(17) S.I. 2005/641 to which there are amendments not relevant to this Order.

Section 19 of the 2005 Act made provision for the preparation, maintenance and publication by Health Boards of lists of persons involved in the provision of general ophthalmic services, the first part of which shall be of persons who undertake to provide general ophthalmic services, and the second part of which shall be of persons who do not undertake to provide such services but who are approved by the Board to assist in the provision of such services. The effect of the modifications is to provide for references in legislation extending to England and Wales and Northern Ireland to the new listing arrangements and pharmaceutical care services provisions made by the 2005 Act, and to remove references to the previous pharmaceutical services provisions.
