EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations are part of a package of pension measures made in the Finance Act 2011 (“FA 2011”). Schedule 17 of FA 2011 amends Part 4 of the Finance Act 2004 (“FA 2004”) so as to reduce the annual allowance from £255,000 to £50,000 with effect from the 2011-12 tax year. In order to assist scheme members, in particular those who become liable for large one off annual allowance tax charges, the legislation contains provisions (sections 237B to 237E of FA 2004, as inserted by paragraph 15 of Schedule 17 to FA 2011) enabling the member to require the scheme administrator of a pension scheme to pay the annual allowance charge in certain circumstances. The legislation provides that a consequential adjustment must be made to the entitlement of the member to reflect the payment. It is also envisaged that scheme administrators may pay some or all of the member’s annual allowance charge on a voluntary basis in return for a consequential adjustment to the member’s benefits.

Regulation 2 provides that where a scheme administrator satisfies all or part of a member’s liability to the annual allowance charge, either pursuant to the procedure set out in section 237B of FA 2004 or on a voluntary basis, the scheme rules are modified so as to allow a consequential adjustment to be made to the member’s entitlement to benefits under the scheme. Any such modification is subject to the provisions in the Pensions Schemes Act 1993 and the Pension Schemes (Northern Ireland) Act 1993 governing the inalienability of guaranteed minimum pension and protected rights payments.

A Tax Information and Impact Note, covering this instrument was published on 9 December 2010 alongside draft legislation for the Finance (No.3) Bill 2011 concerning the restriction of pensions tax relief. This was updated on 3 March 2011 to reflect further decisions relating to the restriction of pensions tax relief and is available on the HMRC website at <http://www.hmrc.gov.uk/thelibrary/tiins.htm>. It remains an accurate summary of the impacts that apply to this instrument.
