EXPLANATORY NOTE

(This note is not part of the Regulations)

Regulation 2(a) amends the definition of “the Directive” in regulation 2(1) of the 2011 Regulations. The term “the Directive” in the 2011 Regulations was defined as meaning Directive 2008/57/EC which, by virtue of section 20A of the Interpretation Act 1978 (c. 30) (as inserted by the Legislative and Regulatory Reform Act 2006 (c.51), section 25(1)) also included references to earlier amendments to that Directive. This amendment includes in that definition the further amendments (additions to Annex III) made by Commission Directive 2013/9/EU.

Regulation 2(b) amends regulation 12(2)(b) of the 2011 Regulations to include accessibility in the factors which the Competent Authority must take into account when deciding whether a project or type of project is for the renewal or upgrading of structural subsystems within the context of the interoperability regime. Regulation 12(1) of the 2011 Regulations provides that the Competent Authority may from time to time publish a list describing such projects or types of projects.
