Grounds of appeal against a remediation notice

7.—(1) The grounds of appeal against a remediation notice under section 78L(1) are any of the following—

- (a) that, in determining whether any land to which the notice relates appears to be contaminated land, the local authority—

- (i) failed to act in accordance with guidance issued by the Secretary of State under section 78A(2), (5) or (6); or
 - (ii) whether by reason of such a failure or otherwise, unreasonably identified all or any of the land to which the notice relates as contaminated land;
- (b) that, in determining a requirement of the notice, the enforcing authority—
 - (i) failed to have regard to guidance issued by the Secretary of State under section 78E(5); or
 - (ii) whether by reason of such a failure or otherwise, unreasonably required the appellant to do any thing by way of remediation;
- (c) that the enforcing authority unreasonably determined the appellant to be the appropriate person who is to bear responsibility for any thing required by the notice to be done by way of remediation;
- (d) subject to paragraph (2), that the enforcing authority unreasonably failed to determine that some person in addition to the appellant is an appropriate person in relation to any thing required by the notice to be done by way of remediation;
- (e) that, in respect of any thing required by the notice to be done by way of remediation, the enforcing authority failed to act in accordance with guidance issued by the Secretary of State under section 78F(6);
- (f) that, where two or more persons are appropriate persons in relation to any thing required by the notice to be done by way of remediation, the enforcing authority—
 - (i) failed to determine the proportion of the cost stated in the notice to be the liability of the appellant in accordance with guidance issued by the Secretary of State under section 78F(7); or
 - (ii) whether, by reason of such a failure or otherwise, unreasonably determined the proportion of the cost that the appellant is to bear;
- (g) that service of the notice contravened a provision of subsection (1) or (3) of section 78H (restrictions and prohibitions on serving remediation notices) other than in circumstances where section 78H(4) applies;
- (h) that, where the notice was served in reliance on section 78H(4) in circumstances where section 78H(1) or (3) has not been complied with, the enforcing authority could not reasonably have taken the view that the contaminated land in question was in such a condition by reason of substances in, on or under the land, that there was imminent danger of serious harm or serious pollution of controlled waters being caused;
- (i) that the enforcing authority has unreasonably failed to be satisfied, in accordance with section 78H(5)(b), that appropriate things are being, or will be, done by way of remediation without service of a notice;
- (j) that any thing required by the notice to be done by way of remediation was required in contravention of a provision of section 78J (restrictions on liability relating to the pollution of controlled waters);
- (k) that any thing required by the notice to be done by way of remediation was required in contravention of a provision of section 78K (liability in respect of contaminating substances which escape to other land);
- (l) that the enforcing authority itself has power, in a case falling within section 78N(3)(b), to do what is appropriate by way of remediation;

- (n) that the enforcing authority, in considering for the purposes of section 78N(3)(e) whether it would seek to recover all or a portion of the cost incurred by it in doing some particular thing by way of remediation—

- (i) failed to have regard to any hardship which the recovery may cause to the person from whom the cost is recoverable or to any guidance issued by the Secretary of State for the purposes of section 78P(2); or
 - (ii) whether by reason of such a failure or otherwise, unreasonably determined that it would decide to seek to recover all of the cost;
 - (o) that, in determining a requirement of the notice, the enforcing authority failed to have regard to guidance issued by the Environment Agency under section 78V(1);
 - (p) that a period specified in the notice within which the appellant is required to do anything is not reasonably sufficient for the purpose;
 - (q) that the notice provides for a person acting in a relevant capacity to be personally liable to bear the whole or part of the cost of doing any thing by way of remediation, contrary to the provisions of section 78X(3)(a);
 - (r) that service of the notice contravened a provision of section 78YB(a) (which makes provision regarding the interaction of Part 2A of the 1990 Act with other enactments), and—
 - (i) in a case where subsection (1) of that section is relied on, that it ought to have appeared to the enforcing authority that the powers of the Environment Agency under section 27(b) might be exercised;
 - (ii) in a case where subsection (3) of section 78YB is relied on, that it ought to have appeared to the enforcing authority that the powers of a waste regulation authority or waste collection authority under section 59(c) might be exercised;
 - (s) that there has been some informality, defect or error in, or in connection with, the notice, in respect of which there is no right of appeal under the grounds set out in sub-paragraphs (a) to (r).
- (2) A person may only appeal on the ground specified in paragraph (1)(d) in a case where—
- (a) the enforcing authority has determined that he is an appropriate person by virtue of subsection (2) of section 78F and he claims to have found some other person who is an appropriate person by virtue of that subsection;
 - (b) the notice is served on him as the owner or occupier for the time being of the contaminated land in question and he claims to have found some other person who is an appropriate person by virtue of that subsection; or
 - (c) the notice is served on him as the owner or occupier for the time being of the contaminated land in question, and he claims that some other person is also an owner or occupier for the time being of the whole or part of that land.

