   (a) such food is the designated product to which the reserved description relates;
   (b) such description, derivative or word is used in such a context as to indicate explicitly or by clear implication that the substance to which it relates is only an ingredient of that food; or
   (c) such description, derivative or word is used in such a context as to indicate explicitly or by clear implication that such food is not and does not contain a designated product.

Labelling and description of designated products

5. Without prejudice to the generality of Part II of the 1996 Regulations, no person shall sell any designated product unless it is marked or labelled with the following particulars—
   (a) the reserved description of the product;
   (b) except in the case of the products specified in paragraphs 1(d) and (g) and 2(d) of Schedule 1, the percentage of milk fat, expressed by weight in relation to the finished product;

6.—(1) Regulations 35, 36(1) and (5) and 38 of the 1996 Regulations (which relate to the manner of marking or labelling of food) shall apply to the particulars with which a designated product is required to be marked or labelled by regulation 5 of these Regulations as if they were particulars with which food is required to be marked or labelled by the 1996 Regulations.

(2) The particulars which are required to appear on the label by virtue of regulation 5(b) and (c) of these Regulations shall appear near the name of the product.

(3) Where designated products weighing less than 20 grams per unit are packed in an outer packaging, the particulars required by regulation 5(b) to (e) of these Regulations need appear on the outer packaging only.
Penalties and enforcement

7.—(1) If any person contravenes or fails to comply with regulation 4 or 5 of these Regulations he shall be guilty of an offence and shall be liable on summary conviction to a fine not exceeding level 5 on the standard scale.

(2) Each food authority shall enforce and execute these Regulations in its area.

Defence in relation to exports

8. In any proceedings for an offence under these Regulations it shall be a defence for the person accused to prove—

**EXPLANATORY NOTE**

*(This note is not part of the Regulations)*

The Regulations—

(a) prescribe definitions and reserved descriptions for condensed milk and dried milk products (regulation 2 and Schedules 1 and 2);
(b) provide for the Regulations to apply to milk and dried milk products intended for human consumption and ready for delivery to the ultimate consumer or to a catering establishment (regulation 3);
(c) restrict the use of reserved descriptions to the designated condensed and dried milk products to which they relate (regulation 4);
(d) prescribe labelling requirements for designated condensed and dried milk products (regulation 5);
(e) prescribe the manner of marking or labelling and apply specified provisions of the Food Labelling Regulations 1996 (regulation 6);
(f) specify a penalty, enforcement authorities and, in accordance with Articles 2 and 3 of Council Directive 89/397/EEC on the official control of foodstuffs (OJ No. L186, 30.6.89, p. 23), a defence in relation to exports (regulations 7 and 8);
(g) apply various provisions of the Food Safety Act 1990 (regulation 9);
(h) revoke the previous Regulations and make consequential amendments and transitional provision (regulations 10 and 11). An effect of the revocation made by regulation 10(1) (a), and the absence of the re-enactment of a similar provision, is that Part II of the Food Labelling Regulations 1996 will apply to the products to which these Regulations apply.

A Regulatory Impact Assessment has been prepared and placed in the Library of each House of Parliament, together with a Transposition Note setting out how the main elements of the European legislation referred to above are transposed in these Regulations. Copies may be obtained from the Food Labelling and Standards Division of the Food Standards Agency, Aviation House, 125 Kingsway, London WC2B 6NH.
