

SCHEDULE 2

BATHING WATER PROFILES

Review

2.—(1) Where a bathing water is classified as “poor”, “sufficient” or “good” under regulation 11, the Agency must review, and if necessary update, the bathing water profile—

- (a) taking into account the nature and severity of the pollution which affects the bathing water; and
- (b) at the following minimum frequency—
 - (i) “poor” classification, every two years;
 - (ii) “sufficient” classification, every three years; and
 - (iii) “good” classification, every four years.

(2) Where there are significant construction works or infrastructure changes in or around a bathing water, the Agency must review the bathing water profile before the start of the next bathing season.
