**The Restriction of the Use of Certain Hazardous Substances
in Electrical and Electronic Equipment Regulations 2008**

Made - - - - *10th January 2008*
Laid before Parliament *11th January 2008*
Coming into force - - *1st February 2008*

The Secretary of State is a Minister designated⁽¹⁾ for the purposes of section 2(2) of the European Communities Act 1972⁽²⁾ (“section 2(2)”) in respect of measures relating to the restriction of the use of hazardous substances in electrical and electronic equipment.

These Regulations make provision for a purpose mentioned in section 2(2) and it appears to the Secretary of State that it is expedient for the reference in regulation 5 to the Annex to Directive [2002/95/EC](#) of the European Parliament and of the Council on the Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment⁽³⁾ to be construed as a reference to that Annex as amended from time to time.

The Secretary of State, in exercise of the powers conferred on him by section 2(2), makes the following Regulations.

PART 1

Preliminary

Citation and commencement

1. These Regulations may be cited as the Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment Regulations 2008 and shall come into force on 1st February 2008.

(1) [S.I. 2003/2901](#) and [S.I. 2004/706](#).

- (a) manufactures and sells electrical and electronic equipment under that person’s own brand;
- (b) resells under that person’s own brand equipment produced by other suppliers, but for these purposes a reseller shall not be regarded as the producer if the brand of the producer appears on the equipment, as provided for in (a); or
- (c) imports or exports electrical and electronic equipment on a professional basis into an EEA state; and

“the 2006 Regulations” has the meaning given in regulation 2.

Electrical and electronic equipment to which these Regulations apply

Producers' obligations

Prohibition on hazardous substances

7. Producers shall ensure that new electrical and electronic equipment put on the market on or after 1st February 2008 does not contain lead, mercury, cadmium, hexavalent chromium, polybrominated biphenyls or polybrominated diphenyl ethers in quantities exceeding the following maximum concentration value levels—

- (a) 0.1% by weight in homogeneous materials for lead;
- (b) 0.1% by weight in homogeneous materials for mercury;

- (b) retain that technical documentation or other information for a period of four years from the date on which they put the equipment on the market; and
- (c) if the Secretary of State so requests by notice in writing, submit that technical documentation or other information (or copies of it) to the Secretary of State within 28 days of the date of the notice.

PART 3

Enforcement

Enforcement authority

9.—(1) It shall be the duty of the Secretary of State to enforce these Regulations.

(2) The Secretary of State may appoint any person to act on behalf of the Secretary of State for the purposes of paragraph (1).

- (3) The Secretary of State shall not commence proceedings for an offence in Scotland.

Test purchases

10.—(1) The Secretary of State may purchase electrical and electronic equipment for the purpose of ascertaining whether the requirements of regulation 7 have been met in respect of it.

(2) If—

- (a) equipment purchased under this regulation is submitted to a test;
- (b) the test leads to the bringing of proceedings for an offence under regulation 15(1)(a) or the serving of an enforcement notice; and
- (c) a person—
 - (i) from whom the equipment was purchased;
 - (ii) who is a party to the proceedings; or
 - (iii) who has an interest in equipment which is identified as infringing goods in an enforcement notice,

requests the Secretary of State to allow that person to have the equipment tested, the Secretary of State shall, if it is practicable for such a test to be carried out, allow that person to have the equipment tested.

Power to require production of documents and information by notice

11.—(1) If the Secretary of State reasonably believes that a person possesses information or documents (other than technical documentation or other information retained by a producer as referred to in regulation 8) which may provide evidence as to whether or not the requirements of Part 2 have been contravened in a particular case or class of cases or by a particular person, the Secretary of State may give that person notice in writing, requiring that person to provide the Secretary of State with that information, those documents, or copies of them.

(2) A notice given under paragraph (1) shall state the period of time within which the person to whom it is given must comply with it: this shall be a period which is reasonable in all the circumstances, and shall not in any event be less than 14 days.

Further powers to obtain evidence

12.—(1) The powers specified in paragraphs (3) and (4) may be exercised where the Secretary of State reasonably believes that their exercise will enable the Secretary of State to obtain evidence as to whether or not the requirements of Part 2 have been contravened in a particular case or class of cases or by a particular person.

(2) Before exercising any of the powers specified in paragraph (3) or (4), enforcement officers shall, if so requested, produce a copy of their authorisations to act as enforcement officers.

