a pension in respect of any period during which the Member refuses or fails to provide such confirmation or in any way obstructs the obtaining of such confirmation and if at any time the Trustees are of the opinion that as from a certain date the Member no longer qualifies for the 100% addition in accordance with (b) above the pension from that date shall be calculated as if the Member qualifies for the 50% addition in accordance with (b) above but without prejudice to the power of the Trustees to reverse that decision at a later date.

- (d) Where as a result of evidence supplied in respect of a Member in accordance with paragraph (c) above the Trustees are of the opinion that the Member would be able before Normal Pension Date to resume employment with his Employer or to take up

employment with any other Employer, the Trustees shall inform the Employers and if an Employer offers such Member employment in which he would become eligible for membership of the NATS Section, the pension payable from the NATS Section in accordance with this Rule 27.2 shall cease to be payable upon his commencing such employment or, if earlier, at the end of three months (or such further period as the Trustees in their discretion shall allow) from the date of the said offer of employment, provided always that if a Member's remuneration (taken for this purpose as remuneration other than Non-Pensionable Earnings) at the date on which his pension would cease to be payable as described above in this paragraph (d) is less than his corresponding former remuneration at the date on which the Member ceased to be a Current Member of the NATS Section, a proportion of his pension payable under this Rule 27.2 shall continue to be payable, such proportion being the proportion of that pension which the reduction in the Member's remuneration bears to his former remuneration, and provided further that upon the subsequent cessation of membership of such a Member the pension payable from the NATS Section to the Member shall not be less than the pension previously payable to him under this Rule 27.2.

- (e) If a Member in receipt of a pension under Rule 27.2 other than a pension to which paragraph (d) above applies but being a pension not subject to a reduction as described above in this Rule is offered employment with any of the Employers in which he becomes eligible for membership of the NATS Section, payment of such pension shall cease upon his commencing such employment or, if earlier, at the end of three months (or such further period as the Trustees in their discretion shall allow) from the date of the said offer of employment.
- (f) The payment of a pension in respect of a Member to whom this Rule 27.2 applies shall be subject otherwise to the provisions of Rule 38.
- (g) If a Member of the NATS Section who is offered employment with an Employer in accordance with paragraph (d) or (e) above in this Rule returns to such employment within the period described in those paragraphs, he may recommence membership of the NATS Section as a Current Member on such terms as the Trustees on the advice of the Actuary shall determine. Such a Member who does not recommence membership as a Current Member and such a Member who does not return to the employment within the period described shall become entitled to such deferred or reduced pension as the Trustees on the advice of the Actuary shall determine provided that such determination does not prejudice approval of the Scheme as an exempt approved scheme for the purposes of Part I of Chapter XIV of the Taxes Act(83).

After Normal Pension Date

Service after Normal Pension Date

- (a) (a) The pension of a Member who is a Current Member of the NATS Section immediately before Normal Pension Date and whose Service continues beyond that date shall be postponed until the date of cessation of his Service (or, in the case of a Class A Member, his 75th birthday if earlier) provided that such a member who is a Class B Member may by notice in writing to the Trustees elect to receive a cash sum in accordance with Rule 29.2 or to commence receiving his pension or the balance of it as appropriate at any date on or after Normal Pension Date but not later than the date of his actual retirement from Service. The amount of pension of a Member to whom this paragraph applies shall, subject to Appendix 4 and except as provided below in this Rule, be calculated in

(83) 1988 c. 1.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

accordance with Rule 24.1 as at the date of its commencement or, if greater, but only in the case of a Member whose pension so calculated would have been 2/3rds of Final Pensionable Earnings, an amount of 2/3rds of Final Pensionable Earnings as at the later of the Member's Normal Pension Date and the date of completion of the shortest period of Pensionable Service for which the pension calculated in respect of the Member under Rule 24.1 would be equal to 2/3rds of the Member's Final Pensionable Earnings, with the addition of an amount determined by the Trustees with the advice of the Actuary having regard to the date of commencement of the pension and/or such other factors (if any) as the Actuary shall consider to be relevant. The amount of pension calculated in accordance with Rule 24.1 as aforesaid shall be reduced by the value, determined by the Trustees with the advice of the Actuary, of any benefit paid to the Member in accordance with the proviso above in this paragraph.

Postponement of deferred pensions

- (b) Payment of a pension to which a Member of the NATS Section becomes entitled under Rule 32 may at his request be postponed beyond Normal Pension Date until such date not later than his 75th birthday as shall be agreed between the Trustees and the Member; provided always that:
 - (i) in the case of a Class A Member who has ceased to be a Current Member of the NATS Section while remaining in Service in accordance with Rule 31, the Member's pension from the NATS Section may not commence to be paid before he ceases to be in Service; and
 - (ii) in the case of a Class B Member, the Member's pension from the NATS Section may be postponed only for so long as his retirement from all employment is postponed.

The amount of pension of a Member to whom this paragraph (b) applies shall, subject to Appendix 4, be calculated in accordance with Rule 24.2 as at Normal Pension Date increased by such amount as the Trustees with the advice of the Actuary shall determine having regard to the period for which payment of the pension has been postponed.

28.

DEATH AFTER PENSION STARTS

Lump sum

28.1 When a Class B Member, of the NATS Section, in respect of whom no pension will become payable in accordance with any other paragraph of this Rule dies after commencement of his pension from the NATS Section, the Trustees shall pay in accordance with Rule 37 a sum equal to the amount (if any) by which:

- (a) the total of the contributions (other than voluntary contributions) paid by him to the NATS Section (and under the Previous Scheme Provisions) together with such of his voluntary contributions to the NATS Section (and under the Previous Scheme Provisions) as the Trustees shall determine and his Transferred Contributions (if any) with the addition of 3% per annum compound interest thereon up to the date on which the Member left Service or, if earlier, the date of commencement of his pension hereunder,
- exceeds
- (b) the aggregate of:
 - (i) the total of the instalments of the Member's pension from the NATS Section paid before his death; and

- (ii) any cash sum paid to the Member under Rule 29 and under any other provision of the NATS Rules.

28.2 If a Member of the NATS Section who opted under Rule 27.3 to receive a pension from the NATS Section while remaining in Service after Normal Pension Date and to defer receiving a cash sum under Rule 29.2 dies before receiving such cash sum he shall be treated for the purposes of this Rule as having retired on the day before he died and the Trustees shall pay in accordance with Rule 37 a lump sum equal to the said cash sum with the addition of interest up to the day before the Member's death at a rate which the Trustees with the advice of the Actuary consider to be reasonable.

Spouse's pension

28.3 If a Member of the NATS Section dies after a pension has become payable to him from the NATS Section or after receiving a cash sum under Rule 29.2 while remaining in Service on or after Normal Pension Date and is survived by a Spouse (or other beneficiary to whom a pension is payable in accordance with Rule 25.3) the pension described in Rule 25.2 shall, subject to Rule 25.3, become payable to the Spouse (or other beneficiary as aforesaid) from the first day of the month following the Member's death. Such pension shall:

- (a) for a period of three months from its commencement or, if longer, for the balance of the period of five years beginning at the commencement of payment of the Member's pension from the NATS Section, be equal to 1/12th of the Member's Relevant Pension for each month in the said period; and
- (b) thereafter, be equal to 60% of the Member's Relevant Pension.

Children's pension

28.4 If a Member of the NATS Section dies after a pension has become payable to him under these Rules or after receiving a cash sum under Rule 29.2 while remaining in Service on or after Normal Pension Date and is survived by a Spouse (or other beneficiary to whom a pension is payable in accordance with Rule 25.3) and by one or more Qualifying Children, the pension described in Rule 25.2 and equal to 1/4 of the Member's Relevant Pension if there is one Qualifying Child and equal to 40% of the Member's Relevant pension if there are two or more Qualifying Children shall become payable from the date on which the pension at the rate described in Rule 28.3(b) commences to be payable and shall be paid or applied by the Trustees as hereinafter described; provided always that:

- (a) if the Member's Spouse (or other beneficiary as aforesaid) dies while a pension is payable under Rule 28.3; or
- (b) if, for exceptional reasons, the Trustees so direct the pension under this Rule 28.4 shall commence or, as appropriate, continue to be payable in the amount described in Rule 28.5.

28.5 If a Member of the NATS Section dies after a pension has become payable to him under these NATS Rules or after receiving a cash sum under Rule 29.2 while remaining in Service on or after Normal Pension Date and is survived by one or more Qualifying Children but not by a Spouse (or other beneficiary to whom a pension is payable in accordance with Rule 25.3) the pension described in Rule 25.2 and equal to 1/3rd of the Member's Relevant Pension in respect of each Qualifying Child (up to a maximum of two) shall become payable from the date of the Member's death and shall be paid or applied by the Trustees as hereinafter described; provided always that:

- (a) if the Trustees so direct the amount of pension payable under this Rule 28.5 shall be as described in Rule 28.4; and
- (b) the Trustees may in their discretion augment any pension payable under this Rule 28.5 by such amount as they determine but not so that the aggregate of any augmentation in respect of the Member under this paragraph (b) and of any pensions payable to Dependents under

Rule 28.8 below would exceed the pension which would have been payable under Rule 28.3 if the Member had been survived by a Spouse.

28.6 Any pension payable under Rules 28.4 or 28.5 shall be paid by the Trustees to or for the benefit of the Qualifying Child and if and so long as there are two or more Qualifying Children to or for their benefit in equal shares subject always to the provisions of Rule 42.

28.7 Notwithstanding the previous provisions of this Rule the Trustees may at their discretion pay or continue to pay for such period as they think fit a pension of an amount determined by the Trustees to a child of a deceased Member of the NATS Section whether such child is not or has ceased to be a Qualifying Child if in the opinion of a Medical Adviser such child is incapable of earning his own living by reason of bodily or mental infirmity.

Dependants' Pension

28.8 If a Member of the NATS Section dies after any pension has become payable to him from the NATS Section and is survived by one or more Dependants but not by a Spouse (or other beneficiary to whom a pension is payable in accordance with Rule 25.3) the Trustees may in their discretion decide whether a pension such that the aggregate of it and of any augmentation of pension payable under Rule 28.5 in respect of the Member's Qualifying Children would not exceed the pension which would have been payable under Rule 28.3 if the Member had been survived by a Spouse, shall become payable from the date of the Member's death (or from the cessation of any pension payable under Rule 28.5 in respect of the Member's Qualifying Children) and, if so, such pension shall be paid or applied by the Trustees to or for the benefit of such one or more of the Member's Dependants at such rate and in such shares as the Trustees shall from time to time decide.

29.

