(3) Subject to any conditions imposed under regulation 17, the payment—

(a) may be made to the applicant by such means as the scheme administrator may determine; and

(b) must be made either at the same time as the sending of the notice under regulation 18 or as soon afterwards as is reasonably practicable.

(4) Where an applicant dies before a payment is made under the scheme (including an applicant who dies before a determination to make the payment is made), any payment which is to be made under the scheme must, where the condition in paragraph (5) is met, be made to the applicant's personal representatives.

(5) The condition is that any document that is by law sufficient evidence of the grant of—

(a) probate of the will of a deceased applicant,

(b) letters of administration of the estate of a deceased applicant, or

(c) confirmation as executor of the deceased applicant,

### Circumstances in which a person may be required to repay

**20.**—(1) The scheme administrator may require a person who received a payment under the scheme to repay the whole of the amount of a payment under the scheme which has been received in any case where the scheme administrator is satisfied that relevant evidence shows that—

(a) the payment was made in error; or

(b) whether fraudulently or otherwise, any person has misrepresented or failed to disclose a material fact and the determination to make the payment was made in consequence of the misrepresentation or failure; or

(c) the applicant was for any other reason not eligible under section 2 or 3 of the Act to receive a payment under the scheme.

(2) The scheme administrator may require a person who received a payment to repay a specified part of the amount of a payment under the scheme in any case where the scheme administrator is satisfied that relevant evidence shows that—

(a) the amount paid exceeds the amount payable in accordance with Schedule 4; or

(b) the amount payable to each of a number of persons who are eligible under section 3 of the Act was calculated on the basis of an error (either as to the number of such persons or otherwise).

- (b) specify the grounds on which a review is sought; and
- (c) be received by the scheme administrator not later than one month after the date of the written notice of the determination.

(4) The scheme administrator may extend the time limit in paragraph (3)(c) by a further period where the scheme administrator considers that there was good reason for the failure to request the review before the end of that initial period and for any delay since then in requesting a review under this regulation.

(5) In a case where a person makes an application and then dies, the reference in this regulation or in any of regulations 22 to 25 to an applicant is to be read as if it were a reference to the applicant’s personal representatives.

#### **Review initiated by the scheme administrator**

**22.**—(1) Where the scheme administrator receives information after a determination is made which calls the determination into question, the scheme administrator—

- (a) may decide on its own initiative to conduct a review of any determination referred to in regulation 21(1); and
- (b) must notify the applicant in writing of the review and the reasons for it.

(2) The grounds on which a review under this regulation may be held include that—

- (c) there was an error or omission which affected the substance of the determination whether to make a payment under the scheme or the amount of any payment made; or

(3) The applicant may submit written representations to the scheme administrator about the scheme administrator's decision to conduct a review and about any information on which the decision to conduct a review was based.

(4) Any representation which is made under paragraph (3) must be sent so that it is received by the scheme administrator not later than one month after the date of the scheme administrator's notice of the review under paragraph (1)(b).

(5) The scheme administrator may extend the time limit in paragraph (4) by a further period where the scheme administrator considers that there was good reason for the failure to submit written representations before the end of that initial period and for any delay since then in submitting written representations.

### **Other circumstances in which a review may be held**

**23.**—(1) Where a notice of an appeal which is made by an applicant to the First-tier Tribunal is received by the scheme administrator before a request for a review under regulation 21 is received—

- (a) that notice is to be treated for all purposes as if it were a request for a review; and
- (b) the scheme administrator must delay referring the case to the First-tier Tribunal until the review has been completed.

(2) The scheme administrator must notify the applicant in writing of the matters specified in paragraph (1)(a) and (b).

(5) The scheme administrator may extend the time limit in paragraph (4) by a further period where the scheme administrator considers that there was good reason for the failure to submit written representations before the end of that initial period and for any delay since then in submitting written representations.

(6) Where the determination made on review is that a payment under the scheme is to be made to the applicant, the case is not to be referred to the First-tier Tribunal unless, on being notified of the determination in accordance with regulation 24(4)(b), the applicant sends a notice in writing to the scheme administrator to indicate that the applicant does not accept the determination made on review.

