**2012 No. 2999**

**The Climate Change Agreements  
(Eligible Facilities) Regulations 2012**

**Calculation of reckonable energy from dedicated electricity generation plant**

**6.** Except where regulation 7 applies, for electricity generated in plant which is located in, and intended for supplying electricity for use by a facility—

- (a) reckonable energy must be calculated by reference to the gross calorific value of the commodity burned to produce the electricity; and
- (b) where the electricity is used on other parts of a site, the electricity generated must be attributed to the facility and the rest of the site on a pro rata basis.
