EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations amend paragraph 2 of the Schedule to the Disability Discrimination (Providers of Services) (Adjustment of Premises) Regulations 2001 (S.I.2001/3253) in consequence of the publication of a new version of Approved Document M (2004 edition) which comes into force on 1st May 2004.

Under regulation 3(3) of S.I. 2001/3253 it is not reasonable for a provider of services to have to remove or alter a physical feature, for the purposes of sections 21(2)(a) or (b) of the Disability Discrimination Act 1995, if that feature: (i) was provided in or in connection with a building for the purpose of assisting people to have access to the building, or to use facilities provided in the building; and (ii) satisfies the “relevant design standard”. Paragraph 1(1) of the Schedule to that S.I. provides that, in relation to a building in England or Wales, a feature satisfies that standard if it accords with the relevant objectives, design considerations and provisions of Approved Document M. Paragraph 2(1) currently defines “Approved Document M” by reference to the 1992 or 1999 editions of that document. These Regulations extend that definition so as to include the 2004 edition. (Note that the exemption provided for in regulation 3(3) of S.I. 2001/3253 will not apply where more than 10 years have elapsed since the feature was constructed or installed: see paragraph 1(3) of the Schedule to that S.I.)

These Regulations also amend regulation 1 of S.I. 2001/3253 to make it clear that that S.I. does not extend to Northern Ireland.

A regulatory impact assessment has not been produced for this instrument as it has no impact on the costs of business.