(3) If and in so far as an appeal against a remediation notice is based on the ground of some informality, defect or error in, or in connection with, the notice, the Secretary of State must dismiss the appeal if he is satisfied that the informality, defect or error was not a material one.

Appeals to the Secretary of State

8.—(1) An appeal to the Secretary of State against a remediation notice must be made to him by a notice (“notice of appeal”) which states—

- (a) the name and address of the appellant;

- (c) serve a copy of the remediation notice to which the appeal relates on the Secretary of State and on any person named in the notice of appeal as an appropriate person who is not so named in the remediation notice.

(3) If the appellant wishes to abandon an appeal, he must do so by notifying the Secretary of State in writing and the appeal is then treated as abandoned as from the date on which the Secretary of State receives that notification.

(4) The Secretary of State may refuse to permit an appellant to abandon his appeal against a remediation notice where the notification by the appellant in accordance with paragraph (3) is received by the Secretary of State at any time after the Secretary of State has notified the appellant in accordance with regulation 11(1) of a proposed modification of that notice.

(4) Nothing in paragraph (3) prevents the person appointed to conduct the hearing of the appeal from permitting any other person to be heard at the hearing and such permission must not be unreasonably withheld.

(5) After the conclusion of a hearing, the person appointed to conduct the hearing must, unless he has been appointed under subsection (1)(a) of section 114 of the Environment Act 1995^(a) (power of Secretary of State to delegate his functions of determining, or to refer matters involved in, appeals) to determine the appeal, make a report in writing to the Secretary of State, which must include his conclusions and his recommendations or his reasons for not making any recommendations.

- (b) depreciation in the value of any other interest in land to which the grantor is entitled which results from the exercise of the rights;
- (c) loss or damage, in relation to any relevant interest to which the grantor is entitled, which—
 - (i) is attributable to the grant of the rights or the exercise of them;

(a) 1961 c. 33.

- (ii) does not consist of depreciation in the value of that interest; and
- (iii) is loss or damage of a kind in respect of which compensation for disturbance, or any other matter not directly based on the value of that interest, is payable on a compulsory acquisition;
- (d) damage to, or injurious affection of, any interest in land to which the grantor is entitled which is not a relevant interest, and which results from the grant of the rights or the exercise of them; and
- (e) loss in respect of work carried out by or on behalf of the grantor which is rendered abortive by the grant of the rights or the exercise of them.

Basis on which compensation assessed

5.—(1) The following provisions have effect for the purpose of assessing the amount to be paid by way of compensation under section 78G(5).

(2) The rules set out in section 5(a) of the 1961 Act (rules for assessing compensation), so far as applicable and subject to any necessary modifications, have effect for the purpose of assessing any such compensation as they have effect for the purpose of assessing compensation for the compulsory acquisition of an interest in land.

(3) No account must be taken of any enhancement of the value of any interest in land, by reason of any building erected, work done or improvement or alteration made on any land in which the grantor is, or was at the time of erection, doing or making, directly or indirectly concerned, if the Lands Tribunal is satisfied that the erection of the building, the doing of the work, the making of the improvement or the alteration was not reasonably necessary and was undertaken with a view to obtaining compensation or increased compensation.

(4) In calculating the amount of any loss under paragraph 4(e), expenditure incurred in the preparation of plans or on other similar preparatory matters must be taken into account.

(5) Where the interest in respect of which compensation is to be assessed is subject to a mortgage—

- (a) the compensation must be assessed as if the interest were not subject to the mortgage; and
- (b) no compensation is payable in respect of the interest of the mortgagee (as distinct from the interest which is subject to the mortgage).

