## EXPLANATORY NOTE

*(This note is not part of the Order)*

Section 3 of the Taxation of Chargeable Gains Act 1992<sup>(2)</sup> (“TCGA”) provides for an exemption from capital gains tax where an individual’s gains in any year of assessment are below a threshold which the Treasury are required to specify before that year. This Order provides that the annual exempt amount (“AEA”) for the assessment year 2012-13 is £11,200.00.

The AEA for 2012-13 has been calculated by increasing the AEA for the previous assessment year in line with inflation as measured by the “retail prices index” from September 2010 to September 2011 and rounding-up to the nearest £100.00. This method of calculation is prescribed in section 3(3) to (3B) of TCGA.

The AEA for the assessment year 2011-12 was £10,600.00. The “retail prices index” is defined by section 288(2) of TCGA and section 989 of the Income Tax Act 2007<sup>(3)</sup>. The “retail prices index” for September 2010 is 225.3 and for September 2011 is 237.9, based upon January 1987 as 100.

A Tax Information and Impact Note has not been prepared for this instrument as it gives effect to previously announced policy and relates to routine changes to rates to a predetermined indexation formula.
