TRAFFIC MANAGEMENT ACT 2004 NETWORK MANAGEMENT DUTIES GUIDANCE ON INTERVENTION CRITERIA FOR ENGLAND

REQUEST FOR INFORMATION

48. While the informal approach will probably be the main method of obtaining further information, section 19 of the Act nevertheless enables the Secretary of State to formally direct an authority to provide him, within a specified period, with specified information connected with any aspect of the performance of their network management duties. This power may be exercised at any time but is more likely to be used where an authority fail to provide sufficient or satisfactory information, or simply do not respond to an informal request within any period specified.