CASH SUM IN LIEU OF PENSION

Commutation of trivial pensions

29.1 If at the date when a pension becomes payable from the NATS Section to or for the benefit of any person such pension together with the annuity equivalent of all other retirement benefits to which such person is entitled from the Employers' Schemes or other Sections of the Scheme does not exceed £260 per annum (or such higher amount as may have been prescribed by regulations made under section 91 of the Pensions Act 1995⁽⁸⁴⁾ and is acceptable to the Board of Inland Revenue), the Trustees may commute that pension for a cash sum payable to or for the benefit of such person. If the Trustees commute a Member's pension as described above and if there is a pension contingently payable from the NATS Section on such Member's death which could (if the Member had died on the date his pension became payable) have been commuted in accordance with this Rule 29.1, then the Trustees will forthwith commute such pension for a cash sum payable to the Member, provided always that in the case of a Member whose pension from the NATS Section becomes payable before Normal Pension Date:

- (a) if such Member is a member of more than one retirement benefits scheme relating to the same employment (including any other Section of the Scheme), commutation under this Rule 29.1 shall be permissible only if he is treated by all such schemes as having retired and if provisions corresponding to this Rule 29.1 apply under such other schemes; and
- (b) in determining the amount of the Member's pension for the purposes of this paragraph the Trustees shall with the advice of the Actuary take due account of:

⁽⁸⁴⁾ 1995 c. 26; section 91 was amended by the Welfare Reform and Pensions Act 1999 (c. 30), section 84(1) and Schedule 12, Part I, paragraphs 43 and 57.

- (i) increases in the Member's Guaranteed Minimum Pension (if any) required to be made up to State Pensionable Age in such a way as to satisfy the provisions of section 21 of the Pension Schemes Act 1993⁽⁸⁵⁾ and any regulations made for the purposes of that section; and
- (ii) increases to that part of the Member's pension hereunder which exceeds the Member's Guaranteed Minimum Pension (if any) which would, in the opinion of the Trustees, be made to the Member's pension hereunder up to Normal Pension Date in accordance with Schedule 3 to the Pension Schemes Act 1993 if such pension had become payable at Normal Pension Date.

Tax free cash sum

29.2 Subject to Appendix 4, a Member of the NATS Section may by giving notice in writing to the Trustees before any pension becomes payable to him from the NATS Section elect to commute for a cash sum at the date his pension becomes payable or, in the case of a Class B Member, on or after his Normal Pension Date if earlier, the whole or a proportion of that part of such pension which exceeds the Guaranteed Minimum Pension in respect of him or, where such date is before the Member's State Pensionable Age, which exceeds the amount which the Trustees with the advice of the Actuary estimate will be the Member's Guaranteed Minimum Pension at his State Pensionable Age.

Serious ill-health

29.3 If at the date when any pension becomes payable to a Member under the NATS Section the Trustees are satisfied by such evidence as they may require that the Member is in exceptional circumstances of serious ill-health, the Trustees may at their discretion pay a cash sum to the Member in commutation of the whole of that part of his pension which exceeds the Guaranteed Minimum Pension or if the Member has elected the option under Rule 29.2 above in commutation of the balance (if any) of such pension.

The Administrator shall give prior notice to the Board of Inland Revenue in accordance with the Taxes Act before making a payment under this Rule 29.3 to a Member of the NATS Section who is a Controlling Director.

General

29.4 The amount of any cash sum payable under this Rule in lieu of any amount of pension shall be determined from time to time by the Trustees after consultation with the Actuary and shall be either as certified as reasonable by the Actuary or in accordance with commutation factors acceptable to the Board of Inland Revenue as suitable for the NATS Section.

29.5 A cash sum payable in respect of any person under this Rule other than any which could be payable in respect of such person under Rule 29.2 above shall be reduced by the amount of tax (if any) for which the Trustees are liable in respect thereof.

30.

OPTIONAL SPOUSE'S OR DEPENDANT'S PENSION

30.1 Subject to the following provisions of this Rule, a Member of the NATS Section may elect not less than 28 days before the date when any pension becomes payable to him from the NATS Section to surrender the whole or a proportion of his pension from the NATS Section which exceeds the Guaranteed Minimum Pension in respect of him in order to provide a non-commutable and non-

assignable pension payable after his death which in the opinion of the Trustees on the advice of the Actuary is equal in value to the pension so surrendered.

30.2 Exercise of this option shall be by notice given in writing to the Trustees and shall be in respect of the person to whom the Member is married at the date on which the notice is given or in accordance with Rule 30.6. In the event of:

- (a) the Member or the said person dying before Normal Pension Date and before the commencement of the Member's pension under these Rules; or
- (b) the said person dying at or after Normal Pension Date while the Member's pension is postponed in accordance with these Rules; or
- (c) the commutation of the whole of the Member's pension for a cash sum,

the exercise of the option shall be cancelled.

In the event, where applicable, of the marriage of the Member and the said person being terminated by divorce or annulment, or the Member and the said person being judicially separated, before the commencement of his pension under these Rules the exercise of the option shall be cancelled if the Member requests the Trustees by notice in writing to that effect.

30.3 Except as above mentioned, the exercise of the option may not be cancelled except with the special consent of the Trustees and then only before commencement of the Member's pension. If an exercise of the option is cancelled, the benefits will be as if the Member had not exercised the option. If after the Member has commenced to receive a pension from the NATS Section the person in respect of whom the option has been exercised predeceases the Member or, where applicable, their marriage is terminated by divorce or annulment, or they become judicially separated, the unsurrendered portion of the Member's pension and no more will continue to be paid to the Member.

30.4 The amount of pension surrendered by a Member under this Rule must not be so great that the pension described in Rule 30.1 above would be greater than the pension remaining payable to the Member (before any surrender of part of his pension for a cash sum).

30.5 The pension described in Rule 30.1 above shall, unless the option has been cancelled as described above, be payable to the person in respect of whom the option has been exercised and shall commence to be payable one month after the final instalment of the pension payable from the NATS Section to the Member. Where the said person is the person to whom the Member was married at the date on which the notice was given the pension shall cease with the last instalment falling due before that person's death.

30.6 The option described in Rule 30.1 above may be exercised by a Member of the NATS Section in favour of any one or more of his Dependants other than (or in addition to) the person to whom the Member is married at the date on which the notice is given. In such case the terms and conditions of payment relating to the pension for the person or persons in respect of whom such option is exercised shall be as notified by the Trustees to the Member.

31.

CEASING TO BE ELIGIBLE AND VOLUNTARY WITHDRAWAL

Ceasing to be eligible

31.1 A Member of the NATS Section who while remaining in Service ceases to be within the eligibility category described in Rule 21 shall be treated for the purposes of the NATS Section (other than for the purposes of Rule 27) as having left Service.

Voluntary withdrawal

31.2 A Member of the NATS Section may give written notice to the Trustees that he wishes to withdraw from membership of the NATS Section while otherwise remaining eligible. Such notice shall be for a minimum period of one month expiring at the end of a calendar month and the Member shall be treated for the purposes of the NATS Section (other than for the purposes of Rule 27) as having left Service at the date of expiry of the notice.

Notwithstanding the provisions of Rule 21, such a Member shall not be readmitted to membership of the NATS Section except with the permission of the Trustees and on such basis as the Trustees shall determine and provided that the continued approval of the Scheme under Chapter I of Part XIV of the Taxes Act is not prejudiced by this.

32.

MEMBERS WHO CEASE TO BE IN SERVICE

Refund of contributions

32.1 A Member who ceases to be a Current Member of the NATS Section before Normal Pension Date and who at the date of such cessation is not a Qualifying Leaver shall be entitled to elect in lieu of any other benefits from the NATS Section a refund of any contributions paid by him to the NATS Section (and under the Previous Scheme Provisions) (other than any voluntary contributions) and his Transferred Contributions (if any), with the addition of 3% per annum compound interest thereon up to the date of payment of the refund. Such refund shall be subject to any deduction in accordance with Rule 43.

If such Member has been in Contracted-out Membership the Trustees will pay a Contributions Equivalent Premium in respect of him and the liability of the Trustees to provide a Guaranteed Minimum Pension or Spouse's Guaranteed Minimum Pension in respect of the Member shall thereupon be extinguished. For such a Member the amount of refund described in the previous paragraph shall be reduced by a proportion of the Contributions Equivalent Premium being the amount recoverable under section 61 of the Pension Schemes Act 1993⁽⁸⁶⁾.

If a Member to whom this Rule applies has paid voluntary contributions to the NATS Section the amount payable under the first paragraph of this Rule will, if previously arranged with the Trustees, be increased by an amount determined by the Trustees in accordance with the basis so arranged.

A Member to whom the first paragraph of this Rule applies may, in lieu of receiving a refund as described above, elect that the amount payable under that paragraph be transferred to an insurance policy or to a different retirement benefits scheme in accordance with the provisions of Rule 33 or Rule 34 respectively and such amount shall be the Member's Cash Value for the purposes of those Rules.

Deferred pension

32.2 A Member who ceases to be a Current Member of the NATS Section before Normal Pension Date and who is a Qualifying Leaver at the date of such cessation shall, except as provided in Rule 32.4, be entitled to a pension commencing from Normal Pension Date calculated in accordance with Rule 24.2 together with any benefit secured by voluntary contributions made by him to the NATS Section and any interest or other return accruing thereto.

32.3 Any pension to which a Member of the NATS Section is entitled under this Rule shall, except where stated otherwise, be subject to the same terms conditions and options as would apply

⁽⁸⁶⁾ Section 61 was amended by the Pensions Act 1995 (c. 26), section 151 and Schedule 5, paragraphs 18 and 55.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

to the pension or pensions which would be payable to or in respect of him from the NATS Section if he were a Current Member until his Normal Pension Date.

Option for buy-out or transfer

32.4 Except as provided below in this Rule, a Member to whom Rule 32.2 applies shall have the option to arrange for the whole or a part of his entitlement under the NATS Section to be transferred to an insurance policy or to a different retirement benefits scheme in accordance with Rule 33 or Rule 34 respectively or to one or more insurance policies and/or retirement benefits schemes as the Member requires. Such option may be elected at any time before any benefits become payable in respect of him from the NATS Section and prior to the later of:

- (i) the commencement of the year which ends on the day before Normal Pension Date; and
- (ii) the date which occurs twelve months after the cessation of the Member's Service (or such later date as shall be agreed by the Member with the Trustees).

Restriction on option

32.5 In respect of a Member of the NATS Section who has withdrawn from membership of the NATS Section in accordance with Rule 31.2 and remains in the employ of any of the Employers the option available under Rule 32.4 shall, if the Trustees in their absolute discretion so decide, be available in respect of only a part of the Member's entitlement under the NATS Section. Such part shall be calculated by the Trustees as not less than the proportion which the Member's Service in the NATS Section after 5 April 1988 bears to his total actual Service.

