EXPLANATORY NOTE

(This note is not part of the Regulations)

1. These Regulations, which apply in relation to England only, further amend the Food Safety (General Food Hygiene) Regulations 1995 (S.I. [1995/1763](#) as already amended) which extend to the whole of Great Britain.

2. These Regulations implement Commission Directive [2004/4/EC](#) amending Directive [96/3/EC](#) granting a derogation from certain provisions of Council Directive [93/43/EEC](#) on the hygiene of foodstuffs as regards the transport of bulk liquid oils and fats by sea (OJNo. L15, 22.1.2004, p.25) by substituting a revised definition of the phrase “list of acceptable previous cargoes for liquid oils or fats” for the existing definition of that phrase in regulation 2(1) of the Food Safety (General Food Hygiene) Regulations 1995 (*regulation 2(2)*). The revised definition now refers to the list set out in the Annex to Commission Directive [96/3/EC](#) (OJNo. L21, 27.1.96, p.42) as replaced by Commission Directive [2004/4/EC](#).

3. Chapter IV of Schedule 1 to the Food Safety (General Food Hygiene) Regulations 1995 provides that the bulk transport in sea-going vessels of liquid oils or fats which are to be processed and which are intended for or are likely to be used for human consumption is permitted in tanks that are not exclusively reserved for the transport of foodstuffs if a certain number of previous cargoes transported in the tanks were from the “list of acceptable previous cargoes for liquid oils or fats” as defined in regulation 2(1) of those Regulations.

4. No regulatory impact assessment has been prepared in relation to these Regulations.
