(3) The pupil shall be assessed and the results of the assessment recorded by the teacher not later than two weeks before the end of the summer term or 4th July falling in that term, if earlier.

(4) The results recorded shall consist of a statement of each level of attainment achieved by the pupil (whether or not that level is specified in relation to the second key stage by the relevant section 87(3)(a) and (b) order) in relation to every AT mentioned in paragraph (2) and, except where article 9(3) applies, of his level in the subject so calculated.

(5) In making an assessment of a pupil pursuant to this article a teacher may take into account the results of any previous assessment of the pupil (whether or not made by that teacher).

NC test assessment

5.—(1) It shall be the duty of the head teacher to make arrangements for each pupil to whom this article applies in respect of any core subject to be assessed in that subject in accordance with the provisions of paragraph (3).

(a) As at the date this Order is made, the document is entitled “Key Stage 2 Assessment and Reporting Arrangements”; the document can be obtained through QCA Publications, PO Box 99, Sudbury, Suffolk, CO10 6SN.

(2) This article applies to a pupil in respect of a core subject if, in the opinion of his head teacher, his level of attainment in that subject, if he were to be assessed by the administration to him of NC tests in accordance with the provisions of paragraph (3), would be level 3 or higher.

(3) Where this article applies to a pupil in respect of a core subject NC tests shall be administered to him in accordance with the provisions of the document in which they are published at the times specified in the relevant NC assessment timetable. As soon as reasonably practicable thereafter the pupil's responses to the NC tests shall be provided to the external marking agency, determined by the Authority, to be marked. The Authority shall notify the head teacher of the identity of the external marking authority immediately following their determination.

(4) As soon as reasonably practicable after the pupil's responses to the NC tests in all the core subjects have been provided by the head teacher to the external marking agency pursuant to paragraph (3), the head teacher shall provide that agency with a statement, signed by himself, confirming that those NC tests were administered in accordance with the provisions of the document in which they are published at the times specified in the relevant NC assessment timetable.

(5) Following the marking of NC tests the external marking agency shall provide to the head teacher a record of the results.

Monitoring of assessment arrangements

6.—(1) This article makes provision for the monitoring of the NC test assessment under article 5, by the local education authority (referred to in this article as “the monitoring authority”).

(2) In any school year the monitoring authority shall exercise the functions conferred on them by this article in relation to 10% of all relevant schools.

(3) For the purposes of paragraphs (2) and (4), “relevant schools” are all schools maintained by the monitoring authority at which in any school year NC tests are administered to pupils under article 5.

(4) Each school year, the monitoring authority shall visit the relevant schools during any of the following periods—

- (a) the week before any NC tests are administered to pupils under article 5;
- (b) the period during which NC tests are administered to pupils under that article; or
- (c) three school days after the day on which the last NC test is administered to pupils under that article;

and such a visit may be during any of these periods in respect of any of those schools.

(5) The purpose of any such visit as is referred to in paragraph (4) shall be to enable the monitoring authority to monitor whether the assessment arrangements for the purposes of administering the NC tests under article 5 are in accordance with the provisions of the document in which those NC tests are published and the relevant NC assessment timetable, including, in the case of a visit under paragraph (4)(b), whether pupils' written responses to the NC tests represent their own work.

(6) Following any such visit as is referred to in paragraph (4), the monitoring authority shall discuss the outcome of the visit with the head teacher.

(7) Where, as a result of a visit, it appears to the monitoring authority that any of the assessment arrangements in connection with administering the NC tests under article 5 are not in accordance with the document in which those NC tests are published or the relevant NC assessment timetable or that any pupil's written response to the NC tests does not represent his own work, they shall—

- (a) bring the matter to the attention of the head teacher; and
- (b) report the matter to the Authority.

(8) It shall be the duty of the head teacher and the governing body—

- (a) to permit the monitoring authority to enter the premises of the school at all reasonable times in order to observe the implementation of the arrangements for NC test assessment under article 5;
- (b) to permit the monitoring authority to inspect and take copies of documents and other articles relating to that NC test assessment; and
- (c) to provide to the monitoring authority such information relating to such assessment as they may reasonably request.