Separate periods of Pensionable Service

- (a) (a) If a Member of the NATS Section is entitled to benefit from the NATS Section in respect of separate periods of Pensionable Service, then for the purpose of determining the amount of his entitlement to such benefit each such period shall except insofar as the provisions of Appendix 4 are concerned, and except as described paragraph (b) below, be treated separately as though it were his only period of Pensionable Service, provided always that:
 - (i) in a case where the earlier of any two periods of Pensionable Service was one during which the Member was for the purposes of the Pension Schemes Act 1993 in contracted-out employment by reference to the NATS Section and which has under the provisions of that Act not been treated as terminated, the foregoing shall not apply and the two periods of Pensionable Service shall for the purposes of calculating the total benefits in respect of the Member under the NATS Section be treated as continuous; and
 - (ii) in respect of a Class A Member who is a Controlling Director who has a period of Service with more than one Employer, any period of his Service with an Employer which is associated with another Employer by virtue of a permanent community of interest rather than because one Employer is controlled by the other or both are controlled by a third party (control for this purpose having the meaning in section 840 of the Taxes Act⁽⁸⁷⁾ or, in the case of a close company, section 416 of that Act) shall be treated separately from any other period of the Member's Service for the purposes of Appendix 4.
- (b) Notwithstanding paragraph (a) above, a Member of the NATS Section who on ceasing to be in the employment of any of the Employers retained an entitlement to benefit under

(87) 1988 c. 1.

the NATS Section and who recommences Pensionable Service under the NATS Section within one year (or such longer period as the Trustees may in their discretion allow) may, provided that Rule 33 or 34 has not been applied in respect of him and that he is not in receipt of a pension from the NATS Section, elect by notice in writing to the Trustees that such earlier and later periods of Pensionable Service shall be deemed to be one continuous period of Pensionable Service subject to the following conditions:

- (i) any amounts included within the earlier period by virtue of sub-paragraphs (a) and (c) of the definition of **Pensionable Service** (or the corresponding terms of the Previous Scheme Provisions) shall be excluded;
- (ii) the Member shall complete such forms of discharge of liability in respect of any entitlement to benefit relating to such earlier period of Pensionable Service as the Trustee shall require;
- (iii) the Member shall pay to the Trustees a sum equal to any amount paid to him from the NATS Section in respect of his earlier period of Pensionable Service and any amounts of tax for which the Trustees become liable as a result of such payment together with compound interest on such amount at 3% per annum (but excluding any amounts relating to periods of Pensionable Service excluded in accordance with condition (i) above).

33.

PROVISION OF BENEFITS UNDER APPROVED POLICIES

33.1 Subject as hereinafter provided, upon receipt, before any benefits become payable in respect of him under the NATS Section and prior to the commencement of the year which ends on the day before Normal Pension Date (or such later date as shall be agreed by the Member with the Trustees), of the written request of a Member to whom Rule 32.2 or the final sentence of Rule 32.1 applies, the Trustees shall make arrangements to apply such Member's Cash Value to the purchase of appropriate benefits under an Approved Policy issued to the Member by an Authorised Insurance Company chosen by the Member.

33.2 In their application of this Rule 33 the Trustees shall have regard to the provisions of the Pension Schemes Act 1993⁽⁸⁸⁾.

33.3 The Trustees may at their discretion make arrangements as described above other than at the request of the Member but not without his consent and may choose an Authorised Insurance Company for the purposes of Rule 33.1 above if the Member fails to do so.

33.4 Prior to the completion of arrangements made in accordance with this Rule the Member shall complete such forms (if any) as the Trustees shall request and upon payment from the NATS Section of the Member's Cash Value the Member and any other person or persons to whom any benefit would have been payable in consequence of the Member's membership of the NATS Section shall cease to have any claim on the NATS Section in respect of the amount so paid and in respect of the benefit (determined by the Actuary) to which such amount relates.

Any payment made under this Rule shall be made upon the basis that the Member shall be entitled under such other arrangement or Section to such benefits (consistent with the existing formal approval of that retirement benefits arrangement or Section, as appropriate, by the Board of Inland Revenue) in respect of such payment as the Trustees may in their discretion arrange with the trustees of or persons administering the other retirement benefits arrangement, provided that such benefits shall be such as to satisfy the provisions of the Pension Schemes Act 1993.

34.4 Upon a payment being made under this Rule the Member and any other person or persons to whom any benefit would have been payable in consequence of the Member's membership of the NATS Section shall cease to have any claim on the NATS Section to the extent that such benefit has been substituted and satisfied by such payment.

35.

TRANSFERS TO THE NATS SECTION

35.1 Subject to Rule 35.2 below and to any undertaking given to the Board of Inland Revenue for the purposes of this Rule if any Member or if any group of Members of the NATS Section of the Scheme is entitled to benefit under any other retirement benefits arrangement or another Section of the Scheme then, in accordance with the provisions of the other arrangement or Section or at the written request of any Member, the Trustees may:

- (a) accept from the other arrangement or Section any cash sum that the trustees thereof or persons having the necessary powers thereunder may be authorised to pay to them in substitution for the benefit for or in respect of the Member thereunder or for a part of such benefits, and/or
- (b) accept from the other arrangement or Section an assignment or transfer to the Trustees of such annuity or assurance contracts or policies on the life of the Member or such other assets or investments which the Trustees are empowered to acquire or retain in accordance with the provisions of the NATS Section as may be included within such other arrangement, and/or
- (c) accept a new annuity or assurance contract or policy or an amendment of an existing annuity or assurance contract or policy which will secure, among other things, benefits on the life of the Member.

35.2 Before accepting any payment or transfer to the NATS Section or any annuity or assurance contract or policy or any amendment or assignment thereof and before conferring any right or benefit under the NATS Section under this Rule the Trustees shall satisfy themselves that such acceptance or conferment will not prejudice the approval of the Scheme under the Taxes Act.

35.3 Upon such acceptance as aforesaid the Trustees shall, subject to Rules 35.4, 35.5 and 35.6 of this Rule and Appendix 5, confer on the Member such rights and benefits under the NATS Section as they shall determine on the advice of the Actuary having regard to the nature and value of the assets so received and shall notify the Member accordingly; provided always that:

- (a) the benefits arising on retirement from a payment or transfer shall not be capable of commutation nor shall they be paid in lump sum form if the payment or transfer is accompanied by a certificate from the administrator of the other arrangement or Section to the effect that the payment or transfer is not to be used to provide benefits in lump sum form; and

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- (b) for Continued Rights Members pension benefits on retirement arising from a payment or transfer (other than from another scheme of the Employer or any company firm or individual which is or may become associated in business with the Sponsoring Section Employer) may be commuted only if and to the extent that a certificate has been obtained from the administrator of the other arrangement showing the maximum lump sum payable from the payment or transfer. The amount so certified may be increased in proportion to any increase in the Index since the date the payment or transfer was received; and
- (c) where the payment or transfer is in respect of a Former Civil Servant and is from one of the Civil Service Schemes the benefit conferred on the Member shall be a number of additional years of Pensionable Service equal to the number of years prior to the date on which he became a Member which were regarded as reckonable service for superannuation purposes under such scheme in respect of him,

except that provisos (a) and (b) above shall not apply where the Trustees have conferred an additional period of Pensionable Service in the NATS Section on the Member in respect of the payment or transfer.

35.4 Such part, but only such part, of the assets so received as is derived from the contributions (if any) made by the Member under the other arrangement or Section (as certified by the trustees thereof or other person or persons administering the other arrangement) shall be treated in the NATS Section as Member's contributions and such part thereof as is derived from voluntary contributions of the Member (certified as aforesaid) shall, at the option of the Member and if agreed between the Member and the Trustees, be treated in the NATS Section as Member's voluntary contributions.

35.5 The Trustees shall not assume liability in respect of a Member of the NATS Section for

- (a) an Equivalent Pension Benefit (as defined in the National Insurance Act 1965(90)); or
- (b) a Guaranteed Minimum Pension, or
- (c) Protected Rights

unless the payment or transfer to the NATS Section is in their opinion on the advice of the Actuary sufficient to secure the said benefit and before assuming such liability they shall ascertain from the trustees of or persons administering the other arrangement or Section the amount of such benefit. Upon assuming such liability they shall impose such restrictions on the options available to the Member as shall be necessary to comply with the requirements of the National Insurance Act 1965 or the Pension Schemes Act 1993 as appropriate.

35.6 In the event of the Member leaving Service in the NATS Section before Normal Pension Date for any reason except death he shall be entitled to the full amount of the benefit conferred upon him by the Trustees as aforesaid unless the Member in accordance with the Rules is to receive a return of his own contributions in lieu of other benefit. In that event the return of any of the contributions which are referred to in Rule 35.4 above shall be in lieu of the whole of the benefits conferred upon the Member by the Trustees as aforesaid.

36.

TEMPORARY ABSENCE FROM WORK

36.1 If a Current Member of the NATS Section is temporarily absent from work, he may with the consent of his Employer and subject to the following paragraphs of this Rule, be deemed for the purposes of these Rules to remain a Current Member of the NATS Section in the Service of the Employers:

(90) 1965 c. 51.

- (a) for any period before Normal Pension Date during which the absence is due to his injury or illness, or to secondment to a United Kingdom Government Department or work of national importance of a like nature; or
- (b) for any other period before Normal Pension Date not exceeding three years or ten years if the Member remains resident in the United Kingdom (or such longer period as shall be acceptable to the Board of Inland Revenue).

36.2 Rule 36.1 shall not apply in respect of any period after the Member has become a member of any other retirement benefits scheme or another Section of the Scheme unless prior confirmation has been obtained from the Board of Inland Revenue that approval of the Scheme under the Taxes Act will not thereby be prejudiced.

Continuation or suspension of contributions

36.3 Where the Employer notifies the Trustees that a Member of the NATS Section is temporarily absent on full pay or that he is on sick leave on full pay or on half pay such Member shall be deemed to remain in Service under the NATS Section in accordance with Rule 36.1 and shall continue to pay contributions under Rule 23.1 together with the proportion (if any) of the Member's voluntary contributions to the NATS Section agreed between the Trustees and the Member.

For the purposes of this Rule in relation to the calculation of benefit hereunder the Trustees shall treat as conclusive any statement made by the Employers in writing that a Member is or was in receipt of full pay or half pay for any period or part of a period of absence.

If the Member's contributions to the NATS Section are continued in whole or in part during any such period as aforesaid, the whole of such period shall be included in the Member's Pensionable Service, provided always that no such period shall be included in Pensionable Service which would conflict with the requirements of the Board of Inland Revenue.

