The Pyrotechnic Articles (Safety) Regulations 2015

PART 2

Obligations of economic operators

Chapter 6

All economic operators

Prohibition on making pyrotechnic articles for vehicles available to members of the general public

34. An economic operator must not make a category P1 pyrotechnic article, which is also a pyrotechnic article for a vehicle (including an airbag or seat belt pre-tensioner system), available to a member of the general public unless the article has been incorporated in a vehicle or a detachable vehicle part.
