

SCHEDULE 8

Regulation 7

Movement of bovine animals for semen collection

PART 1

Bovine animals that may move to an EC collection centre, domestic collection centre or to unlicensed premises

The bovine animals have—

- (a) completed 28 days' quarantine in—
 - (i) an EC quarantine centre; or
 - (ii) a quarantine centre approved in accordance with paragraph 1(a) of Chapter 1 of Annex B to the Directive by the competent authority of another member State or part of the United Kingdom,
where only other cloven-hoofed animals having at least the same health status were present; or
- (b) undergone the tests referred to in Part 2 of Schedule 3 during the previous 12 months and have been kept in—
 - (i) another EC collection centre, or
 - (ii) a semen collection centre authorised under the Directive in accordance with paragraph 5 of Chapter 1 of Annex B to the Directive, in the case of movement of a bovine animal kept in a semen collection centre authorised under the Directive in another member State or part of the United Kingdom.

PART 2

Bovine animals that may move to a domestic collection centre or to unlicensed premises

1. The bovine animals belonged to a herd —
 - (a) officially tuberculosis free in accordance with Directive [64/432/EEC](#) and the herd must not contain any bovine animals that have suffered a positive reaction, or given an inconclusive result, to a tuberculin skin test carried out in accordance with Directive [64/432/EEC](#); and
 - (b) officially brucellosis free in accordance with Directive [64/432/EEC](#).
2. The bovine animals have been subjected to the following tests within the 28 days preceding the date of admission to a domestic collection centre or to unlicensed premises, with negative results—
 - (a) for bovine tuberculosis, an intradermal tuberculin test carried out in accordance with the procedure laid down in Annex B to Directive [64/432/EEC](#);
 - (b) for bovine brucellosis, a serological test carried out in accordance with the procedure described in Annex C to Directive [64/432/EEC](#); and
 - (c) for enzootic bovine leukosis, a serological test carried out in accordance with the procedure laid down in Annex D (Chapter II) to Directive [64/432/EEC](#).
3. As an alternative to paragraphs 1 and 2, the bovine animals have been kept at a domestic collection centre and have undergone the tests referred to in paragraph 2 during the previous 12 months with negative results.