36.4 A person who is deemed to remain a Current Member of the NATS Section in accordance with this Rule 36 (other than a person to whom Rule 36.3 applies) may, with the consent of the Trustees suspend his contributions (if any) to the NATS Section or may continue to pay contributions on any basis agreed with the Trustees and acceptable to the Board of Inland Revenue, provided that in respect of any period of Paid Maternity Absence a Member shall not be required to pay contributions calculated with reference to remuneration in excess of the amount of contractual remuneration or statutory maternity pay actually paid to or for her in respect of that period.

If no contributions are paid by such Member to the NATS Section during any period throughout which he is deemed to be a Current Member in accordance with this Rule 36 the Trustees shall exclude such period from the Member's Pensionable Service except as provided below.

If the Member's contributions to the NATS Section are continued in whole or in part during any such period as aforesaid the whole or, respectively, an appropriate proportion of such period (determined by the Trustees) shall be included in the Member's Pensionable Service, provided always that no such period shall be included in Pensionable Service which would conflict with the requirements of the Board of Inland Revenue.

Such Member's remuneration for the purpose of calculating any benefit from the NATS Section shall be not less than an amount calculated with reference to the remuneration to be attributable to such period in accordance with paragraph 5 of schedule 5 to the Social Security Act 1989⁽⁹¹⁾.

Maternity leave after Paid Maternity Absence

- (b) If a female Member of the NATS Section is absent from work on maternity leave she shall continue to be deemed to be a Current Member in Service in accordance with Rule 36.1 after the cessation of her period of Paid Maternity Absence until the expiry of the period during which she may exercise her right under the said Act to return to work or, if earlier, the date of her notice to the Employer of her intention not to return to work and the provisions of this Rule 36 other than paragraph (a) above shall apply in respect of that part of her absence which follows the period of her Paid Maternity Absence.

Concurrent membership of sick pay scheme

36.6 A Member of the NATS Section who is absent from employment and whether or not there is in respect of him a clear expectation of returning to Service may at the discretion of the Trustees be deemed to remain a Current Member in accordance with Rule 36.1 during any period during which he is in receipt of benefit which will not continue beyond Normal Pension Date from a sick pay scheme of the Employer.

Continuation of death benefits

36.7 Death benefits under the NATS Section shall continue in force in respect of Members who are deemed to be Current Members of the NATS Section in accordance with this Rule 36.

Adjustment of remuneration

36.8 If the remuneration of a Member of the NATS Section to whom this Rule 36 has been applied is reduced or suspended during any period of absence, the amount of any benefit which is to be calculated in respect of the Member by reference to such remuneration shall, except as provided in Rule 36.5(a), be calculated during any period of absence for six months or less, or absence for sick leave, having regard to the remuneration which the Trustees in their discretion determine that the Member would have received had he been in active employment on full pay, and during any period of absence in excess of six months, other than absence for sick leave, shall be such other amount or rate of remuneration which the Employer, with the consent of the Trustees, considers to be appropriate.

36.9 If at the expiry of the appropriate period specified in this Rule 36 the Member has not returned to work, he shall cease to be a Current Member of the NATS Section.

37.

APPLICATION OF DEATH BENEFITS

37.1 In respect of any benefit which is expressed to be payable under the NATS Section in accordance with this Rule the Trustees shall, subject to Rule 37.3, as soon as practicable after the Member's death pay such benefit to the Member's personal representatives and/or pay or apply such benefit to or for the benefit of any one or more of the Member's Dependants and Relations living or conceived but not yet born at the Member's death and/or such persons or bodies as the Member may have notified in writing to the Trustees (as being persons or bodies whom the Member wishes

(91) 1989 c. 24.

the Trustees to consider as possible recipients of any benefit payable from the NATS Section on the Member's death) and/or people who would be entitled to benefit from the Member's estate (whether by testamentary disposition or under the law relating to intestacy) in such shares and in such manner as the Trustees shall decide. In exercising this discretion the Trustees may have regard to but shall not be bound by any wishes notified to the Trustees by the Member. The Trustees may in exercise of their discretion under this Rule pay such lump sum or any part thereof to trustees to hold upon such trusts and subject to such powers and provisions as the Trustees may direct and in this connection the Trustees shall have power to declare trusts and appoint separate trustees thereof and provide for their remuneration.

37.2 If at the end of the period of two years after the Member's death the Trustees shall not have made the said payment or shall have made payment of only part of the benefit aforesaid the Trustees shall pay the whole or the balance (as the case may be) of such benefit to the Member's personal representatives, except that if the residuary estate of the Member falls to be treated as bona vacantia belonging to the Crown or to the Duchy of Lancaster or the Duchy of Cornwall the said benefit or such balance thereof shall not be payable but shall fall into and form part of the assets of the NATS Section for all the purposes of the NATS Section.

37.3 In the case of a Member of the NATS Section who has died while in Service and who at the date of his death was a Controlling Director who had reached his 75th birthday, Rule 37.1 shall not apply and the said benefit shall instead be paid to his Spouse (if any), or if he leaves no Spouse then to his personal representatives.

PAYMENT OF PENSIONS

Payment of pensions

38.1 Pensions from the NATS Section shall be payable by monthly instalments in advance, the first payment being due on the day on which the pension becomes payable.

38.2 Subject always to Rule 39 the amount of each instalment of pension hereunder shall be 1/12th of the annual amount, provided that the annual amount of any pension payable from the NATS Section shall where it is not a multiple of 12 pence be rounded up to the next multiple of 12 pence above.

38.3 A pension payable from the NATS Section to or in respect of a Member of the NATS Section shall cease with the last instalment falling due before the death of the recipient of such pension, except as described in Rule 27.2 and Rule 38.4.

38.4 A pension payable from the NATS Section to or in respect of a Qualifying Child shall cease with the last instalment falling due before the earlier of (i) the attainment of age 18 by the Qualifying Child, and (ii) the death of the Qualifying Child, provided always that:

- (i) if at the date of (i) above the Qualifying Child is in receipt of full-time educational or full-time or substantially full-time vocational training of at least two years' duration the emoluments for which (if any) receivable by the Qualifying Child are of such amount as should in the opinion of the Trustees be ignored the pension shall continue to be payable until such education or training ceases or until the Qualifying Child attains age 25 whichever is the earliest; and
- (ii) for the purposes of this Rule education or training shall not be regarded as ceasing upon the occurrence of any break therein which the Trustees consider to be of short duration or incidental in the course of such education or training.

Change in manner of payment and variable pension option

- (a) (a) Subject always to Appendix 4 and Appendix 5, at the request of or with the consent of a Member or other beneficiary a benefit payable from the NATS Section to or in respect of him may at the discretion of the Trustees be payable in a different manner or in a different form from that described in these NATS Rules and the amount thereof may be adjusted appropriately provided always that:
 - (i) the total benefits in respect of him shall not be less than the Trustees after consultation with the Actuary consider to be actuarially equivalent; and
 - (ii) this Rule shall not be operated in such a way as to cause the pension to which a Member or his Spouse is entitled in accordance with Appendix 5 to be payable for less than such person's lifetime.
- (b) The provisions of paragraph (a) above may at the request of a Member be applied to increase the amount of the Member's pension in course of payment from the NATS Section prior to State Pensionable Age so that such pension immediately prior to that age shall, as far as may be practicable, be equal to the aggregate immediately after that age of the Member's pension from the NATS Section and the State pension payable to the Member. For this purpose the State pension payable to the Member shall be taken to be the full rate of basic State pension payable to a single person as at the date of commencement of the Member's pension from the NATS Section.

The application of this paragraph (b) shall be subject to paragraph (a) above except that:

- (i) it shall be applied at the option of the Member and not at the discretion of the Trustees; and
- (ii) by request in writing to the Trustees, a Member may exercise such option or cancel the exercise of such option within the period of three months after commencement of payment of his pension from the NATS Section subject to any terms imposed by the Trustees in order to satisfy the requirements (if any) of the Board of Inland Revenue.

Any alteration to a Member's pension from the NATS Section as a result of the application of this paragraph (b) shall be disregarded in the calculation of the Member's Relevant Pension.

Method of payment of benefits

38.6 Every person entitled to receive a pension or other benefit under the NATS Section shall notify the Trustees, or as they may direct, of the bank or building society in the United Kingdom or address to which the pension or other benefit may be sent. Subject to Rule 22, such payment will be made in sterling to such person's bank or building society account in the United Kingdom or by cheque crossed "a/c payee only" and sent through the post at the risk of the recipient to the address last notified to the Trustees or as the Trustees shall determine having regard to a request from the recipient.

39.

INCREASES IN PENSIONS IN PAYMENT

39.1 Pensions in course of payment from the NATS Section shall be increased in each year on 1 April by the percentage increase in the cost of living over the past year as shown in the Index for the month of February prior to the relevant 1 April or, in the case of a pension which commenced to be paid within the year to 31 March by a proportional amount calculated on a basis determined by the Trustees with the advice of the Actuary; provided always that

- (a) increases under this Rule to a Member's pension shall, after attainment by the Member of State Pensionable Age, be calculated in respect only of that part (if any) of the Member's pension which is in excess of his Guaranteed Minimum Pension except that this proviso shall not be applied in respect of a Member until the 1 April after the 1 April which next follows his attainment of State Pensionable Age; and
- (b) increases under this Rule to a pension payable under the NATS Section to a Member's Spouse shall be calculated in respect only of that part (if any) of the Spouse's pension which exceeds the Spouse's Guaranteed Minimum Pension in respect of the Member or, in the case of a pension payable at the rate described in Rule 28.3(a), that part (if any) of the Spouse's pension which exceeds twice the Spouse's Guaranteed Minimum Pension in respect of the Member at the date of his death except that this proviso shall not be applied in respect of the first increase to be made under this Rule to any pension payable to the Spouse of a Member who has died before attainment of State Pensionable Age; and
- (c) the said pensions shall be increased at least to such extent and on such dates as are necessary to comply with the provisions of Chapter I of Part V of the Pension Schemes Act 1993⁽⁹³⁾ and the requirements of the Department of Social Security in relation to the increase in pensions in payment; and
- (d) if there is a percentage decrease in the cost of living as shown in the Index references in this Rule 39 to increases and increasing a Member's pension shall be taken to be references

to decreases and decreasing a Member's pension but such decreases shall be such as the Trustees with the consent of the Employers may determine and shall not apply:

- (i) to pensions of a Member who became entitled to a deferred pension hereunder upon ceasing to be a Current Member more than 365 days before Normal Pension Date; or
- (ii) so as to reduce a Member's pension from the NATS Section below the level of such pension at the date of its commencement,

and provided further that paragraphs (a) and (b) above shall not apply if the person to whom such pension is payable is not in receipt of the increases paid by the State in respect of the notional state pension to which the Guaranteed Minimum Pension or Spouse's Guaranteed Minimum Pension corresponds.

