2013 No. 3113

The Waste Electrical and Electronic
Equipment Regulations 2013

PART 3

PRODUCER OBLIGATIONS

Registration of small producers

15. A small producer or an authorised representative who puts EEE onto the market for the first time in the United Kingdom during any compliance period or part of a compliance period must register with the appropriate authority in that compliance period unless—

- (a) the details of the small producer or authorised representative already appear on a register kept by the appropriate authority under regulation 77; or
- (b) the producer or authorised representative is a member of a producer compliance scheme.
