## PART 2

### Recognised Auction Platforms

#### **Recognition orders**

2.—(1) A recognised investment exchange may apply to the Authority for an order declaring it to be a recognised auction platform for the purposes of these Regulations.

(2) The application must be made in such manner as the Authority may direct and must, to the extent required by the Authority, be accompanied by—

- (a) a copy of the rules for the auction platform;
- (b) a copy of any guidance for the auction platform issued by the applicant;
- (c) particulars of the way in which the exchange satisfies the auction recognition requirements; and
- (d) such other information as the Authority may reasonably require for the purpose of determining the application.

(3) If it appears to the Authority that the applicant satisfies the auction recognition requirements, the Authority may make a recognition order declaring the applicant to be a recognised auction platform.

(4) At any time after receiving an application and before determining it, the Authority may require the applicant to provide such further information as it reasonably considers necessary to enable it to determine the application.

(5) Information which the Authority requires in connection with an application must be provided in such form, or verified in such manner, as the Authority may direct.

(6) Different directions may be given, or requirements imposed, by the Authority with respect to different applications.

(7) In considering an application, the Authority may have regard to any information which it considers relevant to the application.

(8) The application must be determined by the Authority before the end of the period of six months beginning with the date on which it receives the completed application.

(9) A recognition order must specify a date on which it is to come into effect.

### **Authority's power to give directions**

- 3.—(1) This regulation applies if it appears to the Authority that a recognised auction platform—
- (a) has failed, or is likely to fail, to satisfy the auction recognition requirements; or
  - (b) has failed to comply with any other obligation imposed on it by or under these Regulations.
- (2) The Authority may direct the body to take specified steps for the purpose of securing the body's compliance with—
- (a) the auction recognition requirements; or
  - (b) any obligation of the kind in question.
- (3) Those steps may include—
- (a) the granting to the Authority of access to the premises of the auction platform for the purpose of inspecting—
    - (i) those premises; or
    - (ii) any documents on the premises which appear to the Authority to be relevant for the purpose mentioned in paragraph (2);
  - (b) the suspension of the carrying on of any regulated activity by the auction platform for the period specified in the direction.
- (4) A direction under this regulation is enforceable, on the application of the Authority, by an injunction or, in Scotland, by an order for specific performance under section 45 of the Court of Session Act 1988(4).
- (5) The fact that a rule made by a recognised auction platform has been altered in response to a direction given by the Authority does not prevent it from being subsequently altered or revoked by the auction platform.

### **Revoking recognition**

- 4.—(1) A recognition order may be revoked by an order made by the Authority at the request, or with the consent, of the recognised auction platform.
- (2) If it appears to the Authority that a recognised auction platform—
- (a) is failing, or has failed, to satisfy the auction recognition requirements;
  - (b) has not carried on the business of an auction platform during the period of twelve months beginning with the day on which the recognition order declaring it to be a recognised auction platform took effect in relation to it;
  - (c) has not carried on the business of an auction platform at any time during the period of six months ending with the relevant day; or
  - (d) has failed, or is likely to fail, to comply with any obligation imposed on it by these Regulations, or by the emission allowance auctioning regulation,
- it may make an order revoking the recognition order which declared that body to be a recognised auction platform, even though that body does not wish the order to be made.
- (3) Where the Authority makes a revocation order under section 297 in relation to a recognised investment exchange which is also a recognised auction platform, the Authority shall also make an order revoking the recognition order which declared that body to be a recognised auction platform.
- (4) The “relevant day”, for the purposes of paragraph (2)(c), is the day on which the power to make an order under paragraph (1) is exercised.

---

(4) 1988 c. 36.

(5) An order under this regulation (“a revocation order”) must specify the date on which it is to take effect.

(6) In the case of a revocation order made under paragraph (2) or (3), the specified date must not be earlier than the end of the period of three months beginning with the day on which the order is made.

(7) An order under paragraph (1) or (2) does not affect that body’s recognition as a recognised investment exchange.

## **Procedure**

5.—(1) Before refusing to make a recognition order, giving a direction under regulation 3 or making a revocation order under regulation 4, the Authority must—

- (a) give written notice of its intention to do so to the body which would be affected by the proposed refusal, direction or revocation order;
- (b) take such steps as it considers reasonably practicable to bring the notice to the attention of members (if any) of that body; and
- (c) publish the notice in such manner as it thinks appropriate for bringing it to the attention of other persons who are, in its opinion, likely to be affected.