(9) For the purpose of exercising their functions under this article, the monitoring authority shall appoint such competent persons as they think fit.

Investigation by the Authority and correction of record of results

7.—(1) The Authority shall investigate any matter referred to them under article 6(7) or otherwise brought to their attention which, in their opinion, relates to the accuracy or correctness of any results of any pupil in respect of the NC tests administered under article 5.

(2) Where, following an investigation under paragraph (1) and before the external marking agency have provided the record of the results to the head teacher under article 5(5), the Authority determines that the accuracy or correctness of a pupil’s results in respect of the NC tests administered under article 5 is in doubt, the record of the results to be provided by that agency to the head teacher shall be the record of the results determined by the Authority.

(3) Where, following an investigation under paragraph (1) the external marking agency have provided the record of the results to the head teacher under article 5(5), the Authority determines that that record of the results is inaccurate or otherwise incorrect, the Authority shall provide to the head teacher a record of the results determined by the Authority and that record of the results shall be the record of the results for the pupil.

Determination of attainment by subject: teacher assessment

8.—(1) Subject to article 9, the provisions of this article regulate the aggregation of AT levels of attainment determined by teacher assessment to calculate subject levels of attainment.

(2) In the case of English, a pupil’s level of attainment in the subject shall be the average of his levels in each AT.

(3) In the case of mathematics, a pupil’s level of attainment in the subject shall be **a/b** where: **a** is the aggregate of his levels in each of the four ATs weighted by the following factors: 2:5:2:1 and **b** is the number of those ATs weighted by the same factors (2:5:2:1).

(4) In the case of science, a pupil’s level of attainment in the subject shall be **a/b** where: **a** is the aggregate of his levels in each AT, with his level in AT1 (scientific enquiry) weighted by a factor of two, and **b** is the number of those ATs, with AT1 weighted by a factor of two.

Pupils not subject to provisions of the National Curriculum

9.—(1) Article 8 shall have effect in relation to pupils in respect of whom provisions of the National Curriculum do not apply (including pupils with statements of special educational needs) with the modifications specified in this article.

(2) Where in the case of any core subject one AT does not apply to such a pupil, article 8 shall have effect as if the number of ATs applying to the pupil were the total number of ATs in the subject and the AT which does not apply, and any weighting in respect thereof, were ignored.

(3) Where more than one AT in a core subject does not apply to such a pupil, article 8 shall not apply to him in relation to that subject.

Evaluation of Assessment Arrangements

10. The Authority shall make such arrangements as seem to them appropriate for determining the extent to which the provisions of articles 4 to 9 and their implementation achieve the purpose mentioned in article 1(2).

Supplementary powers of the Secretary of State

11. The Secretary of State may make such provisions giving full effect to or otherwise supplementing the provisions made by this Order (other than provisions conferring or imposing functions as mentioned in section 87(7) of the Education Act 2002) as appear to him to be expedient, including in particular provisions as to NC tests for the purpose mentioned in the definition of such tests in article 3(1) and as to the time when and the manner in which the tests are to be administered.

EXPLANATORY NOTE

(This note is not part of the Order)

This Order revokes and re-enacts with modifications the Education (National Curriculum) (Key Stage 2 Assessment Arrangements) (England) Order 1999 (“the 1999 Order”) as amended by the Education (National Curriculum) (Assessment Arrangements) (England) (Amendment) Order 2001 which is also revoked. It specifies the assessment arrangements for pupils who have completed the programme of study for the second key stage, as they apply to schools maintained by local education authorities (other than any established in a hospital) in England.

The main change from the 1999 Order is to extend the application of the provisions. The 1999 Order applied to pupils in the final year of the second key stage. By virtue of Article 1(2), this Order applies to pupils who have completed the programme of study for the second key stage. Where a head teacher judges a group of pupils, who have completed the Key Stage 2 programmes of study, to be ready to proceed to the programmes of study for Key Stage 3, those pupils may take the National Curriculum assessments early.
