

TRANSPOSITION NOTE FOR COUNCIL DIRECTIVE 2001/112/EC (AS AMENDED)

This Note shows how the requirements of Council Directive 2001/112/EC relating to fruit juices and certain similar products intended for human consumption (“the Fruit Juices Directive”), as last amended by Directive 2012/12/EU, have been implemented in England.

Approach of the Regulations

The Fruit Juices Directive was originally implemented in England by the Fruit Juices and Fruit Nectars (England) Regulations 2003 (S.I. 2003/1564) (“the 2003 Regulations”). However, the 2003 Regulations have been amended several times to take into account amendments made to the Fruit Juices Directive. Now that the Fruit Juices Directive has been amended again (by Directive 2012/12/EU), it has decided to replace the 2003 Regulations with updated Regulations that implement the Fruit Juices Directive, as last amended by Directive 2012/12/EU. A Red Tape Challenge commitment has been given in respect of the new Regulations.

The requirements of the Fruit Juices Directive, as amended, will be implemented by the Fruit Juices and Fruit Nectars (England) Regulations 2013 as follows:

Article in the Fruit Juices Directive	Objective	Provision in the Fruit Juices and Fruit Nectars (England) Regulations 2013	Comment
Article 1	Sets out the products to which the Directive applies	No specific provision.	This forms of the basis of the whole of the 2013 Regulations – it runs throughout the provisions. To note: our Regulations - in compliance with the Directive - go wider than just applying to the six protected fruit juice products. They also cover other products by providing that no products can use one of the six protected product names unless the product is a regulated product.
Article 2	Deleted	N/A	N/A
Article 3, introductory words	Application of Directive 2000/13/EC	Nothing needed.	Directive 2000/13/EC applies anyway to fruit juice products, by virtue of Directive 2000/13/EC and the implementing provisions in the Food Labelling Regulations 1996, as amended. These provisions will be superseded by the provisions in Regulation (EU) No 1169/2011 of the European Parliament and of the Council on the provision of food information to consumers as from 13th December 2014. Directive 2000/13/EC will be repealed on that date.

Paragraph (7) in the (first) paragraph of Article 3	Labelling of fruit nectars	Regulation 14(2) and (3)	
Article 4	Concentrated fruit juice – additional labelling requirements	Regulation 13.	
Article 5, first paragraph	Prohibition on national provisions not provided for by Directive 2001/112/EC		Additional national provisions prohibited. Our Regulations do not contain any such national provisions.
Article 5, second paragraph (2012/12/EU addition)	The provisions of the Directive apply to fruit juice etc. products placed on the market within the Union.	Nothing extra needed	New paragraph - placed on the market – incorporated more generally into the wording used throughout our Regulations. The wording ‘in trade’ is defined in regulation 3(1) as having the same meaning as in the Directive and the meaning of that expression will need to be interpreted taking into account the provisions in the second paragraph of Article 5.

Article in the Fruit Juices Directive	Objective	Provision in the Fruit Juices and Fruit Nectars (England) Regulations 2013	Comment
Annex III	Particular designations for certain products listed in Annex I	<p>Schedules 11 and 12</p> <p>Note: in the case of some juice products the reference to there being no added sugar is not included in Schedule 11 even though the fact that no sugar should be added is explicitly mentioned in Annex III to the Directive. This is because the fact that sugar is not allowed in fruit juices is covered by the general provisions of Schedule 2 and does not, therefore, need stating in the Schedule. Where sugar is permitted or required this is stated.</p>