Increases in accordance with this Rule 39 shall be not less in amount than are required to satisfy sections 51 to 54 of the Pensions Act 1995⁽⁹⁴⁾ and shall satisfy any other requirements of that Act relating to such increases including requirements relating to amounts of increases and to dates of payment and other terms and conditions relating thereto.

40.

40.2 A Class B Member who wishes to be treated for the purposes of the NATS Section as a Class A Member shall before his Latest Option Date and before attaining age 75 give written notice to the Administrator in such form as the Administrator shall require. Such Member shall be treated for the purposes of the NATS Section as a Class A Member and the provisions of Section A of Appendix 4 shall apply to his benefits under the NATS Section instead of Section B of Appendix 4.

41. NON-ASSIGNABILITY, FORFEITURE AND UNCLAIMED BENEFITS

41.1 No benefit provided from the NATS Section is capable of being assigned or charged in any way.

shall, subject always to the provisions of sections 91 and 92 of the Pensions Act 1995, immediately forfeit all right to the payment of benefit or further benefit from the NATS Section other than Guaranteed Minimum Pension, provided always that if the Trustees in their discretion so determine they may commence or resume payment of any benefit forfeited under this Rule by reason of the bankruptcy of any person if that person is discharged from such bankruptcy and provides evidence of such discharge satisfactory to the Trustees.

Unclaimed benefits

41. The Trustees shall have power if in the exercise of their discretion they so determine to place any monies representing benefits payable under the NATS Rules to which a claim enforceable under the provisions of the NATS Rules is not made within six years of their becoming payable to the credit of the Section Assets of the NATS Section and no person shall thereafter have any further claim to or interest in such benefits.

42.

PAYMENTS TO MINORS AND PERSONS UNDER A DISABILITY

42. Notwithstanding anything contained to the contrary in the Trust Deed or the NATS Rules, where payment of any benefit from the NATS Section is to be made to a Minor or to a person who is in the opinion of a Medical Adviser suffering from any mental disorder or physical or other incapacity rendering him unable to manage his affairs or to give a proper receipt for the whole or any part of the benefit the Trustees may in their discretion determine that such pension or other benefit shall be paid to and applied for the benefit of the Minor or for the maintenance of that person by such person or persons body corporate or institution as seem to the Trustees to be best for the benefit of such Minor or other person and the receipt of that person or persons body corporate or institution so paid shall be a complete discharge for such pension or other benefit and the Trustees shall be under no liability to see to the application thereof.

- (b) the Trustees shall be entitled to deduct from any benefit or other payment made under the NATS Section a sum equal to any tax, levy, fee or duty for which the Trustees become liable in consequence of such payment.

In particular, if any liability to Inheritance Tax (including interest on such tax) arises in respect of any benefit falling to be paid to any person whomsoever under the NATS Section, the Trustees may either discharge that liability and deduct the amount so paid from the benefit or may postpone payment of the benefit until the liability has been discharged or provided for to their satisfaction.

44.

CESSATION OF EMPLOYERS' CONTRIBUTIONS

- (d) in a case to which paragraph (c) applies, if within 12 months of the Member's discharge or resignation or such longer period as the Trustees may reasonably allow the Employers have not produced an order of a competent court or an award of an arbitrator under which

- (a) (a) Upon the cessation of Service of a Member to whom this Rule 47.2 applies as described in paragraph (b) below there shall at the discretion of the Trustees be payable subject to any deduction in accordance with Rule 43 and subject where required by the Trustees to the Member's agreement to such terms and conditions, including paragraph (c) below, as the Trustees shall require but otherwise upon the request of a Member an amount equal to such proportion of his Family Benefit Contributions (together with 3% per annum compound interest thereon) as the Trustees with the advice of the Actuary shall consider to be appropriate. In the case of a Member whose cessation of Service was caused by his death such amount shall be payable in accordance with Rule 37.

Alternatively and in lieu of such amount, if the Member so requests and the Trustees agree, there may be payable an additional amount of pension determined by the Trustees on the advice of the Actuary as the equivalents of the said amount, subject always to Appendix 4.

- (b) This Rule 47.2 applies to a Member of the NATS Section (other than a Member who would have been excluded from this benefit if the Previous Scheme Provisions had continued to apply) who:
 - (i) has not been married at any time during his Pensionable Service and has never during such Pensionable Service had a Dependant eligible for benefit under rule 26.9; or
 - (ii) has been married at any time during his Pensionable Service but whose last or only marriage has been terminated by death of the Spouse or by divorce annulment or other dissolution and who during such Pensionable Service has never had a Dependant eligible for benefit under Rule 26.9; or

- (c) Except where the Trustees agree otherwise, a Member of the NATS Section who is to receive a refund or an additional amount of pension in accordance with paragraph (a) above shall give an undertaking that he will inform the Trustees if he subsequently marries and that he will then repay to the Trustees the amount so received (or in the case of an additional pension, the total of the instalments thereof so received) together with compound interest thereon as determined by the Trustees with the advice of the Actuary.

In consideration of such repayment the NATS Section shall accept a liability to provide a pension for the Member's Spouse and/or Qualifying Children and/or Dependents as shall be notified by the Trustees to the Member.

Lump Sum

- (a) A lump sum of such amount (if any) (subject to a maximum of 25% of the Cash Value of the Pension Credit Rights of the Ex-Spouse Participant at the date of his or her death) as the Trustees shall decide. Such lump sum shall be paid in accordance with Rule 37 as if the Ex-Spouse Participant was a Member of the NATS Section.

The amount of the pension shall not exceed 2/3rds (in the case of any one Dependant) or 100% (in the case of all Dependants) of the Appropriate Pension. For this purpose the Appropriate Pension is the amount of pension which could in the opinion of the Trustees acting on the advice of the Actuary have been provided for the Ex-Spouse Participant by the whole of the Cash Value aforesaid if he or she had commenced receiving a pension from the NATS Section on the day before his or her death and for this purpose an Ex-Spouse Participant under the age of 50 shall be deemed to have been exactly 50 years of age.

- (a) a scheme which is approved under Chapter 1 of part XIV of the Taxes Act(97) and which the Ex-Spouse Participant is a member of or has a Pension Credit under it, or
- (b) a Personal Pension Scheme, or

If an Ex-Spouse Participant is entitled to benefits from the NATS Section as a Member of the NATS Section or as a Dependant of a Member of the NATS Section the benefits to which the Ex-Spouse Participant is entitled from the NATS Section as an Ex-Spouse Participant shall, except as provided in Rule 3.3 of this Schedule, be treated separately from the benefits to which he or she is entitled as a Member of the NATS Section or as a Dependant of a Member of the NATS Section.

APPENDIX 4

INLAND REVENUE LIMITS

Overriding rule

1. This Appendix 4 overrides all provisions of the Trust Deed and Rules. It applies separately to each Section of the Scheme.

Section A (Applicable to Class A Members)

2.1 Any pension (before the exercise of any options available under the relevant Section) payable to a Member from any Section on retirement at any time between attaining age 50 and attaining age 75 (other than on retirement before Normal Pension Date on grounds of incapacity) shall not be such that the aggregate of such pension and of the pension equivalent of all other retirement benefits payable in respect of that Member's Service including such benefit (if any) payable under Associated Schemes would exceed 1/60th of his Final Remuneration for each year of Service up to a maximum of forty, or such greater amount as will not prejudice the approval of the Scheme under Chapter I of Part XIV of the Taxes Act. For the purposes of this paragraph 2.1, the pension equivalent of all retirement benefits payable other than in the form of a non-commutable pension shall be 1/12th of its total cash value.

2.2 Any pension (before the exercise of any options available under the relevant Section) payable to a Member from any Section on retirement before Normal Pension Date on grounds of incapacity shall not exceed the amount which could have been provided in respect of him at Normal Pension Date under paragraph 2.1 above taking Final Remuneration as at the actual date of retirement but including in Service the period between the actual date of retirement and Normal Pension Date.

2.3 Notwithstanding paragraph 2.1 above, the pension which can be calculated under that paragraph in respect of a Member who ceases to be a Current Member before attaining age 75 may be increased by 5% compound for each complete year or in proportion to any increase in the Index which has occurred between the date of such cessation and the date on which the pension begins to be payable. Such amount may be further increased to comply with the preservation requirements of the Pension Schemes Act 1993 and, where appropriate, with the requirements of that Act relating to increases in Guaranteed Minimum Pensions.

3.1 Any lump sum retirement benefit payable to a Member from any Section (other than in commutation of pension on grounds of triviality) on retirement at any time between attaining age 50 and attaining age 75, except on retirement before Normal Pension Date on grounds of incapacity, shall not be such that the aggregate of such benefit and of all other lump sum retirement benefits payable in respect of that Member's Service including such benefit (if any) payable from Associated Schemes would exceed 3/80ths of his Final Remuneration for each year of Service up to a maximum of forty, or such greater amount as will not prejudice approval of the Scheme under the Taxes Act.

3.2 Any lump sum retirement benefit payable to a Member from any Section on retirement before Normal Pension Date on grounds of incapacity shall not exceed the amount which could have been provided in respect of him at Normal Pension Date under paragraph 3.1 above taking Final Remuneration as at the actual date of retirement but including in Service the period between the actual date of retirement and Normal Pension Date.

3.3 Notwithstanding paragraph 3.1 above, the lump sum retirement benefit which can be calculated under that paragraph in respect of a Member who ceases to be a Current Member may be increased in proportion to any increase in the Index which has occurred between the date of such cessation and the date on which the benefit becomes payable.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

4. In the case of a Member who is or who has at any time during his membership of the Section been a Controlling Director of any of the Employers the maximum aggregate benefit referred to in paragraphs 2.1 and 3.1 shall be reduced, where necessary for approval of the Scheme under Chapter I of Part XIV of the Taxes Act, so as to take account of any corresponding benefits under either a retirement annuity contract or trust scheme approved under Chapter III of Part XIV of that Act or a Personal Pension Scheme.

5. Any lump sum benefit (exclusive of any refund of the Member's own contributions and any interest thereon) payable from any Section on the death of a Member while in Service or having left Service entitled to a deferred pension under Rule 32 before the commencement of his pension from the Section shall not be such that the aggregate thereof and of all like benefits under Associated Schemes would exceed the greater of:—

- (a) £5,000; and
- (b) four times the Member's Final Remuneration at the date of his death

or such greater amount as will not prejudice the approval of the Scheme under the Taxes Act less, if the aggregate of such lump sums exceeds £2,500,

- (i) any lump sum (other than a refund of his own contributions) payable on the death of the Member under all schemes relating to service with previous employers; and
- (ii) any lump sum life assurance benefit payable on the death of the Member under a retirement annuity contract or trust scheme approved under Chapter III of Part XIV of the Taxes Act, or a Personal Pension Scheme.

