Notes for Guidance

1. General Note: The minor variations process can only be used for variations that could have no adverse impact on the promotion of any of the four licensing objectives. (These are: the prevention of crime and disorder; public safety; the prevention of public nuisance; and the protection of children from harm.)

It cannot be used to:

- extend the period for which the licence or certificate has effect;
- transfer the licence or certificate from one premises to another;
- specify, in a premises licence, an individual as the premises supervisor
- add the sale by retail or supply of alcohol as an activity authorised by a licence or certificate;
- authorise the sale by retail or supply of alcohol at any time between 11pm and 7am;
- authorise an increase in the amount of time on any day during which alcohol may be sold by retail or supplied;
- include the alternative licence condition referred to in section 41D(3) in a premises licence.

2. Description of premises. For example the type of premises, its general situation and layout and any other information which could be relevant to the licensing objectives. This should include any activities in or associated with the use of the premises which may give rise to concern in respect of children regardless of whether you intend children to have access to the premises, for example (but not exclusively) nudity or semi-nudity, films for restricted age groups, the presence of gaming machines, etc.

3. Give full details of all the proposed variation(s). Failure to provide sufficient information may lead to the refusal of your application. Details should include a description of the proposed variation(s) in terms as precise as possible. If you are not precise, the licensing authority may decide that the changes you propose would be potentially broader in scope than you intend and reject your application as not being a 'minor' variation. You should also include a statement about why you consider the variations proposed could not have an impact on the licensing objectives listed in section 4(2) of the Act. You should cover each of the objectives that could possibly apply to your proposal (or if more than one, to each proposal) and say why you think there could be no adverse impact on that objective. Your application will be assisted by including as much information as you can about this. **(However, there is a box at the end of the form for 'further information', and this should be used for any relevant background information not directly related to the variation).** Relevant information includes:

a) Variations to licensable activities/licensing hours (all timings should be given in 24 hour clock (e.g. 16.00). Only give details for the days of the week when you intend the premises to be used for the activity), such as:

- Whether new or increased levels of licensable activities will be taking place indoors or outdoors. Indoors may include a tent;
- Relevant further details, for example whether music will be amplified or unamplified;
- Standard days and timing when the activity will take place, including start and finish times;
- Any seasonal variations in timings, e.g. additional days during the summer;
- Non-standard timings, e.g. where you wish the activity to go on longer on a particular day such as Christmas Eve.

b) Variations to premises/club layout: If you are applying for a variation to the layout of your premises, you must include a revised plan. You should be aware that your application is likely to be refused if the proposed variation could:

- increase capacity for drinking on the premises;

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- affect access between the public part of the premises and the rest of the premises or the street or public way, e.g. block emergency exits or routes to emergency exits; or
- impede the effective operation of a noise reduction measure.

c) Revisions, removals and additions of conditions: The minor variation process may be used to remove conditions which are out of date or invalid and to revise conditions which are unclear (as long as the intention and effect remains the same). It can also be used to add a new condition volunteered by the applicant or mutually agreed between the applicant and a responsible authority, such as the police or the environmental health authority (subject to impact on the licensing objectives).

d) Variations to opening hours: Details of any changes to hours when the premises or club is open to the public.

4. Further information: You should use this box to provide any additional evidence to support your claim that the proposed variation is 'minor' and could not have an adverse impact on the promotion of the licensing objectives.

5. Signatures: The application form must be signed.

6. Authorised agent: An applicant's agent (e.g. solicitor) may sign the form on their behalf and, in so doing, will be confirming that they have actual authority to do so.

7. 2nd Applicant: Where there is more than one applicant both applicants or their respective agents must sign the application form.

8. This is the address which we shall use to correspond with you about this application. This might not be the same as the address of the premises or applicant, but these addresses must also be provided.

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations amend the Licensing Act 2003 (Premises licences and club premises certificates) Regulations 2005 ([S.I. 2005/42](#)), the Licensing Act 2003 (Licensing authority's register) (Other information) Regulations 2005 ([S.I. 2005/43](#)) and the Licensing Act 2003 (Fees) Regulations 2005 ([S.I. 2005/79](#)).

The purpose of the amendments is to prescribe the forms, advertising requirements, fees and content of a licensing authority's register in relation to minor variations of premises licences and club premises certificates under the Licensing Act 2003 ([c. 17](#)), and to prescribe the forms etc. and fees in relation to applications from community premises for inclusion of alternative mandatory conditions in their licences as regards the supervision of alcohol sales.

The minor variations process was introduced into the 2003 Act by the Legislative Reform (Minor Variations to Premises Licences and Club Premises Certificates) Order 2009 ([S.I. 2009/1772](#)). The purpose of the process is to enable premises licences and club premises certificates to be varied by means of a less costly and less time-consuming procedure where the variations proposed could

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

not have any adverse effect upon the promotion of any of the four licensing objectives set out in section 4 of the 2003 Act (the prevention of crime and disorder, public safety, the prevention of public nuisance and the protection of children from harm).

The availability of alternative mandatory licence conditions for community premises was introduced into the Act by the Legislative Reform (Supervision of Alcohol Sales in Church and Village Halls &c.) Order 2009 (S.I. 2009/1724). The alternative conditions omit the requirement for a designated premises supervisor, and instead require that the management committee of the community premises be responsible for the supervision of alcohol sales from those premises.

The application form for the inclusion of the alternative licence condition is set out in a new Schedule 4A to the Licensing Act 2003 (Premises licences and club premises certificates) Regulations 2005 (“the 2005 Regulations”).

The application form for the minor variations process is set out in a new Schedule 4B to the 2005 Regulations. Those Regulations are also amended so as to remove the requirement that relevant representations from responsible authorities (as defined in sections 13(4) and 69(4) of the 2003 Act) in response to minor variation applications must be in writing, and to exclude the general time limits for representations in relation to such applications. (The relevant time limits for minor variations are contained in the 2003 Act as amended).

The advertising requirements for minor variation applications are set out in a new regulation 26A inserted into the 2005 Regulations. The applicant is required to display a white A4-sized notice at the premises containing the information set out in regulation 26A(2)(b) for a period of ten working days following the day on which the application is given to the relevant licensing authority.

The Licensing Act 2003 (Licensing authority’s register)(other information) Regulations 2005 are amended so as to require details of proposed minor variations to be included in a licensing authority’s register maintained pursuant to section 8 of the 2003 Act.

The Licensing Act 2003 (Fees) Regulations 2005 are amended to introduce an application fee in respect of minor variations of premises licences and club premises certificates: the fee is set at £89 in each case. Those Regulations are also amended to introduce a fee of £23 in respect of an application to vary a premises licence to include the alternative licence condition, where the only variation sought in the application is to include that condition. There is no change in the fee payable where an application to include the alternative licence condition is included in an application for a premises licence, or as part of an application to vary such a licence in which other variations are sought.

An Impact Assessment has been prepared in respect of the Legislative Reform Orders cited above, which includes the impact of these Regulations.
