EXPLANATORY NOTE

(This note is not part of the Order)

This Order, which applies in England, Wales and Gibraltar, provides for payments for services and expenses of local returning officers in connection with the conduct of European Parliamentary elections. This Order replaces the European Parliamentary Elections (Local Returning Officers' Charges) (Great Britain and Gibraltar) Order 2004 (S.I. 2004/1299). This Order is made under regulation 15(1) of the European Parliamentary Elections Regulations 2004 (S.I. 2004/293), which was recently amended by regulation 11 of the European Parliamentary Elections (Amendment) Regulations 2009 (S.I. 2009/186). Under regulation 15(1) a local returning officer may recover his charges for services and expenses provided they were necessarily rendered or incurred for the efficient and effective conduct of the election and the total does not exceed the overall maximum recoverable amount specified by the Secretary of State in an order. Regulation 15(2) also enables the Secretary of State to specify a maximum recoverable amount for particular services or expenses.

Article 3 of this Order specifies that the overall maximum recoverable amount is listed for each local counting area in column 4 of the table in the Schedule.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

Article 4 of this Order specifies that the total of the charges recoverable by a local returning officer in respect of the services of the description specified in article 5 shall not exceed the amount listed for each local counting area in column 2 of the table in the Schedule. This total is “the maximum recoverable amount for the specified services”. Similarly, article 6 sets out that the total of the charges recoverable in respect of the expenses of the description specified in article 7 are listed for each local counting area in column 3 of the table in the Schedule. This is the “the maximum recoverable amount for the specified expenses”.

In the case of an uncontested election article 8 provides that articles 3 to 7 do not apply. Instead, the overall maximum recoverable amount is £1,750 for each local counting area.

The Schedule contains the table referred to in articles 3 to 7. The table lists in respect of each local counting area the maximum recoverable amount for the specified services (column 2), the maximum recoverable amount for the specified expenses (column 3) and the overall maximum recoverable amount (column 4).

This Order provides for an overall maximum recoverable amount which represents an increase on the funds made available under the European Parliamentary Elections (Local Returning Officers’ Charges) (Great Britain and Gibraltar) Order 2004 ([S.I. 2004/1299](#)).