6. Any pension payable to any person from any Section on the death of a Member (other than any pension provided by voluntary surrender of pension by the Member) shall not be such that the aggregate thereof and of any other such pension payable to that person from all Associated Schemes or other Sections of the Scheme would exceed 2/3rd of the aggregate pension (including the pension equivalent of any benefits not in pension form) payable to the Member from such schemes, or such greater amount as will not prejudice the approval of the Scheme under the Taxes Act.

For this purpose the pension payable to the Member shall be taken as

- (a) that which he was receiving immediately before his death if applicable (including any increases to such pension while in payment up to and including the day before the Member's death); or
- (b) if he died after ceasing to be a Current Member but before Normal Pension Date and before any pension had become payable to him from the Scheme the pension to which such Member would have been entitled under Rule 32 taking into account the increases (if any) to such pension described in Rule 24.3 up to and including the day before the Member's death together with any benefit from Associated Schemes or another Section of the Scheme which is a deferred benefit payable to the Member at any time between ages 50 and 75; or
- (c) if he died whilst a Current Member before Normal Pension Date and before any pension had become payable to him from any Section, that which he would have received from the Section on retirement at Normal Pension Date had he remained a Current Member until that date without further change in remuneration together with any pension prospectively payable to the Member from Associated Schemes or another section of the Scheme had he remained in Service until Normal Pension Date without further change in remuneration; or
- (d) if he died on or after Normal Pension Date and before any pension had become payable to him under the relevant Section that which he would have received on retirement at Normal Pension Date or, if later, that which he would have received if he had retired on the day before his death.

7. If a pension as described in paragraph 6 above is payable to more than one person from the relevant Section on the death of a Member, the total of all such pensions, when aggregated with all other such benefits under all Associated Schemes or other Sections of the Scheme, shall not exceed the aggregate pension of the Member calculated in accordance with paragraph 6 above or such greater amount as will not prejudice approval of the Scheme under the Taxes Act(101).

8. Any increase in a pension from the relevant Section after its commencement (other than an increase at a fixed rate not exceeding 3% per annum compound) shall not be so great as to cause such pension to exceed the maximum amount permitted under the foregoing paragraphs at the date of commencement, increased in proportion to any increase in the Index since that date. For this purpose there shall, in the case of a pension payable to the Member, be excluded from such maximum amount any pension which has been surrendered to provide a pension for a Spouse or Dependant.

9. In this Section A of Appendix 4:

Final Remuneration means in relation to a Member at the date of commencement of his pension from the relevant Section, or the date on which he ceases to be a Current Member, if earlier, the highest of:

- (a) his highest total yearly remuneration from the Employers for any one of the last five years, except that in calculating the remuneration for any such year (the Relevant Year) the amount of any fluctuating emoluments shall be taken as the yearly average over a period of three or more years (or, with the consent of the Board of the Inland Revenue, such lesser period as the Member has been in receipt of such emoluments) ending on the last day of the Relevant Year provided that for such purpose the fluctuating emoluments for a year other than the Relevant Year may be increased in proportion to any increase in the Index from the last day of that year up to the last day of the Relevant Year; and
- (b) the highest yearly average of his total emoluments from the Employers for any period of three or more consecutive years ending not more than ten years before the said date; and
- (c) in the case only of a Member who dies in Service, the yearly average of any fluctuating emoluments over a period of three or more years (or such lesser period as he was in receipt of such emoluments) ending at the date of his death and subject, with the necessary alterations in point of detail, to the proviso to sub-paragraph (a) above together with the yearly rate of all other remuneration from the Employers applicable immediately before the date of his death; and
- (d) in the case only of a deceased Member his highest total emoluments from the Employers for any year ending not more than three years before the date of his death;

provided that:

- (i) a Member's remuneration or other emoluments shall for this purpose include remuneration assessed or assessable under Schedule E from a sick pay or permanent health insurance scheme of the Employer (being a scheme under which benefit will not continue beyond Normal Pension Date), benefits in kind to the extent that they are assessed or assessable under Schedule E as emoluments and otherwise to the extent agreed by the Board of Inland Revenue for this purpose, and directors' fees other than any to which the Member is not beneficially entitled or any which are treated for tax purposes as a receipt of a profession; but
- (ii) except in respect of a Member who dies in Service, a Member's remuneration or other emoluments for this purpose shall not include anything in respect of which tax is chargeable by virtue of section 148 of the Taxes Act or any amounts which arise from the acquisition or disposal of shares or an interest in shares or from a right to acquire shares where the rights were acquired on or after 17th March 1987,

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- (iii) if the Member's remuneration had been reduced for more than ten years on account of incapacity, his Final Remuneration may be calculated by reference to the date of such reduction; and
- (iv) in calculating a Member's remuneration for any year the amount thereof may be deemed to be increased in proportion to any increase in the Index over the period since the end of such year; and
- (v) the alternative in (a) above shall not apply in respect of a Member (other than a deceased Member) who is a Controlling Director; and
- (vi) any excess of the amount calculated in accordance with this definition over the Permitted Maximum shall be disregarded.

Section B (Applicable to Class B Members)

10.1 Any pension (before the exercise of any options available under the relevant Section) payable to a Member from the relevant Section at or before Normal Pension Date shall not be such that the aggregate of such pension and of the pension equivalent of all other retirement benefits payable under the Employers' Schemes to or in respect of that Member's Service would exceed 1/60th of his Final Remuneration for each year of Service up to a maximum of forty, or such greater amount as will not prejudice the approval of the Scheme under Chapter I of Part XIV of the Taxes Act.

10.2 Notwithstanding paragraph 10.1 above, the pension which can be calculated under that paragraph in respect of a Member who ceases to be a Current Member before Normal Pension Date may be increased by 5% compound for each complete year, or in proportion to any increase in the Index which has occurred between the date of such cessation and the date on which the pension begins to be payable. Such amount may be further increased to comply with the preservation requirements of the Pension Schemes Act 1993 and, where appropriate, with the requirements of that Act relating to increases in Guaranteed Minimum Pensions.

11.1 Any lump sum retirement benefit payable to a Member from the relevant Section at or before Normal Pension Date (other than in commutation of pension on grounds of triviality or serious ill-health) shall not be such that the aggregate of such benefit and of all other lump sum retirement benefits payable to or in respect of him under the Employers' Schemes would exceed 3/80th of his Final Remuneration for each year of Service up to a maximum of forty disregarding any excess of that remuneration over £100,000 (or such other sum as may be specified in an order by the Treasury) for Members who become Current Members on or after 17th March 1987, or such greater amount as will not prejudice approval of the Scheme under the Taxes Act.

11.2 Notwithstanding paragraph 11.1 above, the lump sum retirement benefit which can be calculated under that paragraph in respect of a Member who ceases to be a Current Member may be increased in proportion to any increase in the Index which has occurred between the date of such cessation and the date on which the benefit in respect of the Member becomes payable.

12. In the case of a Member who is or who has at any time during his membership of the relevant Section been a Controlling Director of any of the Employers the maximum aggregate benefits referred to in paragraphs 10.1 and 11.1 shall be reduced, where necessary for approval of the Scheme under Chapter 1 of Part XIV of the Taxes Act, so as to take account of any corresponding benefits under either a retirement annuity contract or trust scheme approved under Chapter III of Part XIV of that Act or a Personal Pension Scheme.

13. If a pension and/or lump sum retirement benefit becomes payable after Normal Pension Date to a Member who has not previously received any benefit from the relevant Section, the limits described in the preceding paragraphs shall apply but with the modification that either:

- (a) the maximum benefits payable are calculated as if they had been payable at Normal Pension Date and are then increased in proportion to any increase in the Index since his Normal Pension Date (or actuarially if this should give a higher amount) in the case of a pension, and by the addition of interest at a reasonable rate in the case of a lump sum, in respect of the period between Normal Pension Date and the actual date of payment; or
- (b) the maximum benefits payable are calculated as if the actual date of payment had been his Normal Pension Date; for this purpose the limit of forty years referred to in paragraphs 10.1 and 11.1 above, where applicable, may be increased by the addition thereto of any period of Service (up to a maximum of five years) falling after Normal Pension Date;

provided always that in the case of a Controlling Director the said limitations shall be calculated as if his Normal Pension Date had been the earlier of this 70th birthday and the actual date of payment.

14. If a pension becomes payable after Normal Pension Date to a Member who has previously received a lump sum retirement benefit from the relevant Section, such pension shall not exceed an amount calculated in accordance with (a) of paragraph 13 above, except that in the case of a Controlling Director the alternative of increasing the pension actuarially shall not apply in respect of any period before his 70th birthday.

15. Any pension payable to any person from the relevant Section on the death of a Member (other than any pension provided by voluntary surrender of pension by the Member) shall not be such that the aggregate thereof and of any other such pension payable to that person from the Employer's Schemes would exceed 2/3rd of the aggregate pension (including the pension equivalent of any benefits not in pension form) payable to the Member from such schemes, or such greater amount as will not prejudice the approval of the Scheme under the Taxes Act.

For this purpose the pension payable to the Member shall be taken as:

- (a) that which he was receiving immediately before his death if applicable (including any increases to such pension while in payment up to and including the day before the Member's death); or
- (b) if he died after ceasing to be a Current Member but before Normal Pension Date and before any pension had become payable to him from the Scheme the pension to which such Member would have been entitled under Rule 32 taking into account the increases (if any) to such pension described in Rule 24.3 up to and including the day before the Member's death together with any benefit from the Employers' Schemes which is a deferred benefit payable to the Member at Normal Pension Date; or
- (c) if he died whilst a Current Member before Normal Pension Date and before any pension had become payable to him from the relevant Section, that which he would have received on retirement at Normal Pension Date had he remained a Current Member until that date without further change in remuneration together with any pension prospectively payable to the Member from the Employers' Schemes had he remained in Service until Normal Pension Date without further change in remuneration; or
- (d) if he died on or after Normal Pension Date and before any pension had become payable to him under the relevant Section that which he which he would have received on retirement at Normal Pension Date or, if later, that which he would have received if he had retired on the day before his death.