(3) Enforcement officers may—

- (a) enter at any reasonable time any premises other than premises occupied only as a person's residence;
- (b) examine and investigate—
 - (i) any process of assembly or manufacture; or
 - (ii) any other aspect of the supply,

of electrical and electronic equipment, or the component parts of such equipment, taking place on, or organised from, such premises;

- (c) take such measurements and photographs and make such recordings as are necessary for the purpose of any examination or investigation under sub-paragraph (b)(i); and
- (d) require any person on such premises to afford them such facilities and assistance with respect to any matters or things within that person's control or in relation to which that person has responsibilities as are necessary to enable them to exercise any of the powers conferred on them by sub-paragraphs (b) and (c) with due regard to the health and safety of themselves and others.

(4) When enforcement officers have exercised the power of entry under paragraph (3)(a), or when, with a view to ascertaining whether or not the requirements of Part 2 have been contravened in a particular case or class of cases or by a particular person, they have agreed to meet, at a specified time and place, a person in whose possession they reasonably believe there is evidence of the kind referred to in paragraph (1), they may—

- (a) take samples of any articles or substances found on or in the vicinity of the premises they have entered or which are in that person's possession;
- (b) require any person on the premises or at the meeting to produce, or, where the information is recorded in computerised form, furnish extracts in legible form from, any records to which that person has access—
 - (i) which are required to be kept under regulation 8;
 - (ii) which it is necessary for the enforcement officers to see for the purposes of an examination or investigation under paragraph (3)(b); or
 - (iii) which take the form of existing documents which the Secretary of State could require to be produced under regulation 11,and inspect and take copies of, or of any entry in, the records; and
- (c) take possession of articles or substances of the kind referred to in sub-paragraph (a) or records of the kind referred to in sub-paragraph (b), and detain them for so long as is necessary to—
 - (i) examine them, or cause them to be examined;
 - (ii) ensure that they are not tampered with before examination of them is completed; and
 - (iii) ensure that they are available for use in evidence in any proceedings for an offence under regulation 16(1) or (3).

(5) Where enforcement officers exercise a power conferred by paragraph (4)(a) or (b), instead of immediately—

- (a) taking the samples, articles or substances; or
- (b) requiring the production of the records,

they may require them (or, in the case of records, copies of them) to be produced at such time and place and by such means as they may reasonably specify.

Powers of entry: supplementary

13.—(1) When enforcement officers enter premises by virtue of regulation 12(3)(a), they may take with them such other persons and such equipment or materials as they reasonably consider it necessary or expedient to have with them—

- (a) for the purpose of establishing whether there has been a contravention of the requirements of Part 2; and
- (b) to assist them in exercising any of their powers under regulation 12(3)(b) and (c).

(2) Enforcement officers who enter any premises by virtue of paragraph (3)(a) may direct that those premises, or any part of them, or anything in them, shall be left undisturbed for so long, and to

such extent, as is reasonably necessary for the purpose of the exercise of any of their powers under regulation 12(3)(b) and (c).

(3) Where enforcement officers leave any premises that they have entered by virtue of regulation 12(3)(a) and such premises are unoccupied or their occupier is temporarily absent, they shall leave them as effectively secured against a trespasser as they found them.

(4) If enforcement officers or other persons who enter any premises by virtue of this regulation disclose to any person any information obtained by them in the premises with regard to any secret manufacturing process or trade secret, they shall, unless the disclosure was made in the performance of their duty, be guilty of an offence.

(5) It shall not be an offence under paragraph (4) for a person to disclose information in circumstances where—

- (a) the person from whom the information was received has consented to the disclosure; or
- (b) the information is disclosed more than 50 years after it was received.

Compliance notice

14.—(1) Where there are reasonable grounds for suspecting that any of the requirements of Part 2 have not been complied with, the Secretary of State may serve a notice on the producer.

(2) A notice served under paragraph (1) (a “compliance notice”) shall—

- (a) state that the Secretary of State suspects a requirement of Part 2 (a “relevant requirement”) has been contravened;
- (b) state why the Secretary of State suspects that the relevant requirement has been contravened and specify the goods in respect of which it has been contravened;
- (c) require the producer to whom notice is given—
 - (i) to comply with the relevant requirement; or
 - (ii) to provide evidence to the Secretary of State demonstrating that the relevant requirement has been complied with;
- (d) specify the period of time within which the producer must comply with the notice; and
- (e) warn the producer that, unless the requirements of the notice are complied with within the period which it specifies—
 - (i) where a contravention of regulation 7 is suspected, the Secretary of State may take further action under regulation 15; and
 - (ii) the producer may be prosecuted.