(2) A notice under paragraph (1) must—

- (a) state why the Authority intends to refuse to make the recognition order, to give the direction or to make the revocation order; and
- (b) draw attention to the right to make representations conferred by paragraph (3).

(3) Before the end of the period for making representations—

- (a) the body which would be affected by the proposed refusal, direction or revocation order,
- (b) any member of that body, and
- (c) any other person who is likely to be affected by the proposed refusal, direction or revocation order,

may make representations to the Authority.

(4) The period for making representations is—

- (a) two months beginning—
  - (i) with the date on which the notice is served on the body which would be affected by the proposed refusal, direction or revocation order; or
  - (ii) if later, with the date on which the notice is published; or
- (b) such longer period as the Authority may allow in the particular case.

(5) In deciding whether to—

- (a) refuse a recognition order,
- (b) give a direction, or
- (c) make a revocation order,

the Authority must have regard to any representations made in accordance with paragraph (3).

(6) When the Authority has decided whether to refuse a recognition order, give the proposed direction or make the proposed revocation order, it must—

- (a) give written notice of its intention to do so to the body affected by its decision;
- (b) if it has decided to refuse a recognition order, give a direction or make a revocation order, take such steps as it considers reasonably practicable for bringing its decision to the

attention of members of the body or of other persons who are, in the Authority's opinion, likely to be affected.

- (7) If the Authority considers it essential to do so, it may give a direction under regulation 3—
- (a) without following the procedure set out in this regulation; or
  - (b) if the Authority has begun to follow that procedure, regardless of whether the period for making representations has expired.

(8) If the Authority has, in relation to a particular matter, followed the procedure set out in paragraphs (1) to (5), it need not follow it again if, in relation to that matter, it decides to take action other than that specified in its notice under paragraph (1).

### **Market abuse on auction platforms**

6. Part 8 (penalties for market abuse) of the Act applies in relation to an auction platform as it applies in relation to a prescribed market, but subject to the modifications set out in Schedule 1.

### **Application of certain provisions of the Act with modifications**

7. In its application to a recognised investment exchange that is also a recognised auction platform, Part 18 (recognised investment exchanges and clearing houses) of the Act, apart from Chapter 3A(5), has effect with the modifications set out in Schedule 2.

### **Application of Chapter 3A of Part 18 of the Act with modifications**

8. In its application to—
- (a) an EEA market operator (as defined in section 312D(6)) which operates an auction platform, or
  - (b) a recognised investment exchange which is a recognised auction platform,

Chapter 3A of Part 18 of the Act has effect with the modifications set out in Schedule 3.

## PART 5

### Auction Recognition Requirements

#### Interpretation

12. In this Part—

“bidders” means persons who have been admitted to bid at auctions conducted by the recognised auction platform;

“investor” means any person making a bid at an auction conducted by a recognised auction platform, and any person on whose behalf such a bid is made.

#### Method of satisfying auction recognition requirements

13.—(1) In considering whether a recognised auction platform or applicant satisfies the auction recognition requirements, the Authority may—

- (a) treat compliance by the auction platform or applicant with the recognition requirements applying to it as a recognised investment exchange as conclusive evidence that the auction platform or applicant satisfies any equivalent auction recognition requirements applying to it under these Regulations, taking into account any arrangements that would be necessary to meet the auction recognition requirements, and
- (b) take into account all relevant circumstances including the constitution of the person concerned.

(2) Without prejudice to the generality of paragraph (1), a recognised auction platform or applicant may satisfy auction recognition requirements by making arrangements for functions to be performed on its behalf by any other person.

(3) Where a recognised auction platform or applicant makes arrangements of the kind mentioned in paragraph (2) the arrangements do not affect the responsibility imposed by these Regulations on the recognised auction platform or applicant to satisfy the auction recognition requirements, but it is in addition an auction recognition requirement applying to the recognised auction platform or applicant that the person who performs (or is to perform) the functions is a fit and proper person who is able and willing to perform them.

### **Financial resources**

**14.**—(1) The auction platform must have financial resources sufficient for the proper performance of its functions as a recognised auction platform.

(2) In considering whether this requirement is satisfied, the Authority must (without prejudice to the generality of regulation 13(1)) take account of all the circumstances, including the auction platform's connection with any person, and any activity carried on by the auction platform, whether or not it is an exempt activity.

