The Tuberculosis (England) Order 2014

Notification of suspected disease in a carcase

6.—(1) Any of the following who suspects that a carcase may be affected with tuberculosis must give immediate notice of such suspicion to the Secretary of State—

- (a) a person in possession or charge of the carcase;
- (b) a veterinary surgeon who examines the carcase; or
- (c) a person who in the course of that person's duty carries out an inspection of the carcase for any purpose.

(2) A person must not move the carcase from the location where it has been found, and must isolate it as far as practicable from bovine animals or other farmed or pet mammals until it has been examined by a veterinary inspector.

(3) Following such notification the carcase must be detained by the keeper on the premises on which it was located at the time when notification was given.

(4) This article does not apply to the carcase of a deer or camelid⁽¹⁾.

(1) Requirements relating to carcases of deer and camelids are contained in [S.I. 2014/2337](#).
