Regulation 4 changes the fee payable on an application for a re-test carried out within 14 days after the vehicle was submitted for its first examination or periodic test (regulation 16(1) and (3) of the 1988 Regulations). The new fees for re-tests carried out at a vehicle testing station provided by the Secretary of State are shown in Table 3 (with the percentage increase shown in brackets).

Regulation 5 makes the following further changes to fees prescribed by the 1988 Regulations:

In regulation 25(4), where an appeal is made to the Secretary of State by any person aggrieved by a determination made on a first examination, the accompanying fee is increased by 25.8% from £31 to £39. This fee also applies to an appeal relating to a periodical test by virtue of regulation 29(2) or, in either case, to a re-test.

In regulation 34(1), where there is a request for an amendment to a plating certificate following a notifiable alteration or for a re-examination where a particular contained in a plating certificate is or may be no longer applicable, the fee is reduced by 3.6% from £28 to £27.

In regulation 37B(2), the fee payable for the alteration of the plated weights (or any of the plated weights) for a vehicle without an examination is reduced by 3.6% from £28 to £27.

The opportunity has been taken in *regulation 6* to simplify regulation 34 by omitting paragraph (2A) in order to remove the differentiation between a re-examination undertaken at a vehicle station that is provided by the Secretary of State and at one that is not. The fee now specified in regulation 34(1) applies to both situations, so that in the case of a re-examination at a test station that is not one provided by the Secretary of State, the fee is increased by 3.8% from £26 to £27.