### **Suitability**

**15.**—(1) The auction platform must be a fit and proper person to perform the functions of a recognised auction platform.

(2) In considering whether this requirement is satisfied, the Authority may (without prejudice to the generality of regulation 13(1)) take into account all the circumstances, including the auction platform's connection with any person.

(3) The persons who effectively direct the business and operations of the auction platform must be of sufficiently good repute and sufficiently experienced to ensure the sound and prudent management and operation of the auction platform.

(4) The persons who are in a position to exercise significant influence over the management of the auction platform, whether directly or indirectly, must be suitable.

### **Systems and controls**

**16.**—(1) The auction platform must ensure that the systems and controls used in the performance of its functions are adequate, and appropriate for the scale and nature of its business.

(2) Paragraph (1) applies in particular to systems and controls concerning—

- (a) the transmission of information;
- (b) the assessment, mitigation and management of risks to the performance of the auction platform's functions;
- (c) the monitoring of bids made by, and transactions effected by, bidders at auctions conducted by the auction platform;
- (d) the technical operation of the auction platform, including contingency arrangements for disruption to its facilities;
- (e) the operation of the arrangements mentioned in regulation 17(2)(d) below; and
- (f) (where relevant) the safeguarding and administration of assets belonging to users of the auction platform's facilities.

### **Safeguards for investors**

17.—(1) The auction platform must ensure that business conducted at auctions or otherwise by means of its facilities is conducted in an orderly manner and so as to afford proper protection to investors.

(2) Without prejudice to the generality of paragraph (1), the auction platform must ensure that—

- (a) access to the auction platform’s facilities, including access to bid at auctions conducted by the auction platform, is subject to criteria designed to protect the orderly functioning of—
  - (i) such auction, and
  - (ii) the interests of investors;
- (b) it has transparent and non-discretionary rules and procedures—
  - (i) to provide for fair and orderly auctions, and
  - (ii) to establish objective criteria for the efficient execution of transactions;
- (c) appropriate arrangements are made for relevant information to be made available to participants in auctions conducted by the auction platform;
- (d) satisfactory arrangements are made for securing the timely discharge (whether by performance, compromise or otherwise) of the rights and liabilities of the parties to transactions executed under systems operated by the auction platform;
- (e) satisfactory arrangements are made for recording transactions executed by bidders at auctions conducted by the auction platform and any other transactions which are cleared or to be cleared by means of its facilities;
- (f) appropriate arrangements are made to—
  - (i) identify conflicts between the interests of the auction platform, its owners and operators and the interests of bidders, investors and other persons who make use of its facilities or the interests of any market operated by the auction platform in its capacity as a recognised investment exchange;
  - (ii) manage such conflicts so as to avoid adverse consequences for the operation of the auctions conducted by, or markets operated by, the auction platform in its capacity as a recognised investment exchange and for the persons who use its facilities;
- (g) appropriate measures (including the monitoring of transactions executed under systems operated by the auction platform) are adopted to reduce the extent to which the auction platform’s facilities can be used for a purpose connected with market abuse or financial crime, and to facilitate their detection and monitor their influence; and
- (h) where the auction platform’s facilities include making provision for the safeguarding and administration of assets belonging to users of those facilities, satisfactory arrangements are made for that purpose.

(3) In paragraph (2)(c), “relevant information” means information on the terms of the emission allowance, and the terms on which it will be offered for sale at auction.

### **Promotion and maintenance of standards**

18.—(1) The auction platform must be able and willing to promote and maintain high standards of integrity and fair dealing in the carrying on of regulated activities by persons in the course of using the facilities provided by the auction platform.

(2) The auction platform must be able and willing to co-operate, by the sharing of information or otherwise, with the Authority, with any other authority, body or person having responsibility in the United Kingdom for the supervision or regulation of any regulated activity or other financial service or with an overseas regulator within the meaning of section 195.

### **Rules and consultation**

**19.**—(1) The auction platform must ensure that appropriate procedures are adopted for it to make rules, for keeping the rules under review and for amending them.

(2) The procedures must include procedures for consulting users of the auction platform's facilities in appropriate cases.

(3) The auction platform must consult users of its facilities on any arrangements it proposes to make for dealing with penalty income in accordance with regulation 22(3).

### **Access to auctions**

**20.**—(1) The auction platform must make transparent and non-discriminatory rules, based on objective criteria, governing access to auctions conducted by it or other facilities offered by it.

