EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations, which apply to the United Kingdom, amend regulation 2 of the Health Service Branded Medicines (Control of Prices and Supply of Information) (No.2) Regulations 2008 (“the 2008 Regulations”).

Regulation 2 of those Regulations specifies the maximum price which may be charged for the presentation of a branded medicine which is supplied for health service purposes, unless the medicine falls within a voluntary scheme for limiting prices or profits or the price is determined under the other provisions of the Regulations. The amendment provides that the maximum price of a presentation is calculated by deducting 5.7 % (instead of 5.8 %) from the price for which that presentation was on sale for health service purposes in England on 1st December 2008. The amendment mirrors a change to the Pharmaceutical Price Regulation Scheme 2009 (available at www.dh.gov.uk), which also has effect on 1st January 2010.
