4. **Legislative Background**
 - 4.1 In each tax year the Treasury is required, by section 141 of the Social Security Administration Act 1992 (“the GB Administration Act”) to conduct a review of the general level of earnings in Great Britain taking into account changes in that level since their last review with a view to determining whether an order should be made under the section to have effect for the following tax year.
 - 4.2 It is a condition precedent to laying such an order under section 141 of the GB Administration Act that a report by the Government Actuary or the Deputy Government Actuary be laid before Parliament on the effect which, in that Actuary’s opinion, the making of the order would have on the National Insurance Fund. The report by the Government Actuary’s Department was published on 24th January 2007 as Cm 7021. If an order is made under section 141 of the GB Administration Act, the order may also make a corresponding provision for Northern Ireland under section 129 of the Social Security Administration (Northern Ireland) Act 1992.
