**2014 No. 1894**

**The Diseases of Swine Regulations 2014**

**PART 3**

**Infected premises**

**Disposal of carcasses and preliminary cleansing and disinfection**

**13.**—(1) Where a pig is killed under these Regulations other than in accordance with regulation 19(4), the appropriate authority must arrange for the disposal of the carcass.

(2) The appropriate authority may arrange for the disposal of the carcass of any pig that has died, or is suspected to have died, from disease.

(3) The appropriate authority must ensure that any such disposal is carried out in such a way as to avoid the risk of the spread of disease.

(4) Following such disposal the appropriate authority must without delay carry out preliminary cleansing and disinfection of—

- (a) all parts of the premises (other than fields, slurry lagoons and other parts of the premises where the disinfectant would have no effect) and all equipment or other things to which the pig has had access; and
- (b) anything contaminated during the killing of the pig.
