**2011 No. 881**

**The Animal By-Products (Enforcement)  
(England) Regulations 2011**

**PART 2**

**The competent authority and miscellaneous provisions**

**Use of organic fertilisers and soil improvers**

7.—(1) Where organic fertilisers or soil improvers are applied to land, no person may allow pigs to have access to that land or to be fed cut herbage from such land for a period of 60 days beginning with the application of the organic fertiliser or soil improver.

(2) Paragraph (1) does not apply to the following organic fertilisers or soil improvers—

- (a) manure;
- (b) milk;
- (c) milk-based products;
- (d) milk-derived products;
- (e) colostrum;
- (f) colostrum products; or
- (g) digestive tract content.