16. If a pension as described in paragraph 15 above is payable to more than one person from the relevant Section on the death of a Member, the total of all such pensions, when aggregated with all other such benefits under the Employers' Schemes, shall not exceed the aggregate pension of the Member calculated in accordance with paragraph 15 above or such greater amount as will not prejudice approval of the Scheme under the Taxes Act.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

17. Any increase in a pension from the relevant Section after its commencement (other than an increase at a fixed rate not exceeding 3% per annum compound) shall not be so great as to cause such pension to exceed the maximum amount permitted under the foregoing paragraphs at the date of its commencement, increased in proportion to any increase in the Index since that date. For this purpose there shall, in the case of a pension payable to the Member, be excluded from such maximum amount any pension which has been surrendered to provide a pension for a Spouse or Dependant or to provide a lump sum benefit.

18. Any lump sum benefit (exclusive of any refund of the Member's own contributions and any interest thereon) payable from the relevant Section on the death of a Member while in Service or having left Service entitled to a deferred pension shall under Rule 32 before the commencement of his pension from the relevant Section not be such that the aggregate thereof and of all like benefits under the Employers' Schemes would exceed the greater of:

- (a) £5,000; and
- (b) four times the Member's Final Remuneration at the date of his death,

or such greater amount as will not prejudice the approval of the Scheme under the Taxes Act less, if the aggregate of such lump sums exceeds £2,500,

- (i) any lump sum (other than a refund of his own contributions and any interest thereon) payable on the death of the Member under all schemes of previous employers; and
- (ii) any lump sum life assurance benefit payable on the death of the Member under a retirement annuity contract or trust scheme approved under Chapter III of Part XIV of the Taxes Act(102) or a Personal Pension Scheme.

19. In this Section B of this Appendix 4:

Final Remuneration means in relation to a Member at the date of commencement of his pension from the relevant Section, or the date on which he ceases to be a Current Member if earlier, the highest of

- (a) his highest total yearly remuneration from the Employers for any one of the last five years, except that in calculating the remuneration for any such year (the **Relevant Year**) the amount of any fluctuating emoluments shall be taken as the yearly average over a period of three or more years (or, with the consent of the Board of Inland Revenue, such lesser period as the Member has been in receipt of such emoluments) ending on the last day of the Relevant Year provided that for such purpose the fluctuating emoluments for a year other than the Relevant Year may be increased in proportion to any increase in the Index from the last day of that year up to the last day of the Relevant Year; and
- (b) the highest yearly average of his total emoluments from the Employers for any period of three or more consecutive years ending not more than ten years before the said date; and
- (c) in the case only of a Member who dies in Service, the yearly average of any fluctuating emoluments over a period of three or more years (or such lesser period as he was in receipt of such emoluments) ending at the date of his death and subject, with the necessary alterations in point of detail, to the proviso to sub-paragraph (a) above together with the yearly rate of all other remuneration from the Employers applicable immediately before the date of his death; and
- (d) in the case only of a deceased Member, his highest total emoluments from the Employers for any year ending not more than three years before the date of his death;

or such greater amount as will not prejudice the approval of the Scheme under the Taxes Act, provided that:

(102) 1988 c. 1.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- (i) a Member's remuneration or other emoluments shall for this purpose include remuneration assessed or assessable under Schedule E from a sick pay or permanent health insurance scheme of the Employer (being a scheme under which benefit will not continue beyond Normal Pension Date), benefits in kind to the extent that they are assessed or assessable under Schedule E as emoluments and otherwise to the extent agreed by the Board of Inland Revenue for this purpose, and directors' fees other than any to which the Member is not beneficially entitled or any which are treated for tax purposes as a receipt of a profession; but
- (ii) except in respect of a Member who dies in Service, a Member's remuneration or other emoluments for this purpose shall not include anything in respect of which tax is chargeable by virtue of section 148 of the Taxes Act or any amounts which arise from the acquisition or disposal of shares or an interest in shares or from a right to acquire shares, where the rights were acquired on or after 17th March 1987;
- (iii) if the Member's remuneration has been reduced for more than ten years on account of incapacity, his Final Remuneration may be calculated by reference to the date of such reduction; and
- (iv) in calculating a Member's remuneration for any year the amount thereof may be deemed to be increased in proportion to any increase in the Index over the period since the end of such year (except that for the purpose of paragraph 11 of this Section of this Appendix 4, it shall, in respect of Members who became Current Members before 17th March 1987 and of Continued Rights Members who are regarded by the Board of Inland Revenue as having pre 17th March 1987 continued rights, only be increased to the same extent that the Member's total benefit exceed the maximum permitted under paragraph 10 of this Section of this Appendix 4 calculated without reference to such increase); and
- (v) the alternative in (a) above shall not apply in respect of a Member (other than a deceased Member) who is a Controlling Director or to any other Member whose remuneration in any year beginning on or after 6th April 1987 used for the calculation of benefits has exceeded £100,000 or such other sum as may be prescribed in an order made by the Treasury; and
- (vi) in respect of persons who became Current Members on or after 1st June 1989 (other than Continued Rights Members) any excess of the amount calculated in accordance with this definition over the Permitted Maximum shall be disregarded.

APPENDIX 5

Section B: Guaranteed Minimum Pensions

2.1 This Section of this Appendix 5 shall apply if any Member's employment became contracted-out employment by reference to the relevant Section before 6 April 1997 and it shall then override any other provisions of the relevant Section except any which are required for approval of the Scheme under Chapter I of Part XIV of the Taxes Act and any person's entitlement under this Rule shall be included in that person's entitlement arising from Service prior to that date under any other provisions of the relevant Section.

2.2 The words and expressions used in this Section of this Appendix shall have the same meaning as in the Pension Schemes Act 1993.

- (a) (a) If a Member has a guaranteed minimum in relation to the pension provided for him or her under the relevant Section in accordance with section 14 of the Pension Schemes Act 1993⁽¹⁰⁵⁾, he or she shall be entitled to receive from the relevant Section a pension payable for life as follows:
 - (i) the weekly rate of the pension provided under the relevant Section from age 65 for a male Member and age 60 for a female Member shall not be less than the said guaranteed minimum;

⁽¹⁰³⁾ 1993 c. 48.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- (ii) if a male Member dies leaving a widow, the weekly rate of the pension provided for her under the relevant Section shall not be less than half of the Member's Guaranteed Minimum Pension;
- (iii) if a female Member dies leaving a widower, the weekly rate of the pension provided for him under the relevant Section shall not be less than half of the Member's Guaranteed Minimum Pension which is attributable to earnings for the tax year 1988/89 and subsequent tax years up to and including the tax year 1996/97.

The Guaranteed Minimum Pension in respect of a Member shall, in so far as it is attributable to earnings in the tax years from (and including) 1988/89, be increased in accordance with the requirements of section 109 of the Pension Schemes Act 1993⁽¹⁰⁶⁾ and to the extent of any orders made thereunder.

- (c) The pension to which any person is entitled under this paragraph may be commuted in accordance with the provisions of Rule 29 provided that the aggregate of such pension and the annuity equivalent of all other retirement benefits to which such person is entitled from the Employers' Scheme does not exceed £260 per annum (or such higher amount as may have been prescribed by regulations made under section 21(1) of the Pension Schemes Act 1993 and is acceptable to the Board of Inland Revenue).

2.4 Any period or part of a period of a Member's service in an employment which was contracted-out employment by reference to another retirement benefits arrangement shall, in relation to any rights or benefits conferred upon a transfer in to the relevant Section in substitution for such Member's accrued rights to guaranteed minimum pension benefits or Protected Rights under such other arrangement, be treated as a period or part of a period in Service during Contracted-out Membership under the relevant Section such that the part of his Guaranteed Minimum Pension in respect of such (if any) of his Contracted-out Membership which related to Protected Rights as aforesaid shall be equal to the guaranteed minimum to which he would have been treated as entitled by reason of his membership of the transferring arrangement if the transfer payment had not been made.

2.5 If a Member ceases to be in a contracted-out employment by reference to the relevant in circumstances in which he remains prospectively entitled to a Guaranteed Minimum Pension from the relevant Section from State Pensionable Age, such pension will be calculated on the basis that the Guaranteed Minimum Pension which has accrued under the relevant Section up to the date of such cessation will be increased in respect of the period from the date of such cessation up to State Pensionable Age or the previous death of the Member in accordance with one of the provisions set out in (a) or (b) below as the Trustees may decide and, if required, notify to the Department of Social Security as being the basis applicable for the time being to Guaranteed Minimum Pensions hereunder:

- (a) for each complete tax year after that in which contracted-out employment ceases up to and including the last complete tax year before State Pensionable Age or previous death by such rate of increase as regulations made for the purposes of section 16(3) of the Pension Schemes Act 1993⁽¹⁰⁷⁾ specify as being relevant to the date of cessation;
- (b) by a rate of increase equal to the percentage by which earnings factors for the tax year in which contracted-out employment ceases are increased by the last order under section 148

of the Social Security Administration Act 1992(**108**) to come into force before the tax year in which he reaches State Pensionable Age or dies (if earlier);

provided that

- (i) if such Member's Guaranteed Minimum Pension includes amounts transferred to the relevant Section from another retirement benefits arrangement the Guaranteed Minimum Pension which has accrued up to the cessation of contracted-out employment by reference to the previous arrangement may (subject to the terms of the previous arrangement) be increased in accordance with either of the methods in this paragraph 2.5 which the Trustees on the advice of the Actuary determine to be appropriate and which complies with the requirements of regulations made in relation to section 16 of the Pension Schemes Act 1993, and
- (ii) if the Member's Guaranteed Minimum Pension is transferred to another retirement benefits arrangement in accordance with Rule 34 the Guaranteed Minimum Pension which has accrued up to the cessation of Contracted-Out Membership may if the Trustees so agree be increased in accordance with either of the methods in paragraph 2.5 which would comply with the requirements of regulations made in relation to section 16 of the Pension Schemes Act 1993.

2.6 Except as provided in sections 87 to 92 and 110 of the Pension Schemes Act 1993(**109**), no part of a Member's or Spouse's pension under the Scheme may be used to frank an increase in the Member's or Spouse's Guaranteed Minimum Pension under paragraphs 2.3(a), 2.3(b) and 2.5 of this Appendix 5.

- (a) (a) Payment of a Guaranteed Minimum Pension may be suspended during any period when the person receiving the Guaranteed Minimum Pension is unable to act (by reason of mental disorder or otherwise) but the amount of the Guaranteed Minimum Pension must either be paid or applied for the maintenance of the recipient or his or her dependants or paid to the recipient when the recipient is again able to act or paid to the recipient's estate after the recipient's death.
- (b) Any instalment of a Guaranteed Minimum Pension may be forfeited if it is not paid within 6 years of the date on which the instalment became due for the reason that the Trustees were unaware of the existence or whereabouts of the recipient, but the Trustees may pay any such instalment if in their absolute discretion they think fit to do so.