(2) In particular those rules must specify the obligations for bidders, investors and other persons who make use of its facilities arising from—

- (a) the constitution and administration of the auction platform;
- (b) rules relating to bids made at auctions conducted by the auction platform, or other transactions executed under systems operated by the auction platform;
- (c) its professional standards for staff of any bidders; and
- (d) the rules and procedures for clearing and settlement of transactions executed by bidders.

(3) Rules of the auction platform about access to bid at auctions conducted by it must permit the auction platform to give access only to those persons who are eligible to be given access to bid directly in auctions under Article 18 of the emission allowance auctioning regulation.

(4) Rules under this regulation must enable—

- (a) an investment firm authorised under Article 5 of the markets in financial instruments directive, or
- (b) a credit institution authorised under the banking consolidation directive,

by the competent authority of another EEA State (including a branch established in the United Kingdom of such a firm or institution) to apply for access to bid in auctions conducted by the auction platform on the same terms as an investment firm or credit institution which has a Part IV permission to carry on one or more regulated activities.

(5) The auction platform must make arrangements regularly to provide the Authority with a list of bidders.

(6) The auction platform may refuse access to its facilities on legitimate commercial grounds.

(7) This regulation is without prejudice to the generality of regulation 17.

### **Choice of settlement facilities**

**21.**—(1) The rules of the auction platform must permit a bidder to use whatever settlement facility that person chooses for a transaction.

(2) Paragraph (1) only applies where—

- (a) such links and arrangements exist between the chosen settlement facility and any other settlement facility as are necessary to ensure the efficient and economic settlement of the transaction, and
- (b) the auction platform is satisfied that the smooth and orderly functioning of the auction platform will be maintained.

## Discipline

- 22.**—(1) The auction platform must have—
- (a) effective arrangements (which include the monitoring of transactions executed under systems operated by the auction platform) for monitoring and enforcing compliance with its rules;
  - (b) effective arrangements for monitoring and enforcing compliance with the arrangements made by it as mentioned in regulation 17(2)(d); and
  - (c) effective arrangements for monitoring transactions effected under systems operated by the auction platform in order to identify disorderly trading conditions.
- (2) Arrangements made pursuant to paragraph (1) must include procedures for—
- (a) investigating complaints made to the auction platform about the conduct of persons in the course of using the auction platform’s facilities; and
  - (b) the fair, independent and impartial resolution of appeals against decisions of the auction platform.
- (3) Where arrangements made pursuant to paragraph (1) include provision for requiring the payment of financial penalties, they must include arrangements for ensuring that any amount so paid is applied only in one or more of the following ways—
- (a) towards meeting expenses incurred by the auction platform in the course of the investigation of the breach in respect of which the penalty is paid, or in the course of any appeal against the decision of the auction platform in relation to that breach;
  - (b) for the benefit of users of the auction platform’s facilities;
  - (c) for charitable purposes.

## Complaints

- 23.**—(1) The auction platform must have effective arrangements for the investigation and resolution of complaints arising in connection with the performance of, or failure to perform, any of its regulatory functions.
- (2) But paragraph (1) does not extend to—
- (a) complaints about the content of rules made by the platform, or
  - (b) complaints about a decision against which the complainant has the right to appeal under procedures of the kind mentioned in regulation 22(2)(b).
- (3) The arrangements must include arrangements for a complaint to be fairly and impartially investigated by a person independent of the auction platform, and for that person to report on the result of the investigation to the auction platform and to the complainant.
- (4) The arrangements must confer on the person mentioned in paragraph (3) the power to recommend, if that person considers it appropriate, that the auction platform—
- (a) makes a compensatory payment to the complainant,
  - (b) remedies the matter complained of,
- or takes both of these steps.
- (5) Sub-paragraph (3) is not to be taken as preventing the platform from making arrangements for the initial investigation of a complaint to be conducted by the platform.

## PART 6

- (a) carry out a review of regulations 2 to 23,
  - (b) set out the conclusions of the review in a report, and
  - (c) publish the report.
- (2) In carrying out the review the Treasury must, so far as is reasonable, have regard to how the emission allowance auctioning regulation is implemented in other Member States.
- (3) The report must in particular—
- (a) set out the objectives intended to be achieved by the regulatory system established by regulations 2 to 23,
  - (b) assess the extent to which those objectives are achieved, and