### **Conduct of the review**

**24.**—(1) The scheme administrator must ensure that, in conducting a review, no member of the scheme administrator's staff who had any involvement in the determination that is subject to review under any of regulations 21 to 23 is involved in making the determination of the review.

(2) Regulations 10 to 13 apply in relation to a review of a determination as they apply in relation to the original determination.

(3) The determinations that may be made on a review are—

- (a) to confirm the original determination; or

  - (d) state that the applicant may appeal to the First-tier Tribunal against the determination made on review; and
  - (e) state the period within which such an appeal is to be made and provide information as to how to make such an appeal.
- (6) Nothing in this regulation prevents a determination notified to an applicant in accordance with regulation 18(1) or 20(3) from being confirmed on review for reasons that differ in any respect from the reasons given in relation to that determination.

## **Appeal**

**25.**—(1) An applicant may appeal to the First-tier Tribunal from a determination which has been reviewed under regulation 24(3).

(2) An appeal under this regulation is to be conducted in accordance with the Tribunal Procedure (First-tier Tribunal) (Social Entitlement Chamber) Rules 2008(16).

## EXPLANATORY NOTE

*(This note is not part of the Regulations)*

These Regulations establish the Diffuse Mesothelioma Payment Scheme (“the Scheme”) under section 1 of the Mesothelioma Act 2014 (“the Act”) which provides for the Secretary of State to establish a scheme for the purpose of making payments to eligible people with diffuse mesothelioma and to eligible dependants of those who have died with diffuse mesothelioma. These Regulations make provision concerning the duties of the scheme administrator, further matters related to eligibility under the Act, the procedure for making applications, for the determination of applications (including the level of scheme payments), for the form in which payments are to be made and for reviews of decisions and appeals against such reviews.

Regulation 5 details the general duties of the scheme administrator including the provision of information connected to the operation of the scheme, the standard of proof to be applied in determining applications, publicising the scheme, the provision of application forms and the provision of appropriately qualified staff.

Regulations 6 and 7 provide for matters connected to the eligibility conditions under sections 2 and 3 of the Act. Regulation 6(1)(b) and Schedule 2 provide for a list of “specified payments” eligibility for which precludes a person from meeting eligibility condition in section 2(1)(e) of the Act. Regulation 6(1)(a) and Schedule 1 set out how the date of first diagnosis (which is relevant to the eligibility condition in section 2(1)(b) of the Act) is to be established. Regulation 7 specifies the circumstances (in addition to those set out in sections 2 and 3 of the Act) in which a person is considered not able to bring proceedings against a relevant employer.

Regulations 8 to 15 set out the nature of an application to the scheme and the procedure which the scheme administrator will follow in assessing the application. Regulation 8 and Schedule 3 provide for the types of information the scheme administrator is likely to require for the purpose of determining eligibility under the Act. Regulation 9 provides for certain time limits which apply to applications to the scheme. Regulations 10 to 13 provide the scheme administrator with power to request information both from applicants and from third parties. Regulations 14 and 15 make provision for the withdrawal of an application and for eligible dependents to give notice that they do not want a payment under the scheme.

Regulations 16 to 20 make provision for the determination of applications: whether a payment should be made and if so at what level (regulation 16 and Schedule 3), what, if any, conditions are to be imposed on the receipt of the payment (regulation 17), what should be included in a determination notice (regulation 18), what form the payment should take and who it should be paid to if the applicant has died before the payment has been made (regulation 19) and the circumstances in which the scheme administrator can require the payment to be repaid (regulation 20).

Regulations 21 to 25 make provision for both applicants and, where appropriate, the scheme administrator to initiate a review of a determination and for an appeal to be made to the first-tier tribunal where a person is dissatisfied with the result of a review.

Regulation 26 sets out the assessment the scheme administrator will have to make in deciding whether to help a person to bring proceedings against an employer or an insurer when it is discovered that such a party exists after the scheme has made a payment.

Regulation 27 provides for an annual review of the operation of these Regulations to be carried out by the Secretary of State.