(6) Compensation under section 78G(5) must include an amount equal to the grantor's reasonable valuation and legal expenses.

Payment of compensation and determination of disputes

6.—(1) Compensation payable under section 78G(5) in respect of an interest which is subject to a mortgage must be paid to the mortgagee or, if there is more than one mortgagee, to the first mortgagee and must, in either case, be applied by him as if it were proceeds of sale.

(2) Amounts of compensation determined under this Schedule are payable—

- (a) where the appropriate person and the grantor or mortgagee agree that a single payment is to be made on a specified date, on that date;
- (b) where the appropriate person and the grantor or mortgagee agree that payment is to be made in instalments on different dates, on the date agreed as regards each instalment; and
- (c) in any other case, subject to any direction of the Lands Tribunal or the court, as soon as reasonably practicable after the amount of the compensation has been finally determined.

(3) Any question as to the application of paragraph 5(3) or of disputed compensation must be referred to and determined by the Lands Tribunal.

(a) Section 5 was amended by the Planning and Compensation Act 1991 (c. 43), sections 70 and 84, Schedule 15, paragraph 1, and Schedule 19, Part 3.

(4) In relation to the determination of any such question, sections 2(a) and 4 of the 1961 Act (which provide for the procedure on reference to the Lands Tribunal and costs) apply as if—

- (a) the reference in section 2(1) of that Act to section 1 of that Act were a reference to sub-paragraph (3) of this paragraph; and
- (b) references in section 4 of that Act to the acquiring authority were references to the appropriate person.

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations consolidate the provisions of the Contaminated Land (England) Regulations 2000 (S.I. 2000/227) and the Contaminated Land (England) (Amendment) Regulations 2001 (SI 2001/663) with amendments. These Regulations, which apply to England only, also set out provisions relating to the identification and remediation of contaminated land under Part 2A of the Environmental Protection Act 1990 (“the 1990 Act”).

The Regulations make provision for an additional description of contaminated land that is required to be designated as a special site (see regulation 2): that is, land which is contaminated land as a result of radioactive substances in, on or under that land.

The Regulations also remove provisions relating to appeals against remediation notices to a magistrates’ court, as a result of amendments to section 78L of the 1990 Act made by section 104 of the Clean Neighbourhoods and Environment Act 2005(c).

Regulations 2 and 3, and Schedule 1, identify those categories of site (known as “special sites”) in relation to which the Environment Agency is to be the enforcing authority. Local authorities are the enforcing authority in relation to any other type of site.

Regulations 4 and 5 provide for the content and service of copies of “remediation notices”, that is, notices served by a local authority or the Environment Agency specifying what is to be done by way of remediation and the time for taking any action.

Regulation 6 and Schedule 2 make provision in relation to the compensation which is to be paid in accordance with section 78G(5) of the 1990 Act to a person who grants, or joins in granting, rights of entry etc required to enable a person to comply with a remediation notice.

-
- (a) Section 59 was amended, in relation to England and Wales, by the Clean Neighbourhoods and Environment Act 2005 (c. 16), section 43(2).
 - (b) Subsection (3) of section 30 was amended by the Local Government (Wales) Act 1994 (c. 19), sections 22(3) and 66(8) and Schedule 9, paragraph 17(3), and Schedule 18, and by the Local Government etc (Scotland) Act 1994 (c. 39), section 180(1) and Schedule 13, paragraph 167(3).
 - (c) 2005 c. 16.

Regulations 7 to 12 make provision with respect to appeals against remediation notices, including the grounds of appeal and the procedure to be followed.

Regulation 13 and Schedule 3 prescribe the particulars of matters which are required under section 78R of the 1990 Act to be placed on a register maintained by local authorities or, in the case of special sites, by the Environment Agency.

To the extent that provisions in these Regulations arise solely by virtue of the consolidation, no Regulatory Impact Assessment has been prepared in relation to these provisions, as there is no additional impact on the costs of business. In so far as the Regulations extend to land contaminated by radioactive substances, a Regulatory Impact Assessment has been prepared and placed in the library of each House of Parliament. Copies of this document can be obtained from the Radioactive Substances Division, Department for Environment, Food and Rural Affairs, Zone 3/G27, Ashdown House, 123 Victoria Street, London, SW1E 6DE.
