EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations amend the National Health Service (General Medical Service Contracts) Regulations 2004 ([S.I. 2004/291](#)) (“the GMS Contracts Regulations”) and the National Health Service (Personal Medical Services Agreements) Regulations 2004 ([S.I. 2004/627](#)) (“the PMS Agreements Regulations”) which make provision in respect of the services provided under a general medical services contract and a personal medical services agreement made pursuant to provision in Part 4 of the National Health Service Act 2006 (primary medical services). They apply in relation to England only.

Part 2 of the Regulations makes amendments to Schedule 6 to the GMS Contracts Regulations which relates to contractual terms.

Regulation 2 amends paragraph 39A(3) of Schedule 6 which makes provision in respect of electronic prescriptions. The amendment makes it optional (at the request of the patient), in the case of electronic repeatable prescriptions, for a contractor to issue to a patient a form provided by the National Health Service Commissioning Board (“the Board”) for the purpose of recording details of an electronic prescription issued to that patient.

Regulation 3 inserts a new paragraph 76ZA into Schedule 6 which introduces a requirement on contractors to give their patients the opportunity to complete the Friends and Family Test by which patients are able to provide anonymous feedback about the service received at the contractor’s practice. Contractors are also required to report the results of the completed tests to the Board and to publish those results at local level in the manner approved by the Board (as published in guidance on the Board’s website).

Part 3 of the Regulations makes similar amendments to corresponding provision in the PMS Agreements Regulations. Regulation 4 amends paragraph 38A(3) of Schedule 5 in respect of electronic prescriptions. Regulation 5 inserts a new paragraph 72ZA into Schedule 5 in respect of the Friends and Family Test.
