EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations provide for the Secretary of State's functions relating to the determination of certain appeals to be exercised by the First-tier Tribunal which was established under the Tribunals, Courts and Enforcement Act 2007 (c.15). The functions relate to the determination of disputes arising under particular provisions of contracts for the provision of primary care services. In all cases, the framework regulations governing those contracts make provision for the Secretary of State to settle specified types of dispute.

Regulations 3 and 4 direct the First-Tier Tribunal to exercise the Secretary of State's functions in respect of disputes which could result in the termination of arrangements to provide primary medical services on specified grounds. Regulations 5 and 6 direct the First-tier Tribunal to exercise the Secretary of State's functions in respect of disputes which could result in the termination of arrangements to provide primary dental services on specified grounds. Regulation 7 directs the First-tier Tribunal to exercise the Secretary of State's functions in respect of disputes which could result in the termination of a general ophthalmic services contract on specified grounds. In all cases, these are disputes relating to aspects of the suitability of contractors which previously would have been settled by the Family Health Services Appeals Authority, which is abolished as a consequence of the Transfer of Tribunal Functions Order 2010 (S.I. 2010/22).