Enforcement notice

15.—(1) Where the Secretary of State serves a compliance notice on a producer on the grounds of a suspected contravention of regulation 7 and—

- (a) the producer fails to comply with a requirement in the compliance notice to comply with regulation 7; or
- (b) notwithstanding any evidence which the producer has provided in response to a requirement in the compliance notice to provide evidence demonstrating compliance with regulation 7, the Secretary of State has reasonable grounds for suspecting that the contravention has occurred and is continuing,

the Secretary of State may serve a further notice on the producer.

(2) A notice served under paragraph (1) (an “enforcement notice”) shall—

- (a) specify the goods in respect of which the Secretary of State considers that regulation 7 has been contravened (the “infringing goods”);
 - (b) state, in relation to the infringing goods—
 - (i) why the Secretary of State considers that the producer has contravened regulation 7; and
 - (ii) any respect in which the Secretary of State considers that the producer has failed to comply with a compliance notice;
 - (c) specify the date, not less than 21 days from the date of the notice, by which the producer is required to comply with the notice; and
 - (d) state the judicial remedies available to the producer and the time limits to which those remedies are subject.
- (3) An enforcement notice may—
- (a) require the infringing goods to be withdrawn from the market; or
 - (b) prohibit or restrict the putting on the market of the infringing goods.

Defence of due diligence

21.—(1) Subject to the following provisions of this regulation, in proceedings for an offence under these Regulations, a person who is shown to have taken all reasonable steps and exercised all due diligence to avoid committing the offence shall have a defence.

such a defence shall not, without leave of the court, be relied on unless, not later than seven clear days before the hearing of the proceedings (or, in Scotland, the trial diet), that person has served a notice in accordance with paragraph (3) on the person bringing the proceedings.

(3) A notice under this regulation shall give such information identifying or assisting in the identification of the person who committed the act or default or gave the information as is in the possession of the person serving the notice at the time it is served.

(4) A person shall not be entitled to rely on the defence provided by paragraph (1) by reason of that person's reliance on information supplied by another, unless it is shown that it was reasonable in all the circumstances for that person to have relied on the information, having regard in particular to—

- (a) the steps which that person took and those which might reasonably have been taken, for the purpose of verifying the information; and

- (b) whether that person had any reason to disbelieve the information.

Liability of persons other than the principal offender

22.—(1) Where the commission by a person of an offence under these Regulations is due to anything which another person did or failed to do in the course of a business, that other person shall be guilty of the offence and may be proceeded against and punished, whether or not proceedings are taken against the first person.

PART 4

Miscellaneous

Continuity of obligations under the 2006 Regulations

24.—(1) Any act or omission which would have constituted a failure to comply with the provisions of regulations 7, 8 or 9 of the 2006 Regulations while they were in force may be treated in all respects as a contravention of the corresponding requirements of Part 2 of these Regulations.

(2) This includes any act or omission relating to spare parts for the repair, or to the reuse, of electrical and electronic equipment put on the market after 1st July 2006, but the provisions of these Regulations shall not be applied in respect of spare parts for the repair, or to the reuse, of electrical and electronic equipment put on the market before 1st July 2006.

(3) Any question as to whether a requirement of regulations 7, 8 or 9 of the 2006 Regulations was complied with while they were in force may be investigated as if it was a question about compliance with the corresponding requirement of Part 2 of these Regulations, and regulation 16(2) and (3) shall apply accordingly in respect of any such investigation.

Restrictions on enforcement powers and use of certain evidence under them

25.—(1) Nothing in these Regulations shall be taken as—

- (a) requiring a person to produce any document which that person would be entitled to refuse to produce in any proceedings in any court on the grounds that it is the subject of legal professional privilege or, in Scotland, that it contains a confidential communication made by or to an advocate or solicitor in that capacity; or
- (b) authorising a person to take possession of any document which is in the possession of a person who would be so entitled.

(2) A statement by a person in response to a requirement imposed by virtue of regulation 11 may only be used in evidence against that person—

- (a) on a prosecution for an offence under regulation 16(3)(b); or
- (b) on a prosecution for some other offence where in giving evidence that person makes a statement inconsistent with it.

