EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations amend the Local Authorities (Capital Finance) Regulations 1997 (“the 1997 Regulations”). They apply to local authorities in England only.

The “Code of Practice on Local Authority Accounting in the United Kingdom”, published by the Chartered Institute of Public Finance and Accountancy in 2003, provides for the full implementation of Financial Reporting Standard 17 (“FRS 17”) in local authorities’ accounts for the financial year beginning on 1st April 2003 and subsequent financial years. FRS 17 concerns the accounting treatment of retirement benefits. Regulation 12B of the 1997 Regulations deals with the effects of the application of FRS 17 to local authorities. Section 42 of the Local Government and Housing Act 1989 provides that certain expenditure of a local authority is not required to be charged to a revenue account of the authority. Regulation 12B provides that expenditure on liabilities for certain retirement benefits which a local authority has appropriated to a pension reserve in accordance with the Code of Practice need not be charged to a revenue account. This means that it need not be included in the authority’s calculation of its budget requirement, which would affect the authority’s calculation of the basic amount of council tax.

These Regulations add benefits payable pursuant to section 31 of the London County Council (General Powers) Act 1921 and pursuant to the principal civil service pension scheme to the list of the retirement benefits in regulation 12B, so that expenditure on liabilities for these benefits also does not need to be charged to a revenue account (regulation 2).

The 1997 Regulations will be superseded by the Local Authorities (Capital Finance and Accounting) (England) Regulations 2003 (S.I. 2003/3146) (“the 2003 Regulations”) on 1st April 2004. Regulations 4 and 30 of the 2003 Regulations make provision in respect of certain retirement benefits. Those retirement benefits are benefits payable pursuant to the same legislation and scheme as are specified in regulation 12B of the 1997 Regulations (as amended by these Regulations). However, the 2003 Regulations will not deal with these issues, concerning expenditure on liabilities for retirement benefits, for the financial year beginning on 1st April 2003.

A full regulatory impact assessment has not been produced for this instrument, as it has no impact on the costs of businesses, charities or voluntary bodies.