2.8 The Guaranteed Minimum Pension and Spouse's Guaranteed Minimum Pension in respect of a Member shall not be payable in cases where the corresponding benefit is secured by payment of a Contributions Equivalent Pension in accordance with the provisions of section 55 of the Pension Schemes Act 1993(**110**), and in this event any benefits from the relevant Section payable to or in respect of a Member shall be reduced as the Trustees on the advice of the Actuary shall consider to be appropriate (having regard, among other things, to the benefit to which such Contributions Equivalent Premium relates) but not so as to infringe any of the provisions (including the preservation requirements) of the said Act.

APPENDIX 6

METHOD FOR ALLOCATING THE ASSETS AND LIABILITIES OF THE SCHEME TO THE CAA SECTION AND THE NATS SECTION

1. Introduction

1.1 The calculations required to place an actuarial value on the assets and liabilities of the Scheme (and consequential allocation of such assets and liabilities between the CAA Section and the NATS Section) will be made by the Actuary as at the Effective Date.

1.2 Words and expressions in this Appendix (and the Schedule to it) shall have the meanings set out in Appendix 1 of this Deed unless otherwise indicated in this Appendix 6.

2. The General Method of Calculation

2.1 The notional share of the assets of the Scheme attributable to HIAL Members at the Effective Date (the **HIAL Fund**) will be determined in accordance with the terms of the letter between Mr L W Priestley on behalf of the Trustees of the Scheme and Mr H M Lawson of HIAL dated 1 April 1995 and countersigned by Sir Christopher Chataway for the Civil Aviation Authority and Mr S J Ainsworth for Bacon & Woodrow.

The market value of the HIAL Fund will then be deducted from the total market value of the assets of the Scheme at the Effective Date prior to the allocation of the remaining assets of the Scheme between the CAA and NATS Sections. Following such allocation, the HIAL Fund will form part of the assets of the CAA Section.

2.2 No calculation of liabilities in respect of HIAL Members at the Effective Date will be required.

2.3 The assets of the Scheme which are attributable to additional voluntary contributions made by members pursuant to the rules of the Scheme in order to provide additional pension benefits determined on a money purchase basis (the **AVC Fund**) will be excluded prior to the allocation of the assets of the Scheme between the CAA and NATS Sections. The AVC Fund shall be allocated between the Sections of CAAPS by reference to the allocation of the Member to whom that part of the AVC Fund is attributable.

2.4 The liabilities of the Scheme for and in respect of Members at the Effective Date will be determined by reference to the benefits set out in this Deed together with any subsequent benefit changes notified to Members up until the Effective Date. In addition, provision will be made for an improvement in the rate of pension payable to a Spouse or Dependant on death after retirement (or in deferment) from 60% to 2/3rds of the Member's pension for all Current Pensioners, Deferred Pensioners and Current Members employed by CAA and NATS as at the Effective Date.

2.5 All of the calculation results will be rounded to an accuracy of £0.1 million (nearer).

2.6 The membership of the Scheme (excluding HIAL Members) on the day prior to the Effective Date will be subdivided into the following categories for the purpose of the calculations:—

Current Members employed by CAA (**CAA Active Members**)

Current Members employed by NATS (**NATS Active Members**)

Pensioners who were formerly Current Members and who are not in receipt of a pension from the Scheme (**Deferred Pensioners**)

Persons who are in receipt of a pension or other benefit in respect of a Member from the Scheme (including Spouses, Qualifying Children and Dependants) (**Current Pensioners**)

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

2.7 Under Clause 3.1 of this Deed, separate CAA and NATS Sections are established within the Scheme. Under Clause 3.2 of this Deed NATS Active Members are allocated to the NATS Section together with the corresponding actuarial liabilities. Under Clause 3.3 of this Deed, all CAA Active Members, Deferred Pensioners and Current Pensioners are allocated to the CAA Section together with the corresponding actuarial liabilities.

3. Methods and Assumptions

3.1 The actuarial liabilities in respect of CAA Active Members and NATS Active Members at the Effective Date will be calculated on a past service reserve basis on the assumptions set out in this Part 3 of this Appendix 6.

3.2 The actuarial liabilities in respect of Deferred Pensioners and Current Pensioners at the Effective Date will be calculated on a past service reserve basis on the assumptions set out in Part 3 of this Appendix 6 and then multiplied by 1.14 in order to provide for a strengthening of the basis.

3.3 Financial assumptions

Return on investments	Derived from yields on the FTSE Actuaries Government Securities 20 year index at the Effective Date together with an adverse margin provision of -0.5% post retirement and an outperformance premium adjustment of $+1.0\%$ pre retirement (except in relation to Deferred Pensioners where an adverse margin provision of -0.5% applies).
Price inflation	Derived from the difference in yields on ordinary gilts and index-linked gilts at the Effective Date (as specified in the Schedule to this Appendix 6).
Future increases in pensionable salaries	
due to seniority and length of service	Age related scale (as specified in the Schedule to this Appendix 6).
due to general pay increases	Taken as equal to price inflation plus 1.5% pa, subject to a minimum annual increase of 0% .
Future increases to the earnings cap	Equal to price inflation, subject to a minimum annual increase of 0% .
Pension increases in payment	In excess of the Guaranteed Minimum Pension (GMP), equal to price inflation, subject to a minimum annual increase of 0% .
	Increases on post 5.4.88 GMPs are allowed for having regard to price inflation, subject to a minimum annual increase of 0% and a maximum annual increase of 3% .
Pension increases in deferment	Equal to price inflation, subject to a minimum annual increase of 0% .
GMP increases in deferment	Allowance for fixed rate revaluation at the relevant rate.

The financial assumptions will be rounded to one decimal place (nearer).

3.4 Demographic assumptions

Mortality before retirement	Men and women: Standard table AM80 rated down by 2 years.
Mortality in retirement	Men: Standard table PMA80 (base) rated down 5 years. Women: Standard table PFA80 (base) rated down 5 years.
Ill health retirements	Allowance consistent with Scheme experience (as specified in the Schedule to this Appendix 6).
Other early retirements	No allowance except for air traffic control officers (ATCOs) (as specified in the Schedule to this Appendix 6).
Withdrawals	Allowance has been made for withdrawals from service consistent with Scheme experience (as specified in the Schedule to this Appendix 6).
Family Details	Husbands three years older than their wives. In respect of CAA Active Members, NATS Active Members and Deferred Pensioners 100% of members married at retirement or earlier death. For Current Pensioners, marital status is as per membership data held by the pensions administrators of the Scheme.

3.5 Procedural assumptions

Commutation	None.
Age	Age taken as age nearest birthday at the Effective Date.
Withdrawals	Members withdrawing from service are assumed to be entitled to deferred pensions.
S Category	Active members assumed to retire at 60 without early retirement factor.

3.6 The value of assets of the Scheme will be the market value of the assets at the Effective Date. It is assumed that audited accounts will be available for this purpose.

3.7 No explicit allowance will be made for administration or investment expenses.

3.8 The actuarial liabilities in respect of Members attributed to each Section of the Scheme at the Effective Date will be determined in accordance with the actuarial method and assumptions set out above. Assets of an equivalent market value to the actuarial liabilities will then be allocated to each Section.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

3.9 The balance of the assets of the Scheme remaining after the allocation in under paragraph 3.8 above will be allocated to the CAA and NATS Sections in proportion to the actuarial liabilities of the Current Members allocated to the respective Sections.

3.10 The calculations in paragraphs 3.8 and 3.9 of this Appendix 6 shall determine the assets allocated to each Section. It is anticipated that the Trustees (in consultation with the members of the Section Strategic Asset Allocation Committees (SSAAC) of the CAA Section and the NATS Section, which are to be created at the Effective Date) will decide (prior to the Effective Date) on the nature of the assets representing the appropriate market value to be allocated to each Section. To the extent that no decision is made by the Effective Date, the remaining assets (or the totality of assets if no agreement at all is reached) will be allocated so that the assets for the Current Pensioners and Deferred Pensioners are provided, as far as possible, by bonds/cash and the remainder of assets will be allocated by class of asset in strict proportion to that revealed by paragraphs 3.8 and 3.9 above.

3.11 As it will be impracticable to carry out a full set of calculations, in accordance with the terms of this Schedule, on the Effective Date, the following method will be adopted. Two weeks prior to the Effective Date, an approximate set of calculations will be carried out. The assets of the Scheme will then be allocated, at the Effective Date, in accordance with these calculations. Subsequently, a full and final set of actuarial calculations will be carried out as at the Effective Date. The Actuary will use his reasonable endeavours to ensure that the final results will be available within two months following the Effective Date. In the event that the full and final set of actuarial calculations reveal that a Section has been allocated excess assets, such excess assets will be re-allocated to the other Section together with an adjustment representing the appropriate investment return between the Effective Date and the date of final payment (the **Relevant Period**). The appropriate investment return will be determined on such basis as may be decided by the Trustees (in consultation with the members of the SSAACs) prior to the Effective Date. If no decision is made prior to the Effective Date, in the case that it is the CAA Section which has been allocated the excess assets, the appropriate investment return will be determined as the investment return on the assets allocated to the CAA Section excluding the bond/cash portfolio over the Relevant Period and, in the case that is the NATS Section which has been allocated the excess assets, the appropriate investment return will be determined as the investment return on the assets allocated to the NATS Section over the Relevant Period. It is assumed that the SSAACs will reach agreement as to the nature of the assets to be transferred. In the event that such agreement is not reached, then payment will be in cash.

SCHEDULE TO APPENDIX 6

1. The derivation of the price inflation assumption is as follows:

$$\text{Price inflation assumption (forward RPI)} = \frac{1 + \text{gross yield}}{1 + \text{real yield}} - 1$$

where

gross yield = annualised gross redemption yield on the FTSE Actuaries Government Securities 20 year index.

real yield = the annualised read redemption yield on the FTSE Actuaries Government Securities Index-Linked over 5 years (0% inflation) Index.
0%

inflation

real yield = the annualised real redemption yield on the FTSE Actuaries Government Securities Index-Linked over 5 years (5% inflation) Index.
5%

inflation

and

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

$$\frac{\text{forward RPI}}{0.05} = \frac{\text{real yield-real yield 0\% inflation}}{\text{real yield 5\% inflation-real yield 0\% inflation}}$$

2. However, the above formula takes no account of a minimum annual increase in the Scheme of 0% (ie it is assumed that there will be no “negative increases”). The method of dealing with this is derived from a Black-Scholes formula. Sample results are shown in the table below.

<i>Forward RPI Increase % pa</i>	<i>Pension Increase (in excess of GMP)</i>	<i>Post 5.4.88 GMP Increase % pa</i>