(3) But the statement may not be used against that person by virtue of paragraph (2)(b) unless evidence relating to it is adduced, or a question relating to it is asked, by or on behalf of that person in the proceedings arising out of the prosecution.

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations revoke and replace the Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment Regulations 2006 (S.I. 2006/1463) which implemented the European Parliament and Council Directive 2002/95/EC (OJ L 37, 13.3.2003, p. 19) on the Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment (“the Directive”). The Annex to the Directive can be amended by Commission Decisions and the 2006 Regulations reflected the amendments made to the Directive by Commission Decision 2005/618/EC (OJ L 214, 19.8.2005, p. 65), Commission Decision 2005/717/EC (OJ L 271, 15.10.2005, p. 48), Commission Decision 2005/747/EC (OJ L 280, 25.10.2005, p. 18) and Commission Decision 2006/310/EC (OJ L 115, 28.4.2006, p. 38).

Since the 2006 Regulations were made, the Directive has been amended by a further three decisions: Commission Decision 2006/690/EC (OJ L 283, 14.10.2006, p. 47), Commission Decision 2006/691/EC (OJ L 283, 14.10.2006, p. 48) and Commission Decision 2006/692/EC (OJ L 283, 14.10.2006, p. 50). All three decisions amend the list of exempt applications of lead, mercury, cadmium, hexavalent chromium, polybrominated biphenyls or polybrominated diphenyl ethers to which the Directive does not apply, which is set out in the Annex to the Directive. It is expected that the Annex will be subject to further amending decisions over time: an up to date record of such decisions can be found on the European Commission’s website at http://ec.europa.eu/environment/waste/weee/legis_en.htm and an up to date list of exempt applications can be found at <http://www.berr.gov.uk/innovation/sustainability>.

These Regulations apply to new electrical and electronic equipment within the categories set out in the Schedule and to electric light bulbs and to luminaires for use in households that are put on the market on or after 1st July 2006 (when the 2006 Regulations came into force: regulation 24(1)).

These Regulations do not apply to—

- (a) spare parts for the repair of electrical and electronic equipment or to the reuse of such equipment put on the market before 1st July 2006 (regulation 24(2)); and

- (b) the applications of lead, mercury, cadmium, hexavalent chromium and polybrominated diphenyl ethers listed in the Annex to the Directive, as amended from time to time (regulation 5).

General requirements relating to the putting on the market on or after 1st July 2006 of new electrical and electronic equipment are set out in Part 2. New equipment put on the market must not contain more than the permissible maximum concentration values of hazardous substances (regulation 7). Regulation 8 sets out requirements relating to technical documentation.

The Secretary of State has the duty of enforcing the Regulations (regulation 9) and may appoint any person to act on its behalf. The Secretary of State has the power to make test purchases (regulation 10), require production of documents and information (regulation 11) and serve compliance and enforcement notices in cases of suspected non-compliance with the requirements of Part 2 (regulations 14 and 15). Enforcement officers acting on the Secretary of State's behalf have powers to enter premises and carry out various information-gathering functions (regulations 12 and 13).

Any person who contravenes or fails to comply with the requirements of Part 2 or an enforcement notice shall be guilty of an offence; there are also procedural offences of obstruction and providing false or misleading information (regulation 16). Penalties for such offences are set out in regulation 17. The current maximum fine under level 5 on the standard scale is £5000. Where regulation 7 has been contravened, the court may also order the defendant to take remedial action or pay the costs of the Secretary of State's investigation (regulations 18 and 19). Proceedings in relation to offences may be commenced within 12 months of the offence being committed (regulation 20). A defence of due diligence is provided in regulation 21 and the liability of persons other than the principal offender is set out in regulation 22. There is provision for service of documents under the Regulations under regulation 23.

These Regulations will be included amongst the subordinate legislation which has been specified for the purposes of Part 9 of the Enterprise Act 2002 relating to the disclosure of information (regulation 26).

An Impact Assessment (IA) in respect of these Regulations is available and a copy can be obtained from the Department for Business, Enterprise and Regulatory Reform. As these Regulations transpose the Directive, a transposition note (TN) setting out how the Government will transpose the Directive into UK law has been prepared. Copies of the IA and TN are available from the Enterprise and Business Group, Department for Business, Enterprise and Regulatory Reform, 1 Victoria Street, London SW1H 0ET. Copies of these documents have been placed in the libraries of both Houses of Parliament.
