2007 No. 1078

The Renewables Obligation Order
2006 (Amendment) Order 2007

Calculation of amount of electricity generated from eligible renewable sources

6. In article 9(5) of the 2006 Order (calculation of amount of electricity generated from eligible renewable sources), after the words “generating station”, where first appearing, insert “(or, where ROCs relating to electricity generated in whole or in part by that generating station are issued to an agent by virtue of article 15A, that agent and not the operator)”.
